Lawn Grass Seed

Our GRASS SEED is the best for our Canadian Climate. With it you can have LAWNS, GRASS PLOTS, CRICKET GROUNDS, GOLF LINKS, TENNIS COURTS, ETC., as soft as velvet and as green as emerald all summer long.

Price 25c per pound, postpaid 30c per pound.

Simmers' "Toronto Parks" Grass Seed will form a close, thick turf in a few weeks' time, with no tendency to stool or grow in clumps. It roots deeply and withstands severe drought without turning brown, maintaining its beautiful deep green color throughout the season. We have made the formation of permanent lawns a study for years, and the finest lawns in this country to-day were obtained by using our "Toronto Parks" Lawn Grass Seed, which is composed of various grasses that grow and flourish during different months of the year, so that a rich, deep green velvety lawn is constantly maintained, rivaling the famous lawns of Old England.

If people only knew how comparatively easy it is to make a lawn with our "Toronto Parks" Lawn Grass Seed, the days of using sod, with all the attendant expense, would soon be over.

A beautiful lawn, with its close, velvety turf, is a most essential feature in the adornment of suburban homes—without it the finest flowering plants and bedding seem insignificant, while with it, handsome grounds are assured, even with no other adornment.

TORONTO PARKS MIXTURE, Finest quality (with or without White Clover)—Per lb 25c, postpaid 30c; 5 lbs \$1.15, 10 lbs \$2.20, 25 lbs \$5.25, 50 lbs \$10.00, 100 lbs \$20.00. (Carriage extra.)

White Dutch Clover, for mixing with Lawn Grass Seed—Per lb 30c, postpaid 35c.

"SHADY NOOK" MIXTURE—For sowing under trees and in shady places. It will not only grow in such places, but forms a fine sward where few other grasses can exist. Sow 40 lbs per acre. Per lb 35c, postpaid 40c.

"GOLF LINKS" GRASS SEED—The mixture we offer is comprised of such varieties of grasses as will thrive here, and such as have given general satisfaction on many golf courses. Lb 25c, 10 lbs \$2.20, 100 lbs \$20.00.

BLUE GRASS, for Lawns, Extra Clean—Per lb 15c, postpaid 20c, 10 lbs \$1.40.

RED TOP, for Lawns, Extra Clean—Per lb 20c, 25c postpaid, 5 lbs 90c, 10 lbs \$1.70.

Simmers' Lawn Enricher—10 lbs sufficient for 300 square feet. This Dressing is so prepared that it acts gradually through the season, producing a luxuriant growth of grass without weeds, which are always produced when manure is used. 5 lbs 50c, 10 lbs 75c, 25 lbs \$1.25, 50 lbs \$2.00, 100 lbs \$3.50.

GRASS SEED REQUIRED

1 lb	for 400 square feet

Dwarf Ever-Blooming Crimson Rambler

BABY RAMBLER.

THIS is without question the most important addition to our list of bedding roses for many years, and one which seems destined to become the leading popular bedding variety. It is a cross between Crimson Polyantha sorts, producing large trusses of bright crimson flowers similar to the Crimson Rambler; but instead of climbing, the plants form dwarf, compact bushes, not over 18 inches high, with clean dark green foliage, and is perfectly hardy; but the most unique and novel feature about it is the phenomenal freedom with which it produces its flowers. In this respect it outclasses any rose of any type known, the plant being never out of bloom from early spring until stopped by hard frost late in the autumn, and if grown indoors it will flower the year round.

Price, strong plants, each, 35 cts.; 3 for \$1.00. \$3.50 per dozen

Dwarf Crimson Rambler.

READ'S DEFIANCE OAT

READ'S DEFIANCE OAT

Read's Defiance Oat was originated in 1898, by hybridizing the Mortgage Lifter with the Lincoln, to combine the excellent qualities of both. The aim in view was fully accomplished and we now have the Defiance, an oat showing greatly increased vigor and productiveness.

Its parents were rightly mated and were the best of their day, each having won a national reputation—hence their capacity to produce Read's Defiance Oat.

They contain the best and newest blood. Their abundant growth of straw blades is nearly double the size of ordinary oats, which attests the vigor and productive capacity of the strain.

They have proven late to somewhat early, depending on the locality in which grown.

The heads are long and well balanced, of a branching habit, heavily laden with plump yellow kernel of good length, which, when threshed, are very heavy, weighing usually thirty-six to forty-five pounds per bushel; therefore, it is one of the best for feeding and milling purposes. The straw of this oat is wonderfully stiff and heavy, and grows to a remarkable height.

The straw, on account of being practically rust-proof, is very bright and has proven the best seller on the market.

Showing Roots of Oats

They do not lodge on account of their strong straw, large deep roots, and their tendency (unknown among other oats) to send out just above the ground, side roots, which reach out and catch hold, enabling them to stand nearly erect.

It is characteristic of this oat to resist drought more effectually than the majority of kinds, because of its magnificent root development, which goes deep into the soil to a great depth, enabling it to reach a large amount of moisture.

These oats on account of being well endowed with a luxurious growth are the less liable to smut and rust. By reason of their new blood and great vigor, they do not easily succumb to the ravages of insects.

The enormous yields of this oat are very largely due to its remarkable stooling habit. When among a field of these oats, it is not infrequent to find several stalks with big heads, all having sprung from one kernel of seed.

Yields

They yield from 50 to 120 bushels per acre, depending upon the season, condition of the soil, and quantity of seed sown, while under more favourable conditions, with extra care the yield has been at the rate of from 50 to 200 bushels per acre.

Price—Packet 50c, 1 pound \$1.25, 3 pounds \$3.00, postpaid; 1 peck \$3.70, $\frac{1}{3}$ bush \$7.00, 1 bush \$12.00.

READ'S TRIUMPH BARLEY

READ'S TRIUMPH BARLEY

This Barley has more new blood and evinces more healthfulness than any other variety. It starts quickly and grows rapidly, ripening just the time when the barley can be taken care of by the farmer, and does not seem to be affected by sudden changes of the weather, or have a tendency to smut. It has never been affected by any disease whatsoever.

It is a distinct six-rowed variety with heads long and compact, each row closely set with unusually large, plump grains, which are very weighty and usually number over one hundred kernels to each head. Ordinarily the grain weighs from forty-eight to fifty-two pounds to the measured bushel.

Triumph barley does not color as badly as others on account of its heavily bearded heads and its capability to stand up. Its bright appearance sells it quickly in any market.

This barley has an enormous growth of roots, resisting drought well, and drawing a great amount of nourishment from the soil, making it a wonderful stooler.

Its numerous and vigorous growth soon cover the ground, aiding greatly in arresting the progress of the weeds.

The fine beards of this barley are very soft and pliable, consequently it is easier to handle and safer to feed.

Best for Grain Mixtures

Its tall, strong straw and ability to stand up render it the best barley to grow with oats or other grain mixture, as it is not so easily choked and run out by the tall and heavy straw of other grains.

Yields

It has yielded seventy bushels per acre under ordinary field culture when sown broadcast at the rate of two bushels, while with good care it has yielded at the rate of over 200 bushels per acre.

Price—Packet 50c, pound \$1.25, 3 pounds \$3.00, postpaid; peck \$3.70, $\frac{1}{3}$ bush \$7.00, bush \$12.00.

PLEASE INTRODUCE OUR CATALOGUE AMONG YOUR FRIENDS

IT FREE OF CHARGE, we trust that our friends and Customers will see that it is placed where it may be serviceable and remunerative to us, kindly recommending our firm. For this we shall be extremely thankful. Those who receive our catalogue from year to year, and who have no use for it, would confer a great favor by telling us so, and by giving us, if possible, the name of some one to whom it would be a benefit.

J. A. SIMMEERS, Toronto, Canada.

NEW CUSTOMERS

As this Catalogue will reach many who have never had our Seeds, we would urge such to send a TRIAL ORDER, no matter how small, and although you may be satisfied with seeds bought elsewhere, we believe our special strains of many of the newer varieties will make them as profitable to you as they have been to thousands of others who are now regular customers. Orders by Mail a Specialty.

J. A. SIMMERS'

Novelties and Specialties in Vegetable Seeds, 1907

The "Howard" Potato

"Howard" Potato

THE HOWARD POTATO is the best all round general crop potato. It is handsome in appearance. The tubers are longish in form; they run the most uniform in size, color and quality of any potato. The eyes are shallow, while the smooth white russet skin gives it a handsome appearance. It is extremely hardy. The plant is very distinct in growth. The stalks grow stiffly erect and are closely set with deep-green foliage; the leaves are broad and flatly spread. The foliage retains its vigor and rich coloring until the plants are full grown; it seldom is affected by blight, rot or any disease. As the potatoes mature the vines die down completely to the ground. It is more productive than any other general crop potato and keeps better. Properly stored, potatoes will keep in fine marketable condition all winter—in fact, until late in the spring and even until the year's next crop is ready.

It has met with the heartiest appreciation from potato growers everywhere.

Price—lb 20c, 3 lb 50c, postpaid. Peck 60c, bush \$2.00.

SPECIAL OFFER of Howard and Noroton Beauty Potatoes, 1 lb each 45c, 3 lbs each \$1.00 (postpaid), 1 pk each \$1.50, 1 bush each \$4.50.

"Noroton Beauty" Potato

The Noroton Beauty is the earliest Potato grown, being sixteen days earlier than the Early Rose. Large table size tubers have been grown in sixty days. It is fully as productive as any main crop or late sort; no extra early variety yields nearly so heavily. It is handsomer in appearance, being of a russety white ground, splashed with pink, and pinkish eyes and more uniform in size and shape than any other variety. The tubers mature

simultaneously, a fact which, combined with the extreme earliness practically does away with danger from blight, or disease, or bugs. Its table quality is superb; flesh is white, dry, and the flavor unsurpassed by any other sort; it keeps longer than any other sort, early or late.

Price—lb 25c, 3 lbs 55c, postpaid; peck \$1.00, bush \$3.00.

"Canadian Beauty" Musk Melon

Ailsa Craig Onion

The large, nearly globe-shaped onions, with thin skin of bright yellow color, are of immense size, measuring from twelve to eighteen inches in circumference, while under special cultivation specimen bulbs have been raised to weigh from three to five pounds each. They ripen up hard and fine, and present the handsomest possible appearance; the flesh is pure white, fine grained, mild and delicate in flavor; excellent for fall and early winter.

The constant re-selection of pedigree stock of Ailsa Craig has resulted in a marked improvement both in size and form. Until a few years ago the best stocks of Ailsa Craig were frequently more flat than round or oval in shape but the strain we now offer is unrivalled for perfection of form combined with size and weight.

In competition with all other varieties Ailsa Craig has won a series of important prizes in England absolutely without a parallel. Price pkt 10c, oz 30c, $\frac{1}{2}$ lb \$1.00.

Ailsa Craig Onion

"Canadian Beauty" Musk Melon

A sweet, luscious Melon, that has become famous for its captivating flavor

This new variety has proved to be a very valuable Melon in every respect, somewhat resembling the old "Netted Gem." The vines are exceedingly healthy and vigorous, bearing an enormous quality of fruits during the entire season. It is safe to say that no melon has ever come into our markets which has sold so readily and at such high prices, often to the exclusion of other varieties. The color of the skin is of a rich, yellowish green, the netting is prominent and light in color; appearance very attractive. The flesh is very deep, ripening clear to the rind, and it has an exceedingly small seed cavity. It is very sweet and luscious in flavor, and is entirely devoid of any stringy character. Our seed was specially grown for us by a careful grower. (See cut). Pkt 10c, oz 25c, $\frac{1}{2}$ lb 75c.

Gigantic Gibraltar Onion

GIGANTIC GIBRALTAR ONION

While the ripened bulbs are similar to those of the Prize Taker in size and form, it is better adapted to growing in warm, dry locations or seasons. The plants continue in growth longer, and consequently produce larger bulbs. It produces the large bulbs from spring-sown seed. The thin skin is of a light straw color, flesh white, very tender and mild. The onions are excellent for home use while in the growing state during the summer months.

Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 55c, lb \$2.00, postpaid.

GIANT RED PRIZE TAKER ONION

This variety produces large, perfectly globe-shaped onions of the same size and handsome form as the well-known yellow Prize Taker, but the color is an extra rich deep red. This feature, together with its splendid flavor, delights everyone who raises it. Its size will recommend it to all, particularly when it is known that its keeping qualities are unexcelled. By sowing early and transplanting the young plants it can be grown to a very large size. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.00.

Ornamental Pomegranate "Queen Ann's Pocket Melon"

Grows on a pretty vine; its handsome fruit is a lemon-yellow striped with dark orange, varying from the size of a small peach to that of an orange. Very fragrant, sweetly perfuming a room with their pleasant odor for days. Very prolific and easily grown. Pkt 5c, $\frac{1}{2}$ lb 25c.

SUTTONS' EXCELSIOR PEA

Since the introduction of Nott's Excelsior, which is to-day probably the most popular dwarf wrinkled sort in America, we have seen no pea that is so great an advance in this class as Sutton's Excelsior.

Similar in habit of growth to Nott's Excelsior, but bearing very large broad pods filled with large peas, tender and of most delicious flavor. Its great merit lies in the fact, that in this we have an early dwarf wrinkled pea in the front rank for earliness, with much larger and handsomer pods than any dwarf wrinkled pea yet introduced. It takes the place in this class, so acceptably filled by Stratagem and Telephone in later sorts, and by Gradus in the extra early class, and is bound to be in great demand when fully known; of first-class merit and we most confidently recommend it. Pod long, broad, straight, very pale green, wrinkled; height 12 inches.

Large pkt 10c, lb 25c, 2 lbs 40c, 5 lbs 90c, peck \$2.50.

RIVENHALL WONDER PEA

This grand, early, large-podded wrinkled marrow Pea has steadily increased in popular favor, as everyone who plants Rivenhall Wonder Pea recommends it to his neighbors.

The distinctive merits of Rivenhall Wonder Pea over any other variety are its extreme earliness, combined with its abundant production of immense pods, each filled with from 6 to 10 true, large, wrinkled marrow peas of the most delicious flavor, as large, as sweet and as tender as the finest late wrinkled marrow pea grown. When one considers peas of this superior size and quality are ready for picking only a day or two later than the little round-seeded hard-shell "Extra Earlies," one realizes what a valuable acquisition Rivenhall Wonder Pea really is.

The vine of Rivenhall Wonder Pea is of vigorous, robust growth, about 20 inches high, heavy-stemmed, with luxuriant healthy foliage; it bears uniformly large, handsome pods of large and luscious peas, and although it commences bearing so very early it continues for a long time; the peas also remain sweet and tender for some time after they are fit to pick. (See cut).

Large pkt 10c, lb 30c, 2 lbs 55c, 5 lbs \$1.25, peck \$3.50.

NEW PEA—"PRINCE EDWARD"

This splendid Pea is of branching habit, about five feet in height with a dark green vine and very robust constitution, which enables it to resist both drought and mildew. The pods, which are of the same attractive color as the vine, are produced in great profusion, mostly in pairs, and attain the extraordinary length of seven inches, being closely packed with from 11 to 13 large dark green peas of most mellow flavor. It has proved itself invaluable as an exhibition variety, and is also equally serviceable for every purpose where Peas of prolific habit, fine quality and hardy constitution are required.

Large pkt 10c, lb 25c, 2 lbs 40c, 5 lbs 90c, peck \$2.50.

CARTER'S DANBY STRATAGEM PEA

A distinct improvement on the original stratagem, having longer, straighter, and broader pods, very freely produced. The haulm is very robust, and extends to a height of 2½ feet, bearing a profusion of immense pods, many six inches in length, and frequently containing ten large full-flavored Marrow Peas.

Price—Large pkt 10c, lb 25c, 2 lbs 40c, 5 lbs 90c, peck \$2.50.

Our Friends and Patrons

GREETING:

MAIL ORDERS
FILLED PROMPTLY.

THIS being the fifty-second year since establishing our Seed, Bulb and Plant business in Toronto, in greeting our numerous old friends and patrons, and tendering them **Our Annual Cultivators' Guide and Catalogue of Seeds, Bulbs and Plants, Etc., for 1907**, we take this opportunity of returning our sincere thanks for their recognition of our efforts to supply them with everything good and reliable, and we trust that they will continue to extend to us that liberal share of their patronage which we may fairly claim, and to deserve which we have at all times done our utmost by honest and square dealing.

OUR CATALOGUE

We here wish to say, that, despite our effort to make mention in this Catalogue of our large and varied stock, many articles are unavoidably omitted. We shall cheerfully procure and furnish prices of anything obtainable for our numerous customers. Please write for anything in the seed line you may wish to procure which you do not see mentioned in this Catalogue.

In compiling our Catalogue we give descriptions free from all appearance of exaggeration, and make our engravings as true to type and nature as possible, considering well the fact that a Seedman's Catalogue should be rational in its tone, educational in its matter, and as clearly descriptive of the things offered as a limited space will allow. It is our desire to make our Catalogue serviceable as a book of reference, and as clear as possible, so that it will not be simply looked at and thrown aside.

OUR STOCKS

Our seed stocks have been kept up to our high standard of excellence: our plants are well-grown and thrifty; our bulbs are selected with the greatest care; our tools and implements are from the best manufacturers in their respective lines, and our fertilizers are of the highest grade procurable.

OUR PRICES

It is our constant aim to make highest quality a first consideration, and then to make our prices as low as good, honest seeds can be sold. Our prices for the highest standard of excellence, therefore, will in all cases be found as low as those of any other reliable house. "Our success achieved can only be maintained by the methods that obtained it."

ORDERS

We endeavor to be as liberal as possible in filling orders, and strive to send our customers goods that will be satisfactory in every way. The greatest care will, as heretofore, be bestowed in putting up all orders, large or small. Amateurs not acquainted with the varieties offered, will, by leaving the selection to us, be liberally and judiciously supplied. Our aim will always be to give every satisfaction to the purchaser, both in quality of goods, and in the manner of packing and forwarding.

ABOUT WARRANTING SEEDS

It is impossible for us to guarantee the crop in any way, as there are so many causes that operate against the growth and productiveness of the seeds, over which we can have no control. We give no warranty, expressed or implied, as to description, quality, growth, productiveness, kind, or any other matter, of any seeds, Plants or Bulbs we sell; nor will we hold ourselves in any way responsible for the crop. Every order received by us will be filled on these conditions only.

Reliable Table showing the Quantity of Seed Usually Sown Upon an Acre

Seeds and pounds per bushel.	Seeds, and pounds per bushel.

OUR PUBLICATIONS

We issue the following Catalogues and Price Lists during the year.

January 1st—Simmers' Annual Seed Catalogue, Illustrated Guide for Amateur Gardeners, Market Gardeners' Catalogue, Florists' Semi-Annual Price List, Dealers' Price List of Seeds.

June 1st—Florists' Semi-Annual Price List of Forcing Bulbs, etc. September 1st—Autumn Catalogue of Dutch and other Fall Planting Bulbs, etc.

Please Read Carefully What We Do

Seeds by Mail—We send free by mail, all seeds priced by the packet, ounce or quarter pound; and all seeds quoted by the pound, except Beans, Field Beets, Field Carrots, Corn, Mangels, Peas, Rape, Field Turnips and Swedes, Clover Grasses; to these varieties **Five cents per pound** must be added for postage to postoffices in Canada, fifteen cents per pound or fraction thereof to Newfoundland, and one cent per ounce to United States.

We guarantee that every packet we send out by mail will reach its destination in good condition. If a package is lost we will replace it.

We pack all seeds carefully, and they will carry with safety to any part of the world.

Completion of Orders—As the season advances our stocks of some varieties become exhausted. In such cases we substitute with an article of the same variety, of equal quality, or return the money. Potatoes, bulbs, plants, etc., will be sent only when all danger of frost is past.

Errors—Should any error occur we desire to be informed of it, and promise to make such corrections as will be perfectly satisfactory.

WHAT CUSTOMERS SHOULD DO

Forward money with your order, by post-office order, postal note, express order, bank draft, or registered letter. All money sent by any one of the above ways will be at our risk.

Be sure and write your name and address plainly, as we very often get letters without names, and others without the postoffice address or county. Keep a copy of your order by marking in your Catalogue, opposite the variety the quantity ordered of each; by so doing you will know when your goods arrive if all is correct.

Send Your Orders Early—By doing so you are sure of getting all your order promptly, for as the season advances some varieties run short.

Ladies should always prefix their names with Miss or Mrs., as the case may be.

Correspondents should always sign their names alike each time. Ladies very often sign their husband's name in sending an order, and then again their own name in making enquiry about it, or vice versa. This leads to confusion.

Should you receive an extra copy of our Catalogue, or have no use for this one, kindly hand it to someone who would likely be wanting seeds, etc.

Always give shipping instructions when ordering large quantities of seeds, etc. Say whether by freight or express, and state the railway. Should instructions not be given, we shall use our best judgment.

Should you make any change in your permanent address, please notify us, that we may be able to forward our Catalogue to you.

Important—Should you not receive your seeds, etc., in a reasonable time after sending your order, advise us of the fact, enclosing a duplicate order and state the date the order was mailed, the amount of money enclosed, and in what form. On receipt of this we will at once investigate the matter; but if duplicate order is not sent we cannot do so promptly.

Freight prepaid goods ordered shipped to any flag station must have freight prepaid. Please allow for same in remittance, or we shall ship to the nearest station.

Seeds ordered by the peck or bushel will be sent either by express or freight at purchaser's expense.

Address all orders and other communications to

SPECIAL PREMIUM

On Orders Accompanied by cash and at Retail Catalogue Prices

25c. WORTH OF SEEDS EXTRA will be allowed on each ONE DOLLAR sent for Seeds in PACKETS and OUNCES

(Except Ounces of Cauliflower)

Thus—Customers sending \$1.00 may select 25c. extra.

" " " " 2.00 " " 50c. " " " " 3.00 " " 75c. and so on.

This premium applies ONLY to orders of ONE DOLLAR, or more for seeds in PACKETS and OUNCES. (Special offers and Collections are not included.) We fill an order for 25 cents as carefully as one for 25 dollars. BUT we cannot afford to allow this liberal premium UNLESS the Seed in packets and ounces amount to one dollar. It should be understood plainly that this premium does not apply to seeds by the quarter-pounds, pounds or quart, nor Bulbs or Plants, upon which prices are net. Please do not ask us to include any of these in this premium.

Simmers' Garden Seeds

SIMMERS' SEED STORE AT YOUR OWN DOOR

The prices quoted in this Catalogue include **FREE DELIVERY** on packets, ounces, quarter pounds and pounds (except where otherwise stated.) They do not include delivery charges on larger quantities, nor on pints, quarts, pecks or bushels. Please note the facilities for sending Seeds by Mail on Page 7. We guarantee the safe arrival of all seed, etc., when sent by Mail.

ARTICHOKE

German—Artischoke. French—Artichaut.

CULTURE—Sow in April in rich soil and transplant to permanent beds the next spring, in hills three feet apart each way, with three plants to hill. A rich, deep loam is required, and plenty of moisture. Cover with litter or earth in winter.

Large Green Globe—The best for general culture. Per pkt 5c, oz. 30c.

Jerusalem Artichokes—A hardy and productive tuber, used for cooking, pickling for table use, and feeding stock. Strong tubers lb. 15c 2 lbs 25c, if wanted by mail add 5c per lb; peck 50c, bushel \$1.50.

ASPARAGUS

German—Spargel. French—Asperge.

One ounce for 60 feet of drill. **CULTURE**—After soaking the seed for 24 hours in lukewarm water, sow as early in spring as the season will permit and the ground can be worked, in drills one foot apart, covering the seed one inch deep. Thin plants to three inches apart in the row. The following spring, not too early, transplant into permanently highly-manured beds four feet wide, and three rows in each. Plant one foot apart. Cover in the fall, with well-decayed manure, and in the spring give a good dressing of salt.

2 year Old ASPARAGUS ROOTS

	By Mail Postpaid			By Express.

Asparagus Culture, by F. M. Hexamer. Price 50c.

Columbian Mammoth Asparagus

Columbian Mammoth White—A newer and distinct variety that produces shoots which are white and which remain white as long as fit for use. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 20c, lb 60c.

Large Giant (Mammoth)—One of the best varieties, large and productive. Seed per pkt 5c, oz 10c, 2 oz 15c, 1 lb 20c, lb 60c.

Early Argenteuil—Largely grown in France, the stalks grow to a mammoth size. Pkt 10c, oz 20c, 1 lb 30c, lb \$1.00.

Connovers Colossal—A very large, productive and distinct variety. Seed per pkt 5c, oz 10c, 1 lb 15c, lb 50c.

Palmetto—It is of very large size, even and regular in growth and appearance. It is very early sort and immensely productive, and of the very best quality. Seed per pkt 5c, oz 10c, 1 lb 20c, lb 55c.

Beans

German—Bohne. French—Haricot.

English or Broad

CULTURE—The English Broad Beans are very hardy, and should be planted as early in the spring as the ground can be worked, in rows 2 feet apart, about 5 inches apart in the row, and cover 2 inches deep.

Broad Windsor—Large, one of the best, ripens well, very prolific. Pkt. 5c, lb 20c, quart 35c, peck \$1.75.

Early Mazagan—The earliest, very hardy, and bears freely, best adapted to our climate. Pkt 5c, lb 20c, quart 35c, peck \$1.75.

Beans

Dwarf, Bush, Wax-Podded Varieties

CULTURE—Plant as soon as danger from frost is past, in light, warm soil, in drills about 2 feet apart, 3 inches apart in the drills, or in hills 3 to 4 feet apart. Avoid cultivating when wet with rain or dew, as this will injure the crop, but hoe often when dry. Plant every two weeks for succession. One quart will plant 200 hills, or a drill of 100 feet.

Simmers' Early Giant Wax.

This is really one of the most valuable varieties for either private or market garden purposes. It is earlier than either the black or Golden Wax sorts, and has a peculiar value in the fact that it is always exempt from rust. The pods are of a very large size, often from 6 to 9 inches long; exceedingly succulent and tender when full grown. It is a very productive variety. Per pkt 5c, lb 20c, quart (2 lbs) 35c 5 lbs 75c, peck (15 lbs) \$2.00.

Davis' Kidney

Wax—A hardy and productive Bean, with a large handsome pod containing pure white kidney-shaped beans and producing a third more pods than most other varieties. Price, pkt 5c, lb 20c, quart 35c, 5 lbs 80c.

Simmers' Giant Dwarf Wax or Butter Bean
The Standard Variety for Table Use.

Saddleback Wax—The plants are of strong bush growth, fifteen inches in height, extra productive. The pods are long, nearly straight, well rounded and so meaty as to be saddle-backed or creased in the centre. The pods are so fleshy that the space between the beans is solid meat without any open spaces—extremely brittle, always stringless, of a rich golden yellow and finest flavor. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c.

Detroit Wax—Very hardy and productive, pods straight, flat, but thick to edge; they do not turn to wax color so early, but when well grown and fit for use are of a beautiful yellow color, and of the finest texture. Per pkt 5c, lb 15c, quart (2 lbs) 30c, 5 lbs 70c, peck \$1.90.

Early Golden Wax—Yellow pods, several days earlier than the ordinary Black Wax, quite distinct, very prolific, brittle and stringless. Per pkt 5c, lb 20c, quart (2 lbs) 35c, 5 lbs 70c, peck (15 lbs) \$2.00.

Wardwell's Kidney Wax—One of the very best Wax Beans, bearing long pods of a delicate waxy yellow, entirely stringless and brittle, fine buttery flavor, heavy yielding. Per pkt 5c, pt 20c, qt 35c, 5 lbs 80c, peck \$2.00.

Early Black-Seeded Wax—Almost stringless yellow pods, thick, very tender and delicious, a standard variety. Pkt 5c, lb 15c, qt (2 lbs) 30c, 5 lbs 70c, peck (15 lbs) \$1.90.

Early White-Seeded Wax (Jones')—A variety with wax-like pods, similar to the Black Wax except in the color of the seed. Per pkt 5c, lb 20c, qt (2 lbs) 35c, 5 lbs 80c, pk (15 lbs) \$2.00.

Wardwell's Kidney Wax Bean

Add Five Cents per Pound to the Price of Beans for Postage

BEANS—GREEN PODDED BUSH VARIETIES

Simmers' Canadian Wonder

Taber's I.X.L.—The nearest to a stringless green-podded bush Bean in cultivation, with beautiful straight, green pods, full and fleshy. Plants of medium growth, pods 9 to 10 inches long, light green in color, flesh tender and of the best quality, very early. Pkt 5c, per lb 20c, 2 lbs 35c, 5 lbs 70c, peck \$1.30.

Mohawk—Very hardy and prolific, also very early, good string bean, Per pkt 5c, lb 15c, quart (2 lbs) 25c, 5 lbs 50c, peck (15 lbs) \$1.40.

Yellow or Six Weeks—Early, hardy and most prolific. Per pkt 5c lb 15c, qt (2 lbs) 25c, 5 lbs 50c, peck (15 lbs) \$1.40.

Refugee or One Thousand to One—Solid podded, excellent and prolific. Much used for canning. Per pkt 5c, lb 15c, quart (2 lbs) 25c, 5 lbs 50c, peck (15 lbs) \$1.40.

Valentine, Round Podded—With round beautiful waxy pods. The pods are very meaty, and no other bean has less string or less hard shell to the pod as long as it is suitable for cooking. Pkt 5c, lb 15c, quart (2 lbs) 25c, 5 lbs 60c, peck (15 lbs) \$1.50.

Early China (Red Eye)—A well-known and prolific sort; very tender. Per pkt 5c, lb 15c, quart (2 lbs) 25c, 5 lbs 50c, peck (15 lbs) \$1.40.

Large White Marrowfat—Extensively grown for sale as a dry bean for winter use. Excellent either when green in pods or dry. Pkt 5c, lb 10c, quart (2 lbs) 20c, 5 lbs 40c, peck (15 lbs) 90c.

White Kidney or Royal Dwarf—A superior variety for baking; is excellent when green in pods. Pkt 5c, lb 15c, qt (2 lbs) 25c, pk (15 lbs) \$1.50.

Valentine Round Podded Bush Bean

BUSH LIMA BEANS

Burpee's Bush Lima Bean

Burpee's Bush Lima—Very prolific, single plants often producing from 150 to 200 pods. It requires no staking whatever, and should be planted about two feet apart in rows. Pkt 5c, pint or lb 20c, qt 35c, 5 lbs 80c, pk \$2.00.

Henderson's Bush Lima—It grows in compact bush form, about 18 inches high, and is very early. Per pkt 5c, lb 20c, quart (2 lbs) 35c, 5 lbs 80c, peck \$2.

Simmers' Canadian Wonder—It is a giant among green podded varieties, forming a large robust plant, covered with long, thick, flat pods, frequently measuring from 9 to 10 inches in length by three-quarters of an inch in width and one-half inch thick. The largest and most handsome green pod bean of strictly bush form. Per pkt 5c, lb 15c, quart (2 lbs) 30c, 5 lbs 70c, peck (15 lbs) \$1.30.

Stringless Green Pod—A mammoth podded selection from the original Stringless, not quite so early, but more showy and possessing the good qualities of the parent. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c.

Kentucky Wonder or Old Homestead Pole Bean

POLE BEANS

Pole beans, being tender, ought not to be planted until the ground is dry and warm. A well-matured sandy loam suits them best. Plant in hills 4 feet apart, 6 to 8 beans in a hill, eyes downward, afterwards thin to 3 plants in a hill. Set poles—8 to 10 feet long—before planting seed.

Early Golden Cluster Wax—The pods are tender, 6 to 8 inches long, borne profusely in clusters of 3 to 6, and are of a beautiful golden yellow color. They snap easily, are stringless and delicious. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.00.

Indian Chief or Black Wax—Yellow pods, very tender and sweet-thick and fleshy. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.00.

Lazy Wife—Large pale green pods, very thick meated, stringless, rich, tender and buttery, ripens early, splendid either as a snap or shell bean. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.00.

Golden Carmine Podded Horticultural—Pods large, stringless, bright golden yellow when young. Pkt 10c, lb 30c.

Golden Andalusia Wax—The pods are 5 or 6 inches long, broad, thick, very fleshy, and entirely stringless, exceedingly rich, buttery and fine flavored when cooked. Pkt 5c, lb 20c, quart 35c, 5 lbs 90c, peck \$2.25.

Asparagus or Yard Long (Genuine)—Immense pods of a beautiful green color, tender and delicious. Although of such extraordinary length they are produced abundantly. Pkt 5c, lb 50c.

Early Dutch Case Knife—Very productive, excellent whether used green or shelled dry. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.

Kentucky Wonder or Old Homestead—A very prolific sort, producing its long pods in large clusters. The pods, when young, are nearly round, of best flavor. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.

Scarlet Runner—A favorite sort, cultivated for the beauty of its flowers, as well as for table use, grows 9 to 10 feet high, dazzling scarlet flowers. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.

Giant White Runner—A white seeded variety of Scarlet Runner, but earlier and more prolific. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.

Improved Large Lima—Universally grown for private use. Very early and tender. Pkt 5c, lb 20c, quart 35c, 5 lbs 80c, peck \$2.

BORECOLE OR KALE

German—Blaetter Kohl. French—Chou Vert.

CULTURE—Borecole or Kale may be grown in almost any soil, but the richer it is the more abundant the product. Sow from the middle of April to the beginning of May, in prepared beds, covering the seed thinly and evenly; transplant in June and treat in the same manner as Cabbage. The varieties are all extremely hardy, and are best when touched by frost.

Dwarf Green Curled Scotch—Very hardy, one of the best. Pkt 5c, oz 15c, 2 oz 25c, 1 lb 40c.

Dwarf Green Curled German—Leaves yellowish-green, very compact and beautifully curled. Pkt 5c, oz 15c, 2 oz 25c, 1 lb 40c.

Tall Green Curled Scotch—About 30 inches tall, with an abundance of dark green leaves, which are densely curled. Pkt 5c, oz 15c, 2 oz 25c, 1 lb 40c.

Plumage—Curly, variegated leaves, suitable for ornamental purposes, also excellent for table. Pkt 5c, oz 15c, 2 oz 25c, 1 lb 40c.

Dwarf Green Curled Scotch Kale

BROCCOLI

German—Spargel-Kohl. French—Chou Brocoli.

CULTURE—Same as Cauliflower.

Walcheren White—It bears large compact heads of a creamy white color and of good flavor. Pkt 5c, oz 40c, 2 oz 75c, 1 lb \$1.20.

BEETS

German—Runkle Rube. French—Betterave.

(One ounce will sow 100 feet of drill.)

CULTURE—The soil best suited to the Beet is a deep, light and rich, sandy loam. For early Beets the seed should be sown about the middle of April, or as soon as the ground is in good working condition, in drills, 12 to 15 inches apart, and thinned to 4 to 6 inches apart in the drills. For winter crops the first of June is the right time. Cover 1 inch deep.

Early Dark Red Flat Egyptian Beet

Detroit Dark Red Turnip Beet

Half Long Dark Blood Red Beet

Simmers' Extra Early Beet

Simmers' Extra Early—Combines more good qualities than any other variety, rich red flesh, exceedingly tender, remarkably early. In this early Beet we have secured more good qualities than were ever combined in any one variety before. In shape it is almost round. The color is dark crimson, the prevailing shade being very dark, changing alternately into rings of a lighter hue. The constancy of color in every bulb largely enhances its value. It is extremely early. But it is when prepared for the table that its fine qualities become most apparent, the fine, rich color making it conspicuous. The flesh or delicate texture, is rich, sugary, and entirely free from fibre. Price, pkt 5c; oz. 10c; 2 oz. 15c; $\frac{1}{4}$ lb. 25c; lb. 80c.

EARLY ECLIPSE—Remarkable for its rapid growth, extreme smallness of tops and extra fine quality. Perfectly smooth and round, skin and flesh intense red, very fine grained and sweet, an excellent sort. Pkt 5c, oz 10c, 2 oz 20c, $\frac{1}{4}$ lb 25c, lb 60c.

Crimson Globe—The root is of medium size, of very handsome globe shape, and has a remarkably smooth surface. Both the skin and flesh are deep, rich red, fine grained, sweet and tender in all stages of growth. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

Detroit Dark Red Turnip—A grand Beet for bunching for market, tops exceptionally small and uniformly upright; roots are perfect turnip shape with small tap roots. The principal fault with most Turnip Beets is the occasional appearance of white rings, but by careful selection this has been overcome, and this will be found to be one of the deepest red Beets. Quality is of the very best, sweet and tender. Gardeners can safely plant it largely. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

EARLY DARK RED FLAT EGYPTIAN—One of the earliest dark red Beets in cultivation; its color is of a fine dark red, and it shape is that of an early flat white turnip; it never fails to give satisfaction. See illustration. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 60c.

Early Blood Turnip—Good for summer or winter, flesh dark red color, a standard round variety with small top, very tender. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 60c.

Edmand's Early—The roots are handsome and round, very smooth, with a single tap root, of good marketable size, and for table use no variety can excel it in fine quality. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

Half Long Dark Blood Red—The best for family use, tender, sweet, not requiring to be cut in two for boiling. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

Whyte's Very Deep Long Blood Red—Very choice and long. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

Extra Long Smooth Deep Blood Red—The most popular kind for general use; keeps well. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

Dell's Black or Crimson Leaved Beet—Both useful and ornamental, as it is extensively used for ribbining in flower borders, on account of its extremely striking foliage, being a deep, dark metallic lustre. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 75c.

Silver Beet or Swiss Chard—Sometimes called Asparagus Beet; a variety with beautiful and tender leaves, used for Spinach. The mid rib is used and served as asparagus. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 60c.

German—Kopfkohl Gruener.

BRUSSELS SPROUTS

French—Chou de Bruxelles.

CULTURE—The seeds should be sown in March or April in the hotbed or in the open ground when the weather permits. When the plants are three inches high they should be transplanted and cultivated the same as cabbages or cauliflowers.

Large Tall French (Dalkeith)—A very fine variety; the sprouts are large and solid and of luscious flavor. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.50.

Improved Dwarf—A standard variety of excellent quality, producing compact sprouts of fine quality; it seldom fails to produce sprouts, and is a good keeper. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.50.

CABBAGE

German—Kopf Kohl.

French—Chou Cabus.

(One ounce will produce about 3,000 plants.)

EARLY VARIETIES

SIMMERS' PREMIER—A valuable acquisition, being a round, flat-headed cabbage as early as Wakefield and one-third more productive. It is of the Early Summer type, heads a trifle smaller, very solid, with few small outside leaves, enabling it to be planted very close; very uniform in shape and size, finely bred, and free from any rankness of flavor. Pkt 10c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 60c, lb \$2.00.

EARLY SPRING—Flat-headed variety as early as Jersey Wakefield. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

GLORY OF ENKHUIZEN—Very early. Large white, compact, fine grained heads, few outside leaves, a very desirable one of the newer varieties. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.

BURPEE'S ALL HEAD EARLY—This is the earliest of all large cabbages, being at least a week earlier than any of the various strains of early Summer Cabbage. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

EXTRA EARLY "EXPRESS"—From 8 to 10 days earlier than the Early Etampes, which it resembles in shape, though smaller. Heads pointed. It has few outside leaves, and can be planted close. For a very quick forcing sort, try it. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

HENDERSON'S EARLY SUMMER—A standard early variety much used by market gardeners, heads large, solid and nearly globe shaped, rarely or never burst when fully matured. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

EXTRA EARLY ETAMPES

A very early sort, producing medium-sized heads very sharply pointed. It grows quickly, is mild flavored, and for a private garden is a valuable sort. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

SELECTED EARLY JERSEY WAKEFIELD—One of the best early varieties for private use, very solid, medium size, nearly round, of excellent flavor. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Early Winingstadt—Pointed head, for summer and winter use, very sound, quality first-rate, sure to head on all soils, desirable for private gardens. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Jersey Wakefield Cabbage

Simmers' Early German Brunswick Cabbage
(Best for general crop.)

SECOND EARLY VARIETIES

Simmers' Early German Brunswick—A second early variety, short stemmed, solid, large light green flat heads, similar but much superior to St. Dennis most commendable to market gardeners and others, large as Henderson's, and nearly as early; stem remarkably small and short, every plant sure to head. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.00.

Henderson's Succession—Handsome, large and sure header. The Succession is about one week later than the Early Summer, but is double its size. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 50c, lb \$1.75.

All Seasons—This is a superior variety to plant for late as well as for early crop, the thickness of the head making it a capital variety to keep through winter. Heads large and solid, not liable to burst after heading. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Vandergaw.....	5	20	30	50	1.75
Early Premium Flat Dutch.....	5	15	25	40	1.50

LATE VARIETIES

CULTURE—For very early use sow in January or February in hotbeds, prick out, when the plants are strong enough, into other hotbeds; or sow in cold frames in March; transplant, when danger from killing by frost is past, to the open ground, in rows 2 feet apart and 18 inches in the row. For a succession sow in the open ground the last of March or early in April. To secure plants for wintering in cold frames sow the seed in well-prepared rich ground, from the 10th to 25th September. To preserve the plants from insects sprinkle them with slug-shot.

DANISH BALL HEAD—Heads round in form, 8 to 10 inches in diameter and very solid; few outer leaves, and these folded closely about the heads. The heads keep excellently through the winter when buried, coming out quite solid in the spring. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Lupton—Earlier than Flat Dutch, of closer growth, sure header, large, solid, dark green, quality very fine. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

SIMMERS' MATCHLESS FLAT DUTCH—Extremely handsome in appearance, the stumps being very short. The well-developed heads are true to type and uniform in color, which is an attractive bluish green. The heads measure about 13 inches across and weigh from 10 to 12 pounds each. The Matchless Flat Dutch comes very true, and is a sure header. A very superior cabbage for autumn and winter use. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.

Surehead—One of the surest headers and best main crop cabbages. The heads are round, flat on top, hard, and with few outside or loose leaves. Market gardeners will find it a most valuable sort. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

AUTUMN KING—The Autumn King is one of the best keepers we have ever seen; it produces large solid heads of dark green, and has such small outer leaves that it can be planted much closer together than the ordinary late sorts. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Late Marblehead Mammoth—The largest known sort, solid, tender and free heading winter variety, and with good culture average 30 lbs per head. American-grown seed. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Simmers' Perfection Drumhead Savoy Cabbage

SAVOY CABBAGE

Simmers' Perfection Drumhead Savoy Cabbage—Heads large and very finely curled, short stock and compact grower, an excellent keeper. Partakes of the size of the Drumhead, with the curled leaves and fine flavor of the Savoy. Far superior to the ordinary imported Drumhead Savoy. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.

Improved Large American Drumhead—Of excellent flavor, compact grower and excellent keeper. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Large German Drumhead—A good winter variety with very large heads. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Largest French Drumhead—(Vertus)—Large, solid, and a good keeping variety. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Dwarf Ulm—Head firm, but small, very crisp, curly and fine flavored. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

RED CABBAGE

Extra Early Red Dutch Erfurt—Of a very dark blood-red color. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Zenith—Medium early, dark red, very fine ribbed, unsurpassed by any other variety. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.00.

Large Late Deep Red—Dutch Drumhead—Solid, deep blood-red, heads. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Mammoth Red Rock—Selected strain of late red cabbage, heads will average 12 lbs each. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Mammoth Red Rock Cabbage

CARROTS

German—Moehre. French—Carrotte.

(One ounce of seed will sow 100 feet of drill. Four pounds required for one acre.)

CULTURE—See "Simmers' Vegetable Garden," a copy of which is free to buyers of our seeds—ask for it. Price to others, 25c.

Improved Scarlet Intermediate (Stump Rooted)—This is certainly the best main crop carrot. It is one of the most uniform in shape, and where the soil is favorable it will always grow clean and free from side roots. The core is small and very tender, and there is no indication of woody character at any stage of its growth. It is also entirely free from any coarse, rank flavor so common with many sorts. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

Ox-Heart or Half-Long Guerande (Stump Rooted)—Intermediate between the half-long and horn varieties, attaining a diameter of three to four inches at the neck, and of most beautiful shape and rich orange color. It is of extra fine quality, and very productive. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 70c.

Chantenay, Half Long Scarlet—This is the best early carrot in existence, one which market gardeners should plant for their main early crop. The

Chantenay Half Long Scarlet Carrot

Carrots grow about six inches long, are stump rooted, very smooth, deep red, fine grained, sweet and sugary, and are not apt to crack open while growing. An excellent table sort, and a heavy cropper. Our seed is most carefully selected. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 70c.

Improved Danver's Half-Long—It is of rich orange color, a very heavy yielder and splendid keeper. It is a first-class Carrot for all kinds of soils, valuable both for table use and for stock. We have an extra fine strain of this favorite sort which we have sold for many years, giving the greatest satisfaction to our customers. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 70c.

Early Scarlet English Horn or Half-Long—Very fine and sweet, pointed rooted. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 70c.

Early Very Short Scarlet or Golden Ball—French forcing, the earliest variety, almost as round as turnip radishes, and very sweet; ready for use about five weeks after sowing. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Improved Long Orange—The well-known and popular old standby for late summer and winter use, grown extensively for feeding stock. Pkt 5c, oz 10c, $\frac{1}{2}$ lb 20c, lb 60c.

Improved Danver's Half Long Carrot

For other Field Varieties of Carrots see Agricultural Seeds further on.

Simmers' Improved Giant, Short White—This field carrot is especially suitable for shallow soil. In shape they very much resemble the Oxheart, excepting the roots grow more to a point. When other varieties require digging our Giant Short White can be pulled. Flesh and skin are white, and it is considered by those who have grown it much better in quality than any other variety. Pkt 5c, oz 10c, $\frac{1}{2}$ lb 15c, lb 40c, post paid 45c.

Oxheart or Half-Long Guerande Carrot

CARDOON

The mid ribs of this vegetable are used while in a tender state, similar to Asparagus and the young leaves in the form of Spinach. Sow early in May, in rows $2\frac{1}{2}$ feet apart, and thin the plants out to 2 feet in the row. When the plants have attained their full size, bind them together with matting or twine and earth them up like celery to blanch.

Large Spanish—Pkt 5c, oz 30c, 2 oz 150c, $\frac{1}{2}$ lb \$1, lb \$3.50.

CRESS OR PEPPER GRASS

(One ounce will sow about fifteen square feet.)

CULTURE—Sow thickly in shallow drills, very early in spring and every two weeks throughout the season give occasional waterings. Two ounces will sow ten feet square three times. Use as salad before the flowers appear. Transplant the Water Cress, when well rooted, to the banks of a running stream.

Extra Curled—Standard sort, very fine for salads, may be cut two or three times. Pkt 5c, oz 10c, $\frac{1}{2}$ lb 15c, lb 40c.

Broad Leaved Dark Green—A large leaved variety, fine, piquant flavor. Pkt 5c, oz 10c, $\frac{1}{2}$ lb 15c, lb 40c.

Upland (Barbarea Vulgaris)—Grown as Spinach and used exactly as Water Cress, which it so much resembles in taste that the difference is scarcely discernable, and its use should become more general, as it is of easy culture, and earlier, and can be grown easily for two years without resowing. Pkt 10c, oz 40c.

True Water—A well-known hardy perennial aquatic plant, grown abundantly along the margin of running streams. Pkt 10c, oz 40c, 2 oz 75c, $\frac{1}{2}$ lb \$1, lb \$3.50.

CORN SALAD

(Lamb's Lettuce or Feticus)

CULTURE—Sow about September or very early in spring, in drills half an inch deep and six inches apart, in rich ground. As the plants are for cutting when young, the seed may be sown pretty thin. Before the cold weather sets in protect with clean straw. It is cut during the winter and early spring for salads, and is most excellent as such.

Broad Leaved—Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

CHIVES

German—Schnittlauch.

Chives are perfectly hardy little perennial members of the onion tribe, and are grown exclusively for their tops, which are used wherever the flavor of onion is required. Planted in small clumps in any common garden soil they will grow readily and in time increase so as to render a division necessary. The tops appear very early in spring and can be shorn throughout the season, hence this valuable little plant should have a place in every garden.

Seed of the above, pkt 10c.
Roots per bunch 25c, postpaid.

and Extra Curled Cress.....	

25c.

Worth of Seeds EXTRA is allowed on each ONE DOLLAR sent for seeds by the PACKET and OUNCE, excepting Cauliflower.

CAULIFLOWER

French—Choufleur. German—Blumen Kohl.

One ounce of seed will produce about 3,000 plants.
For plants of Cauliflower, Cabbage, etc., see page 30.

CULTURE—With a deep rich soil and an abundance of moisture, which in dry seasons must be applied artificially, Cauliflower can be grown well. Frequent and vigorous hoeing and a liberal supply of rich liquid manure, to keep up a continuous and rapid growth, will produce splendid heads of the most delicate flavor. It facilitates blanching if the leaves are gathered loosely together and tied over the top of the head. Sow the seed the same as cabbage.

SIMMERS' GILT EDGE—We confidently recommend this as the finest Cauliflower in the world; and it is so pronounced by all growers who have had it. It is of very dwarf erect habit, with short outer leaves. It is a sure header, every plant forming a large, solid, perfect head of remarkably pure white color, of the finest table quality. It is a sure header, either for early or late sowing, and can be left longer in the field without decaying than any other sort. It matures immediately after "Snowball" but is a heavier sort. Pkt 25c, 1/2 oz \$1, 1/2 oz \$1.75, oz \$3.00, 2 oz \$5.50, 1 lb \$10.00.

Large Late Le Normand—Short stemmed, produces very close and uniform head, well protected by the foliage, hardy, and stands dry weather. Pkt 5c, 1/2 oz 40c, oz 70c, 2 oz \$1.30, 1 lb \$2.50.

Simmers' Extra Selected Early Dwarf Erfurt Cauliflower

Early Snowball—We know of no better type of this variety—very early, smoothly rounded heads, fine grained, compact, even in size. This variety, while at first early, is better adapted generally to fall use than the large late sorts commonly used for that purpose. All we want is that our customers try it. The habit of the plant is close growing, and compact, and plants can be set closely together, from 18 to 21 inches. Customers have found it, by careful tests, fully equal to the best Cauliflower which they have ever grown. Pkt 20c, 1/2 oz 70c, 1/2 oz \$1.35, oz \$2.50, 2 oz \$4.50, 1 lb \$8.00.

Simmers' Extra Selected Early Dwarf Erfurt—One of the earliest in cultivation; small leaved dwarf, for forcing or open ground, producing very solid pure white heads of the finest quality. It grows about fifteen inches high, and in ordinary seasons every plant will produce a marketable head. For an all round market gardeners' variety, we consider this the best for general outside use. Pkt 20c, 1/2 oz 70c, 1/2 oz \$1.35, oz \$2.50, 2 oz \$4.50, 1 lb \$8.00.

Early Demi-Dur or Half Early Paris—Pkt 5c, 1/2 oz 40c, oz 70c, 2 oz \$1.30, 1 lb \$2.50.

Dry Weather—A distinct strain from Denmark, similar in growth to Early Erfurt. It produces equally large solid white heads, a little later. Specially adapted for dry locations. Pkt 20c, 1/2 oz 70c, 1/2 oz \$1.35, oz \$2.50, 2 oz \$4.50, 1 lb \$8.00.

Late Erfurt Market—A large German variety, well suited for this climate. Pkt 10c, 1/2 oz \$1.00, oz \$1.75, 2 oz \$3.00.

Large Late Algiers—An excellent favorite, late variety. Pkt 10c, 1/2 oz 70c, oz \$1.30, 2 oz \$2.50, 1 lb \$4.50.

Late Italian or Veitch's Autumn Giant—Attaining enormous dimensions; heads beautifully white, large, firm and compact. Pkt 5c, 1/2 oz 30c, oz 50c, 2 oz 80c, 1 lb \$1.50.

CURLED CHERVIL

German—Kerbel. French—Cerfeuil.

CULTURE—A very rich herb, similar in growth and flavor to Parsley and should not be wanting in any kitchen garden. It is sown and treated like Parsley, the directions for sowing which are under that head.

Pkt 5c, oz 10c, 2 oz 15c, 1 lb 30c, lb \$1.00.

CHICORY

German—Caffewurzel. French—Chicoree.

CULTURE same as carrots. **Large Rooted Magdeburgh**—Pkt 5c, oz 10c, 1 lb 20c, lb 50c, 10 lb at 45c lb.

ENDIVE

German—Endivien. French—Chicoree.

CULTURE—For early use sow thinly in May, in drills one foot apart, and for a succession, every two or three weeks until midsummer. A rather moist situation in the garden is preferable. To blanch the leaves gather them carefully together when perfectly dry and tie near the top, and draw up the earth around the plants.

Broad Leaved Imperial Batavian (Escarolle)—It is chiefly used in soups. Per pkt 5c, oz 15c, 2 oz 30c, 1 lb 50c, lb \$1.50.

Early Green or French Moss Curled—Very tender, hardy leaves dark green and crisp. Per pkt 5c, oz 15c, 2 oz 30c, 1 lb 50c, lb \$1.50.

Simmers' "Gilt Edge" Cauliflower

Early Snowball Cauliflower

CELERY

German—Seller. French—Celeri.
Buy the Book on Growing Celery
"CELERY FOR PROFIT,"
by T. Greiner.
Price 20c.

For Celery plants see end
of Vegetable list.

One ounce will sow a bed of
nine square yards, and produce
about 4,000 plants.—Sow the last
of March or early in April, in an open
border, in rich, mellow ground, in
shallow drills, watering freely in dry
weather. By rolling or pressing in
the seed, the result will be more
satisfactory than when covered.
Cut the tops off once or twice before
planting out, to make them stalky.
When the plants are five or six
inches high, transplant the dwarf
varieties 3 feet and the taller sorts
4 feet between the rows; plant 6
inches apart in the rows. Cultivate
well, and when large enough blanch
by earthing up. The first operation
is that of "handling"; after the soil
has been drawn up with the hoe, it
is drawn closer around each plant
with the hand, to keep the leaves
firm in an upright position and to
prevent spreading. When the
plants have become "set" in an up-
right position, and the celery is
wanted for early use, they should be

"banked" This is done by throwing the soil up as close to the plants as possible with a plow
and finishing it with a spade, bringing the earth up nearly to the top of the plants. If it is
intended to store away for winter use the "handling" process is all that is necessary as the
blanching will be done in the trenches. To store for winter use, select well drained ground,
dig trenches one foot wide and deep enough to cover the tops of the plants. Pack the stalks
in this in an upright position, covering with boards to shed the water, and in severe weather
protect with straw or leaves.

White Plume (Early)—Requires no banking up to blanch; highly
recommended to all who wish to procure a first class Celery for early use.
Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c, lb \$3.

"Pink Plume"—Similar to White Plume, except that the stalks are
delicately marked with pink. It also has the rich, nutty flavor of the red
celeries. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c, lb \$3.

Giant Pascal—Of fine nutty flavor, being entirely free from any bitter
taste. It grows about 2 feet high and bleaches with slight earthing up.
Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.

**Giant Golden-
Hearted Dwarf**—An
excellent Dwarf White
variety, with fine nutty
flavor, growing to
a large size and keep-
ing well all winter. Pkt
5c, oz 20c, 2 oz 35c, $\frac{1}{2}$
lb 60c, lb \$2.

New Rose—The
color is a beautiful
shade of rose; of excep-
tionally fine flavor,
solid, crisp. Pkt 5c,
oz 20c, 2 oz 35c, $\frac{1}{2}$ lb
60c, lb \$2.

White Solid—
Fine nutty flavor. Pkt
5c, oz 15c, 2 oz 25c, $\frac{1}{2}$
lb 40c, lb \$1.50.

**Carter's Incom-
parable Dwarf
Crimson**—Keeps well,
and is of a fine, nutty
flavor. Pkt 5c, oz 20c,
2 oz 35c, $\frac{1}{2}$ lb 60c, lb
\$2.

**Turnip - Rooted
Erfurt Giant or Cel-
eriac** — Pkt 5c, oz
20c, 2 oz 35c, $\frac{1}{2}$ lb 60c,
lb \$2.

**Flavoring Cel-
ery**—Oz 5c, $\frac{1}{2}$ lb 15c,
lb 40c; postpaid 45c.

**Simmers' Special Dwarf White Winter
Celery**, the best in cultivation for market gar-
deners and private gardens.

SPECIAL OFFER NO. 4—CELERY

White Plume—Early.

Paris Golden Yellow—Medium.

Simmers' Special Dwarf White Winter—Late.

ONE PACKET OF EACH FOR 20 CENTS.

First-Class Seeds, of equal quality. Cannot be bought anywhere
for less money. We know that SIMMERS' SEEDS are the BEST
that grow.

Paris Golden Yellow or Self-Blanching

Paris Golden Yellow or Self-Blanching—This variety is now the
leading sort in all markets as an early Celery. It is ready for use nearly
as early as White Plume, producing dwarfier and much larger bunches of
broad, heavy stalks, blanching to a deep golden yellow. The handsome
color, crispness, tenderness, freedom from stringiness and nutty flavor of
this variety makes it only necessary to be tried in order to establish it as
the standard of excellence as an early sort. Pkt 10c, $\frac{1}{2}$ oz 30c, oz 50c, 2 oz
90c, $\frac{1}{2}$ lb \$1.50, lb \$5.50.

Rose Ribbed Paris Golden Self-Blanching—The general color similar
to Golden Self-Blanching except that the naturally golden-colored stalks
are suffused with a warm rosy hue, which gradually fades towards the top
of the stalks, where it assumes a bright golden color. Pkt 10c, oz 45c,
oz 80c, $\frac{1}{2}$ lb \$1.50.

Simmers' Special Dwarf White Winter—Solid, crisp, of excellent
flavor, one of the best white varieties. The past season has again proved
this celery to be the best adapted for the home or market on account of its

dwarf habit, walnut flavor
and keeping qualities. Pkt
10c, oz 45c, 2 oz 80c, $\frac{1}{2}$ lb
\$1.50.

SIMMERS' IMPERIAL—
When fully grown the outer
stalks average two inches
wide and are nearly as thick
as a man's finger. The im-
mense stalks can be sliced
lengthwise, and are always
very crisp and brittle, snap-
ping like glass. After grow-
ing to a great size it lends
itself readily to the blanching
process, assuming a rich yellow
tinge in the heart, and
presenting a very attractive
appearance. Pkt 10c, oz 45c,
2 oz 80c, $\frac{1}{2}$ lb \$1.50.

**Simmers' Large Rib-
bed Dwarf White** — Per-
fectly distinct and of a beau-
tiful cream-white color; at-
tains a very large size, is of
quick growth, stiff, close hab-
it, the outer ribs standing
straight and perfect; a very
solid, crisp-eating and deli-
cious variety, keeping well
until spring. Pkt 5c, oz 30c,
2 oz 55c, $\frac{1}{2}$ lb \$1, lb \$3.

Evan's Triumph—One
of the best late sorts, of ex-
cellent quality and one of the
best keepers, remaining in
condition much longer than
most sorts. Its stalks are very
large, solid, of finest texture
and quality; crisp and tender
and real nut-like flavor. Pkt
5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c,
lb \$3.00.

Simmers' Imperial Celery

Giant Pascal Celery

Mammoth White Cory Corn

SWEET CORN FOR TABLE USE

NOTE—Add five cents per pound to the following prices of Corn when wanted by mail.

(One pound will plant about 100 hills; one peck, one acre in hills.)

EARLY VARIETIES

Simmers' First of All—Earliest of all, ready three days to a week earlier than Cory; in habit of growth it is more dwarf and of superior quality; very sweet and tender; a large number of the ears have 10 to 12 rows, while the Cory generally has 8 rows. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

"Premo"—Very early and the ears are much larger than those of other early varieties. The stalks are very vigorous, generally bearing two well developed ears to the stalk. It is quite hardy, so much so that it can be planted quite early. Pkt 5c, lb 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Peep O'Day—Ears about six inches long, of good form. Very early and of good flavor. Pkt 5c, lb 20c, postpaid 25c; 5 lbs 90c.

Mammoth White Cory—This strain is nearly as early as the original Cory, while the ears are of larger size. The cobs are white and the ears retain the pearly whiteness of the grains when cooked. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Sheffield—A new extra early hardy variety, the result of a cross between the Cory and the Extra Early Adams. Juicy, and of fine, sweet flavor if gathered at the proper stage. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Kendel's Early Giant—The ears grow to a very large size. Kernels pure white, sweet and tender. Pkt 5c, lb 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Early Red Cory—Very sweet and of rich flavor; desirable for private or market gardens. Extra early. Pkt 5c, lb 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Early White Cory—A selection of the Cory, of the same character in all respects, except that it has a white cob and kernels. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Early Minnesota—One of the best early varieties, and of good quality. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Early Crosby Sweet—One of the largest early, rich sugary flavor, very productive. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Black Mexican Sweet—A black-grained variety, sweet and tender. Must be cooked young to avoid blackening when cooked. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

MEDIUM EARLY VARIETIES

IMPROVED NE PLUS ULTRA (Country Gentleman)—Sweet and tender and most productive, the stalks averaging three ears, sometimes as many as five; kernels and cobs are pure white. Pkt 5c, pt or lb 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Perry's Hybrid Sugar—Second early, with large ears, white, deliciously sweet and tender. Our stock for 1907 is selected. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Nonsuch Sugar—Medium early, wonderfully productive, but above all, of the finest flavor. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Triumph—Said to be the earliest of the large varieties, flavor rich and sweet. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Honey Sweet—A most productive variety, bearing three to four good large ears on a stalk, growing vigorously, and coming in as early as Moore's Concord. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Moore's Early Concord Sweet—One of the largest early varieties. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

POP CORN

Pearl—Smooth grained ears. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 40c, 10 lbs 75c.

White Rice—A very early, fine white variety, with pointed kernel. Pkt 5c, lb 15c, qt 25c, 5 lbs 40c, 10 lbs 75c.

To secure a further succession, we consider the following the most suitable sorts: **MAMMOTH CORY, MOORE'S EARLY CONCORD, COUNTRY GENTLEMAN, EARLY EVERGREEN.**

Stowell's Evergreen Corn

LATE VARIETIES

Stowell's Evergreen—The best late sweet corn in every way. Being large eared, hardy and productive, sweet and tender, and remaining a long time in condition suitable for cooking; there is no other late Sweet Corn which can compare with it. Our seed being most carefully selected for depth of kernels, size of ears and freedom from flint and glaze, we know that it will give entire satisfaction. Pkt 5c, lb 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Monarch or Early Evergreen—This distinct new strain possesses the characteristics which have made Stowell's Evergreen so deservedly the favorite for main crop, but produces ears fit to use from one week to ten days earlier; while about one-third smaller, the ears are of typical Stowell's type and of the same fine quality. Pkt 5c, pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Zig-Zag Evergreen—It comes in about eight days ahead of Stowell's Evergreen; the kernels very much resemble this variety, but grow on the cob in zig-zag fashion. Pkt 5c, lb 15c, 2 lbs 25c, 5 lbs 60c, 10 lbs \$1.10.

Egyptian Sweet, or Washington Market—A fine large variety, somewhat resembling the Evergreen. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Mammoth Sweet—An excellent variety, producing unusually large and perfect ears. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

Tuscarora White—This is a late variety, with ears large and flour white kernels. Pkt 5c, lb or pt 15c, qt 25c, 5 lbs 60c, 10 lbs \$1.10.

COLLARDS

French—Chou.

German—Bloetter Kohl.

Georgie, Southern or Creole—Sow thick in drills, in rich ground, transplanting them when four inches high, or sow in drills where the plants are to remain, and thin to two or three feet apart in the row, when the proper size. Pkt 5c, oz 15c, 2 oz 25c, 4 lb 40c, lb \$1.50.

DANDELION

Loewenzahn.

Dent-de-Lion.

Dandelion is fast becoming the favorite spring green on the market. **Thick-Leaved**—An improvement on the common sort, the leaves being double the size. Pkt 10c, oz 40c.

EGG PLANT

(One ounce will produce 1,000 plants.)

CULTURE—Sow in a hot-bed for early crops, or very early in the spring in shallow drills in a warm, sheltered, dry situation, in the open ground and protect by hand glasses. Transplant when warm weather, into well-enriched ground 12 inches apart and 20 inches from row to row. The fruit, when ripe is sliced, well spiced and fried.

The New York Improved Large Purple Spineless—This is an entirely spineless strain of the large purple-fruited New York Improved, which is the well-known standard. The plants are equally as productive, fruits as large and well colored, but stems of the plants and calyx of the fruits are entirely free from spines. This adds greatly to their appearance, makes them more easily handled and less liable to mar the satiny skin. Pkt 10c, oz 50c.

The Pearl—Large and fine, with an attractive pure white skin. Pkt 10c, oz 50c.

Long Purple—Very hardy, early and productive. Pkt 5c, oz 40c.

Long White—Pkt 10c, oz 60c.

Early Purple Dwarf—About three to five weeks earlier than any other variety. Pkt 10c, oz 50c.

Egg Plant New York Improved Spineless

Cucumber

German—*Gurken*. French—*Concombre*.
(One ounce will plant fifty hills; two
pounds will plant one acre.)

CULTURE—See "Simmers' Vegetable Garden," a copy of which is free to buyers of our seeds—ask for it. Price to others, 25c.

SIMMERS' IMPROVED EXTRA EARLY WHITE SPINE

This private strain of Extra Early White Spine is, beyond a doubt, the most thoroughbred, uniform and shapely variety known. We recommend it not only for first early but for general crop. It excels in earliness, often being ready for slicing when other sorts are only pickles. In purity it is unequalled.

The vines are vigorous growers. It is an excellent variety for slicing and makes a choice pickle; straight and smooth; a great bearer, keeps green much longer than the yellow varieties and no sort excels it in crispness and fine flavor. Selected seed. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 35c, lb \$1.20.

"The Emerald"—This variety is strictly an evergreen, holding its color until fully ripe. The flesh is crisp and tender; highly recommended for slicing. Makes an excellent pickle when young, and a fine sweet pickle when matured. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.30.

Simmers' Improved Long Green—The best for general crop, fine long fruit, firm and crisp. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 35c, lb \$1.20.

Westerfield's Chicago Pickling—It is exceedingly prolific, bearing small well-formed fruit, covered with spines and of an unusual deep green. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.20.

Paris Pickling—The young cucumbers when of the proper age for pickling, are slim and slender, from three to five inches in length. When ready for pickling they show absolutely no sign of seeds, and are of an unusually dark green color. Pkt 5c, oz 20c, 2 oz 35c, ½ lb 60c, lb \$2.

White Wonder—About eight inches long; the skin is thin, while the pearly white flesh is exquisitely fine in quality; quite brittle, and remains solid for a long time. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.30.

"Cool and Crisp"—While primarily a pickling variety, it is also most useful for slicing, the cucumbers when fully matured being of good size and exceedingly tender and crisp. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.30.

The Cumberland Pickle—One of the best pickling cucumbers; enormously prolific; a shy seeder; fine for both slicing and pickling. This variety of the hardy White Spine type, is a rapid strong grower and is very prolific in fruit. The flesh is firm, very crisp and tender at all stages. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 35c, lb \$1.20.

Japanese Climbing—While all cucumbers are running vines, yet this variety is much more creeping or climbing in its habit. The quality is splendid and well adapted for pickling as well as for slicing. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.30.

Livingston's Evergreen—A very strong grower, but extra early and the best in flavor, bearing firm, crisp fruits, either for pickling or slicing. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.30.

Nichol's Medium Green—As a pickle for early forcing purposes or for slicing there is no better variety. It is exceedingly productive, of medium size, always straight and smooth. The color is dark green, the flesh tender and crisp. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.30.

Simmers' Improved Long Green Cucumber

Simmers' Improved Extra Early White Spine Cucumber

The Cumberland Cucumber

ENGLISH SORTS

For Hotbeds and Greenhouses.

The Model—A very choice variety, producing handsome cucumbers of wonderful size. Pkt 20c, ½ oz \$2.50.

Blue Gown—A very fine black spined variety, 18" to 24 inches long, smooth. Pkt 20c, ½ oz \$2.25.

Rollinson's Telegraph Cucumber

Marquis of Lorne—A highly esteemed variety of handsome form and fine flavor, 24 to 30 inches long. Pkt 20c, ½ oz \$2.25.

Rollinson's Telegraph—Very prolific, early, crisp, and of superior quality. Pkt 20c, ½ oz \$1.75.

Mixture—Of the foregoing English sorts. Highly recommended for forcing or outdoors. Pkt 10c, ½ \$1.50.

GARLIC

German—*Knoblauch*.

French—*Ail*.

Used for flavoring soups, stews and other dishes. Garlic thrives best in a light, well-enriched soil; the sets should be planted in early spring in rows one foot apart, and from one to five inches in the rows.

Garlic Sets—Per oz 5c, ½ lb 10c, lb 30c, postpaid; 35c, 5 lbs \$1.25, carriage extra.

GOURDS

Japanese Nest Egg—These exactly resemble in color, shape and size the eggs of hens, making a capital nest egg, which are superior to glass eggs, as they do not crack or break and are uninjured by cold or wet. As the plant is a very rapid growing climber it is very useful for covering screens, etc. Pkt 5c, oz 25c.

Dipper—Named for its resemblance to a dipper. The capacity varies from a pint to a quart, with handles 6 to 12 inches long. They are convenient for dipping hot liquids, etc. Pkt 5c, oz 25c.

Luffa or Dish Rag—A native of the East Indies, and in its nature has furnished us with the vegetable dish-cloth, the seeds being enveloped in spongelike cloth, which is tough, elastic and durable. Pkt 5c, oz 25c.

Sugar Trough—Very useful for baskets, dishes, buckets, etc. They have hard, thick shells, lasting for years, and capable of holding from 2 to 10 gallons each. Pkt 5c, oz 25c.

Mixture—A collection of the most ornamental, including all the above. Pkt 10c, 3 pkts 25c, 7 pkts 50c.

HORSE RADISH

Sets—Good strong ones, ready for sale at any time. 10c each, 4 for 20c, 50c per dozen post paid.

LETTUCE

German—Lattich Salat.

French—Laitue.

(One ounce will sow 150 feet of drill.)

CULTURE—Lettuce requires a good soil in order to obtain the crispness, juiciness and delicate flavor for which they are so much esteemed, several sowings are requisite during the season. The first may be obtained in a hotbed in February. A sowing may be made in the open ground as soon as it can be worked, after this every two weeks until July if a constant succession is required. Sow thinly, in drills or broadcast, quarter of an inch deep, and transplant a foot apart in the richest soil. Hoe frequently and in dry weather water plentifully.

SIMMERS' NONPAREIL

This remarkable variety, first introduced by us a few years since, has rapidly grown in popularity among gardeners, who all agree in pronouncing it one of the best lettuce they have ever grown for forcing under glass in hot-bed and green house, and equally valuable for growing in cold frames and in open ground during the hottest summer months. It is a beautifully light yellowish green color, and of superior even quality. It has the peculiarity of forming a solid head, even before half grown. Its uniform, handsome and even growth is unequalled by any other lettuce. It is the shyest seeder and slowest to shoot to seed of any lettuce we have ever grown. It is decidedly the best and easiest grown of all lettuce for both the family and market gardener. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

"Giant Glacier"—A most excellent variety to plant for a summer supply of fine head lettuce as it withstands heat and drought to an unusual degree. It produces fine solid heads when the soil is so dry and the weather so warm that the varieties usually depended upon for a midsummer supply fail. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

"Golden Queen"—A very desirable early variety of a most pleasing golden yellow color and second to none for forcing. It is very crisp, tender and juicy. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

"Wonderful" Lettuce—It is a very large head variety, excellent for furnishing fine, crisp, well-blanching lettuce during the hot summer months. The heads are large, tightly folded, and the inner leaves blanched, to a pure white. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Grand Rapids—Of handsome appearance, a strong grower, very crisp and tender and not apt to rot, and will keep from wilting a long time. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Hanson—Producing heads of a remarkable size, tender and crisp, beautiful green without and white within, heads sometimes weighing $2\frac{1}{2}$ to 3 lbs. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.25.

The Gardeners' Favorite—One of the best heading varieties, suitable either for forcing or outdoor cultivation. Heads large and solid. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Toronto Market—Heads large, very solid and of good flavor. Color yellowish green and suitable for forcing and open air cultivation. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Simmers' Nonpareil Cabbage Lettuce

Unrivalled or Improved Big Boston Cabbage Lettuce—This new variety possesses all the good qualities of the Big Boston, viz., earliness, good size, attractive light green color, etc., and it has besides a few more that make it specially valuable for the private garden. It may be sown almost the whole year around; it keeps its heads remarkably well during the summer heat, remaining crisp and solid when other varieties become tough and flabby. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

German—Kohl Rabi.

KOHL RABI

French—Chou Rabe.

A vegetable intermediate between the Cabbage and the Turnip. It is rather difficult to transplant, and it is generally preferable to sow the whole crop from seed and thin out where it stands to 8 inches in the row.

Early White Vienna—Flesh white and tender, best market sort, excellent for table use. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.

Early Purple Vienna—Similar to the preceding except in color. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c, lb \$2.

German—Lauch.

LEEK

French—Poireau.

One ounce will sow a drill about 100 feet. **CULTURE**—See Simmers' "Vegetable Garden," a copy of which is free to buyers of our seeds; ask for it. Price to others 10c.

Kohl Rabi

MUSKMELONS

(One Ounce Will Plant about Fifty Hills)

German—Melonen.
French—Melon.

Paul Rose Muskmelon

CULTURE—Melons thrive best in a light, rich soil. Plant early in May, when the ground has become warm and dry, in hills 6 feet apart each way for Muskmelons, 8 feet for Watermelons. Previous to sowing the seed mix a few shovelfuls of well-rotted manure on each hill, and plant in each 12 to 15 seeds; after all danger of bugs is over thin out to three plants per hill. When about one foot long pinch off the tips to make them branch, as it strengthens the growth of the vines and makes the fruit mature earlier. Be careful not to plant pumpkins or squashes near them as they will hybridize. A few hills for early use may be had by sowing on pieces of sod in a hotbed, and when warm enough transplant to open ground.

Simmers' Dominion Green Flesh—The fruit is nearly round, flattened at the ends, deeply and very regularly ribbed; skin green, densely netted; flesh remarkably thick, light green; melting and of a delicious flavor. They are very regular in shape, and uniformly grow to a large size. To all who raise, to grow the handsomest possible melons for exhibition, or extra large fine melons for market, we highly recommend the Dominion Green Flesh. Pkt 10c, oz 40c, 2 oz 60c, ½ lb 90c, lb \$3.

Paul Rose, or Petosky—In this sort we have a melon that will give perfect satisfaction to all growers, both for market and home garden. It is a cross between the Osage and the Netted Gem, combining the sweetness of the former with the fine gray netting of the latter, making it a handsome Melon. The fruit averages about five inches in diameter, and is oval in form. The flesh is thick and firm, a deep salmon or orange color, most delicious and appetizing. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Emerald Gem Muskmelon

the Banquet does to the red-fleshed, in every respect the best. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Princess—Nearly round in shape, heavily netted, dark green skin. The flesh is of a rich salmon color, thicker than in any other melon and in flavor is sweet and luscious beyond description. They ripen early, grow to a good size, frequently weighing from 8 to 10 pounds each; vines often produce 6 to 8 perfect melons. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Skillman's Fine Netted—The best early kind, green flesh and luscious flavor. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Simmers' Dominion Green Flesh

The Banquet—A good medium-sized melon, very flat at both ends and more beautifully netted than any other variety. In quality it is unequalled, the flesh is uniformly deep, color dark rich salmon. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Tip-Top—Quite distinct in appearance, this new Melon is of the finest quality. Flesh yellow, sweet, juicy and firm, but not hard fleshed. Fruit ribbed and beautifully netted. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

"Perfected Delmonico"—The melons average about 6 inches in diameter, have a very small seed cavity, and are exceedingly thick and heavy for their size. The flesh is a deep rich orange-yellow color, and of very fine grain without the slightest stringiness. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

"The Newport"—The Newport Melon, while small, is very deep fleshed, and of a dark green color. The Newport stands in the same relation to the green fleshed melons that

Emerald Gem—This variety is of rich, delicious flavor and fine quality. Distinct, very early and prolific; skin ribbed, yet smooth, and of a deep emerald green, with a few lighter-colored stripes. The flesh is thick, of a suffused salmon color. Specially recommended to those who wish a highly flavored fruit. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Montreal Green Nutmeg—A beautiful round netted, deep-ribbed variety, luscious and sweet, ripening freely under ordinary care, and fruit of enormous size, sometimes weighing from 30 to 40 pounds. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.50.

Montreal Green Nutmeg Muskmelon

Extra Early Netted Gem, or Rocky Ford—Oval strain, one of the earliest, best and most prolific small melons. Oval shape, uniform in size, flesh light green, of very fine flavor, a popular variety with market gardeners, as it is very uniform and an excellent shipper. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Jersey Belle—Although not quite as early as the Hackensack, does best on light soils, and will develop perfectly even on white sand. It is of beautiful shape, a little flattened on the ends, deeply ribbed and heavily netted, indicating by its outward appearance the exquisite quality of the beautiful green flesh within. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Early Hackensack—A green variety, growing to a large size, very productive and of exquisite flavor. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Early Hackensack Muskmelon

Miller Cream or Osage—A remarkably good variety of large size and delicious flavor, flesh rich salmon, very thick and solid. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Early Yellow Cantaloupe—Very fine flavor, round, flesh, reddish orange, an early and productive variety. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Surprise—Red flesh. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Mango Melon—(Vegetable Peach, Vine Peach)—The fruit is about the size of a large peach or orange, oval shaped, and of a bright orange-yellow color, somewhat russeted outside, flesh is snow-white. For sweet pickles, pies or preserving they are superb. Pkt 5c, oz 15c, 2 oz 20c, ½ lb 40c, lb \$1.25.

Bay View—A large prolific and fine flavored green-fleshed melon; with ordinary cultivation this variety has produced melons weighing from 10 to 15 pounds. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Improved Christiana—The earliest Muskmelon known green flesh, netted and exquisite flavor. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

Persian or Casawba—Oblong, netted, green flesh, early, delicious flavor, recommended for garden. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 50c, lb \$1.25.

CITRON

Citron—(red seeded)—For preserves; striped and marbled light green, flesh white and solid. Pkt 5c, oz 15c, 2 oz 20c, ½ lb 30c, lb \$1.

"Colorado Preserving"—green seeded—Most prolific, flesh firm and large, solid size, preserving qualities the best. Pkt 5c, oz 15c, 2 oz 20c, ½ lb 30c, lb \$1.00.

Garden Lemon

Resembles the Vegetable Peach in growth and shape of fruit, but is distinct in that the unripe fruit is striped with very dark green, almost black, while the Vegetable Peach is plain, and when ripe is not russeted like the Mango Melon. Pkt 5c, oz 15c, 2 oz 20c, ½ lb 30c, lb \$1.

Citron for Preserving

WATERMELONS

German—Wasser Melone.

French—Melon d'eau.

CULTURE—Same as Muskmelon. (One ounce will plant about 30 hills.)

Vick's Early—Oblong, smooth, rather small, flesh bright pink, solid, sweet and early. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

COLE'S EARLY—Very hardy, a sure cropper, and extremely delicate in texture of flesh, which is of dark red color. Medium size, nearly round in shape, rind green, striped with lighter shades. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Ice Cream or Peerless—The great home-market Melon. It has too thin a rind for shipping. Few, if any, surpass a pure Ice Cream for quality and productiveness. Flesh bright scarlet, solid to centre; melting and delicious. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Kleckley's Sweet—Large oblong Melon, 20 inches in length by 10 to 12 inches in diameter, somewhat tapering at the ends. The skin is dark green, flesh bright scarlet, ripening close to the skin, the rind being only about one-half inch in thickness. The scarlet flesh is sweet and sugary, and is of such texture that it leaves no strings of pulp whatever in eating. Pkt 5c, oz 10c, 2 oz 20c, $\frac{1}{2}$ lb 30c, lb \$1.

McIver's Wonderful Sugar—A large oblong melon of handsome appearance. Skin shows broad bands of white, with narrower ones of green. Its soft pink flesh is crisp and juicy, and solid to the centre. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Phinney's—Oblong, bright red flesh, sweet, tender, well flavored, very productive and early. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Nabob—A very large, solid, heavy melon of splendid keeping qualities. Slightly oblong in shape. Color dark green. Medium early and of magnificent keeping qualities. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Seminole—Large size and delicious flavor. Flesh a vivid crimson color, crisp and sugary. The melons are of two colors, gray and light green, the latter a darker coloring of the former. Melons of both colors are found on the same vine, and are exactly the same in shape, size, color of seed, flavor and quality. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Improved Long Dixie—A cross between Kolb's Gem and Mountain Sweet, surpassing the former in shipping qualities and fully equaling the latter in fine eating quality and flavor, being a week to ten days earlier than either, with a remarkably thin rind almost impenetrable, which preserves it for a great length of time. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Cuban Queen—Beautifully striped, bright red flesh, solid, luscious, crisp and sugary. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Black Spanish Early—Red core, very delicious, skin dark green. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

Mountain Sweet—Fruit oblong, dark green, rind thin, solid, very sweet and delicious. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

German—Senf. **MUSTARD** French—Moutarde.

(One ounce will sow about 50 feet of drill.)

CULTURE—Sow rather thickly in rows in a hotbed as early as possible in the spring, or in the open ground in May. Repeat the sowing about every fortnight for a succession. It is cut and mixed with cress for salad when about two inches high.

White—For salad or medicinal purposes. Oz 5c, $\frac{1}{2}$ lb 10c, lb 30c.

Brown—For seasoning, more pungent in flavor than the White. Oz 5c, $\frac{1}{2}$ lb 10c, lb 30c.

Chinese Curled, or Southern Giant—Leaves twice the size of the ordinary White Mustard, stems more succulent, of deeper green, flavor pleasantly sweet and pungent. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 30c, lb \$1.

MARTYNIA

Martynia Proboidea—The best variety for pickles. Sow in May or June, at least three feet apart. Pkt 5c, oz 30c, 2 oz 55c, $\frac{1}{2}$ lb \$1.

MUSHROOM SPAWN

German—Champignonbrot.

French—Champignon.

The general use of Mushrooms as a delicious and wholesome dish has been somewhat limited, owing to the extremely high price this article generally commands on the market. But there is no excuse why everyone that has a few feet available, may it be in a dark cellar, barn or shed, where the temperature can be maintained at from 50 to 60 degrees, should not have his table abundantly supplied with Mushrooms throughout the greater part of the year. It is only a question of time when, instead of being a luxury, Mushrooms will be as commonly served with our meats as onions are to-day. Considering the abundance of the necessary materials in all parts of our country, both in city and farm, and the high estimation in which the Mushroom is held, it is plainly demonstrated that the cultivation of Mushrooms is in its infancy in our country. The best results have been obtained by the use of our superior English Mushroom Spawn, known as J.A.S.P. or J. A. Simmers' Prolific, which is largely used by the most successful growers around Toronto. Full and explicit instructions are obtained in our pamphlet "How to Grow Mushrooms Successfully," which we will mail for 10c, or free with orders for two bricks.

Imported English Spawn—Made up in large bricks, each 20c, 5 for 70c, per doz \$1.50, per 25 \$2.50. If to be sent by mail add 8c a brick for postage.

Imported French Spawn—Loose, in boxes, \$1.00 each, postpaid, \$1.25. By express, \$10.00 per dozen boxes. Carriage extra.

Kleckley's Sweet Watermelon

Cole's Early Watermelon

SPECIAL OFFER NO. 7

Tip-Top Muskmelon
Paul Rose Muskmelon
Citron for Preserves
Black Spanish Early Watermelon

One Packet Each
For 15 Cents

NASTURTIUM (Or Indian Cress).

(One ounce will sow about 30 feet of drill.)

CULTURE—Sow about the middle of May in the open ground, one inch deep, in patches, and train them to sticks. The seeds, when young and tender, are picked as a substitute for capers, to which some prefer them. The leaves are eaten in salad, and are very tasty; are also used as a garnish.

Tall Mixed Nasturtium—Pkt 5c, oz 10c, 2 oz 20c, $\frac{1}{2}$ lb 30c, lb \$1.00.
Dwarf Mixed Nasturtium—Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 35c, lb \$1.25.

Mushrooms

New Virgin Mushroom Spawn (French)—This virgin spawn is characterized by its great vigor of growth, and being raised from spores of the best and healthiest Mushrooms, it does not contain any of the bacteria or other organisms which may be prevalent in spawn that has not been manufactured and sterilized by this new process. It therefore is not so liable to be attacked by diseases, a consideration which alone possesses a high degree of interest and does away with one of the great drawbacks in Mushroom growing. It is sold in the form of compressed and sterilized manure slabs or tablets, thoroughly pervaded by the spawn and which are $1\frac{1}{2}$ inches thick and $2\frac{1}{4}$ x 3 inches in surface. 15c tablet, postpaid \$1.20 a dozen. If by mail add 10c dozen.

SIMMERS' ONION SEED

German—Zweibel.

French—Ognon.

(One ounce will sow 100 feet of drill; 4 to 5 pounds per acre.)

CULTURE—The onion thrives best in a rather deep, rich, loamy soil, and unlike most vegetables, succeeds well when cultivated on the same ground for successive years. The best culture requires that the ground should be deeply trenched and manured the previous autumn, and laid up in ridges during the winter to pulverize. As early in the spring as the ground is in working order, commence operations by leveling the ground with a rake, and tread it firmly; sow thinly, in drills about a quarter of an inch deep and one foot apart; cover with fine soil and press down with the back of a spade or a light roller. When the young plants are strong enough, thin gradually so that they stand three or four inches apart. Keep the surface of the ground open and free from weeds by frequent hoeing, taking care not to stir the soil too deeply, or to collect it about the growing bulbs.

YELLOW VARIETIES

LARGE YELLOW GLOBE DANVERS—The most popular yellow onion all over the country. Our strain of seed has been selected most carefully, the flatter onions being thrown out. The name "Globe" in this connection must be taken comparatively, as the **True Danvers Onion** is never so perfectly globe-shaped as the **Southport Yellow Globe**. All the perfectly globe-shaped varieties are later maturing than the **Yellow Globe Danvers**. We cannot too strongly recommend our seed of this variety; from careful trials we know it is unsurpassed by any strain. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 60c, lb \$2.00.

Large Yellow Flat Danvers—In quality and size equal to the preceding, but flat in shape. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.70.

Large Yellow Strasburg or Dutch—One of the oldest varieties, good keeper, and fine flavored. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Extra Early Yellow Cracker—It is the earliest of the yellow onion sorts of superior quality, and like the **Extra Early Red** is an excellent kind to raise where the seasons are short, and often profitable to the market gardener who brings the first ripe onions to the market. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

PRIZE TAKER—This is a large beautiful onion that is offered for sale in the fruit stores and in the markets of all large cities. They are of enormous size, averaging 14 to 16 inches in circumference. Although of such great size they are very hardy, and a very fair winter keeper. The outside skin is of rich yellow color, while the flesh is white, sweet and tender. (See cut). Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Southport Yellow Globe—Same shape as **White Globe**, color yellow, an excellent keeper. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Giant Yellow or Lemon Rocca—Very handsome shape with flattened top. They grow to measure 5 inches in diameter. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Australian Brown—Is of medium size, wonderfully hard and solid. They are extremely early in ripening, splendidly suited to sow in our northern cold sections. The color of the skin is a clear amber brown. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Extra Early Australian Yellow Globe—Specially adapted for cold parts of the country and short seasons. The skin is a light brownish yellow. The onions are thin-necked, and ripen evenly in all soils; the plants do not make any second growth. The flesh is pure white, very solid, and exceptionally mild in flavor. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

RED VARIETIES

Large Red Wethersfield—The most profitable red onion for the market gardener, as it has been harvested on a single acre from seed sown in spring. It is of good strong flavor, the best keeper and an excellent shipper. It grows to good size, single onions often weighing from 1 to 2 pounds. In short it is the best red onion for everybody. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Extra Early Red—Quite distinct and true (American growth) about ten days earlier than the preceding. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.60.

Southport Red Globe—Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Red Victoria—The skin is deep blood red, flesh white and of sweet mild flavor. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Giant Brown Rocca—Very large and globular, light brown skin and delicate flavor. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.40.

Mammoth Pompeii—This excellent Italian variety grows to an enormous size. Onions weighing from 4 to 5 pounds each have been grown of this variety. The skin is a delicate red, and the flesh is close grained and nearly white. It is a very mild flavor. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Red Globe Tripoli—Excellent quality. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

Large Flat Red Maderia—Large, tender and a good keeper. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

"Prize Taker" Onion

ONIONS

LARGE WHITE VARIETIES

Southport White Globe—Handsome globular onion, of mild flavor, good keeper, one of the best. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 55c, lb \$2.

Largest White Portugal—Mild flavor, good keeper, extensively grown for market. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 55c, lb \$2.

White Victoria—Skin and flesh pure white, a sweet mild flavor. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Mammoth Silver King—The bulbs are of attractive form, flattened but thick through, bulbs often weigh from 2 $\frac{1}{2}$ to 4 pounds each; the skin is a beautiful silvery white. Flesh is snowy white and of a particularly mild and pleasant flavor, so sweet and tender is the flesh that it can be eaten raw like an apple. (See cut). Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

White Pearl—One of the earliest varieties, of a pure white color, mild flavor and attractive appearance. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.75.

Flat White Tripoli or Mexican—Excellent quality. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Large French or Welsh—This variety should be sown in August; it is excellent for salads. White. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.40.

Welsh Red—Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.40.

WHITE PICKLING VARIETIES

White Barletta—This variety is most distinct on account of its great earliness. It is of a beautiful waxy white color, with finely formed bulbs, flattened at top. Its earliness highly recommends its use as a substitute for Onion Sets, and it is without a rival for pickles. Pkt 5c, oz 15c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Small White Nocera—Very small and round, pure white. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Paris Silverskin—A handsome Onion of mild flavor, extensively grown for pickling. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 45c, lb \$1.60.

White Queen—Remarkable for its extreme earliness and very mild flavor, it is small and white skinned, much liked for pickling. Pkt 5c, oz 20c, 2 oz 30c, $\frac{1}{2}$ lb 50c, lb \$1.80.

Mammoth Silver King Onion

ONION SETS

Please write us for prices on bushel lots of Onion Sets (prices fluctuate) and we will quote lowest market rates.

(One quart of Dutch sets is needed for 40 feet of drills.)

Please remember that Onion Sets are subject to fluctuations of the market, and the prices quoted below are those of the time when this Catalogue was published, and are not binding throughout the season.

White Potato or Multiplier Onion Sets—Are of a pure silvery white color and very productive, of excellent size, and quality for bunching green, or can be ripened for use as pickling Onions. Their keeping qualities are remarkable, but their most important qualities are their extreme earliness, being ready for market from three to four weeks ahead of other onion sets. Pt 20c, qt 30c, 2 qts 55c, 4 qts \$1, postpaid. Peck \$1.25, bush \$5.00, carriage extra.

Yellow Onion Sets (Dutch Sets)—Pt 15c, qt 25c, 2 qts 45c, 4 qts 90c, postpaid; peck \$1.50, carriage extra.

White Onion Sets (Dutch Sets)—Pt 30c, qt 30c, 2 qts 55c, 4 qts \$1, postpaid; peck \$1.70, carriage extra.

English Potato Onion Sets—The real English multiplier. Lb 15c, postpaid 20c; 2 lbs 35c, postpaid; 10 lbs \$1.10, carriage extra.

Top or Button Onion Sets—Pt 20c, qt 35c, 2 qts 65c, postpaid.

Shallots, or Multiplier Onion Sets—For early spring use. Lb 15c, postpaid 20c; 5 lbs \$1.00, postpaid; 10 lbs \$1.40 at purchaser's expense.

Egyptian or Perennial Tree Onion—For fall delivery only. Grows for years without any protection or care, except to keep down weeds. It starts so early in the spring that it is ready for use long before any other onion can be had. It is mild flavored, sweet and tender. Pt 15c, qt 25c, 2 qts 45c, postpaid; peck 60c, carriage extra.

Early Small White Paris Silverskin Onion for Pickling

White Barletta Onion

White Potato or Multiplier Onion Sets

SPECIAL OFFER, No 9—One pint each White and Yellow Dutch Sets 35c, one quart of each 50c, four quarts of each \$1.80 by mail, postpaid.

Hollow Crowned Parsnip

German—Pastinake.

PARSNIPS

French—Panais.

(One ounce will sow about 150 feet of drill.)

CULTURE—Parsnips succeed best in a deep, free, rich soil; that having been heavily manured for previous crops should be selected, and if manure must be used, let it be well decomposed. Sow in drills 15 and 18 inches apart, as early in the spring as possible, thin out, leaving 6 inches between them. The roots are hardy and are improved by frost, and it is usual to take up sufficient in the fall for winter use, leaving the rest in the ground until spring to be dug up as required.

Large Long Smooth Dutch, Hollow Crowned—We believe this is the finest stock of parsnip that can be produced. The roots run of uniform size, and are smooth. The growing taste for this delicious vegetable will make this strain particularly desirable. (See cut). Pkt 5c, oz 10c, 2 oz 15c, ½ lb 20c, lb 30c.

Improved Guernsey or Half Long—The roots do not grow so long as the Hollow Crown, but are of greater diameter and more easily gathered. The roots are very smooth, the flesh fine-grained, and of excellent quality. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 20c, lb 30c.

Early Round—A short variety, crown broad and rounded, somewhat hollow at the insertion of the leaves, very fine flavored. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 20c, lb 30c.

German—Pinnet.

PEPPERS

French—Pfeffer.

(One ounce will produce 1,000 pl. ants.)

CULTURE—Peppers are sown as early as possible in spring, in a hotbed or warm room, one-quarter of an inch deep, and transplanted about the middle of May, in drills 18 inches apart each way, or in drills with plenty of rotten manure at the bottom. The soil must be rich and strong, and in the course of the summer an occasional watering with liquid manure or a moderate solution of guano will be beneficial.

Improved Bull Nose or Large Squash or Bell—Of mild flavor, favorite sort for pickling, and for use in the natural state. Pkt 5c, oz 30c.

Long Cayenne—Best for pickles, pods long, cone-shaped. Pkt 5c, oz 30c.

Long Red—Pods brilliant red, 2 to 4 inches in length. Pkt 5c, oz 30c.

Monsieurs**or Grossum**

—Remarkably large

and irregular in

shape, sweet and

thick flesh. Pkt

5c, oz 40c.

Neapolitan

—the earliest of all

large peppers,

and most produc-

tive. Bright

red and very mild

flavor. Pkt 5c,

oz 40c.

Improved Bull Nose or Large Squash or Bell Pepper

Procopp's Giant—They are of brilliant scarlet color, flesh fully one-half inch thick. They are just hot enough to be pleasant. Each plant ripens from 8 to 12 perfect fruits, from 8 to 10 in. long by 3 in. thick. Pkt 5c, oz 40c.

Celestial—The plant begins to set its fruit early in the season, and continues until frost. They are from 2 to 3 inches long, of clear, sharp flavor. Pkt 5c, oz 40c.

Sweet Spanish—Fruit obtusely conical, often 4 inches in length, nearly 3 inches in diameter, glossy scarlet at maturity, the earliest of all sweet, mild and pleasant. Pkt 5c, oz 30c.

Small Red Chili—Fruit very piquant and small, about 2 inches in length. Pkt 5c, oz 30c.

Mammoth Golden Queen or Mango—Beautiful golden-yellow color, very sweet, of dwarf growth, with very large fruit. Pkt 5c, oz 30c.

Black Nubian Pepper—Fruit a deep blue-black, while the stalks are also black, and the fruit as it ripens turns to a rich maroon. Superior for pickling at any stage, and when ripe are of a very sharp, pungent flavor. Pkt 5c, oz 40c.

Long Red Pepper

SPECIAL OFFER NO. 10

MOSS CURLED PARSLEY, LONG RED PEPPER, HOLLOW CROWNED PARSNIP

One Packet Each for 10 Cents.

German—Essbarer.

OKRA OR GUMBO

French—Gombo.

(One ounce will plant 100 hills.)

CULTURE—Its long pods, when young, are used in soups, stews, etc. It is sown at the usual time of all tender vegetables, in drills 2 inches deep, setting the plant from 2 to 3 feet apart.

Long Pale Green—Long-ripped pods, this variety generally succeeds the best of any. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c.

Dwarf Green—Earliest, with small, green, smooth pods. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c.

German—Petersilie.

PARSLEY

French—Persil.

(One ounce will sow 125 feet of drill.)

Soak the seeds a few hours in warm water and sow very early in the spring, in drills 12 inches apart; thin out the plants to 6 inches apart. To have green during the winter remove plants into a box and place in a light cellar or cold frame.

Best Extra Triple Curled, with leaves finely cut and curled and of a deep emerald green hue. Extra fine for garnishing and culinary purposes. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 25c, lb 30c.

Covent Garden Garnishing or Champion Moss Curled—A perfectly curled variety. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 25c, lb 30c.

Covent Garden, or Champion Moss Curled Parsley

German—Kurbis.

PUMPKINS

French—Courge.

(One ounce will sow about 20 hills.)

CULTURE—Seeds are saved from enormous specimens, should be sown on hills with plenty of manure at bottom, in rather damp ground. Only 2 or 3 plants to each hill. Excellent for culinary and feeding purposes.

Simmers' Mammoth Prize Pumpkin—Flesh and skin bright golden yellow. Flesh fine grained, excellent quality. Notwithstanding its enormous size, it is one of the very best pie pumpkins ever grown, fine keeper. Pkt 10c, oz 25c, 2 oz 40c.

Winter Luxury—This we recommend as one of the best pie pumpkins, an excellent keeper and enormously productive. It is finely netted and in color it is a golden russet. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 25c, lb 30c.

Large Yellow Mammoth Cheese—Hardy, productive and superior in all respects to most of the field grown sorts, fine grained and excellent flavor, growing to an enormous size. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 25c, lb 30c.

Japanese Pie—Flesh very thick, nearly solid, unusually fine grained dry and sweet, resembling sweet potatoes in taste. It ripens early and keeps well. The seeds are very curiously marked. Pkt 5c, oz 10c, 2 oz 20c, ½ lb 30c, lb \$1.00.

Jumbo Pumpkin

Large Field—Both for culinary purposes and for feeding cattle, a large yellow variety known as the Pie Pumpkin. Pkt 5c, ½ lb 10c, lb 30c, postpaid 35c.

Jumbo—One of the largest varieties grown, very attractive. Pkt 5c, or 15c, 2 oz 30c, ½ lb 50c, lb \$1.50.

Jonathan—A good keeper of large size, very prolific, smooth, and even fleshed; very sweet and fine for pies. Pkt 5c, oz 10c, 2 oz 15c, ½ lb 25c, lb 90c.

SPECIAL OFFER No. 11**PUMPKINS**

One Packet each

[Simmers' Mammoth Prize Jumbo Japanese Pie

For 15 Cents

POTATOES

German—Kartoffel.

French—Pomme de Terre.

(In drills 3 feet apart; 12 to 14 bushels to the acre; 1 peck will plant about 125 hills.)

"A.B.C. of Potato Culture," by Terry. Price 50c.

We shall ship as early as is safe from frost, but we will ship when requested any time customers wish to take their own risk. On late orders it will save time to state, in case supply of some kinds is exhausted, whether you wish us to return money or substitute other sorts of same value.

Prices on Potatoes are subject to Market Changes

Delaware Potato

THE "DELEWARE"

Delaware—Its cropping qualities are phenomenal, and we believe it to be one of the heaviest-yielding Potatoes grown. Its productiveness is largely attributable to the uniform size of the Potatoes, nearly all sizing up alike, none too large and few too small, but its crowning merit is its superb cooking qualities, which will ultimately place **Delaware** on every table where quality in Potatoes is appreciated. Its handsome, pure white, floury appearance attracts the attention of all. It is a medium late variety. The tubers are oval, with pure white russet skin, with very shallow eyes near the surface, and handsome in appearance and perfect in form (See cut). Lb 25c, 3 lbs 65c, postpaid peck 70c, bush \$2.00, bag \$3.00, carriage extra.

EARLY ENVOY

It is oblong in shape, the eyes being shallow. The skin is a delicate pink color, and the flesh white, and in cooking qualities it is unsurpassed. It grows a very even size, there being few very large or very small tubers. On account of its extreme earliness, it is not affected by the usual late summer and fall droughts, while its keeping qualities are not surpassed by any late variety in cultivation to-day.

Lb 20c, 3 lbs 50c, postpaid; peck 40c, bush \$1.40, bag \$2, carriage extra.

EARLY MARKET

Grows a rather spare upright top, matures its crop very quickly, and produces heavy yields of large, smooth potatoes, with few small ones. It is just as early and just as good in quality. The tubers have the peculiar specks characteristic of all the Ohio class.

Lb 20c, 3 lbs 50c, postpaid; peck 40c, bush \$1.40, bag \$2, carriage extra.

NEW "WHITE" OHIO

A western grower who has been using Early Ohio seed, found four years ago a plant producing pure white potatoes, identical in every way with the best of the old Ohio except in color, which is a fine white. For every locality where a white Potato is the popular market color, this new Ohio is bound to be a favorite.

Lb 20c, 3 lbs 50c, postpaid; peck 40c, bush \$1.40, bag \$2, carriage extra.

EXTRA EARLY "OHIO JUNIOR"

The Earliest of all and a Great Cropper

This variety is 2 weeks ahead of the old Early Rose, and is a special favorite with farmers and marketmen. The tubers grow compact in the hill, and very few small ones; few eyes. With heavy manuring close planting (they can be planted almost a half closer than most other kinds on account of their upright growing tops), and good culture, a very large and profitable yield can be expected. This is our specialty in standard early varieties. We are confident that many do not know a true Early Ohio, having been deceived in the purchase of the seed.

Lb 20c, 3 lbs 50c, postpaid; peck 40c, bush \$1.40, bag \$2, carriage extra.

Linen Bags supplied with potatoes 10c each extra.

ROSE OF THE NORTH

Early, Excellent Quality, Grand Keeper and a Wonderful Cropper

Strong and starchy, of medium height. The tubers are even in size, averaging from 8 to 12 ounces apiece, and of a beautiful rose color. Under good cultivation as many as 14 potatoes, all fit for market have been produced from one single eye planted. In earliness the Early Market has proved a few days in advance, but on July 1st, when Rose of the North were dug, the tubers of the latter were by far the largest. Lb 20c, 3 lbs 50c, postpaid; peck 40c, bush \$1.40, bag \$2, carriage extra.

GEM OF AROOSTOOK Main Crop

Gem of Aroostook has a light, flesh coloured skin, is oval in shape, and is of very pleasing appearance. The table quality is perfect. The vine is strong, of half upright growth, with medium green foliage. It is a heavy cropper, and the tubers are extremely sound and firm, with good keeping qualities. A main crop variety.

Lb 20c, 3 lbs 50c, postpaid; peck 40c, bush \$1.40, bag \$2, carriage extra.

SPECIAL OFFER No. 12 1 lb each of any three Varieties (Delaware excepted) delivered free for 50c. 3 lbs each \$1.40. Also 1 peck each \$1.10. 1 bush each \$4, by freight or express at purchaser's expense.

New White Ohio Potato

POTATO EYES (Free by Mail)

The eyes as put up by us are in as good condition for growing as if freshly cut from the potato, and will produce just as good crop, hence everyone who has a garden can order at any time during the winter or early spring and save express or freight charges. We offer 4 varieties this season as follows:

25 Eyes Extra Early Ohio Jr. 30c 25 Eyes Early Envoy 30c
25 Eyes Gem of Aroostook 30c 25 Eyes Rose of the North. 30c

SPECIAL OFFER—25 eyes each of the above 4 varieties for \$1 postpaid.

Potato Seed per pkt 25c.

SWEET POTATO PLANTS

Early Nansemond, doz 30c,
50 for 75c, 100 for \$1.25.

Sweet Potato

Peas

German—Erbsen.

French—Pois.

One pound will plant about 50 feet of drill, from 2 to 3 bushels per acre.

Please add five cents per pound for postage.

CULTURE—The pea comes earliest to maturity in light, rich soil. For general crops a deep loam or a soil strongly inclined to clay is the best. For early crops mild manure, such as leaf mould, should be employed. Plant as early as the weather will permit, in well prepared soil, and cover about two or three inches deep. Sow three feet apart for early kinds and four feet for late. For a continuous supply sow from early in April until the last of June, then discontinue until the middle of August, when an extra early sort will sometimes produce a good crop. Soak in warm water for a few hours previous to sowing.

We supply all varieties of Peas, except where specified, at 5c per small pkt. and 10c for good size pkt.

EARLY VARIETIES.

Simmers' First of All—This variety is unequalled for excellence, yield, size of pod and regularity of ripening. Height two feet, produces pods of good size, which are well filled with round, smooth peas of splendid flavor. It is a prodigious bearer, and in this last feature and in its extreme earliness consists its great value to market gardeners and truckers. At the same time we know of no other variety that is more popular than Simmers' First of All in private gardens. Lb or pt 15c, qt (2 lbs) 25c, peck \$1, bush \$3.90.

Surprise Pea—One of the earliest of the wrinkled sorts, fully as early as the smooth varieties, but far superior in quality. The vines grow about two feet high, and are enormously productive, bearing many pods which are well filled with deliciously sweet peas; not quite as large as the American Wonder, but fully its equal in quality. Lb 20c, qt 35c, pk \$1.90, bush \$7.20.

Alaska—The earliest blue pea, very uniform in growth, the dark green color of the pods, combined with its earliness, make it a most desirable extra early pea for market and private gardens. Height two feet. Lb or pt 15c, qt 25c, pk \$1, bush \$3.90.

McLean's Little Gem or Premium Gem—One foot dwarf green wrinkled marrow, has all the sugary flavor of the late wrinkled peas, besides being very early. Needs no sticks. Lb or pt 20c, qt (2 lbs) 35c, pk \$2, bush \$7.50.

Gradus or "Prosperity"—This is a large-podded marrow of the finest quality, maturing pods only two or three days later than the small-podded, round-seeded, extra earlies. The vine has heavy stems with large dark green leaves, and in rich soil grows three feet in height. It produces uniformly large pods measuring from four to four and a half inches in length, nearly round and well-filled with very large, handsome peas, which remain tender and sweet for some time. Pkt 10c, lb or pt 25c, qt 50c, pk \$3.00.

Thos. Laxton—The growth of this variety is identical with that of Gradus, but the pods are a deeper, richer green, square at the end and even sweeter and finer in flavor than the Gradus. It is generally three to four days later than Gradus. Pkt 10c, pt 25c, qt 50c, pk \$2.50.

Nott's Excelsior—Robust and vigorous in growth, producing in profusion long handsome pods, closely packed with large peas of fine flavor. Seed green, wrinkled, square at the end like American Wonder. Height twelve inches. Lb or pt 20c, qt 40c, pk \$2.25, bush \$8.00.

American Wonder—Ten inches. One of the earliest wrinkled peas in cultivation, exceedingly productive and of very dwarf and compact growth; quality good. Lb or pt 20c, qt (2 lbs) 40c, pk \$2.00, bush \$7.50.

William Hurst—A dwarf, compact growing variety, 8 to 10 inches high, similar to the American Wonder. The vines are more productive, the pods mature more nearly at one time, enabling the whole crop to be taken off at one or two pickings, while the quality is superior. Pods two and a half inches in length, slightly pointed at each end. Lb 20c, qt (2 lbs) 40c, pk \$2.25.

Daisy or Dwarf Telephone Pea—The vines grow fifteen to eighteen inches high, are dwarf, stalky and vigorous, very productive. The pods are about five inches long, and well filled with large, thick, pale green peas of good lasting qualities. The pods often contain as many as ten peas. Pkt 10c, lb 25c, qt 45c, pk \$2.50.

MEDIUM EARLY VARIETIES

HEROINE—Pods remarkably long and handsome, slightly curved, well filled with large luscious peas of fine flavor. Height two feet. Seed green and very much wrinkled. Lb 20c, qt 35c, pk \$1.50, bush \$6.00.

Bliss' Everbearing—Two feet high. A splendid general crop pea, averaging four inches in length and containing six to eight wrinkled peas of large size, while in sweetness of flavor they are unsurpassed. Pt 15c, qt (2 lbs) 30c, pk \$1.50, bush \$6.

Blue Imperial—Three feet high, large pods and prolific, a good summer pea of fine flavor. Lb or pt 15c, qt (2 lbs) 25c, pk \$1.30, bush \$4.80.

Horsford's Garden—Grows from two to two and a half feet high. It is extremely prolific, and bears its pods always in pairs, and on some of the best plants over 150 pods have been counted. One of the sweetest peas. Lb 15c, qt 25c, pk \$1.25, bush \$4.80.

EDIBLE PODDED OR SUGAR PEAS

Tall Scimitar Sugar—Pods are edible, very sweet, 7 to 10 inches long, grows 6 feet high, can be used in green state like string beans. $\frac{1}{2}$ lb 10c, lb or pt 25c, qt 40c, pk \$2.50.

Dwarf Sugar—Pods edible, 2 feet high, can be used in green state like string beans. $\frac{1}{2}$ lb 10c, lb or pt 25c, qt 40c, pk \$2.50.

Simmers' First of all Pea

Gradus or "Prosperity" Peas

Nott's Excelsior Peas

If Peas are to be sent by Mail be sure to add Five Cents per pound for Postage.

PEAS—Continued

Packets of any variety, Five Cents each.

LATER VARIETIES

Improved Stratagem—The old Stratagem Pea has always been one of the best late sort for quality, but it was a shy yielder, which impaired its usefulness. The Improved Stratagem has all the sterling qualities of the original type, and is one of the heaviest yielders. The vines are of medium height, very stocky; the pods are of immense size, well filled with very large dark green peas. Pt 20c, qt 35c, peck \$1.75, bush \$6.75.

Telephone—This strong growing, sweet, wrinkled Pea is driving out of the local market the common kinds of early hard peas, owing to its strong growth, large, handsome, well-filled pods and very fine table quality. The vines often bear 18 to 20 pods per stalk, each containing 6 to 7 large peas; 4 feet high. Pt 15c, qt 30c, peck \$1.65, bush \$6.00.

Burpee's Profusion—Is of vigorous growth, attaining 3 feet in height and of a very branching character. The pods are usually produced in pairs, from 50 to 90 pods to the plant. The pods are well packed with large luscious peas of very sweet and splendid quality. The plants are continuous bearers, extending over a period of several weeks. Pt or lb 25c, qt 40c, peck \$3.

Pride of the Market—It grows from 18 inches to 2 feet in height, and bears grand pods well filled from top to bottom with large, fine flavored peas. Its robust constitution, enormous yield and superior appearance ensure its acceptance as a favorite with the public. Pt 20c, qt 35c, peck \$1.75, bush \$6.60.

Champion of England (4 feet)—Universally admitted one of the best peas grown; a delicious flavor and good bearer. Lb or pt 15c, qt 25c, peck \$1.20, bush \$4.30.

Black-Eyed Marrowfat (3 feet)—Best for general crop, has large and well-filled pods; a popular market variety. Lb or pt 10c, qt 15c, peck 50c, bush \$1.60.

Large White Marrowfat—Well known, prolific and of good flavor 3 feet high. Lb or pt 10c, qt 15c, peck 50c, bush \$1.60.

Yorkshire Hero (2½ feet)—Very prolific, and of delicious flavor. Lb or pt 15c, qt 25c, peck \$1.40, bush \$5.00.

**IMPROVED PEANUT or GROUND PEA**

The peanut plant is a pea which blossoms in the air and then thrusts the ovary under ground for development. The ripened ovary or seed pod in the peanut of commerce. The choice variety which we offer is early, large, prolific, yielding fewer imperfect pods than any other kind. The seed is red, with two or three kernels to the pod; large and of rich flavor. Pkt 10c, pt 25c, qt 40c, postpaid.

THE THREE BEST PEAS For the Home Garden

These can be all planted at the same time, and they will be ready for use in succession.

Nott's Excelsior—Early dwarf variety, very productive.

Thos. Laxton—Best next early variety.

IMPROVED STRATAGEM—Best large podded late variety.

For further description see general list.

Improved Stratagem Pea

RHUBARB OR PIE PLANT

German—Ruhbarber.

French—Rhubarbe.

Johnston St. Martin Rhubarb

(One ounce will produce about 500 plants.)

CULTURE—Sow in April in drills one inch deep and one foot apart; when the plants are three or four inches high, thin out to ten inches apart, and cultivate well during the season; in fall or following spring transplant into hills

about three feet apart each way. The soil must be very deep and heavily manured. Give a top dressing of manure every fall.

Johnston St. Martin—It is immediately productive, one of the earliest, and has a rich, spicy flavor, very similar to the Gooseberry when used for

pies. Pkt 5c, oz 20c, 2 oz 35c, ½ lb 60c, lb \$2.

Myatt's Linnæus—One of the best for family use, thin skin; very early and productive. Pkt 5c, oz 20c, 2 oz 35c, ½ lb 60c, lb \$2.

Victoria—Similar to the preceding, but more acid and productive. Pkt 5c, oz 20c, 2 oz 35c, ½ lb 60c, lb \$2.

Large Roots of any of the above—Each 15c, 4 for 50c, per doz \$1.50, postpaid; doz. \$1.30, 100 \$10.00 by express.

SALSIFY**or VEGETABLE OYSTER**

German—Bocksbart.
 French—Salsifis.

(One ounce will sow 50 feet of drill.)

CULTURE—The directions for growing and cultivating Carrots, given on page 12, apply also to Salsify. From its resemblance in flavor to oysters it derives its name. Soak the seed before sowing, in warm water for 12 hours.

Mammoth Sandwich Island—This variety is of very large size, twice that of the ordinary Long White; pure white, very tender and delicious; invaluable for the market garden er. Pkt 5c, oz 15c, 2 oz 25c, ½ lb 40c, lb \$1.40.

SCORZONERA**or BLACK OYSTER PLANT**

(One ounce will sow 50 feet of drill.)

CULTURE—Cultivated the same as Carrots or Salsify. The outer rind of the roots being scraped off, they are steeped in water to abstract a part of its bitter flavor. They are then boiled or stewed in the manner of carrots or parsnips.

Pkt 5c, oz 20c, 2 oz 35c, ½ lb 50c, lb \$2.

Mammoth Sandwich Island Salsify

RADISHES

German—Radieshen und Rettige.
French—Radis.

(One ounce will sow 100 feet of drill.)

CULTURE—See **Simmers' Vegetable Garden** which contains full cultural directions.
Free to customers—ask for it; to others 10c.

EARLY AND SUMMER VARIETIES

EARLY ROUND OR TURNIP-SHAPED

✓ **Leafless Bright Scarlet**—Extra early, remarkable for the small size of the leaves; the roots grow so quickly they are practically in advance of the leaves. A beautiful bright color and the crisp, tender flesh is excellent. Pkt 5c, oz 10c, $\frac{1}{2}$ lb 35c, lb \$1.20

✓ **Triumph (Forcing)**—The small, round, pure white roots are marked with bright scarlet, in flakes and in short lines running around the circumference. Very desirable for forcing under glass. Skin thin, flesh crisp, tender mild and in flavor. Pkt 5c, oz 10c, 2 oz 20c, $\frac{1}{2}$ lb 30c, lb \$1.00.

✓ **Early Scarlet Turnip-Rooted**—Small top, quick growth, mild and crisp, best for market. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

✓ **Early White Turnip-Rooted**—Very early flesh and skin white. Grown for mixing in with bunches of red radishes. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

✓ **Early Scarlet White-Tipped Turnip-Rooted**—A very pretty variety, excellent for market, and fine for forcing. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Early Scarlet Globe (Forcing)**—A most desirable turnip sort for hotbed forcing; very early and in flavor mild, crisp, juicy and tender. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 70c.

✓ **Early Non Plus Ultra (Forcing)**—Unquestionably the earliest forcing radish, being fit for use in three weeks; the root is round and bright scarlet; the flesh tender and particularly delicate. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Rosy Gem or Scarlet White-Tipped Forcing**—Shape is perfectly globular, with rich deep scarlet top, blending into pure white at bottom, exceedingly tender, crisp and delicious; desirable for growing under glass. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 80c.

EARLY OLIVE-SHAPED

✓ **Early Scarlet Olive-Shaped White-Tipped (Forcing)**—(French Breakfast Radish)—A variety of quick growth, mild and tender, and one of the best for forcing. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Half Long Deep Scarlet or Paris Beauty**—An early variety intermediate in shape between long scarlet and olive shaped. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Early Scarlet Olive-Shaped**—Very early of a livid rose color and oblong shape. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Early White Olive-Shaped**—Similar to Scarlet, skin being white. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Early Nine-Pin Shape (Forcing)**—Scarlet, so called on account of its shape. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 60c.

EARLY LONG

✓ **Long Brightest Scarlet White Tipped or Cardinal**—Roots mature in about twenty-five days from time of planting, and continue in good condition until full grown. It has a small top and can be used for forcing. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Long White "Icicle"**—This distinct Radish is the finest and longest of the very early pure white varieties. It is crisp, tender and of mild flavor. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 75c.

✓ **Wood's Early Frame (Forcing)**—A long, scarlet, excellent for forcing. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

✓ **Long White Naples**—Excellent for table, flesh white, crisp and mild. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

✓ **Improved Chartier**—The color at the top being crimson, running into pink about the middle, and from thence downwards it is a pure waxy white. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Long White Vienna ("LADY FINGER")**—The radishes being long, slender, pure white, crisp, and very mild in flavor. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 70c.

✓ **Long Scarlet, or Early Short Top**—A standard variety for market and private gardens. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 60c.

WINTER VARIETIES

✓ **White Chinese (Celestial)**—One of the largest in cultivation. The flesh is white and solid and the flavor excellent. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 30c, lb \$1.00.

✓ **Long Black Spanish**—Very large and one of the best for winter use. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **California Mammoth or Long White Spanish**—Very large, rather milder than the Long Black. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Long China Rose**—Very desirable, light rose color, flesh fine and piquant. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

✓ **Round Black Spanish**—Large of firm texture. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 70c.

Winter Varieties } $\frac{1}{2}$ lb 20c, lb 60c.

SPECIAL OFFER No. 15

1 pkt Scarlet Turnip Radish.
1 pkt Rosy Gem Radish.
1 pkt Scarlet Olive-Shaped Radish.
1 pkt Victoria Improved Spinach.

For 15c

Large Leaved Giant Flanders

SPINACH

German—Spinat.

French—Epinard.

(One ounce will sow 100 feet of drill; 10 to 12 lbs for one acre.)

CULTURE—Sow in drills one inch deep and one foot apart; the summer varieties in April for summer use, and the winter varieties in August or September for winter or spring use.

✓ **VICTORIA IMPROVED**—The foliage is heavy, the broad, dark green leaves being of a true Savoy appearance, and of the finest quality, it remains in prime condition from two weeks to three weeks after all other varieties of spinach have run to seed. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 30c.

✓ **Extra Large Leaved or Giant Flanders**—A splendid variety, with leaves much larger and broader than any other variety, round, thick and fleshy, dark green. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 30c.

✓ **Round Leaf or Summer**—The main market sort, equally good for either fall or spring sowing. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 30c.

✓ **Long Standing**—Stands a long time before running to seed, otherwise similar to the well-known Round Leaf. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 30c.

✓ **Prickly or Fall**—Stands well in winter, but gives less bulk per acre than the Round Leaf. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 30c.

✓ **Bloomsdale Large Curly, or Savoy Leaved**—Excellent, tender and fine flavored. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 20c, lb 30c.

✓ **Large Mountain Orach, or French Spinach**—Cultivated and used like Spinach. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 60c, lb \$1.50.

✓ **New Zealand**—(Tetragonia perennialis)—Fit for use the first year, must be slightly protected during winter. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 30c, lb \$1.00.

✓ **Perennial**—(Rumex Patens)—Sow in spring and fit for use in autumn, quite hardy. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{2}$ lb 25c, lb 60c.

SEA KALE

(One ounce will produce about 300 plants.)

Seed—Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c, lb \$3.00.
Roots—Each 20c, 3 for 50c, doz \$1.75, postpaid.

SQUASH

German—Speisekurbisse.

French—Courge.

(One ounce will plant fifty hills.)

CULTURE—Prepare the hills the same way as directed for Cucumbers on page 16. The bush varieties, should, of course, be planted closer together than those with long vines.

SUMMER VARIETIES

Bush Vegetable Marrow—A decided improvement on the old trailing Vegetable Marrow; the fruit is larger, handsomer, more ribbed or fluted, and of strictly bush form. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.40.

English Vegetable Marrow—(Running)—Well-known variety, oblong, skin greenish yellow, flesh white, rich flavor. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.40.

Perfect Gem—Excellent both for summer and winter use. Wonderfully productive. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

Summer Crookneck—Early, productive and good quality, fruit orange yellow. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 30c, lb \$1.

Bush Scallop—Yellow and white. Pkt 5c, oz 15c, 2 oz 20c, $\frac{1}{4}$ lb 30c, lb \$1.

Long Island Bush Scallop—White. A selection of the old White Bush Scallop, and a vast improvement, having less prominent ridges and being much deeper. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

WINTER VARIETIES

Golden Hubbard Squash—In shape same as the Green Hubbard, but the skin is a rich orange color. It matures earlier, and is more productive. The color of flesh is deep golden yellow, cooks dry and is of fine flavor. The keeping qualities are fully equal to the old variety. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

Green Hubbard—The standard winter squash, of good size, dry, fine-grained, orange-yellow, flesh and dark olive-green skin. Our seed is the very best strain. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

Chicago Warty Hubbard—A specially fine strain of the popular and well-known Hubbard Squash. The fruits are large and uniform in size, with rich, dark skin, generally set thickly with small excrescences of warts; very productive. The strain has deservedly become very popular in many markets. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

Mammoth Whale—The squashes are often three feet long, of a dark, rich color, and sometimes weigh over one hundred pounds. The flesh is solid, of a beautiful orange-yellow color, and of excellent quality. It is a good winter keeper. Pkt 10c, oz 20c, 2 oz 30c, $\frac{1}{4}$ lb 50c, lb \$1.50.

Marblehead—Flesh lighter in color than the Hubbard, while in combination of sweetness, dryness and delicious flavor is something really remarkable. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

The Faxon—The flesh is a deep orange-yellow, cavity small and seeds few. The special peculiarity, however, is that while uncooked it appears to have a shell like any other squash, when cooked there is practically none, the shell or edible part being only about as thick as a sheet of writing paper. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 80c.

Delicata—Color of this variety is orange-yellow, splashed and striped with very dark green. The quality is splendid, being rich and dry. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 80c.

Essex Hybrid—Rich flavored, fine grained and sweet, flesh very thick, rich colored and solid; very early. Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{4}$ lb 40c, lb \$1.20.

Boston Marrow—Fine, large and sweet; it keeps well in winter and will boil dry as a potato. Pkt 5c, oz 15c, 2 oz 20c, $\frac{1}{4}$ lb 30c, lb \$1.

Bay State—Extremely solid, heavy weight, fine and dry flesh, sweet flavor, beautiful golden-yellow, very handsome, shell extremely hard and flinty, an excellent keeper. Pkt 5c, oz 15c, 2 oz 20c, $\frac{1}{4}$ lb 30c, lb \$1.

Fordhook—The flesh is dry and sweet, of best quality. In a cool dry room it keeps in perfect condition until late in June when summer squashes are ready. Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 25c, lb 80c.

Large Mammoth Yellow Chili—Grows to an immense size, often weighing 200 lbs; excellent for all uses. Pkt 10c, oz 20c, 2 oz 35c, $\frac{1}{4}$ lb 60c, lb \$2.

Golden Hubbard
Chicago Warty Hubbard

Summer Crookneck
FOR 15 CENTS.

TOBACCO

Seed is generally sown in hot-beds in March and April, though sometimes in cold frames or even the open ground. As soon as plants are from four to five inches high, and all danger of frost is passed, they should be transferred to open ground in rows four feet apart and from two and a half to three and a half feet apart in the rows. After planting the ground should be stirred with a one-horse cultivator about once in ten or twelve days, so as to keep the land thoroughly clean from weeds, and in a porous and mellow condition. Frequent cultivation will also induce more favorable conditions of moisture. This should be continued as long as the cultivator can be passed through the rows without injuring the plants. After this, as the roots of the plants will then almost fill the space between the rows, the ground should be kept clean by shallow hoeing.

Small Red Canadian—Fine for smoking. Pkt 5c, oz 60c.

Canelle—Fine flavored Canadian variety. Pkt 5c, oz 60c.

Connecticut Seed Leaf—Pkt 5c, oz 20c, 2 for 35c, $\frac{1}{4}$ lb 75c.

White Burley, Yellow Pryor, Blue Pryor, Yellow Orncoco and Climax—Each Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{4}$ lb 75c.

"TOBACCO CULTURE"—Full practical details from the propagation of the seed to the harvesting, curing and marketing of the crop, by fourteen experienced tobacco growers. Price 25c postpaid.

"TOBACCO LEAF"—By Myrick & Killbrew, \$2.00.

Virginia Seed Leaf—Pkt 5c, oz 30c, 2 oz 60c, $\frac{1}{4}$ lb \$1.00, lb \$3.50.

Havana—(Vuelta de Abaja)—Cuban grow Pkt 5c, oz 40c.

Zimmers' Spanish—One of the most popular, very early, finest quality. Pkt 5c, oz 40c, 2 oz 75c, $\frac{1}{4}$ lb \$1.25.

Tobacco Plant

TOMATO

German—
Liebesapfel.
French—
Tomate.

(One ounce will produce 1,500 plants.)

CULTURE—Sow in a hotbed about the first week in March in drills about five inches apart and half an inch deep. About the middle of May, in this latitude, the plants may be set in the open ground. They are planted for early crops on light, sandy soil, at a distance of three feet apart, in hills in which a good shovelful of rotten manure has been mixed. On heavy soils which are not suited for an early crop, they should be planted four feet apart, water freely at the time of transplanting, and shelter from the sun a few days until the plants are established.

Chalk's Jewels—The largest, smoothest and finest flavored extra early variety. The thick flesh is bright scarlet, very solid, with few seeds. Pkt 10c, oz 30c, 2 oz 55c, $\frac{1}{2}$ lb \$1.00.

Livingston's Globe—In shape distinct from all others—Early, large, and firm, fleshed with seeds. Color glossy rose; flavor excellent. Pkt 10c, oz 30c, 2 oz 55c, $\frac{1}{2}$ lb \$1.00.

Livingston's Dwarf Stone—Its fruits average nearly as large as Stone, the well-known, largest fruited, standard red variety, and yet come very early. The strong, upright habit of growth permits of close planting—as near as 18 by 24 inches—and produces an abundant crop. The shape of fruit is beautifully smooth; free from cracks about stem; grows solid; ripens evenly and is of excellent quality. Pkt 5c, oz 30c, 2 oz 50c, $\frac{1}{2}$ lb \$1.00.

Frogmore Select (Forcing)—The fruits set in clusters, are very even and regular in size. Color brightest scarlet; perfectly smooth and free from cracks; the interior it very meaty. It ripens with the second earliest and yields abundantly. Pkt 10c, oz 30c, 2 oz 50c, $\frac{1}{2}$ lb \$1.00.

The "Century" Tomato—One of the best early variety tomatoes. The fruits are of good size, perfectly round and remarkably handsome, smooth as glass, and of brilliant scarlet. The flesh is remarkably solid, having but few seeds. Pkt 10c, oz 30c, 2 oz 50c, $\frac{1}{2}$ lb 75c.

Freedom—Very early. The fruit is borne in clusters, perfectly round, of a bright, dazzling shade of scarlet. The flesh is remarkably solid, and the flavor is perfect. Pkt 10c, oz 30c, oz 50c, $\frac{1}{2}$ lb 75c.

Magnus—The fruits are very deep from stem to blossom end, many of them being almost globe-shaped. It ripens evenly, does not crack, and the flavor is most desirable. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c.

"Imperial"—The fruit is large, smooth and solid. It not only produces very early fruit, but it will hold out through the season until late in the fall. A splendid keeper. In color it is that attractive pink. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c.

Creekside Glory—Very robust and exceedingly prolific. It carries its fruits in clusters, which are large, round and perfectly smooth and of a deep rich red color. It ripens early, has a most delicious flavor and is a good keeper. Pkt 10c, oz 30c, 2 oz 50c, $\frac{1}{2}$ lb 75c, lb \$3.

Earliana—Earliest smooth, bright red tomato, of large size. Pkt 5c, oz 30c, 2 oz 50c, $\frac{1}{2}$ lb \$1.00.

Enormous—Large smooth bright red tomato. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c.

Lorillard—(Forcing) A good sort for forcing under glass, as well as for outdoor culture; bright red, smooth, early. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c.

The Stone (Simmers' Selected)—Fruit very large and deep, bright scarlet, smooth, ripening evenly to the stem without a crack, exceedingly solid and firm-fleshed, of the finest quality, the best for family use and for canneries. Pkt 5c, oz 20c, 2 oz 35c, $\frac{1}{2}$ lb 60c.

Table Queen (Simmers' Special)—Perfectly smooth and round; for slicing it is the tomato par excellence, as it is wonderfully solid and contains comparatively few seeds. The color is a rich shade of crimson. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c, lb \$3.00.

Early Ruby or Atlantic Prize—By far the earliest of all the large-size tomatoes which combine good form, rich crimson color, and solidity. Pkt 5c, oz 20c, 2 oz 40c, $\frac{1}{2}$ lb 70c.

YELLOW VARIETIES

Dwarf Golden Champion—Similar to the scarlet of same name, with the exception that the fruit is of a beautiful lemon yellow color. Pkt 5c, oz 25c, 2 oz 45c, $\frac{1}{2}$ lb 75c.

Golden Queen—Large smooth, yellow, excellent flavor, very productive. Pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c.

Yellow Peach—Very distinct, fruit of medium size, resembling a peach a size, shape and bloom, color yellow. Pkt 5c, oz 40c, 2 oz 75c.

STANDARD VARIETIES

Our Tomato seed has all been grown by Tomato specialists who plant for seed only. Per pkt 5c, oz 25c, 2 oz 40c, $\frac{1}{2}$ lb 75c, any of the following:

Fordhook Fancy
Crimson Cushion
Dominion Day
Beauty
Mikado
Ignotum

Livingston's Aristo-
crat
Plentiful
Trophy

Dwarf Champion
Peach

The following per
pkt 10c, oz 40c, 2 oz
75c, $\frac{1}{2}$ lb \$1.25.

Small Red Cherry.....
Small Red Currant.....
Yellow Plum.....
Yellow Pear.....

Pkt 5c, oz 50c.

WINTER CHERRY, also called strawberry or Ground Cherry and Barbadoes, Gooseberry, or Mexican Tomato (*Physalis Alke-kengi*)—Culture same as Peppers. The fruit of the plant, which is a berry enclosed in an inflated calyx, is eaten as a common fruit, and is particularly pleasant for tarts. Pkt 5c, oz 40c.

"Tomato Growing for Profit" written by S. H. Mitchell, a practical grower. Published by J. A. Simmers. Price 25c.

Earliana Tomato

Chalk's Early Jewel Tomato

Simmers' Selected Stone Tomato

TABLE TURNIPS

German—Weize Ruben. French—Navet.

(One ounce will sow 100 feet of drill. Two pounds will sow an acre.)

For Field Turnips see "Farm Seeds," pages 32 and 33

Golden Ball Turnip

should always be done just before rain if possible, as the success of the crop in a great measure depends upon quick germination and a rapid and free growth at first.

SIMMERS' EARLY MELTING SWEDE—An excellent distinct variety, peculiarly suitable for garden culture on account of its flavor, fine form and rich golden yellow color. This variety is claimed by all market gardeners and private gardeners to be the finest grained, best keeping table Swede turnip in cultivation. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 20c, lb 50c.

Extra Early Purple Top Milan—A strap-leaved variety, a week earlier than the ordinary early sorts. It retains its good qualities, and remains a long time fit for use. The bulbs are white with a purple top, round, flattened and solid with a very slender tap root; flesh pure white, sweet and crisp. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 25c, lb 70c.

Extra Early White Milan—Pkt 5c, oz 10c, 2 oz 15c, 1 lb 25c, lb 80c.

White Stone, or Early Snowball—An early garden variety, clear white, medium size, delicate flavor, and quick growth. Pkt 5c, oz 10c, 1 lb 15c, lb 40c.

CULTURE—For early use sow as soon as the ground can be worked in the spring, in drills 15 inches apart and thin to 3 inches apart as soon as plants are large enough to handle. For succession sow at intervals of a fortnight until the last week of July, from which time until the end of August sowings may be made for main and late crops. The sowing

Red Top, Strap-Leaved Turnip

White Nimble Dick

—One of the best for market and general use, fine flavor and very early. Pkt 5c, oz 10c, 1 lb 20c, lb 50c.

Maltese—Early variety, fine flavor. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 25c, lb 75c.

American Breadstone (Swede)—Of medium size, very quick growing and quite smooth. White, with faint colored top, the flesh is perfectly white, fine grained, and cooks in fifteen minutes, tender and sweet. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 20c, lb 60c.

White Flat Dutch—An excellent variety, the best for spring sowing. Pkt 5c, oz 10c, 1 lb 20c, lb 50c.

Early Golden Ball or Orange Jelly—A rapid grower, excellent flavor, globe shape. Pkt 5c, oz 10c, 1 lb 20c, lb 50c.

Red Top, Strap-Leaved—Fine grained and of buttery flavor, the best for market gardens. Pkt 5c, oz 10c, 1 lb 20c, lb 50c.

Early White Egg—An egg-shaped variety for spring or fall sowing, flesh white, firm fine grained, mild and sweet. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 20c, lb 60c.

Early Extra Purple Top Milan Turnip

WILD RICE SEED

DIRECTIONS FOR SOWING—Put the rice in coarse cotton or linen bags, and sink them in water for 24 hours. Sow in water which is from 6 inches to 5 feet deep, in soft mud bottom, and in places where there are but few weeds. It is useless sowing these seeds except on a mud bottom, or on low, marshy places which are covered with water the year round. In running water sow as much out of the current as possible.

Wild Rice (Zizania Aquatica)—Lb 25c, postpaid 30c, 10 lbs or over 20c, per lb, carriage extra.

GERMAN CAMOMILE FLOWERS—Oz. 10c, lb. \$1.00.

BIRD BOOKS

"**American Bird Fancier**," a very useful and instructive work on the care of birds, price 50c. Cottam's New Illustrated Book on "Cage Birds," 25c, postpaid. Brock's Book on Birds, 25c postpaid.

BIRD CAKE

A delicious Treat and Song Restorative Food for Canary Birds. This food is prepared with the greatest care, the most delicate and nutritious preparation ever discovered for the longevity of Pet Birds. Our experience in handling restoratives for song birds enables us to recommend this Tonic in the form of food to prolong the life of birds confined in cages. It gives the songster a strong and clear voice, improves the plumage, and will keep birds, although very old, always in health by producing the desired effect on the digestive organs. Give to young, as well as to old birds.

Per cake 5c, 6 for 25c, per doz 45c.

MAMMOTH SAGE PLANTS

Leaf of Holt's Mammoth Sage

The plants are very strong growing, the first season attaining 1 foot in height and spreading so that a single plant covers the space of three feet, the leaves are borne well above the soil, keeping them clean; they are very large and of unusual substance, strong in flavor and of superior quality. A single plant yields more than a dozen plants of the common sage, perfectly hardy it rarely flowers and never runs to seed. Price, each 15c, 2 for 25c, 5 for 50c, postpaid.

Mint Roots—The old fashioned kind. Each 25c, per plant.

VEGETABLE PLANTS

WELL GROWN, THOROUGHLY HARDENED

WELL PACKED, TRUE TO NAME

By Mail or Express

All Plants Sent at Purchasers' Risk

Prices are Subject to Change

The fact that these plants are all grown from choicest stocks of seed is sufficient recommendation as to the genuineness of the varieties. They can be shipped fresh and well packed at a day's notice. This is of the greatest importance to every planter.

When plants are to be sent by mail add postage to the rate of Twenty-Five Cents per One Hundred to prices of Cabbage, Celery and Cauliflower, and Forty Cents per One Hundred to prices of Tomatoes.

TREE SEEDS

Dedicated and Evergreen, Ornamental, Shade, Forest, Hedge and Fruit

"Trees can be as easily grown from seed as the most common vegetable."—Fuller.

CULTURE—Sow early in spring, in well prepared beds, about two inches deep. When the seeds begin to germinate cover the bed lightly with pine boughs to shade the young plants from the sun. When the plants are all up, the brush should be gradually removed, but replaced again before winter sets in. Let the plants remain in the beds for about two years, then transplant into rows two feet apart, leaving about twelve inches between each plant. Keep the ground clean, and when the plants are strong enough remove them to where they are intended to remain.

Apple Pips—Per oz 10c, $\frac{1}{4}$ lb 15c, lb 50c.

Arbor Vitæ, American (Thuja Occidentalis)—A small tree about 30 feet high; popular for hedges, screens, etc. Pkt 10c, oz 25c, lb \$2.50

Barberry (Berberis Vulgaris)—One of the best hedge plants grown. It is very hardy and forms a dense shrub of 4 to 8 feet high, covered with sharp stout prickles. Pkt 5c, oz 15c, $\frac{1}{4}$ lb 30c, lb \$1.

Beech (Fagus Ferruginea)—A noble forest and shade tree of graceful habit. Wood hard and excellent for many mechanical purposes. Pkt 10c, oz 15c, lb \$1.

Black Thorn (Prunus Spinosa)—Pkt 5c, oz 10c, $\frac{1}{4}$ lb 30c, lb \$1.

Black Walnut (Juglans Nigra)—Grows rapidly in good rich soil. The nuts should be planted in the fall. Lb 10c, postpaid 15c, peck 60c, bush \$2.00.

Catalpa, Hardy Western (Catalpa Speciosa)—A handsome shade and ornamental tree of tropical appearance. Foliage large and luxuriant. Flowers borne in large panicles late in the spring. In favorable locations it attains a height of 60 feet or more, it is a very rapid grower, is very hardy and has been tested up to 40 degrees north latitude. Wood very durable. Valuable tree. Per oz 15c, $\frac{1}{4}$ lb 30c, lb \$1.

Honey Locust (Gleditsia)—A well-known tree of ornamental and graceful appearance, extensively used for hedges. Pkt 5c, oz 10c, lb 40c.

Maple, Sugar (Acer Saccharinum)—A beautiful as well as a valuable rapid growing tree, preferring a calcareous soil. Pkt 5c, oz 15c, lb \$1.25.

Mountain Ash (Pyrus Americanus)—Much cultivated for ornament, for which its fine foliage, clusters of white flowers and red berries eminently qualify it. Pkt 5c, oz 10c, lb \$1.

Spruce, Norway (Picea Excelsa)—A very popular hedge evergreen, extensively used for sheltering and for screens. Pkt 5c, oz 10c, lb \$1.

Osage Orange (Maclura Aurantiaca)—A well-known hedge plant, native of the Southern States. Pkt 5c, oz 10c, lb 80c.

Pear Seed—Pkt 10c, oz 20c, $\frac{1}{4}$ lb 50c, lb \$2.00.

Pine Austrian (Pinus Austriaca)—One of the most popular pines, being very hardy and ornamental. Grows very rapidly and to a great height. Pkt 5c, oz 15c, $\frac{1}{4}$ lb 40c, lb \$1.50.

Pine, Scotch (Pinus Sylvestris)—One of the most rapidly growing species of pines, very suitable for screens for the protection of orchards or buildings. Pkt 5c, oz 15c, $\frac{1}{4}$ lb 40c, lb \$1.50.

Pine, Sugar (Pinus Lambertiana)—This magnificent tree grows to the height of 300 feet, and endures the cold of the North-West without injury. Pkt 10c, oz 50c, lb \$5.

Quince (Cydonia Vulgaris)—Small irregular trees, bearing an excellent fruit for preserves and jellies. Pkt 5c, oz 20c, lb \$2.

Russian Mulberry—A variety of Mulberry brought by the Mennonites from Russia, and as it grows to the height of 30 feet in a few years, and stands the cold of the North-West, will no doubt become a standard for that country. Pkt 5c, oz 25c, $\frac{1}{4}$ lb 75c, lb \$2.50.

Collection of Tree Seeds for 25 Cents

One packet of each of Black Thorn, Honey Locust, Sugar Maple, Mountain Ash, Norway Spruce, Austrian Pine, Russian Mulberry—7 packets for 25c, by mail, postpaid.

FARM SEEDS

CONDITIONS OF SALE—It is impossible for us to guarantee the crop in any way, as there are so many causes over which we can have no control that operate against the growth and productiveness of the seeds. All seeds bought from us must be on the condition that we give no warranty, expressed or implied, as to description, quality, growth, productiveness, or any other matter, of any seeds we sell; nor will we hold ourselves in any way responsible for the crop.

If wanted by mail add 5c per pound postage to all varieties of Field Carrot, Sugar Beet, Mangel and Turnips

We hold a very large and carefully selected stock of Agricultural Seeds of a quality the most reliable and unsurpassed in Canada.

SUGAR BEETS

Sow from the middle of April to the first of June, in drills 2 feet apart, then thin to 9 inches to the row. Six pounds of seed per acre, average yield 20 to 25 tons per acre. For milch cattle they are valuable.

Danish Improved Sugar Beet—This variety is distinguished by its great productiveness, in rich deep soil, in good cultivation, nearly approaching the standard varieties of Mangel Wurzel in yield of bulk (they standing closer than the Mangels), together with a high percentage of sugar. For fattening purposes, and for feeding to milch cows, in cases where a liberal flow of rich, creamy milk is the main object (for butter production), this variety is especially to be recommended. It is one of the cleanest and best beets for cattle feeding that we have. PRICE— $\frac{1}{4}$ lb 10c, lb 25c, 4 lbs 80c, 10 lbs \$1.90.

Improved Imperial Sugar Beet—A most popular sugar beet for feeding cows, sheep or swine. Yields as much as most Mangels, and contains 8 per cent. of sugar. Has yielded 30 to 40 tons per acre at a cost of 5 cents per bushel. $\frac{1}{4}$ lb 10c, lb 20c, 4 lbs or over 15c per lb.

Wanzleben—In Europe this kind is cultivated on a larger scale than any other Sugar Beet. The root is conical, straight and even, quite large at the head and rapidly tapering. Easy to dig, is a heavy yielder, and contains from 12 to 15 per cent. of sugar. $\frac{1}{4}$ lb 10c, lb 25c.

Red Top Sugar—An excellent variety, growing to a very large size. $\frac{1}{4}$ lb 10c, lb 20c, 4 lbs or over 15c per lb.

White Sillesian—The root is slender, being about 3 to 4 inches in diameter at the shoulder, and tapers gradually to a point. Yields nearly 20 tons per acre, containing 8 per cent of sugar. $\frac{1}{4}$ lb 10c, lb 20c, 4 lbs or over 15c per lb.

SUGAR BEET SEED by Lewis S. Ware. Price \$1.50.

SIMMERS' IMPERIAL GIANT HALF-SUGAR BEET

Quite distinct from any other root in cultivation. This new type is a cross between the Sugar Beet and Mangel Wurzel, combining the large size of the former and the superior sugar qualities of the latter, and we consider it to be one of the most valuable introductions of recent years. Among the trials of field roots the past season, none was more promising than this. The root, which is well shown in the accompanying illustration, is intermediate in shape, standing upright, and at least three-fourths of its length out of the ground. The color of the root is deep pink above the ground, shading lighter and sometimes almost white at the tip. The flesh is white, firm and very sweet, and greatly relished by cattle. It is certainly a magnificent root, and produces enormous crops. The fact of the roots

Danish Improved Sugar Beet

growing well above ground, allows them to be the easiest of all roots to harvest. PRICE— $\frac{1}{4}$ lb 10c, per lb 25c, 4 lbs and over 22c per lb.

FIELD CARROTS

SIMMERS' IMPROVED GIANT SHORT WHITE

—We always claimed this carrot to be the equal, if not the superior, of every white field carrot, and it has certainly fully proved all we ever said about it. It is of good shape, very broad at the shoulder, tapering to a point; its surface is very smooth, with few or no roots growing on the sides. In texture it is very fine, and in color pure white, with an excellent flavor. These are the individual points of the carrot. In addition it is a very HEAVY CROPPER, in fact it is by far the HEAVIEST of any other we have heard of, and on account of its shape and of its smooth skin, it is EASILY HARVESTED. The above is a true description of the carrot we offer as our IMPROVED GIANT SHORT WHITE, and for its own qualities it should be grown by everyone who wants a white field carrot. It is especially suitable for shallow soil. In shape it very much resembles the Oxheart, except that the roots grow more to a point. While other varieties require digging, our IMPROVED GIANT SHORT WHITE CAN BE PULLED. Try it for yourself, and you will not be disappointed. Oz 5c, $\frac{1}{4}$ lb 15c, lb 40c.

Large White Belgian—This attains the largest size, and will yield more in bulk than any other sort grown. The root is thick and long, growing from $\frac{1}{4}$ to $\frac{1}{2}$ of its length above the surface. Oz 5c, $\frac{1}{4}$ lb 10c, lb 30c.

Yellow or Orange Belgian—Color pale orange. A good keeper. Oz 5c, $\frac{1}{4}$ lb 15c, lb 50c.

Improved Long Orange or Surrey—A standard late variety, handsome and uniform in shape, deep orange color, good flavor, yields heavily. Oz 5c, $\frac{1}{4}$ lb 15c, lb 50c.

Scarlet Intermediate—Stump-rooted, valuable variety for shallow soils. Oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 60c.

CHICORY

Chicory seed should be sown in the spring in drills half an inch deep, and in good mellow soil; the after culture is the same as the Carrots. In the autumn the plants will be ready for blanching when it is used as a salad. The principal use of Chicory, is to use with Coffee. One ounce of seed will sow about 100 feet of drill, and from 2 to 3 pounds per acre.

Large Rooted Long Madgeburg—Pkt 5c, oz 10c, 2 oz 15c, $\frac{1}{4}$ lb 20c, lb 50c, 4 lbs or over, per lb 45c.

COMMON SENSE SUGAR BEET HOE

—Positively no tool superior for loosening soil and moving weeds, or for ease, efficiency, and rapidity of work. Leaves the soil level. Works both ways. Specially adapted to plants in their early stages. Price each 75c.

Simmers' Imperial Giant Half-Sugar Beet

Simmers' Improved Giant Short White Carrot

TURNIPS

GROWN FROM SELECTED ROOTS

The following are the most popular standard English and other varieties, having for years given the greatest satisfaction to our numerous customers, being procured from the most reliable growers. The SWEDES are sown from May until the middle of July; the ABERDEENS and GLOBES from July to the latter part of August. If sown broadcast from 1 to 2 pounds are required to the acre; if sown in drills, from 2 to 4 pounds required to the acre.

To the price of Turnip seed, when wanted by mail add 5c per pound for postage. Special prices on club orders, farmers' orders, or large orders for any variety of our Turnip Seeds.

SIMMERS' DEFIANCE SWEDE TURNIP

This magnificent variety is unquestionably the most profitable of all bronze top Swede turnips, as well as the hardiest, heaviest, best shaped and by far the most productive, a yield of 1,000 bushels per acre and over, under careful cultivation, being of frequent occurrence. Bulbs are somewhat oval in shape, slightly oblong and remain sound and good indefinitely. Flesh is of a beautiful yellow color, always sweet, tender, juicy and nutritious, a variety that should be sown in preference to all others. Per one-quarter pound, 10 cents; pound, 25 cents; 4 pounds and over 22 cents per pound.

Simmers' Defiance Swede Turnip

UNIVERSAL PURPLE-TOP SWEDE TURNIP

One of the Best Purple-Top Swedes for all Soils.
Resists Drought and Mildew

A magnificent new variety of exceedingly hardy constitution, standing well during severe weather, and keeping sound and good until very late in the spring, when many other varieties have failed. The root is well shown in our illustration stands high out of the ground, and is of handsome appearance. The yellow flesh is solid, of rich quality, and much appreciated by all classes of stock. Growing but a small top with its uniform shaped root it will stand somewhat thicker in the rows than most Swedes, when a very heavy weight per acre can be grown.

Price per ¼ lb, 10 cents; per lb, 25 cents; 4 pounds or over at 22 cents per pound.

Universal Purple-Top Swede Turnip

KANGAROO SWEDE TURNIP

A very hardy Swede similar in size and growth to Elephant, color a bronze green.

This Swede is particularly adapted to soils and districts that are cold and backward.

Kangaroo Swede Turnip

This splendid hardy Swede possesses the heavy cropping features of the famous Elephant or Monarch, with the grand constitution of the best types of bronze-green top Swedes, and is increasing in popularity each year, particularly in those districts where the land lies exposed and is consequently cold and backward. It has been largely grown in the lower provinces of Canada, where it has produced the heaviest crops ever known in that section of the country.

Price, per ¼ lb, 10 cents; per pound 25 cents; four pounds or over at 22 cents per pound.

ELEPHANT, MONARCH, or JUMBO

The reports received during past years from all sections of Canada pronounce this Turnip to be unequalled in size, quality and uniformly handsome in appearance. The yield compared with other well-known roots, has been from 2 to 6 tons more per acre. In shape it is very distinct, being of the tankard type. The crown of the bulb is a beautiful bright purple and the lower half deep yellow; the flesh is very solid and nutritious and there is an almost total absence of fibrous or fangy roots. During the past season this variety has proven most satisfactory, so much so that we have every confidence in recommending Elephant or Monarch Swede to the farmers of the Dominion. Per ¼ lb 10 cents; per pound 25 cents; 4 pounds or over, 20 cents per pound.

Elephant or Monarch
(Jumbo) Swede

SWEDE TURNIPS

✓ **SIMMERS' CHAMPION PURPLE TOP**—This magnificent Swede, the result of judicious selection, is the hardiest, most productive and most nutritious purple top variety in cultivation. It is a large, yellow, slightly oblong, with single tap-root; free from coarseness of neck, and for uniformity of crop and keeping qualities is superior to all other Swedes, it produces a very heavy weight per acre keeps sound and good until late in spring; flesh always rich and sweet in flavor. Per ¼ lb 10c, lb 25c, 4 lbs and over 20c per lb.

✓ **BANGHOLM IMPROVED PURPLE TOP**—Large and solid, should be sown on rather heavy loam. Per ¼ lb 10c, lb 20c, 4 lbs or over 17c per lb.

✓ **CARTERS' IMPERIAL**—On properly prepared ground never ¼ lb lb lb failing to produce a heavy crop of well-shaped solid roots.... 10c 20c 17c

✓ **DRUMMOND'S PURPLE TOP SWEDE**—A selected Scotch variety of great excellence, globular in shape, large solid of finest quality..... 10 20 17

✓ **HAZZARD'S GREEN TOP**—Distinct variety, the flesh is firm white, its hardy keeping qualities are superior to most sorts, and adapted to either field or garden cultivation..... 10 25 22

✓ **HARTLEY'S BRONZE TOP**—Oval-shaped bulbs, large and solid, small neck and single tap-root, rich in quality, productive, and good keeper..... 10 25 20

✓ **HALL'S WESTBURY**—A very fine quality of Swede, good keeper..... 10 20 17

✓ **LAING'S IMPROVED PURPLE TOP**—A globe-shaped variety, with small top and tap-root, suitable for sandy ground 10 25 22

✓ **SUTTON'S CHAMPION PURPLE TOP**—One of the heaviest yielding varieties and a general favorite..... 10 20 17

✓ **SKIRVING'S IMPROVED PURPLE TOP**—Large and solid of strong and quick growth, suitable for clay soil..... 10 20 17

✓ **SCOTTISH CHAMPION**—Fine large roots, good for heavy soils 10 25 20

✓ **SHAMROCK PURPLE TOP**—Producing on well-prepared ground the heaviest and most uniform crop of well-shaped roots 10 20 17

✓ **WHITE GIANT PURPLE TOP**—A quite distinct sort of enormous size, preferred by many growers to the yellow varieties.. 10 25 20

To the price of Turnip Seed, when wanted by mail add 5c per pound for postage. Special prices on club orders, farmers' orders, or large orders for any variety of our Turnip Seeds.

SIMMERS' Champion Purple Top Swede Turnip

YELLOW AND WHITE TURNIPS

For sowing after the Swedes ¼ lb lb lb 4 lb or over

✓ **Aberdeen Purple Top Yellow**..... 10c 25c 20c

✓ **Aberdeen Green Top Yellow**—With green tops..... 10 25 20

✓ **White Globe**—For sowing after the Aberdeen, late as August..... 10 25 20

✓ **Cow Horn**—Long, White, in shape resembling a cow-horn..... 10 30 ..

✓ **Red Globe Norfolk**—Medium sized, should be fed early..... 10 25 20

Improved Purple Top Mammoth

A variety producing a greater weight per acre than any other turnip, fine shape, excellent for early feeding, keeps well in winter if sown late. 10 25 20

✓ **Greystone**—A white variety, sown as late as the preceding.. 10 25 20

MANGEL WURZEL

IF WANTED BY MAIL ADD FIVE CENTS PER POUND POSTAGE

We have a very fine trade on Mangel Seed, and are careful to see that our stocks keep pace with all the improvements that are being made from year to year. We have our seed grown under contract in England by experts in that line, as there is no place in the world where Mangels and Turnips are produced in such perfection.

SIMMERS' MAMMOTH PRIZE LONG RED—Our stock is a great improvement on the old variety. The roots are very large, uniformly straight and well formed. Color deep red. Roots solid. Tops small. Roots attain a large size, specimens being exhibited which weighed 55 pounds. Produce an immense bulk and tonnage. Per $\frac{1}{4}$ lb 10c, per lb 20c; for 4 lbs and over, per lb 15c.

CHIRK CASTLE STRAIN MAMMOTH LONG RED MANGEL The greatest Mangel of the century. This new strain of the Mammoth Long Red Mangel is enormously productive; 1,500 to 1,900 bushels per acre is nothing uncommon on good soil, and many experimental stations and trial tests in the past year have produced considerably more. Single specimens have weighed over 60 pounds each. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other mangel, making it more nutritious and milk producing. Sheep and other stock thrive better when fed on it, picking out pieces of it in preference to other kinds. Prominent mangel authorities consider this strain by far the most valuable and profitable of all mangels. Per $\frac{1}{4}$ lb 10c, per lb 30c; 4 lbs and over, per lb 25c.

"RIVENHALL GIANT," YELLOW GLOBE—This splendid Mangel, which has been raised and carefully selected by our grower, possesses all the fine feeding qualities of our Great Yellow Intermediate, and it is also similar to that well known variety in color—a rich golden yellow. The bulbs are Globe shaped, large, very handsome appearance. Hardy in constitution and even under ordinary cultivation produces a great weight of roots per acre. It is also a remarkably clean grower and pulls well. Strongly recommended as a heavy cropper of most nutritious quality. Per $\frac{1}{4}$ lb 10c, per lb 25c; 5 lbs and over, per lb 23c.

Golden Tankard Mangel

Mammoth Long Red

CHAMPION YELLOW GLOBE—This is one of the most generally grown of all the different varieties of mangels, and a very productive, easily pulled and an excellent keeper when stored in heaps for winter use. It is spherical in shape and an orange-yellow color—that portion growing above the surface is fringed with green. The flesh of the root is yellow, firm and sugary. Per $\frac{1}{4}$ lb 10c, per lb 20c; for 4 lbs and over, per lb 15c.

GOLDEN FLESH TANKARD—The special features are the rich, deep yellow color of the flesh and its nutritious and milk producing qualities. In England, where it is considered indispensable, large dairy farmers state that they are not only able to obtain a higher price per gallon for milk from cows fed on this mangel, but also that the cows are in much better condition fed on hay and Golden Tankard Mangel alone, than if fed on hay, Yellow Globe Mangel and four pounds of linseed cake per day. Per $\frac{1}{4}$ lb 10c, per lb 20c; 4 lbs and over, per lb 17c.

GIANT YELLOW INTERMEDIATE, OR MAMMOTH HALF-LONG—This entirely distinct Mangel, first introduced by us, is considerably larger than the Yellow Globe Mangel, and is a beautiful russet yellow color. As shown in the illustration, it is remarkably even in shape, rather elongated, and of vigorous growth; it has a fine neck, large leaves with green stems and a very smooth fine skin. The flesh is white, firm and sweet, greatly relished by cattle. Per $\frac{1}{4}$ lb 10c, per lb 20c; for 4 lbs and over, per lb 15c.

Giant Yellow Intermediate or Mammoth Half-long Mangel

SPECIAL OFFER No. 20 FIELD ROOTS

Simmers' Improved Giant Short White Carrot.

Simmers' Improved Mammoth Prize Long Red Mangel.

Simmers' Improved Selected Champion Purple-Top Swede Turnip.

1 oz each of above 3 varieties 15c postpaid

$\frac{1}{4}$ lb 35c

1 lb Mangel, 1 lb Turnip, $\frac{1}{4}$ lb Carrot, $\frac{1}{4}$ lb Imperial

Giant Sugar Beet 85c

MAMMOTH RED INTERMEDIATE OR OVAL-SHAPE GIANT—Very large and solid, fine grained variety, suitable for heavy ground, keeping as well as turnips during winter. Per $\frac{1}{4}$ lb 10c, per lb 20c; 4 lbs and over, per lb 15c.

RED FLESH TANKARD—A very large and heavy cropper, with small top and single tap-root, very solid and nutritious. Per $\frac{1}{4}$ lb 10c, per lb 20c; for 4 lbs and over, per lb 15c.

LONG YELLOW—Similar in growth to Long Red, and considered by some growers sweeter in flavor and therefore preferred by cattle. Per $\frac{1}{4}$ lb 10c, per lb 20c; for 4 lbs and over, per lb 15c.

White Hulless
Barley**BARLEY**

"Ideal" White Hulless—It is hulless, beardless, early, weighs over 60 lbs to the measured bushel, it yields well on poor land, yields enormously on good land, makes better pork than corn, makes excellent flour, the straw makes good hay, it is of inestimable value to everyone who feeds stock. Per lb (postpaid) 15c, 3 lbs (postpaid) 40c, peck 40c, bush \$1.25, 2 bush or over at \$1.20.

Black Hulless—Per lb (postpaid) 15c, 5 lbs (postpaid) 50c, peck 30c, bush (50 lbs) \$1.10.

Mandscheuri, Six-Rowed—Ontario Agricultural College report says:—"Among 37 varieties of barley grown for the past five years, Mandscheuri stands at the head of the list for yield." Bush 80c.

Canadian Six-Rowed—Per bush 80c.

Duckbill Two-Rowed—Per bush \$1.00.

BUCKWHEAT

Japanese—Per 2 lbs 25c, 5 lbs 50c, (postpaid); peck 25c, bush 90c.

Silver Hull—Per 2 lbs 25c (postpaid); 5 lbs by mail 50c, peck 25c, bush 80c.

Common Grey—Per bush 80c.

BEANS

The Prolific Dwarf Tree—White. Per lb 10c, peck 70c, bush \$2.50.

California Pea—Yellow, very productive. Per lb 10c, peck 75c.

Postage, 5c per lb. extra.

FLAX SEED

For sowing, \$1.75 per bush of 56 pounds.

Specially screened for medicinal purposes. Per lb 10c, 5 lbs 30c, 10 lbs 50c. Postage 5c lb extra.

PEAS

Cow Peas—See page 38.

Early Brittany—A brownish colored pea of medium size. Straw of fair length and good quality. The heaviest yielding field pea. Price per lb 15c, 3 lbs 40c, postpaid; peck 40c, bush \$1.50.

Grass Peas—The Grass Pea will effectually resist the bug while for seeding it is claimed to equal the ordinary varieties. Lb 15c, 3 lbs 40c, (postpaid) peck 35c, bush \$1.20.

Canadian Beauty Pea.

Gipsy (Egyptian Peas)—A great yielding bug proof pea; plant upright, branching, and covered with balloon-like pods; each pod contains at least one pea of large size; lb 15c, postpaid; peck 85c, bush \$3.00.

Canadian Beauty—A variety of White Marrow which in most sections has given splendid results. The seed is large and of bright color, straw strong. An enormous yielder, and one of the most profitable sorts grown. Per 2 lbs (postpaid) 25c, 4 lbs (postpaid) 50c, peck 40c, bush \$1.30.

Multiplier—A fine white Pea, which matures a few days earlier than the Golden Vine. It is much more productive than any of our common field varieties. Peck 30c, bush \$1.20.

Also the following varieties of Peas:—**Golden Vine, White Marrow-fat, Black-eyed Marrow-fat, Prussian Blue** Price on application.

SPRING RYE

Distinct from the winter rye; grain of finer quality, and more productive; can be successfully grown in any latitude, and is now being largely sown in place of oats, being a much more profitable crop, on account of the production of nearly four times the straw and also as "catch" crop where winter grain has failed. The straw is equally as valuable as that of the fall or winter rye, standing stiff 7 to 8 feet high; produces 30 to 40 bushels of grain per acre. As it does not stool like winter rye, not less than two bushels per acre should be sown. Lb 15c, postpaid; peck 35c, bush \$1.20.

TARES OR VETCHES

For Spring Sowing—Grown for a forage crop. They can be cheaply raised; fed green, cured or ensilaged. They are sown at the rate of one-half bushel to the acre, with about one-quarter bushel oats to hold them up. Peck 50c, bush \$1.80.

CORN WHEAT

Also Called Polish Wheat and Giant Rye.

In speaking of it a grower says:—"The grain is a mammoth cereal, possessing the properties of both corn and wheat, making excellent meal, which has superior fattening qualities. The kernels are about three-quarters of an inch in length, with a hard outer bran shell. The straw is of strong and stout growth, and has the power of resisting drouth and rain much better than ordinary wheat. The heads are about six inches in length and the grain sets out in rows. A bushel of corn-wheat weighs sixty pounds, which is the quantity to plant on an acre. Pkt 10c, lb 25c, peck \$2.00.

SPELTZ OR EMMER

Claimed to yield 80 to 100 bushels of richer food than corn, besides giving as much as 4 tons of good hay per acre. Speltz is best described as a combination of Wheat, Rye and Barley, and for fattening Cattle, Poultry, Horses, Sheep, Pigs, etc., is equal to other grains.

CULTURE—Prepare your land as you would for wheat or oats, and sow at the rate of 75 to 100 lbs. per acre. Cut when the grain is past the middle stages of milk, when it will make splendid grain and lots of straw hay of excellent quality. Thresh like wheat, only not so closely. The hull and kernel can then be fed or first ground.

PRICE—Lb 15c, 2 lbs 25c, by mail (postpaid); per peck 30c, bush of 40 lbs \$1.10.

Thousand Headed Kale

Profitable to Sheep Raisers—2 acres will feed and fatten 50 sheep. Just the thing for sheep, for cattle, for hogs, for poultry, in fact for any animal that will eat green feed.

Thousand-Headed Kale is now being grown in larger quantities than Rape in England. The seed can be sown early in April or any time thereafter until mid-summer. The plants grow to a height of 3 to 4 feet, and are so covered with small whorls of leaves that the name Thousand-Headed Kale has been given it. It will yield a larger crop than the Dwarf Essex Rape, as it branches out from the bottom and grows very rapidly. It is greatly relished by hogs, cattle and sheep. The plant is not affected by drought and flourishes in all kinds of soil. In England this seed is being sown broadcast on pastures with grass seeds, using about one pound of seed per acre, though if sown alone it should have about 3 pounds per acre.

½ lb 10c, lb 25c, postpaid; 10 lbs and over 20c lb, 50 lbs, at 18c lb. By express or freight at purchaser's expense. If wanted by mail add 5c per lb to pay postage.

We do not pay Freight on Seed Grain.

Send for Weekly Price List of Seed Grain, Clover and Grasses.

SEED OATS

SHEFFIELD STANDARD

We have secured a splendid stock of this valuable oat and again offer it to our friends. We say again that we have never seen its equal and that it is without doubt, the heaviest cropping and handsomest oat ever introduced.

The following are a few of its points of excellence. It is very early, and has shown itself proof against **Rust and Smut**. Its good results as a yielder—80 to 100 bushels per acre—weight of grain, 40 to 45 pounds per measured bushel. Further, the stem is stiff and strong, the grain it large and the hull very thin.

In one of our fields, after threshing and cleaning for seed, the yield was 90 bushels per acre of large, plump, handsome meaty, white grain, weighing 44 lbs to the bushel. This can be partly attributed to the fact that in many cases the spikes or breast will contain **three full kernels** where other oats give but two. The straw is very strong and does not lodge even when others with less weight of grain in the head go down. The blade is nearly double the size of that of ordinary oats, which is the best evidence of its inherent vigor.

This oat it remarkable for its heavy stooling property, and for this reason one and a half bushels are sufficient to seed an acre

Price—Lb 20c, 3 lbs, 40c, postpaid; peck 40c, bushel \$1.30, 2 bushel \$2.50, 5 bushel \$6.00, by express or freight, bags included.

"NEW CENTURY"

This variety has yielded more than double ordinary kinds under similar conditions.

Tested side by side with other oats, the "New Century" gives a far greater yield. This can be partially attributed to the fact that in many cases the spikes and breasts will contain three full kernels where other oats give but two.

Price—Lb 15c, 4 lbs 50c, postpaid; by express or freight—Peck 30c, bush \$1.00, 2 bush \$1.90.

"CANADIAN PRIDE"

The oats are white and have good large kernels. They weigh 40 pounds to the measured bushel. It is a branching variety with very stiff straw of vigorous growth, free from smut and rust.

Price—Lb 15c, 4 lb 50c, postpaid; by express or freight—Peck 30c, bush \$1.00, 2 bush \$1.90.

"Tarter King"—A white side oat. Lb 15c, 4 lbs 50c, postpaid; peck 30c, bush \$1.00, 2 bush \$1.90.

The "Newmarket"—Price per lb 15c, 4 lb 50c, postpaid; peck 25c, bush 90c, 2 bush at 85c.

Improved Black Tartarian—Grown from imported seed. Lb 15c, 4 lbs 50c, postpaid; peck 25c, bush 90c, 2 bush at 85c.

Imported Black Tartarian—The stock we offer was grown in East Lothian, Scotland, and is of excellent quality. Per lb 20c, 3 lbs 50c, postpaid; peck 50c, bush \$1.75.

NOTE—The prices of Oats and Wheat are those current at the time of issue of this Catalogue, January 1st. They are subject to change without notice.

PRICES FOR BAGS

When bags are required for filling orders, they will be supplied at the following prices, which should be remitted with the amount of order. 1½ bushels, Jute bags, each 10c. 2 bushel, Cotton Seamless, "A" each 25c; "B" each 22c; "X" each 20c.

For prices of Clover and Timothy Seeds, Oil Cake, etc., in quantities, send for Special List of Seed Grain, etc.

SPRING WHEAT

(Sow from 1½ to 1¾ bushels per acre.)

WILD GOOSE (Bearded)

C. A. Zavitz, of the Guelph Experimental Farm, says:—"Of all the varieties of spring wheat which we have grown, the Wild Goose stands at the head of the list in yield of grain per acre. The wild Goose variety has given the largest average yield per acre of all the varieties for several years in succession, and the Wild Goose, Speculation and Colorado stand highest on the list this year, but the Speculation and the Colorado appear to be the same variety and are not liked very well by some of the millers for flour production, being somewhat soft.

Price, per lb 15c, 4 lb 50c, postpaid; peck 40c, bush \$1.50.

WHITE RUSSIAN

This variety has been sown for a number of years, and invariably turns out a first-class crop. It has a bald head of good length, good stiff straw, stands up well; full, plump berry, flinty and of good color.

Price per lb 15c, 4 lbs 50c, postpaid; peck 40c, bush \$1.50.

Winter Wheat

We carry the leading varieties of winter wheats in season. Price on application.

BLATCHFORD'S CALF MEAL

The perfect Milk Substitute for raising Calves. 100 lbs of it make 100 gallons of Rich Nutritious Gruel. Calves can be raised on it alone without milk at all after they are a few days old and this can be done with no other milk substitute. Used with Separator Milk or Skim Milk it replaces the Butter Fats in same and makes them as nutritious as new milk. Even when whole milk is used, the feeding of Blatchford's Calf Meal with the milk builds up much finer, bigger and sturdier Calves in about half the usual time. 20 lbs 90c, 50 lbs \$2.10, 100 lbs \$4.00

BLATCHFORD'S SUGAR AND FLAX

Is one of the finest Natural Foods in the world for Horses, Cattle, Sheep and Hogs. Composed entirely of the three great elements necessary for profitable and healthy feeding, viz., Oil, Sugar and Protein combine in the correct proportions and most digestible form, with the addition of those best, well known and well recognized Horse and Cattle Tonics; Pure Gentian, Foenugreek, and Anise, that long experience has shown to have such excellent effects upon the appetite, digestion and condition of all domestic animals. Mixed with the ordinary food, Blatchford's Sugar and Flax Seed permanently cleanses the system, purifies the blood, increases the appetite, regulates the bowels improves the coat and keeps the animals in the very pink of condition. 20 lbs 90c, 50 lbs \$2.10, 100 lbs \$4.00.

Send for Special Price List of Seed Grain, Clovers and Grasses.

When ordering Corn do not forget to include price of bags.

Cotton bags 20c each; Linen bags 10c each.

DENT VARIETIES

SIMMERS' EARLIEST RIPE This corn will ripen in 60 days and furnish magnificent feed-ing corn just at a time when farmers are short of corn. If you plant this early you will have fine feeding corn by July, when you can replant same and have good Fodder Corn in September. Now there has been for the past few years a great demand, or better, a call, for an extremely early Fodder Corn, and in order to meet this demand, we now offer the most perfect, earliest, rich Fodder Corn in existence. This corn will ripen out ears inside of 60 days after planting, and usually from 2 to 3 ears on the stalk. The foliage is about 6 feet high, very leafy and bushy, and contains a tremendous amount of nutritious matter. Lb 15c, 2 lbs 25c, postpaid; by express or freight, peck 50c, bush \$1.50.

STOWELLS' EVERGREEN ENSILAGE For Green Fodder—There is nothing better for early fall green feed or for curing for winter than sweet corn. It has the great merit of being so sweet and palatable that cattle eat every part of stalks and leaves, and consequently none is wasted. Lb 15c, 3 lbs 40c, postpaid; peck 40c, bush \$1.50.

WHITE CAP YELLOW DENT This corn is the best early for Ensilage yet introduced. Large, heavy, stalks and ears. This variety has more genuine merit more fine and lasting points than any corn in cultivation. It is from 7 to 10 days earlier than many varieties, and on poor, thin soil will outyield the Leaming by at least 30 per cent. The originator claims it has more testimonials for earliness, easy, shelling, productiveness, beauty, growing-strength-fodder and all-round qualities than any other variety. 2 lbs 25c, postpaid; peck 30c, bush \$1.10.

THE EARLY MASTODON Claimed to produce the longest grains and longest ears of any 100-day corn in cultivation, with most extraordinary yielding qualities. It grows quick, and strong. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

WISCONSIN YELLOW DENT This variety is in every way one of the most desirable. Average weight of ears 9 to 10 ounces, with many rows, there being generally from 18 to 20 and often as high as 21, kernels of a bright yellow color, cob red. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

WISCONSIN WHITE DENT Ears average 16 rows, grains extra long and wide, 2 of which will span the cob, which is usually small for the size of the corn, and is generally white. The stalk is short and thick, with ears set low; roots deep, easily withstanding severe storms and droughts. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

CHESTER COUNTY MAMMOTH (White.) It yields under good cultivation, from one hundred to one hundred and thirty bushels shelled corn per acre. Ears are very large. It furnishes a large amount of fodder growing 12 to 16 feet high. 2 lbs 25c, postpaid; peck 35c, bush \$1.10.

SIMMERS' PARAGON WHITE ENSILAGE—This superior ensilage corn we can recommend from experience as being the heaviest cropping variety in cultivation, producing 50 to 75 tons per acre. It grows 13 to 14 feet in height. Peck 30c, bush \$1.00.

Red Cob Ensilage—So called owing to its cob being quite red; the kernel is perfectly white, resembling very closely the ordinary Horse-Tooth Corn. Peck 30c, bush \$1.00.

Mammoth Southern Sweet Ensilage—White—Peck 30c, bush \$1.00.

MAMMOTH CUBAN YELLOW The grains are pure yellow and very large, broad and long. The fodder grows on stalks in great quantities and of the finest flavor. As sweet and tender as sugar corn. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

EARLY BUTLER This is without doubt one of the earliest Dent Corns. It is a cross from Pride of the North, grows good sized ears with long grains and a very small cob, corn of a beautiful golden yellow color. The Butler is adapted for high latitudes, and will mature further north than any other variety. It grows strong and very quickly. 2 lbs 25c, postpaid. By express or freight, peck 35c, bush \$1.20.

BROOM CORN, IMPROVED EVERGREEN.

This is the most popular variety of broom corn to grow for the market, the brush being firm and of good length and retaining the light green color when properly cured. Per pkt 5c, lb 15c, 3 lbs 40c, postpaid.

FLINT VARIETIES

MAMMOTH 8-ROWED YELLOW—It is entirely distinct, being as described, the Mammoth 8-rowed Yellow Corn, a great improvement on the old yellow Canada corn. 8-rowed, which is the general corn used by farmers for feeding purposes. The ears, when harvested, are long and well-filled with corn which is double the size of the ordinary yellow Canada corn or the Compton Early Yellow. 2 lbs 25c, peck 35c, bush \$1.20.

RURAL THOROUGHbred WHITE FLINT A variety of spreading habit—not more than one kernel should be sown in the hill. Its great suckering habit, breadth of blade and smallness of stalk recommend it as a fodder plant, while for ensilage purposes it is most valuable. Lbs 25c, postpaid; peck 35c, bush \$1.20.

FARMERS' SURPRISE Undoubtedly the variety yet produced. The ears are long and freely borne on stalks, which are very heavy and leafy. Farmers' Surprise can be grown and ripened in districts where heretofore a corn crop has been uncertain. 2 lbs 25c, postpaid; peck 35c, bush \$1.30.

COMPTON EARLY YELLOW—The productiveness of the Compton is remarkable with more rows to cob than any other Flint corn. The grains are very small, round and heavy. It is very hardy, and sure to grow and produce a crop 8 to 10 feet. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

SALZERS' NORTH DAKOTA WHITE FLINT A grand variety, matures early, yields enormously, produces a larger number of good ears and a smaller number of poor ears than any other variety. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

EARLY YELLOW CANADA The earliest yellow for field or table use, 2 lbs 25c, postpaid; pk 35c, bush \$1.20.

ANGEL OF MIDNIGHT (One hundred day)—An extra early 8-rowed yellow Flint variety. 2 lbs 25c, peck 35c, bush \$1.20.

LONGFELLOW An 8-rowed yellow Flint variety, with ears 20 to 15 inches long, cob small, kernels quite broad. 2 lbs 25c, peck 35c, bush \$1.20.

EARLY WHITE FLINT Very desirable for table use. 2 lbs 25c, postpaid; peck 35c, bush \$1.20.

KING PHILIP (Reddish Flint)—One of the oldest and best known of the Flint varieties. 2 lbs 25c, postpaid; peck 40c, bush \$1.40.

SELECTED ENSILAGE CORN

Yellow Horse-Tooth or Golden Beauty—Peck 30c, bush \$1.00.

Pride of the North—(Early Golden Dent Corn)—Very early. The stalks usually grow from 8 to 10 feet in length, and produce from one to three good ears. Peck 30c, bush \$1.10.

Leaming Corn—Yellow—Always two good ears to each stalk. It withstands severe drought by reason of its earliness in maturing, strong and vigorous growth and its stalky and leafy nature. Per peck 30c, bush \$1.10.

FORAGE PLANTS

SOWING RAPE (1 to 2 lbs. per acre in drills; 4 to 6 pounds broadcast.)

A field Rape coming into use when the pasture is almost barren from continuous feeding and dry weather, is a boon to the farm. For feeding sheep and lambs preparatory for the market, nothing is better; not only does it fatten quickly, but imparts a quality to the flesh superior to almost any other pasture. It has been estimated that one acre of Rape, when not preceded by any other crop the same season, will feed from 35 to 40 lambs for two months, and that the gain in flesh per month was from eight to twelve and one-half pounds on each lamb. Young cattle thrive upon it as well as swine. Rape may be sown either in rows or drills and cultivated or may be sown broadcast. When sown in rows the plant will grow much stronger and more luxuriant in foliage, and will also stand longer feeding; it is less liable to be tramped down. It may be sown in May, and when it is sufficiently advanced it can be fed off, and then allowed to grow up again, thus giving a second crop the same season; but the usual time for sowing is the last half of June until end of July, and it has been sown towards the end of August with success. The cultivation of Rape should commence as soon as it is well started, and with repeated cultivation until the leaves become too large to work between the rows. Rape is always plowed under as a fertilizing crop.

DWARF ESSEX, or large Leaved English—Per lb 10c, postpaid 15c, 10 lb lots 90c, 25 lb lots and upwards 8½c per lb, 50 lb lots and upwards \$8.00 per 100 lbs.

ENGLISH HORSE BEANS

Recommended by the Dominion Experimental Farm, to be planted with corn and sunflower seed for ensilage purposes. Lb 15c, postpaid; 10 lbs 60c, bush \$2.00. Values fluctuate.

KAFFIR CORN

White—Pkt 5c, lb 15c, 5 lbs 75c, postpaid; 20 lbs \$1.20, 100 lbs \$5.00.

COW OR SOUTHERN PEAS

(The Great Soil Improver)

From 5 to 9 tons of green fodder per acre have been produced by Cow Peas. To grow for hay they are most valuable. For ensilage they are unsurpassed. When it is desired to turn the whole crop under as a soil improver it is better to do so after the vines are partly dead. Cow Peas can be sown in May or June, at the rate of 1 to 1½ bushels per acre. Of the several varieties of Cow Peas, the following two are best adapted to our climate.

Clay—Price, lb 20c, 3 lbs 50c, postpaid; peck 75c, bush \$2.40.

Whip-Poor-Will—Price, lb 20c, 3 lbs 50c, peck 75c, bush \$2.75.

MAND'S WONDER FORAGE PLANT

(Pencilaria Zeaoides)

An annual plant having long broad foliage, and if allowed to develop fully, attaining a height of from 10 to 12 feet and bearing numerous heads from 18 to 20 inches in length, and 1 inch in diameter, completely covered with thousands of seeds, much relished by poultry. It is of rapid growth, throwing out from one plant numerous suckers and if cut as soon as it reaches the height of 2 or 3 feet, it can be mowed from 4 to 6 times, according to the latitude, and yields several tons of dry hay per acre. If allowed to grow 6 or 7 feet high, and cut when the flower heads begin to develop, it will yield the heaviest fodder crop per acre of any plant now in cultivation. Price, oz 10c, ¼ lb 20c, lb 60c, postpaid. By express, lb 50c, 10 lbs \$4.50.

Sand or Winter Vetch

Sand, or Winter Vetch (Vicia Villosa)

It produces crops on poor sandy soils as well as on good lands growing to a height of four or five feet. It should be sown in the spring, mixed with oats, spring rye or barley; or during August or September, with winter rye, which serves as a support for the plants. It is the earliest crop for cutting, being hardier and nearly a month earlier than Scarlet Clover. It is exceedingly nutritious, eaten with relish, and may be fed with safety to all kinds of stock. Sow 50 to 60 lbs per acre, with one-half bushel of rye, oats or barley. Lb 20c, 3 lbs 55c, postpaid; 10 lbs \$1.20, 25 lbs \$2.50, 100 lbs \$9.

Australian Salt Bush

Grows freely on arid and alkali lands that will produce no other vegetation, yielding a marvellously liberal foliage, which is eagerly eaten by all kinds of stock. It is of creeping habit. It has been proved that after three or four crops have been grown on alkali land, the soil is capable of producing any other vegetation. One pound of seed will plant an acre. Price—Pkt 10c, oz 20c, ¼ lb 60c, lb \$2.00 postpaid

TEOSINTE

(Beana Luxurians)

In appearance, it somewhat resembles Indian corn, but the leaves are much larger and broader, and the stock contains sweeter sap. It stools out enormously after being cut. Sow in May or June, at the rate of three pounds per acre, in drills four feet apart. Per oz 10c, ¼ lb 30c, lb \$1.00, postpaid.

New Siberian or Russian Millet

A wonderfully productive forage plant from Russia, which has given excellent results. It is extremely hardy and about two weeks earlier than German Millet, growing about four feet in height. Hay and fodder are very nutritious and much liked by all kinds of stock. Sow in May or June, ½ bushel to 1 bushel per acre. Lb 15c, 3 lbs 40c, postpaid; peck 60c, bush \$2.00.

Mammoth Russian Sunflower

An excellent and cheap food for fowls. They eat it greedily, fatten well on it, better than on almost any other food. It can be raised cheaper than corn. Every farmer should plant some of the seed in any waste piece of ground. Four quarts seed will plant an acre. Large pkt 5c, lb 10c, postpaid; 15c. By express—10 lbs 60c.

Teosinte

Mammoth Russian Sunflower

EARLY SOY BEAN

The Soy bean is coming right to the front as a great soil enricher, as a food for hogs and cattle, both in the green and dry state. It has remarkable qualities for it will draw from the air and returns to the earth just the nourishment and properties you are looking for. Price—lb 20c, postpaid; 10, lbs \$1.00.

EARLY AMBER SUGAR CANE

The earliest and most productive variety. Height 10 to 12 feet. Its saccharine matter is of first quality, fine and rich. Sow 4 quarts in drills and 8 quarts broadcast to the acre. Pkt 5c, lb 15c, 5 lbs 60c, postpaid; 10 lbs 60c.

GRASSES

NOTE—FOR GENERAL SEEDING sow one-third Clover and two-thirds Timothy. This produces hay of excellent feeding quality for stock in general. Write us for prices on any mixture wanted for hay or permanent pasture.

A GOOD REFERENCE BOOK—"Handbook on the Grasses of North America, Beale. Price, Vol. \$2.50; Vol. 2, \$5.00.

The greatest care is exercised in the selection of our Grass and Clover Seeds.

Choice samples are the cheapest, sow further and are the most satisfactory in the end.

Where prices are not quoted, they will be furnished with samples on application.

When wanted by mail add 5 cents per pound to the following prices.

Awnless Brome Grass

variety of soils, and resists the effects of drought well; from its fineness of foliage it is well adapted for lawns or sheep pastures. Lb 20c, 10 lbs \$1.90, 100 lbs \$18.00.

Honey or Meadow Soft Grass (*Holcus lanatus*)—It grows 3 feet in height, and is suitable for all soils. While no variety suits better for lawns, it is of no use for cattle, as they will scarcely touch it. Lb 20c, 10 lbs \$1.75, 100 lbs \$15.00.

Italian Rye Grass (*Lolium italicum*)—A biennial variety of rapid growth, succeeding well in all kinds of soil; well adapted for mixing with white clover for lawns; it is indispensable for an early crop of green feed. Lb 12c, 10 lbs \$1.00, 100 lbs \$9.00.

Kentucky Blue or Smooth-Stalked Meadow Grass (*Poa pratensis*)—It sends up flower stalks 1½ feet high only once in the season; it is therefore less adapted for hay than for early and permanent pastures. For water meadows it is one of the best. Lb 15c, 10 lbs \$1.30, 100 lbs \$12.00.

Meadow Fescue (*Festuca pratensis*)—A highly valuable species for permanent grass lands; it does not, however, attain its full productive power until the second or third year, when it exceeds most other sorts in the quantity of its produce and nutritive matter; it is relished by live stock, both in hay and pasture. Sow 40 lbs to the acre. Lb 17c, 10 lbs \$1.60, 100 lbs \$15.

Meadow Foxtail (*Alopecurus pratensis*)—One of the best grasses for permanent pastures, being early and rapid in growth; does best in rich, moist soil. Lb 40c, 10 lbs \$3.50, 100 lbs \$32.00.

Orchard Grass (*Dactylis glomerata*)—Though a rather coarse grass, yet this variety is of such early and rapid growth, that it is valuable as a pasture grass on light soils. It should be used as a green feed exclusively, because when old and dry, or made into hay, neither horses nor cattle are fond of it. Lb 20c, 10 lbs \$1.75, 100 lbs \$17.00.

We will send one large package of each of the above 25 varieties of Grass Seeds, correctly named, for \$1.50 postpaid, or any 17 varieties for \$1.00 postpaid, or any 8 varieties for 50c.

A WINGLESS, or HUNGARIAN BROME GRASS (*Bromus inermis*). The Great Forage Grass of North-West Territories and B.C.—It can be raised on almost all kinds of soil and in any climate. It gives a luxuriant crop particularly on fresh sandy loam soil, and where the climate is warm. It is found that animals eat it greedily, whether in the green or in the dry state, so that it can be used as mown or saved for winter use. Lb 20c, 10 lbs \$1.80, 100 lbs \$15.

CANADIAN BLUE GRASS (*Poa compressa*). Hardest Grass in Cultivation—It is an excellent grass for dry, sandy thin soils and banks, and for covering the surface of rocky soils, and upon all soils that are affected seriously by long-continued droughts. Lb 10c, 10 lbs 90c, 100 lbs \$8.00.

Creeping Bent Grass (*Agrostis stolonifera*)—A variety similar to the Red Top Grass, somewhat lower in growth. Lb 30c, 10 lbs \$2.75, 100 lbs \$25.00.

Crested Dog's Tail or Comb Grass (*Cynosurus cristatus*)—Well suited for lawns from its readiness to take root and its dense compact habits. Lb 50c, 10 lbs \$4.50.

Hard Fescue (*Festuca duriuscula*)—Thrives in a great

Orchard Grass

Red Top Grass

Wood Meadow Grass (*Poa nemoralis*)—Well adapted for woody lands; two feet high, forming valuable pasture. Lb 50c, 10 lbs \$4.75.

Yellow Oat Grass (*Avena flavescens*)—Hardy and early, valuable for dry meadows, pastures or lawns. Lb 50c, 10 lbs \$7.50.

MILLET AND HUNGARIAN

COMMON MILLET (*Panicum Milliaecium*)—There are many varieties of Millet, but none used so extensively as the common variety. Lb 5c, 10 lbs 30c, bush \$1.20.

GERMAN MILLET—The true German Millet will grow in any climate or soil, and gives an enormous yield of most nutritious feed, and that without impoverishing the soil to any great extent. To get these results, it must be sown at the rate of one bushel per acre any time between May 1st and July 15th. The crop should be cut while it is in bloom. Managed in this way German Millet will prove a most satisfactory and profitable forage and summer hay crop, much relished by all kinds of stock. Lb 5c, 10 lbs 35c, bush of 48 lbs \$1.50.

Hungarian Grass (*Sectaria Italica*)—A most valuable, rapid growing variety of grass of annual nature, particularly well adapted for light ground, will yield an abundant crop, and when cut before seeding, produces hay much relished by all kinds of cattle. Market prices variable. Lb 5c, 10 lbs 30c, bush \$1.20.

NOTE—When wanted by Mail add 5c per lb.

LAWN GRASS

THE MOST BEAUTIFUL LAWNS IN CANADA are made with "Simmers' Toronto Parks" Lawn Grass Seed which we sell in large or small quantities to suit the pretentious lawn or the modest door-yard plot. With it you can renovate old or make new Lawns and Grass plots as soft as velvet and as green as emerald all summer long.

TORONTO PARKS MIXTURE—Finest Quality (with or without White Clover)—Per lb 25c, postpaid 30c. By express or freight, 5 lbs \$1.15, 10 lbs \$2.20, 25 lbs \$5.25, 50 lbs \$10.00, 100 lbs \$20.00

CAHOON BROADCAST SEED SOWER

A hand-machine very largely used. The quantity to be sown is easily regulated. It will seed evenly four to six acres per hour. It will scatter the following distances Wheat, Barley, Rye, 52 feet; Clover and Timothy 18 to 20 feet. The bag and hopper hold about 22 quarts. Weight 5½ pounds.

Price, each \$4

SIMMERS' "MONARCH" AND "ROYAL" BRANDS CLOVER AND TIMOTHY SEEDS

The Seed Control Act, which came into force September 1st, 1905, requires that all Clovers and Timothy sold to the consumer shall be of a certain standard of quality.

Under the **SEED CONTROL ACT** it is unlawful to sell Clovers and Timothy to the consumer if they are below the standards fixed by the Government and they are liable for so doing.

We exercise the greatest care to secure the finest seed obtainable and with our modern cleaning machinery, we are able to supply samples which conform to the law and which we feel confident will satisfy the most critical buyer.

We offer our Clovers and Timothy in two grades, **MONARCH** brand and **ROYAL** brand.

MONARCH brand which is equivalent to Government Standard No. 1, is, in accordance with the Seed Control Act, free from all those weed seeds considered objectionable in the Act, and does not contain more than one per cent. of harmless weed seeds.

ROYAL brand does not contain more than five seeds to the thousand of those weed seeds mentioned in the Seed Act.

These brands when sent out by us conform to all the requirements of the Act: and to ensure our customers receiving the Seed the same as we send it out, every bag is sealed with a lead seal.

CLOVER SEED "Clovers are the Foundation of Farming."

(Clover Seed being subject to constant variations, prices are subject to change without notice),

ALSIKE CLOVER, (*Trifolium Hybridum*) Best Recleaned—It is a perennial, therefore adapted for permanent pastures or for hay crop. Perfectly hardy; never heaves or throws in the winter, thrives equally well on wet or dry soil, through extreme drouth, or excessive rains. Sow six lbs per acre in spring.

SAINFOIN or ESPARSETTE (*Onobrychis Sativa*) Double cutting—An excellent perennial Fodder Plant, growing to the height of about three feet, and flowering in June and July. It is naturally adapted for light chalky soils, being an enriching, heat resisting clover, and may be sown either broadcast or drilled. It will require broadcast about 25 lbs per acre; if drilled 15 to 20 lbs.

Crimson Clover

Common Red Clover, (*Trifolium pratense*) best recleaned—Will succeed in any soil of moderate fertility.

Mammoth Red or Late Clover (*Trifolium pratense parenne*)—Of great value if sown upon exhausted land; grows from 5 to 6 feet, and highly recommended for ploughing under for manure.

Crimson or Carnation Clover (*Trifolium Incarnatum*)—Should be sown in the early summer, and will then make excellent pasture in the fall, the open winter and the spring.

White Dutch, Lawn Clover (*Trifolium Repens*)—Most valuable in mixture for permanent pastures, forming with natural grasses the finest and most nutritious food for cattle and sheep.

Yellow Trefoil or Hop Clover (*Medicago Lupulus*)—A prolific and hardy variety, is excellent for dry pastures; should not be sown alone.

Bokhara Clover (*Melilotus vulgaris*)—For bees. Of large and vigorous growth; blooms early in August; may be cut three times during the season, and yields three tons upwards of hay per acre. Sow in spring.

Lucerne or Alfalfa Clover—A perennial and when once properly seeded in suitable soil produces fine crops for several years. It has a remarkably strong growth, and its cultivation is simple, requiring no more care and attention than a crop of ordinary red clover. The ground should be thoroughly mellowed by clean and careful tillage, the seed sown with any grain crop in the spring, or as a separate crop, at the rate of 10 or 12 pounds per acre, and the second year it will become thoroughly established.

Alfalfa or Lucerne Clover

Price List of Clover Seeds in Quantity

When Clover Seeds are to be sent by mail, 5 cents per pound must be added to the following prices. We will supply 20 lbs or over at the 100 lb rate, and 5 lbs or over at the 10 lb rate; for smaller quantities the lb price will be charged. The following prices are values at time of issuing this Catalogue, January 1st, and are subject to Market changes.

TIMOTHY (*Phleum Pratense*)

The most important agricultural grass, thriving best on rich soils, not suited to permanent pasture, but the best grass known here for hay. Sow 12 to 16 lbs per acre when used alone, when sown with Clover 6 to 10 lbs per acre.

"Monarch" Brand (equal to government standard; No. 1, lb 10c, 10 lbs 90c, 100 lbs \$8.00; "Royal" Brand, lb 9c, 10 lbs 80c, 100 lbs \$7.00.

GRASS MIXTURES

Simmers' Special Grass Mixture for permanent pasture consisting of the following varieties: Orchard Grass, Meadow Foxtail, Sheep's Fescue, Rhode Island or Creeping Bent, Hard Fescue (true perennial), Meadow Fescue, English Rye Grass, Italian Rye Grass Red Top, Blue Grass etc., as recommended in the well-known and standard work entitled "How the Farm Pays," (by Henderson) blended in proportions which have been found, from actual use, to give the most satisfactory results.

On ordinary fertile soil two or three bushels of this mixture is sufficient to seed an acre.

To this mixture, intended for either Mowing Lands or Pasture (but which on account of its greater weight should be sown separately) should be added 10 lbs of Mixed Clover, comprising White, Mammoth Red or Cow Grass, Alsiike, Trefoil, etc., but this must be sown in the spring, as it is rather tender in this latitude if sown in the fall.

10 lbs. of Mixed Clover to Sow One Acre, \$2.00

Permanent Pasture for Light Soils.....

SIMMERS' Grass Mixture for Permanent Pasture only.....	

Simmers' Special Grass Mixture for Temporary Pastures—Consisting of Tall Meadow Oat Grass, Orchard Grass, English Rye Grass, Italian Rye Grass, Meadow Foxtail, Hard Fescue, Sheep's Fescue, and Meadow Fescue, Red Clover, White Clover, Alsiike, Trefoil and Timothy blended in their proper proportions for the time specified. Incomparably superior to the ordinary Timothy and Clover Mixture.

For one year—1 bushel Mixed Grasses, \$2.00. 10 lbs Mixed Clovers, \$1.75. Total cost per acre, \$3.75.

For two years—2 bushels Mixed Grasses, \$4.00. 10 lbs Mixed Clovers, \$1.75. Total cost per acre, \$5.75.

For three or four years—3 bushels Mixed Grasses, \$6.75. 10 lbs mixed Clovers, \$1.75. Total cost per acre, \$8.50.

Ontario Agricultural College (Guelph) Formula of Grasses and Clovers for permanent pastures.

Six lbs Meadow Fescue, 3 lbs Timothy, 2 lbs Canadian Blue Grass, 3 lbs Orchard Grass, 3 lbs Red Top Grass, 4 lbs Lucerne Clover, 1 lb White Dutch Clover, 1 lb Alsiike Clover, 2 lbs Red Clover; total 17 lbs Grasses and 8 lbs Clovers, being the quantities required for an acre. \$3.00 for 25 lbs; lb 15c, postpaid 20c. If larger quantities are wanted please write for prices.

Please allow for bags when remitting. Cotton bags 20c each; linen bags 10c each.

Will sow Clover, Timothy, Flax, Wheat, Oats and Millet.

Guaranteed to sow 60 acres of clover per day. The "Cyclone" Geared Seed Sower. Price \$1.75, or postpaid \$2.50.

Chrysanthemum Inodorum "Bridal Robe"**Chrysanthemum "Bridal Robe"**

while also useful for pot culture, and considering the long time the flowers last when cut, we safely predict for this novelty an uncommonly successful career. Pkt 20c.

867 *Chrysanthemum inodorum plenissimum* is undoubtedly one of our most useful annuals, and we are glad to be able to offer a new variety as distinct as it is beautiful. Of very compact and upright habit and not exceeding 10 inches in height, the sturdy plants throw out their finely feathered foliage from the base and deck themselves with a mantle of extra double pure white flowers. With their short closely-set petals the latter recall the finest forms of very large flowering double Daisies and appear in such number that a large bed in full bloom may well be compared to a drift of snow. *Chrysanthemum Bridal Robe* coming almost true from seed, will certainly prove a bedding plant of the very first rank.

Admiral Poppy

(PAPAVER PAEONIFLORUM)

**Admiral Poppy**

868 This single paeony-flowered Poppy is of surprising beauty. It is characterized by large round smooth-edged flowers of glistening pure white, with a broad band of brilliant scarlet around the top, occupying a full quarter of the corolla. These two colors form an extremely telling contrast, similar to that seen in the variety *Danebrog*. Planted in groups the new *Admiral Poppy*, which comes nearly true from seed, produces a magnificent effect. Pkt 15c.

Vicks' Purity Aster

This new Aster is the handmaid to Daybreak, being identical in form and habit, but the blooms are pure white. A finer combination of color cannot well be imagined than the massing together of these two beauties. The plant is a free from and bloomer, like its companion.

869 Pkt 10c, 3 for 25c.

Nicotiana Sanderæ Hybrids

These are the hardy annuals of the century. As a useful and beautiful garden plant, they have no equal—even the great beauty of *Nicotiana Sanderæ* is quite eclipsed by these new hybrids, and the culture is simplicity itself. They thrive in any soil or situation, and if wanted for the decoration of the cold greenhouse or conservatory there is no difficulty in having a glow of colors—pink, mauve, heliotrope, purple, crimson, rose, and white—in huge masses for cutting all through the spring months. As a cut flower they are charming.

Plants raised in February, and grown on in cold frames, will flower in May; and if planted in the open ground, will continue to bloom all the Summer and Autumn.

870 Collection of 8 varieties, 1 Pkt each color, 35c.

Nicotiana Sanderæ

871 This hardy plant, with its rosy-carmine flowers, produces a startlingly beautiful effect in the garden. Such an intensely glowing rosy-carmine color is unknown in any plant of similar character; and either in flower beds, shrubbery borders, or in the wild garden, this incomparable beautiful plant is charming. Seed sown in January transplanted in May in the position where it is intended to flower, is all that is necessary. Pkt 10c.

Double Primula Obconica

This is one of the most useful flowering plants. If sown early in Spring the seedlings will commence to bloom in May or June and continue to flower throughout the whole year. The flowers are of a soft lilac, pink, rose, lavender or crimson and very charming. It is one of the most useful *Primula* for pot culture, and also succeeds well in the open border during the summer months. Its double flowers are borne on stiff stems well above the foliage, and they also show a marked improvement in color.

872 Pkt 25c.

Double Primula Obconica**Begonia Gracilis Luminosa****Begonia Gracilis Luminosa**

873 This begonia, of French origin, is undoubtedly a novelty of the very first rank. Of similar habit to *B. gracilis*, it differs from it by the lustrous reddish brown color of the foliage, while the flowers, measuring one to one and a half inches across, are of a fiery dark scarlet. Being extremely floriferous this excellent new variety produces in the mass a splendid effect. No better sort for groups and bedding has yet been seen, and it is decidedly superior to all existing dark-foliaged semperflorens Begonias. Pkt 25c.

The "Santa Rosa" Poppy

A new strain of Shirley Poppy, originated and improved by Mr. Luther Burbank, the famous wizard of horticulture. These have been named "Santa Rosa," after the producer's California home. This new strain combines all the delicate beauty in color of the original Shirley and Shirley types, and with these the whole flower in all of its petals is beautifully crimped.

Few garden flowers excel the poppy in popular flavor. Its freedom of growth, beauty and lovely showiness makes it an ideal garden flower. 874 Pkt 10c, 3 for 25c.

Butterfly Runner Bean

BUTTERFLY RUNNER BEAN

875 Among the climbing plants which deck our arbours and trellises the varieties of the Scarlet Runner Bean occupy a leading place, brightening the garden of their gaily hued flowers until far into the autumn. This new variety is equal to the old sorts as regards productiveness and quality of the Beans, but it is quite distinct and far surpasses them in the beauty of its flowers; what chiefly distinguishes the latter is the large size of the prettily waved snowy white wings and the salmon rose of the standard, these two colors making a most agreeable and striking contrast. The vine is also extremely floriferous, its leaves, of a somewhat lighter green than other runners, almost disappearing beneath the clusters of charming flowers which gracefully rise and fall, like butterflies, in the passing breeze. In the Butterfly Bean we have a beautiful new plant both for the kitchen and pleasure garden, which will certainly soon come into general cultivation. Pkt 15c.

Dianthus Snowdrift

DIANTHUS SNOWDRIFT

(Heddewigi lacnatus plenissimus albus)

876 Since the introduction of Dianthus Heddewigi, this beautiful plant has given birth to many hybrids, some double and some single-flowered. Their brilliant colors, and extremely free and long-lasting bloom render them the ornament of almost every garden. This new variety, Snowdrift, may fairly be classed among the very best. The robust and freely-branching plants grow about a foot high and most of them throw up a multitude of strikingly large flowers, 3 to 4 inches across, very double and with finely delineated petals of the purest white. Pkt 10c, 3 for 25c.

Double Stocks "Beauty of Nice"

DOUBLE PINK STOCKS

"BEAUTY OF NICE"

877 This first rate variety under good cultivation attains a height of 2 to 2½ feet, is clothed in bold foliage and throws up a gigantic main flower-spike of about a foot in length. All around the central stem the plant sends out a number of long side shoots, loosely covered with uncommonly large and very fragrant flowers of nearly two inches across, remarkably alike for their beauty of form and their delightful color. This is a delicate shade of fleshy pink, such as is now in the height of the fashion and just what the grower of out flowers requires. A further striking feature in this Stock is in the rapidity with which it comes into bloom, so that it may just as readily be employed as an early Ten-week Stock. Pkt 10c.

Schizanthus Wisetonensis

SCHIZANTHUS WISETONENSIS

878 The elegant, compact pyramidal form of this wonderfully showy plant is shown by our illustration. It grows about 16 inches high, with a multitude of large panicles of beautiful blossoms borne well above the charming feathery foliage. The ground color is white, dotted with rose, with a spot on the upper lip varying in color between golden yellow and bright brown. It continues to bloom from six to eight weeks, and is specially suitable as a house pot-plant. Pkt 25c.

Petunia, Giant
of California

Giant Petunias

879 RUFFLED GIANTS—The flowers are of extraordinary size and substance, with very deep throat, and distinguished from the large flowering fringed section by the deeper fringing and fluting giving the appearance as if artificially ruffled. The colors are not surpassed by any other strain ranging from the deepest plum purple to the purest white, with all the intermediate shades, which, combined with the ruffling, make the flowers truly superb. Pkt 20c.

880 Century Prize Fringed Ruffled Giant—This new strain originated with the famous specialist in California, who some years ago, sent out the California Giant and Ruffled Giant strains. It differs from the latter in having, in addition to the ruffling, a very fine fringed edging, making a very handsome flower. In size and coloring this new strain is equal to the finest now in commerce, and must be regarded as a decided advance in this important flower. (See cut). Pkt 25c.

881 Giants of California, Mixed—A California strain of incomparable beauty, size and luxuriance. Most of the flowers are exquisitely fringed on the edges, and are of enormous dimensions (4 to 5 inches across), but their great merits lie in the wonderful varieties of colors, markings, veinings, blotchings and stripings. Pkt 15c, 2 packets 25c.

"Century Prize" Fringed Ruffled Giant Petunias

Four New English Sweet Peas

NORA UNWIN

882 This charming variety especially takes its place easily in the front rank of pure whites, far out-distancing "Dorothy Eckford," which was hitherto considered the finest white, being larger, purer and finer form. It has the same bold wavy standard as "Gladys Unwin," and like all the progeny of same, it is true to name and does not sport. Original packet 35c.

MRS. ALFRED WATKINS

883 A superb pink of "Gladys Unwin" type, color a pale pink much like the old "Princess Beatrice," which was thought so much of when it was introduced many years ago; but the flowers of "Mrs. Alfred Watkins" are very much larger and have the beautiful hold wavy standard of "Gladys Unwin." It will be found one of the best market varieties for cut bloom. Original packet, 35c.

FRANK DOLBY

884 A lovely pale blue, the same shade as "Lady Grisel Hamilton," but very much larger, and being also bred from "Gladys Unwin," it has the same bold wavy standard and large size of its parent. It is to-day the largest and finest pale blue Sweet Pea. Original packet, 35c.

E. J. CASTLE

885 A magnificent addition to the "Gladys Unwin" class, with the same large flowers and bold wavy standard of its parent. The color is a very rich carmine rose with salmon shading in the standard, and this, over and above its other merits, has a rich striking effect, especially in artificial light. Original packet 35c.

1 Packet each above 4 varieties New Sweet Peas, \$1.25.

HELEN PIERCE SWEET PEA

886 Sweet Pea especially new in color and markings, and briefly described as a gloxinia flowered type. The color is very bright blue, mottled on pure white. It does not come striped nor with any suggestion of stripe, but uniformly marbled or peppered with the color and the veins show a little deeper. It impresses one as resembling a blue mottled gloxinia.

Pkt 10c, 3 Pkts 25c.

COUNTLESS SPENCER HYBRIDS ORCHID- FLOWERING SWEET PEAS

887 The type and form of these is a complete departure from anything yet introduced. Both the wings and standard are very large, and its graceful form, together with the immense size, makes it by far the most attractive variety in existence. There are distinct shades contained in this mixture, but all are of the large flowering type and of the same form. The different shades are: Deep pink, light pink, orange pink, white with light pink edging.

Pkt 10c, oz 20c, 1 lb 50c.

SHASTA DAISY

888 Their first qualification is hardiness. They can be grown out of doors by everybody where it is not cold enough to kill oak trees. Second, they are perennial, blooming better and more abundantly each season. Third, they can be multiplied rapidly by simple division, and they are not particular as to soil. Fourth, they bloom for several months. Fifth, the flowers are extremely large and graceful—averaging about a foot—often more, in circumference, with three or more rows of petals to the purest glistening whiteness, on single strong stiff, wiry stems, nearly two feet in length.

Seed, pkt 15c. Strong plants, 20c, 3 for 50c.

STOKESIA CYANEA (Cornflower Aster)

889 This is one of the most charming and beautiful native hardy plants. The plant grows from 18 to 24 inches high, bearing freely, from early July until frost, its handsome lavender-blue Centaurea-like blossoms, each measuring 4 to 5 inches across. It is of the easiest culture, succeeding in any open sunny position, and is not only desirable as a single plant in the mixed hardy border, but can be used with fine effect in masses or beds of any size.

Pkt 10c, 3 pkts for 25c.

MORNING GLORIES

The seeds of the following varieties of Morning Glories should be soaked in warm water for 24 hours before planting.

890 **The Brazilian Morning Glory**—The leaves are 8 to 12 inches across.

The flowers, which open in the morning, are 3 or more inches across, and of a beautiful rose color. Pkt 5c.

891 **Yellow Morning Glory**—The vines are literally covered with thousands of beautiful, pure yellow fragrant flowers. Pkt 5c.

892 **Japanese Imperial Single Fringed**—Their exquisite beauty and size (from 4 to 6 inches across) command admiration. The vines are strong and robust. Pkt 5c, or 20c.

893 "**Mikado**" **Japanese Morning Glories**—Their varieties of color are infinite, running from snow-white through all possible shades of blue and of red from palest pink to darkest reds and purples. They are streaked, mottled, striped and marbled. The leaves are handsome, some ivy-like, others heart-shaped, some rich green, while others are streaked and marbled with white and silver gray or yellow; others with choicest flowers have rich, golden leaves. They grow anywhere, but the seeds germinate a little slower than those of the common Morning Glory. Pkt 10c, 3 for 25c.

SPECIAL OFFER—One packet of each of the four Morning Glories 20c.

GIANT PRIZE PANSY AUREOLA

894 A beautiful mixture, grown from Giant Fancy Pansies, the lower three petals show a light purplish-rose carmine or crimson ground color, each of these three lower petals is marked with a large dark blotch. But the upper two petals of the flowers are of a light, whitish to yellow color. In the upper part of these two petals is a broad carmine red margin, Aureola like arranged. This gives the flower a most attractive and distinct appearance. Pkt. 15c.

GIANT PRIZE PANSY SIEGFRIED

895 Dragon would be the proper name for this novelty. Grown from Master-piece Pansy this fine strain possesses besides very large flowers and good substance the most brilliant colors. Each petal is marked with a large dark blotch that is margined by a bright lac-red color and this is surrounded by a bright yellow edge. A most valuable addition to the distinct sorts of Giant Five Spotted Pansies. Pkt. 15c.

Giant Prize Pansy, Aureola

GIANT PRIZE PANSY MAUVE QUEEN

896 Quite a new and distinct color in the strain of Giant Pansies, being really of a delicate mauve color. Each of the lower three petals is marked with a large blotch of distinct carmine color with a hue of delicate lilac. This gives the flowers a most distinct appearance. Mauve Queen is the first strain in the Pansies possessing such remarkable blotches of red color. Also it is worthy to be mentioned, that the margin of the petals is fine cut or fringed Pkt. 15c.

FLOWER SEED COLLECTIONS

25c. Simmers' Flower Seed Collection "A"

7 Pkts Choice Fresh Flower Seeds for 25c

Containing beautiful varieties of easily grown annuals with full directions for their culture.

FLOWER SEEDS.

45

In ordering Flower Seeds the running number need only be given with the year of publication of this catalogue.

While Trees and Shrubs

are important and satisfactory and must be relied upon as the general structural or frame-work in adornment of a place, annuals and other flowering plants make up the detail. And it is the detail which gives finish and completeness to the garden as a whole. They serve as pictures which may be shifted from season to season to suit the pleasure of the occupant of the dwelling whose grounds they beautify. They give quick returns and large profits from a small outlay of time and labor. New places and temporary locations can be greatly softened and beautified by a judicious use of these annual plants. There is no place so small that there is not room for a few of these beautiful annuals, and with a small outlay a succession and abundance of blooms can easily be secured.

Annuals grow, bloom and die the first year from Seed.

Biennials bloom the Second year from Seed and then die, though many, if sown early in the spring, will flower the first year.

Perennials usually bloom the second year, from Seed, and continue to grow and bloom for many years. Some will bloom the first year, if sown early.

Full Cultural Directions for Sowing are printed on each and every package.

THERE IS MONEY FOR YOU

in Flower Seeds and it will pay you to secure your neighbor's orders. We make these Liberal Premiums—

CUSTOMERS SENDING \$1.00 } may \$1.25
2.00 } select \$2.50

4.00 } \$5.00

Worth of Flower Seeds in packets. This premium, however, does not apply to seeds by weight or collections, nor does it apply to orders sent at different times during the season.

1 **ABOBRA VIRIDIFLORA**—An extremely pretty tuberous climber of the Gourd tribe, with handsome cut, glossy dark green foliage and small oval scarlet fruit, a perennial suitable for planting out during summer, forming beautiful garlands. The tubers have to be kept in a cellar or root house during winter. Per pkt 10c.

2 **ABRONIA UMBELLATA**—Handsome trailing annual for edging, pretty pale rose flowers, similar to Verbenas. Per pkt 5c.

3 **ABUTILON (Flowering Maple)**—Very free blooming greenhouse shrubs, with handsomely varied and striped bell-shaped flowers; are very ornamental in flower beds. Will bloom the first season when sown early, 2 to 6 feet. Per pkt 10c.

4 **ACACIA**—Decorative, greenhouse shrubs with elegant foliage, flowers yellow, white, or red, perennial. Mixed varieties. Pkt 10c.

5 **ACANTHUS LATIFOLIUS**—Stately foliage plants, suitable for specimens on lawns, or in the borders, presenting a rich tropical effect. Half hardy perennial. Per pkt 5c.

6 **ACHILLEA, Ptarmica**—Hardy perennial, with double white flowers. Per pkt 10c.

7 **ADLUMIA CIRRHOSA** (Mountain Fringe or Alleghany Vine), a beautiful hardy climbing perennial; flowers white with purple. Pkt 5c.

ADONIS

8 **Adonis Estivalis (Flos Adonis)**—A pretty, hardy scarlet annual, 13 inches high, of easy culture, flowering from July to September. Per pkt 5c.

9 **Adonis Vernalis**—A hardy perennial variety of the preceding, one foot high, with showy yellow flowers. Per pkt 5c.

Abronia Umbellata. Pkt 5c.

ACHIMENES

Splendid plants for the greenhouse or conservatory, flowers all shades of white, crimson, blue, etc., and afford a blaze of beauty the whole summer.

10 **Achimenes Hybrida.** Per pkt 25c.

ACROCLINIUM

A beautiful class of half-hardy everlasting annuals, 1 ft. high; graceful border plants.

11 **Roseum fl. pl.**—Double flowers. Per pkt 10c.

12 **Mixed**, rose and white. Per pkt 5c.

ACONITUM (Monkshood)

Showy hardy perennials, four feet high, growing in any good soil, even under the shade of trees.

13 **Aconitum Napellus**—Bright blue and white flowers. Per pkt 5c.

AGATHÆA

14 **Blue Daisy or Marguerite**—Hardy annual blooming profusely with daisy-like flowers of a beautiful shade of blue, which contrasts finely with the golden-yellow centre; invaluable. Per pkt 10c.

Agathæa

AGERATUM

Very useful half-hardy annuals for borders and bouquets, flowers very regular, height one to two feet, except the Tom Thumb kinds which are not over six inches in height; prevailing color, bright lavender blue.

15 **IMPERIALIS**—Dwarf white. Per pkt 5c.

16 **Dwarf Blue**—Pkt 5c.

17 **Cope's Pet**—Lovely azure blue; eight inches high. Per pkt 10c.

18 **Tom Thumb**—Large flowering rose. This beautiful variety forms bushy compact plants about 12 inches high, bearing large trusses of rose-colored flowers in such abundance as to almost cover the plant. Desirable for pot culture, or as a basket or vase plant. Per pkt 10c.

19 **Mexicanum**—Lavender blue. Per pkt 5c.

20 **Mexicanum**—White. Per pkt 5c.

AGROSTEMMA (Crown of the Field)

Free-flowering hardy annuals or perennials; flowers pink, in different shades; very pretty, like single pinks; height one to two feet; time of flowering from June to August.

21 **Agrostemma Cœli Rosa (Rose of Heaven)**—Annual. Per pkt 5c.

22 **Hybrida Splendens (Rose Campion)**—Deep crimson. Per pkt 5c.

AMMOBIUM (Winged Ammobium)

23 **Alatum Grandiflorum**—A half-hardy everlasting biennial, flowering the first year, double white with yellow centre. Per pkt 5c.

Ageratum—Tom Thumb—Rose. Pkt 10c.

Simmers' Superb Double Asters

OUR PACKETS OF ASTERS
CONTAIN A VERY LIBERAL
AMOUNT OF SEED

Note.—It is an undeniable fact that for purity, Aster seed grown in Germany is far superior to any grown elsewhere. The climate is better suited to the full development of the flowers, and the German growers have the experience of a century behind them. There is a great deal of cheap Aster seed offered to us every year, but we prefer to buy seed of careful and experienced growers, though high priced, and our selections are made from these.

Truffaut's
Peony-Flowered
Aster. Pkt
10c.

TRUFFAUT'S PEONY-FLOWERED

One of the handsomest and most ornamental sorts. The plants, which are very vigorous, grow from 18 to 24 inches high; the flowers are borne on long, wiry stems and are very large, from 3 to 4 inches in diameter, very double, and in shape like a Peony. The colors are both bright and delicate, and altogether, this Aster is nearly perfection.

DWARF QUEEN

This splendid Aster makes dwarf bushy plants about 10 inches high, of compact habit of growth, producing a great number of double flowers.

- | | |
|-----------------------------|------------------------|
| 33 White.....Pkt 10c | 34 Crimson.....Pkt 10c |
| 35 Mixed Colors.....Pkt 10c | |

SNOWBALL or "PRINCESS WHITE"

- 36 This is the first variety of an entirely distinct class which may be best compared to Lilliput Dahlias. A single plant develops as many as 30 pure white flowers. Pkt 10c, 3 for 25c.

TRIUMPH

- 37 About 7 to 8 inches high, the individual flowers measuring from 2½ to 3 inches across and are of the most faultless Peony form. The color is a peculiarly rich and brilliant pure scarlet. It produces its flowers in great abundance, each plant often bearing at least 30 to 40. Pkt 10c.

YELLOW ASTER "SUNLIGHT"

- 38 This variety resembles in growth and form of flower the Peony Perfection type, and is said to be the first really yellow variety introduced. Pkt 10c, 3 for 25c.

- 39 Dwarf Large Peony-Flowered Robust—Most valuable, being constantly in growth, with handsome foliage and large, beautifully-formed flowers, brilliant colors, mixed. Pkt 10c.

QUEEN OF THE MARKET

Blooms three weeks earlier than other Asters of branching habit, excellent for growing under glass. 1 foot.

- | | |

EARLIEST PARISIAN

The earliest of all by nearly three weeks. Plants are dwarf and very branching, blooming very freely; very double flowers, borne on very long stems, rendering them of exceptional value for cutting.

- | | |
|----------------------|---------------------|
| 45 White.....Pkt 10c | 46 Rose.....Pkt 10c |
|----------------------|---------------------|

OSTRICH PLUME

- 47 Plants 15 to 18 inches high and of strong branching habit, the flowers measuring 4 to 5 inches in diameter and borne on long stems. The petals are long, wavy and so twisted as to give an extremely beautiful effect. Pkt 10c, 3 for 25c.

SIMMERS' IMPROVED VICTORIA

Undoubtedly one of the most handsome Asters in cultivation of which we have an excellent strain. Flowers are large and perfectly double, of globular shape and beautifully imbricated; plants are of fine pyramidal form. 1½ feet high.

- | | |
|--|-----------------------|
| 48 Pink.....Pkt 10c | 50 Purple.....Pkt 10c |
| 49 Scarlet.....Pkt 10c | 51 White.....Pkt 10c |
| 52 Mixed Colors.....Pkt 10c, oz \$2.00 | |

HOHENZOLLERN ASTER

The flowers are much larger than those of the Giant Comet, and the petals are longer and more beautifully curled and twisted, and produced in much greater abundance. They quite resemble the Giant Flowering Japanese Chrysanthemums seen at the Autumn shows, and the flowers are borne on long stems, which with their beautifully curled petals makes them cut flowers par excellence.

Comet
Aster.
Pkt 10c.

GIANT BRANCHING COMET

A handsome new and very distinct Aster, resembling the Japanese Chrysanthemum in shape of flowers; the petals are very long and beautifully curled, are of a lovely delicate pink, bordered with white, bright pink, light blue, and other colors.

- | | |
|--|---------------------------|
| 59 Pink.....Pkt 10c | 61 Light Blue.....Pkt 10c |
| 60 Pink and White.....Pkt 10c | 62 Pure White.....Pkt 10c |
| 63 The Bride—A variety of the Giant Comet type. The flowers, on opening, are of purest white, changing as they become older to a beautiful shade of rose; a most unique transformation. Pkt 10c. | |
| 64 Mixed Colors—Pkt 10c, 3 pkts 25c. | |

JAPANESE GIANT ASTERS

- 65 Plants of pyramid growth, about 18 inches high, bearing on long stems from 40 to 50 flowers, averaging 5 inches across, composed of wavy and twisted needle-shaped petals, making the flowers free from the stiff and formal appearance usual to Asters. Mixed colors. Pkt 10c, 3 pkts 25c.

- 66 SIMMERS' EXCELSIOR MIXTURE OF TALL DOUBLE ASTERS—This is a mixture of the most beautiful, striking and delicate colors of tall varieties selected from the cream of Truffaut's desirable sorts, and includes our best named kinds. Aster lovers will be astonished at the wide range of colors given in this truly excelsior strain. Pkt 10c, 3 pkts 25c, ½ oz 40c.

- 67 SIMMERS' EXCELSIOR MIXTURE OF DWARF ASTERS—Where not desired for an even bed or border we would recommend the planting of our Excelsior Mixture. It consists of the most distinct and lovely colors from all the above Dwarf Asters. Pkt 10c, 3 pkts 25c, ½ oz 40c.

SPECIAL OFFER

For those wishing a succession of Asters during the season we offer the following four varieties:—QUEEN OF THE MARKET, Mixed, early PEONY FLOWERED, Mixed, medium, VICTORIA, Mixed, medium, GIANT BRANCHING, Mixed, late. 1 Packet of each for 35 cents.

Hohenzollern Aster

ASTERS—Continued**GIANT BRANCHING ASTERS**

The plants form strong, robust bushes about two feet high, bearing profusely on long strong stems, handsome Chrysanthemum-like flowers, many being over six inches in diameter. The flowers have none of the stiffness usual to most Asters, making them particularly desirable as cut flowers. They come into flower from two or three weeks later than most sorts, filling the gap between the general run of Asters and Chrysanthemums.

One packet each of any five colors for 35 cents.

74 **Daybreak**—A grand variety of American origin. It attains a height of 18 to 24 inches, and produces lavishly its perfect globe-shaped flowers of beautiful shell-pink color, similar to that of the Daybreak Carnation. A magnificent variety either for bedding or for cut flowers. Per pkt 10c, 3 pkts 25c.

75 **"Mignon" Mixed**—This beautiful Aster has rapidly acquired general popularity. We have, it is true, succeeded in obtaining several new colors, but they show as yet such a tendency to vary that we are constrained to offer mixed seed only. The mixture contains light blue, lilac, rose, carmine, rose and crimson varieties in addition to the fine white one. Per pkt 10c.

76 **Washington**—Pure white, flowers 4 to 5 inches in diameter and of perfect form. Free bloomer. Per pkt 10c.

77 **Vick's White Branching**—This Aster is a strong grower of branching habit, and blooms later in the season than any other variety. The flowers are pure white, four inches and over in diameter and borne on long stems. Pkt 10c.

78 **China**—Double-quilled Chinese Asters; 1 to 2 feet; in variety mixed. Oz 75c, pkt 5c.

79 **Chrysanthemum-Flowered Double Dwarf**—Of very compact growth, very abundant; later than other varieties, therefore valuable for succession; 1 foot, mixed colors. Pkt 10c.

80 **Crown or Cockade**—Large flowers with two colors, the centre being white; height 1½ feet, varieties mixed. Pkt 10c.

81 **Giant Emperor**—Beautiful class, large double flowers, varieties mixed. Pkt 10c.

82 **Goliath White**—Vigorous growth, producing immensely large flowers upward of 5 inches in diameter, so double as to appear in a subconical form, of a dazzling white color. Pkt 10c.

AMARANTHUS

Plants grown exclusively for their foliage, and in late summer and early fall, when they have reached their fullest development, the glowing effect produced by their mass of rich foliage is scarcely equalled by any class of plants. They succeed in any soil.

83 **Atropurpureus**—Hardy annual, 3 feet in height, drooping flower plumes, heart-shaped metallic tinted leaves. Pkt 5c.

84 **Caudatus** (Love Lies Bleeding) — Hardy popular annual, 2 feet in height. Pkt 5c.

85 **Melancholicus Ruber**—Half-hardy annual, 2 feet high, with rich blood red foliage. Pkt 5c.

86 **Monstrosus** (Prince of Wales Feather)—A hardy popular annual of pleasing effect, 2 feet in height. Pkt 5c.

87 **Salicifolius** (Fountain Plant)—2 to 3 feet in height, of branched and pyramidal growth. Pkt 5c.

88 **Salicifolius Henderi**—3 to 5 feet high forming a well-branched, gracefully-curved pyramid, with pendant foliage 12 inches in length. Pkt 10c.

89 **Tricolor** (Joseph's Coat)—Half hardy annual, 1½ feet high, foliage beautifully marked, yellow, red and green, very showy. Pkt 5c.

90 **Tricolor Splendens**—An improved variety of the preceding, the foliage being more distinctly marked. Pkt 5c.

Amaranthus Tricolor.
Pkt 5c.

ALOYSIA (Lemon-scented Verbena)

91 A perennial, popular deciduous greenhouse shrub known as the Lemon-Scented Verbena, Aloysia Citriodora (Verbena Citriodora). Pkt 10c.

ALYSSUM

Free flowering, pretty little plants for beds, edging or rock work. The annual variety blooms the whole summer, and the perennial is among our earliest and most attractive spring flowers.

92 **Sweet Alyssum**—White fragrant flowers, hardy annuals, 6 inches. Per oz 30c, pkt 5c.

93 **Little Gem**—Of dwarf compact habit, 3 to 5 inches in height, each plant covering a circle 15 to 30 inches in diameter. Flowers when quite small, and is a solid mass of white bloom from spring till late autumn. Per oz 40c, pkt 5c.

94 **Saxatile Compactum**—Golden yellow, shining, hardy perennial, three quarter foot high. Pkt 5c.

Giant Branching Aster. Pkt 10c.

ALONSOA (Mask Flower)

Handsome bedding plants, succeeding well in any garden soil, freely producing flowers of great brilliancy; half-hardy annual.

95 **Warszewiczii**—Bright scarlet flowers. Pkt 5c.

96 **Linifolia**—Scarlet flowers, fine feathered foliage. Pkt 5c.

AMPELOPSIS

97 **Quinquifolia** (Virginia Creeper)—One of the best climbing plants for permanent situations, as it is perfectly hardy, clings to the sides of what ever it may be growing against by the rootlets which it throws out along the stems. Grows 50 to 100 feet high. Pkt 10c.

98 **Veitchii** (Boston Ivy)—It clings to stonework, tree, etc., and is a splendid plant for covering unsightly objects; it attains a height of 50 feet. Perfectly hardy. See Plant List for large well-grown plants. Pkt 10c.

ANAGALLIS (Pimpernello)

Pretty little trailing, hardy annuals, flowering profusely in summer; used with advantage for small beds, edgings, rustic baskets, vases or rock-work.

99 **Grandiflora**—Scarlet, blue and carmine mixed. Pkt 5c.

ANCHUSA

Showy hardy perennials, with intense blue flowers of the form of Forget-me-not, with clear white centre, continuing in bloom for a long time.

100 **Altissima**—Three feet in height. Pkt 5c.

ANGELONIA

Pretty hot-house plant with fine musk-like scent; suitable for windows

101 **Florabunda Grandiflora**—Pkt 15c.

ARABIS (Rock Cress)

Remarkably early-flowering dwarf plants for rockeries, flower-beds, edgings, etc. Continuously in bloom from early spring until frost sets in height 9 inches; hardy perennial.

102 **Alpina**—Per pkt 5c.

ARCTOTIS GRANDIS—The African Lilac Daisy

A handsome new annual, forming profusely branched bushes of about 2 to 2½ feet in height and breadth. The leaves are soft and whitish. Its flower heads, borne on long stems and rising well above the foliage, are pure white on the upper surface, reverse of petals pale lilac.

103 Pkt 10c, 3 for 25c

Little Gem Alyssum. Pkt 5c.

FLOWER SEED BY WEIGHT

We carry large stocks of Flower Seeds and can furnish any quantity desired of any sort. Send us your list for estimate.

AQUILEGIA (Columbine)

Highly ornamental hardy perennials, combining at once flowers the most curious in form with colors most striking and beautiful; height from 2 to 3 feet; seed germinates very slowly.

- 104 **Stellata**, fl., pl.—Star-like double flowers, different colors, mixed. Pkt 10c.

- 105 **Vulgaris**, fl., pl.—Double flowers, showy, different colors, mixed. Pkt 5c.

- 106 **Chrysanth** (Golden spurred)—Bright golden yellow, 3 feet. Pkt 10c.

- 107 **Chrysanth** Alba (White spurred)—A beautiful pure white variety. Pkt 10c.

GIANT SNAPDRAGON

(*Antirrhinum Majus Grandiflorum*.)

These handsome and profuse flowering plants have long been favorites in our gardens. They are of very easy culture, even in rather dry locations, growing sturdily and producing quantities of flowers throughout the summer and autumn, from spring-sown seed.

- 108 **Firefly**—Scarlet, white throat. Pkt 5c.

- 109 **Brilliant**—Scarlet, golden and white. Pkt 5c.

- 110 **Crescia**—Fine deep scarlet. Pkt 5c.

- 111 **Kermesina Splendens**—Deep rose. Pkt 5c.

- 112 **Luteum**—Yellow. Pkt 5c.

- 113 **White**—Pure snow white. Pkt 5c.

- 114 **Tall Mixed**—Pkt 5c.

SPECIAL OFFER—One packet each of six varieties of Tall Giant Snapdragons. 25c.

LARGE FLOWERING DWARF SNAPDRAGON

(*Antirrhinum*)

Compact, thrifty, bushy plants. For low flower beds and edgings they are charming subjects, and for pot culture they are scarcely of less value.

- 115 **Golden Queen**—Pure yellow. Pkt 5c.

- 116 **Queen of the North**—White. Pkt 10c.

- 117 **Victoria**—White and red, very fine. Pkt 5c.

- 118 **Atrococcineum**—Deep scarlet. Pkt 5c.

- 119 **Dwarf Large Flowering, Mixed**—Pkt 5c.

SPECIAL OFFER—One package each of the four varieties, large flowering Dwarf Snapdragons, 20c.

ARISTOLOCHIA (Dutchman's Pipe)

- 120 **Sipho or Bonpland**—An exceedingly beautiful and interesting rapid-growing deciduous hardy perennial climber, flowers resembling a tobacco pipe. Pkt 10c.

ARMERIA (Thrift, Sea Pink)

- 121 **Formosa Rosea**—Commonly known as Thrift; hardy perennial of low growth, rosy flowers of long duration, like Everlastings; the plants are the best for edging borders or rockeries. Pkt 10c.

ARABIAN PRIMROSE (Summer Flowering)

- 122 **Arnebia Cornuta**—A charming annual, growing in bushy form about two-feet high, and about the same in breadth; flowers over three-quarters of an inch across, and of a rich primrose yellow, marked with five black spots. Pkt 10c.

ASPARAGUS

- 123 **Plumosus Nanus**—This plant possesses the advantage of being very graceful, its foliage being finer than that of the most delicate fern, and will last for weeks after being cut, the whole plant being of a bright cheerful green. It is an excellent house plant, succeeding under almost any conditions. Pkt 10c, 3 for 25c.

- 124 **Sprengeri**—A pot plant for decorative purposes or for planting in suspended baskets. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any position. We consider this one of the best house plants introduced in many years. Pkt 10c, 3 for 25c.

Aquilegia or Double Columbine. Pkt 5c.

Giant Tall White Snapdragon

ASPERULA (Woodruff)

- 125 **Azurea Setosa**—A hardy annual of easy culture in any soil, and of most valuable qualities, with verbena-like umbels of azure blue flowers, height 1 foot. Pkt 5c.

- 126 **Odorata**—A hardy perennial, one foot in height; the small branches of fragrant white star-like flowers appear in May and June. Pkt 10c.

AURICULA

- 127 **Variegated**—Very beautiful dwarf, hardy perennial, succeeds best in northern aspect not exposed to the sun; choice quality. Pkt 10c.

BALLOON VINE (Love in a Puff)

- 128 A rapid-growing, handsome summer climber, small white flowers seed vessels resemble small balloons; 10 to 15 feet high. Pkt 5c.

BARTONIA

- 129 **Aurea**, or Golden Bartonia—A favorite hardy annual, with showy brilliant yellow flowers; of easy culture. Pkt 5c.

BEE (Ornamental)

The ornamental-leaved Chilian Bees are among the most useful of the decorative foliage plants. For ribbon beds or groups they are very effective.

- 130 **Red Chilian**—Scarlet ribbed. Pkt 5c, oz 15c.

- 131 **Yellow Chilian**—Golden Yellow. Pkt 5c, oz 15c.

- 132 **Dracena-Leaved**—Brilliant dark red foliage. Pkt 5c.

BACHYCOME (Swan River Daisy)

Neat dwarf half-hardy annual, 6 inches high, flowers similar to the Cinerarias.

- 133 **Iberidifolia**—Blue. Pkt 5c. 134 **White**—Pkt 5c.

BEGONIA

Plants may be had in flower the first season from seed grown in February or March in a temperature of 60°. Set out in beds as soon as the ground becomes warm. Keep tubers over winter in dry sand.

- 135 **Giant Single Tuberous Rooted**—Finest mixed varieties. Pkt 25c.

- 136 **Giant Double Tuberous Rooted, Mixed**—Our seed has been hybridized, using the most double flowers and handsome single varieties. Pkt 35c.

- 137 **Pearcei**—A magnificent tuberous variety, bright golden color. Pkt 25c.

- 138 **Rex Hybrids**—Ornamental-leaved varieties. Pkt 25c.

- 139 **Vernon**—Flowers of a brilliant orange carmine; foliage of a glossy red, blooms profusely throughout the summer; a good bedder. Pkt 10c.

- 140 **Semperflorens, Double Mixed**—Many double-flowering varieties have been introduced in the last few years. The seed here offered has been saved from one of the best collections in Europe. Pkt 25c.

- 141 **Semperflorens, Single Mixed**—This mixture contains all the best varieties, ranging in color from pure white to the deepest crimson; splendid. Pkt 10c.

BELL FLOWER—(See Campanula). **BLEEDING HEART**—(See Dielytra).

BOCCONIA

- 142 **Japonica**—A hardy, perennial, foliage plant of pleasing effect among shrubbery, 5 to 6 feet. Pkt 5c.

BROWALLIA

- 143 **Elata**—Blue. Pkt 5c.

- 144 **Elata**—White. Pkt 5c.

- 145 **Roezlii**—Blue. yellow centre. Pkt 10c.

- 146 **CACALIA, Mixed** Pkt 5c.

- 147 **CALANDRINIA**—Grandiflora—Deep pink. Pkt 5c.

- 148 **CACTUS**—Sow seed in flower pot saucers filled with coarse sand, and cover with glass. A better way is to set the saucer of seeds in a larger one containing water.

Put the young seedlings into very small pots. Many varieties, extra choice mixed. Pkt 10c.

Begonia Semperflorens Single

Browallia Elata. Pkt 5c.

BALSAMS

Balsams or Lady Slippers are old favorites with everyone, owing to their handsome double flowers, brilliant colors and stately growth.

149 Simmers' Invincible Camellia-Flowered Double Mixed—We have no hesitancy in pronouncing this strain the finest in cultivation. The flowers are very large, measuring from two to three inches in diameter, of perfect form, resembling the flower of the Camellia, and are as double. Height two feet; mixed. Pkt 10c, 3 pkts 25c.

Calendula, Double Large Flowering, Sulphur Yellow. Pkt 10c.

Calceolaria Hybrida Maculata

- 150 Dwarf Double**—One foot in height, flowers abundantly, quite distinct. Pkt 10c.
- 151 Solferino Double, or Carnation Striped.** Finest Mixed—Distinguished by the flowers being striped and streaked with lilac and scarlet on satin-white ground. Pkt 10c.
- 152 Camellia-Flowered Perfection White (Queen's White)**—Flowers pure white, of immense size and solidity. Pkt 10c.
- 153 Victoria, Double**—Brilliant salmon-scarlet, finely-spotted and streaked flowers on white ground, tall, very fine Pkt 10c.
- Collection of Camellia-Flowered Balsams**—One pkt each, ten very fine varieties. 50c.

CALENDULA (Pot Marigold)—

A showy free-flowering genus of hardy annuals, producing a pretty effect in mixed borders, and growing freely on any soil.

- 154 Double Large Flowering, Sulphur Yellow**—A light yellow variety of this favorite annual, compact habit, large well-filled flowers. Pkt 10c, 3 for 25c.
- 155 Pongel fl. pl.**—Double white. Two feet high. Pkt 5c.
- 156 Ranunculoides fl. pl.**—Double flowering dwarf orange. Pkt 5c.
- 157 Superba**—Sulphur. Pkt 5c.
- 158 Meteor**—Double striped, flowering, very commendable. Pkt 5c.
- 159 Mixed Varieties**—Pkt 5c, oz 20c.

CALCEOLARIA (Lady's Slipper)—

A most magnificent early-flowering class of indoor or hardy greenhouse plants treated as biennials, with remarkably showy, interesting flowers, mottled and spotted in endless varieties of shade.

- 160 Hybrida Maculata (James' Giant Strain)**—Beautiful variety with spotted or mottled flowers, highly improved. $\frac{1}{2}$ pkt 25c, pkt 50c.
- 161 Hybrida Shrubby or Perennial**—For bedding out, bright yellow flowers. $\frac{1}{2}$ pkt 25c, pkt 50c.

CALIFORNIA GOLDEN BELLS

162 Emmanthe Pendulifera—An annual bushy plant, 9 to 12 inches high, each branch is loaded with broad bell-shaped flowers, about one-half inch long, of creamy yellow color. Pkt 10c.

CAMPANULA (Canterbury Bells)—

Bellflowers, when well-grown, are among the most attractive of hardy perennial plants, from the rich profusion of bell and saucer-shaped flowers in blue, white or flesh-color.

- 163 Medium Single Mixed (Canterbury Bells)**—Two feet high; large single blue flowers. Pkt 5c.
- 164 Medium Double Mixed**—Double flowering variety of the preceding, constant from seed. Pkt 5c.
- 165 Pyramidalis**—Three to five feet high, producing long spikes closely set with deep blue flowers. Pkt 10c.
- 166 Loreyl**—A dwarf hardy annual, with deep blue flowers. Pkt 10c.
- 167 Macrostylis**—A hardy annual, 15 inches high, forming a broad-headed bush, surmounted with cup-shaped flowers, $1\frac{1}{2}$ inches across, violet purple upon white ground. Pkt 10c.

Campanula

- 168 Cup and Saucer**—The flowers grow in the form of a cup and saucer, the colors are principally white and rose and occasionally blue. Pkt 10c, 3 for 25c.
- 169 Striped Cup and Saucer**—The bells average 3 inches in length, and the saucers 4 to 5 inches across, of a satiny lavender. Plants form perfect pyramids of bloom about 24 inches high. Hardy biennial. Pkt 10c, 3 for 25c.

CALLIOPSIS or CORREOPSIS

Showy, free flowering hardy annuals, indispensable in any collection, adapted for bouquets.

- 170 Double Yellow**—Double golden-yellow, with maroon spots. Pkt 5c.
- 171 Bicolor Tinctoria**—Very desirable hardy annual, 1 to $1\frac{1}{2}$ feet, yellow flowers, dark centre. Pkt 5c.
- 172 Gardaminæfolia, Hybrida**—Of more dwarfish habits than the preceding, dark brown. Pkt 5c.
- 173 Golden Wave**—Very showy sort, bright golden-yellow flowers, dark centre. Pkt 5c.
- 174 Mixture** of all the desirable sorts. Pkt 10c.
- 175 Correopsis Lanceolata**—Golden Correopsis—One of the finest hardy plants, large, showy bright golden yellow flowers freely produced on long stalks from June till frost. Hardy perennial, 3 feet. Pkt 10c.

CALLIRHOE

176 Pedata—A half-hardy annual of the Mallow tribe, with large deep rosy flowers produced in abundance during the whole summer, of easy culture, height 2 feet. Pkt 5c.

Calliopsis Mixed. Pkt 10c.

Remember our Premium. One dollar buys \$1.25 worth of seeds in packets. Our packets are very liberal and the quality of our seed unsurpassed.

Canary Creeper or Canary Bird Flower

CANARY CREEPER

(or Canary Bird Flower)

177 A well-known, pretty, favorite creeping annual with bright yellow flowers shaped like a bird with partly extended wings, running up to 8 or more feet in height, in light, rich soil; it may be treated as a hardy or half hardy annual. Per pkt 5c, oz 30c.

CANDYTUFT

Hardy annual or perennial, yielding an abundance of fragrant flowers throughout the whole season in almost any soil or situation; it is a well-known favorite for beds, edgings, pots, borders, etc., deserving to be cultivated in every garden.

178 *Empress*—One of the finest varieties in cultivation. It is intermediate in height between the old Rocket and the newer Tom Thumb sorts. The plant is of a very branching habit, and when fully grown and covered with its large trusses of pure white flowers, resembles a floral candelabra. Do not sow too thickly. Per pkt 10c, 3 pkts 25c, ½ oz 30c.

179 *Candytuft, White Rocket*—Pkt 5c, oz 20c.

180 *Scarlet* (or Carter's Carmine)—One foot high. Pkt 5c.

181 *Purple*—One foot high. Pkt 5c.

182 *Snowflake White*—One foot high. Pkt 5c, oz 25c.

183 *Mixed*—All colors. Per pkt 5c, oz 20c.

184 *New Dwarf Hybrids*—This is a very choice mixture of dwarf-growing Candytuft with flowers candelabra shaped, in a large variety of colors, very attractive and well worthy of a trial. Pkt 10c, 3 for 25c.

185 *Iberis Tenoreana, Perennial*—A half-hardy perennial shrub, 1 foot high, white fragrant flowers for indoor culture. Per pkt 10c.

186 *Iberis Gibraltaria, Perennial*—A beautiful hardy perennial, about 1 foot high, specially adapted for rockeries, baskets, etc. Coming into flower early in the spring. It is a very profuse bloomer and in color it is pure white, shading off to delicate lilac. Pkt 10c, 3 for 25c.

Empress Candytuft. Pkt 10c.

CANNA or INDIAN SHOT

Very stately and highly ornamental plants, with large, broad massive foliage, and rich crimson, scarlet or yellow flowers. When planted in groups or masses they impart a tropical aspect to the garden. They are half-hardy and produce fleshy roots, which, if taken up and kept in a cellar, may be divided every spring and used like Dahlias for years.

187 *Crozy's Gladiolus Flowered*—This distinct class of dwarf, compact habit, produces flowers similar to the Gladiolus, but excelling them in brilliancy, marking and variety of colors, embracing all shades. They are valuable for groups, solitary plants and for house decoration. They will bloom the first year from seed. Per pkt 10c, ½ oz 20c.

188 *CHOICE MIXED, Old Varieties*, red and green foliage. Pkt 5c.

CENTROSEMA GRANDIFLORA (Butterfly Pea)

189 A perfectly hardy perennial vine of rare beauty, which blooms in July from seed sown in April, and bears in great profusion inverted pea-shaped flowers ranging in color from a rosy violet to a reddish purple with a broad feathery white mark through the centre, the buds and back of the flowers being pure white. Pkt 10c.

CATCHFLY

190 A favorite hardy annual, 1 foot high, flowering freely, and suitable in any soil. Pink and white. Pkt 5c.

CASTOR OIL BEAN (Palma Christi)

Castor Oil Bean—Zanzibarensis. Pkt 10c, 3 for 25c.

Most favorite stately growing hardy annuals; from their tall growth and fine foliage well suited for decorating shrubberies or lawns.

191 *Zanzibarensis*—A comparatively new species of wonderfully vigorous growth. Plants grow from 10 to 15 feet high. Leaves have a brilliant lustre, measure about 30 inches across, and in different plants range from bright green with green stems to deep bronze with dark red stems. Mixed varieties. They are sure to please all. Pkt 10c, oz 20c, ½ lb 50c.

192 *Cambogiensis*—They grow from 6 to 8 feet high in a few weeks, with large, palm-like leaves of a bronzy red maroon color with large red veins. The leaf stems and younger growth are of rich reddish brown, while the main stem or trunk is of ebony black, the foliage in the sunlight glitters as if highly burnished. Pkt 10c, oz 30c.

193 *Borboniensis Arboreus*—Immense green foliage, 15 feet. Pkt 5c, oz 20c.

194 *Gibsoni*—Dark purple stems and leaves, 5 feet. Pkt 5c, oz 20c.

195 *Sanguineus*—A distinct variety, with beautiful brownish-red foliage and bright seed pods; very effective; 6 feet high. Pkt 5c, oz 20c.

196 *Mixed*—In many sorts. Pkt 5c, oz 20c.

Cineraria Hybrid Grandiflora Maxim

CINERARIA

FLOWERING VARIETIES—A popular class, mostly indoor or green house plants, yielding abundance of bright tinted flowers early in spring in great variety of shades. Cinerarias grown from our strain of seed have been greatly admired on account of their large flowers and distinct colors. Our strain of Cineraria cannot be surpassed either for size of flowers or beauty of color, many of the blooms measuring 2½ inches in diameter. We have received very flattering reports from florists and private gardeners of their success with our Cineraria seed. All desiring the best should obtain our strain.

197 *Hybrid Grandiflora Maxima*—Mixed, ½ pkt 25c, pkt 50c.

198 *Hybrida, double flowered*—Representing every shade of color unquestionably one of the best of recent introduction. ½ pkt 25c, pkt 50c.

199 *Stellata (Star Cineraria)*—A charming variety, with large spreading panicles of starry flowers in the same variety of colors as the ordinary Cineraria; the extreme grace and elegance of the plant and flowers make them wonderfully effective for the decoration of the house or conservatory, and especially so for church decoration; also used for cutting, 35c.

BEDDING CINERARIA

200 *Maritima*—A hardy perennial extensively used for bedding purposes on account of the silvery, finely-fringed foliage. Pkt 5c.

Cineraria Stellata (Star Cineraria)

Simmers' Carnations

"Carnation," "Pink," "Clove Pink," "Florist's Pink" are names applied by different people to the same or to different plants of several species as well as to hybrids between them. They are all easily grown from seed and very free blooming; the flowers being bright colored and with a most delicious clove-like fragrance. Some of the varieties are very desirable for the professional florist and make fine house plants for the amateur. Others do best in the open ground and are among the most desirable of garden plants. Half-hardy perennial.

201 Extra Choice Double—Mixed, saved from a rich collection of named flowers, which will produce splendid varieties. Per pkt 25c.

202 Fine Double—Mixed, sweet-scented sorts. Pkt 10c.

203 Chabaud's Everblooming—The plants are of even height, as if trimmed, healthy and vigorous, the stalks stiff as wire, the flowers large, very double, deliciously sweet and in the largest and most charming color variations. These also bloom in four months from the time the seedlings are up. Pkt 15c, 2 for 25c.

204 Remontant, Perpetual Flowering, or Tree—Flowering almost constantly during the year, and in winter, if kept indoors. Seeds from extra choice double flowers. Per pkt 25c.

205 Early Dwarf Grenadin—For yielding a quantity of double flowers for cutting there is no carnation that can equal it. Flowers salmon-red and sweet-scented. Pkt 10c.

206 Marguerite—Plants are of dwarf, compact and neat habit. They flower most abundantly, and throughout the whole year. Eighty per cent. of the flowers are very double, never burst, and embrace a great variety of colors. The seedlings bloom in four months from planting and by making repeated plantings flowers may be had all winter. Pkt 10c, 3 for 25c.

For Carnation plants see under plants.

Marguerite Carnation

Carnation Chabaud's Everblooming

CHRYSANTHEMUM

Showy and effective garden favorites, extensively grown for cut flowers. The hardy annuals are summer flowering border plants; good for pot culture, and quite distinct from the autumn flowering variety.

Annual Varieties

207 Coronarium—Two feet double white and yellow mixed. Pkt 5c.

208 Single Mixed—One to two feet. Per pkt 5c, or 30c.

209 Eclipse—Pure golden, with bright purplish scarlet ring on ray floret; disc is brown. Pkt 5c.

210 Dunnetti—Three-colored flowers, very pretty. Per pkt 5c.

Perennial Varieties

211 Grandiflorum Frutescens—"The Marguerite" or "Paris Daisy." Tender perennial. It produces freely white star-like flowers. Pkt 10c, 3 for 25c.

212 Inodorum Plenissimum—Double, snow-white, very free-flowering and fine for cutting. A perennial flowering the first year from seed. Pkt 10c.

213 Japanese Hybrids—The seed here offered has been saved from blooms that have been carefully hybridized, and may be expected to produce some rare novelties in this popular flower. Chrysanthemum seed grown in spring will produce vigorous flowering plants by fall. Per pkt 20c.

CLEOME (Spiderwort)

Very pretty, half-hardy, fragrant annuals, two feet high, flowers somewhat resemble a spider.

214 Purpurea—Purplish blue flowers. Pkt 5c.

215 Pungens (Giant Spider Plant)—A showy robust growing plant, 4 to 5 feet high, producing long curious spikes of flowers of a bright rose color. Pkt 5c.

CENTRANTHUS

216 Macrosiphon—Showy, low growing, hardy annuals, suitable for any ordinary garden soil. One foot. Mixed colors. Pkt 5c.

CLARKIA

A genus of hardy annual plants of great elegance and beauty, succeeding well in any soil, and flowering freely in many shades of color.

217 Mrs. Langtry—The petals have an even edge, the color of the flowers being purest white, with an evenly defined centre of carmine crimson. Pkt 10c.

218 Double and Single Varieties—Mixed. Per pkt 5c.

CLEMATIS (Virgin's Bower)

These hardy perennials are most rapid growing climbers, producing an abundance of interesting, sweet-scented and showy flowers.

219 Flammula—Sweet-scented, white flowers. Per pkt 10c.

220 Jackmanii—Rapid climber, with intense deep violet purple flowers of large size. Pkt 10c.

221 Fancifula (Japanese Virgin's Bower)—A fine climber abundantly covered from top to bottom with pure white fragrant flowers and pretty red seed pods. Pkt 10c, 3 pkts 25c.

CLINTONIA

222 Pulchella—Elegant, tiny, half-hardy annual, 6 to 8 inches high, sky-blue flowers, with white centre. Best grown in pots or in hanging baskets. Pkt 10c.

Chrysanthemum Coronarium. Pkt 5c.

CERASTIUM (Snow in Summer)

223 Biebersteini—One of the prettiest hardy perennial plants ever known for bedding out or ribboning, being of dwarf growth, densely branching with leaves covered with a cottony down of snowy whiteness and producing a profusion of elegant white flowers, 6 inches high. Per pkt 10c.

224 Tomentosum—Very pretty perennial dwarf white leaved edging plant, bearing small white flowers. Pkt 10c.

GLIANTHUS (Dampieri)

(Glory Pea of Australia)

225 A splendid half-hardy shrub 2 feet high, with large, rich, crimson shaded clusters of pea flowers, shaped like parrot bills. If sown early will flower outdoors the first year. Per pkt 10c.

COBÆA SCANDENS

Elegant rapid-growing climber, 20 to 30 feet high, that can be grown in the greenhouse or conservatory, or in the garden in summer, where from their luxuriance they are particularly desirable for covering arbors, walls, etc. Flowers large and bell-shaped.

226 Purple—Per pkt 10c, 4 or 20c.

227 White—Per pkt 10c.

Cobæa Scandens. Pkt 10c

Centaurea Imperialis. Pkt 10c.
(Royal Sweet Sultan)

CENTAUREA

(Corn Flower or Bachelor's Button).

Showy, free flowering, hardy annuals, succeeding well in any kind of soil.

FLOWERING VARIETIES

228 *AMERICANA*—Lilac flowers, 3 feet high. Pkt 5c.

229 *Depressa*—Deep blue flowers, one foot high. Pkt 5c.

230 *Double*—In addition to the doubleness of the flower, this strain contains a number of new shades. Pkt 5c.

231 *Cyanus* (Blue Bottle)—Different colors, mixed, 2 feet high. Pkt 5c.

232 *Odorata Mixed*—Reddish lavender, highly fragrant. Pkt 10c.

Centaurea Cyanus

Centaurea Suaveolens

ROYAL SWEET SULTANS

(*Centaurea Imperialis*)

This beautiful class are undoubtedly the finest of all Sweet Sultans for cut flower purposes. The beautiful sweet-scented, artistic-shaped flowers are borne on long, strong stems, and when cut will stand for several days in good condition. The plant itself is much stronger than any other Sweet Sultan. Of easy culture, but it is best, south of the New England States, to sow very early in the spring, so that they may perfect their flowers before very hot weather comes. We offer the following distinct colors:—

233 *Pure White*.....Pkt 10c 236 *Deep Lavender*.....Pkt 10c
234 *Delicate Lilac*...." 10c 237 *Dark Rose*....." 10c
235 *Brilliant Rose*...." 10c 238 *Deep Lilac*....." 10c
239 *Mixed*. Pkt 10c, 3 for 25c.

240 *Marguerite*—One of the handsomest Sweet Sultans. The plants grow about fifteen inches high and the flowers are of the purest white, exquisitely fragrant. Pkt 10c, 3 for 25c.

241 *Chameleon*—Its flowers are large, and of a pale sulphur-yellow, changing into pink. Pkt 10c, 3 for 25c.

242 *Suaveolens* (Yellow Sweet Sultan or Grecian Cornflower)—Bright golden yellow flowers, height 1½ feet. Pkt 5c.

WHITE-LEAVED CENTAUREAS (Dusty Millers)

Fine for bedding, vases, hanging baskets, and pots; also extensively used for borders. Sow the seed from December to April.

243 *Gymnocarpa*—Fine cut silver-gray foliage, 1½ feet. Per 1,000 seeds, 50c, pkt 10c.

244 *Candidissima*—Silvery white, leaves broadly cut. Per 1,000 seeds 50c, pkt 10c.

COCCINEA INDICA

245 This is a remarkably pretty climber, foliage ivy-like, bright and luxuriant, never troubled with insects, and admirably adapted for trellises, arbors, etc. The small flowers are soon followed by numerous fruits two inches long, which turn to brilliant scarlet spotted with white. Half-hardy perennial—10 feet. Pkt 10c.

COLEUS

246 *Hybridus*—Beautiful ornamental foliage plants both for hot-house and bedding out during the summer; the broad oblong leaves being of a deep crimson brown color, edged with green, yellow or salmon color or mottled in a most picturesque manner. *Simmers' finest mixture*. Pkt 25c.

Coleus

Cockscob Dwarf (President Thiers)

COCKSCOMB (or Celosia)

Splendid half-hardy annuals, generally known. To grow them to perfection they should be planted in the richest compost, in a sheltered position.

247 *Cristata*, tall—Mixed colors. Pkt 10c.

248 *Cristata*, dwarf—Mixed colors. Pkt 5c.

249 *President Thiers*, *Glasgow Prize* or *Tom Thumb*—A fine dwarf variety, with dark leaves and crimson combs. Pkt 10c, 3 for 25c.

FEATHERED VARIETIES

250 *Thompson's Superb* (*Triomphe de l'Exposition*)—Pyramidal in growth, attaining a height of a little more than two feet, and producing beautiful large spikes of the most brilliant crimson. In sunlight the rich color of the flower spikes is beautifully contrasted with the bronze-colored foliage. Pkt 10c.

251 *Feathered* or *Ostrich Plume*, *Mixed*—This feathered Celosia produces very large plumes which are exquisitely curved and curled in exact resemblance of an ostrich feather. The plant grows about three feet high, is of handsome pyramidal form. Pkt 10c.

Early Cosmos

252 *Japonica* (*Japanese Cockscob*)—Plants 2½ feet in height, dark red foliage and stem, purplish scarlet head. Pkt 10c.

COLUMBINE (See Aquilegia)

COLLINSIA

253 *Bicolor, Mixed*—Very neat hardy annuals, foot high, growing in any light soil. Flowers purple, lilac and white spotted. Pkt 5c.

COMMELINA

254 *Colestis*—A pretty biennial of easy culture and of low growth, flowers of bright sky-blue. Pkt 5c.

COSMOS

255 *Early Flowering Mixed*—Seed sown in the open ground in the beginning of May, will produce blooming plants in August, and they will continue to flower until late in fall. We know of no single flower that is as handsome and chaste as the Cosmos, while for keeping qualities when cut, they are unexcelled. Pkt 10c, 3 for 25c.

256 *Early Yellow Cosmos*—Flowers sulphur yellow, from 1 to 1½ inches in diameter, the plants attaining a height of about two feet. Pkt 10c.

257 *Dawn, Early Dwarf, Large-Flowering*—More bushy and compact than the older varieties, and grows only about four feet, while all others attain a height of six to seven feet. The flowers are fully as large as those of the old sort, pure white with a tinge of rose. They commence to bloom in July and last until frost. Pkt 10c.

258 *Pure White "Pearl"*—Pkt 10c.

COLLOMIA

259 *Coccinea*—Hardy annual, about 18 inches high, scarlet flowers neat in bouquets, grown in any light soil. Pkt 5c.

CONVOLVULUS (Dwarf Morning Glory)

Very popular hardy trailing annuals, flowering in different shades of brilliant blue and purple, with white centre, until late in autumn.

260 *Minor Mixed*

They are covered with flowers from June until late in fall. The only annual that equals it in freedom of bloom is the Godetia. The flowers are about the same size and shape as the tall or climbing Morning Glory. Many colors mixed. Pkt 5c, oz 20c.

261 *Double Flowering*

Flowers variegated, semi-double, but not very constant from seed. Pkt 5c.

262 *Mauritanicus*

A hardy trailing perennial, sky-blue flowers. 1½ inch diameter. Pkt 10c.

Dwarf Morning Glory

COWSLIP

263 **Primula Veris**—A well-known, hardy, early-flowering perennial, appropriate for edging borders; flowers bright yellow and fragrant. Pkt 5c.
 264 **Giant American Cowslip** (*Dodecatheon Clevelandi*)—It throws up stems of flowers fully one foot high, each surmounted by 6 to 10 large, beautiful cyclamen-like flowers of violet blue, with yellow and black centre. It is perfectly hardy and beautiful plant for partially shaded situations. Pkt 25c.

CUCUMIS

265 **Flexuosus** (Snake Cucumber)—Fruit resembling a long green snake, upwards of seven feet in length, a great curiosity. Pkt 5c.
 266 **Perennis, or Perennial Gourd**—A rapid-growing, half-hardy perennial climber, handsome fruit. Pkt 10c.

CUPHEA (Cigar Plant)

Remarkable for their beauty, freedom of blossom, and ornamental appearance both in the greenhouse and in the arbor; admirably adapted for pot culture for blooming in winter.

267 **Platycentra** (Cigar Flower)—One foot high; intense scarlet flowers. Pkt 10c.

268 **Rozilli**—Three feet high; brilliant scarlet flowers, blooming in winter. Pkt 10c.

CYCLAMEN

A graceful tuberous greenhouse or parlor plant with beautiful deep pink or white fragrant flowers.

269 **Persicum Giganteum**—Williams' white

270 " " violet purple eye. Pkt 15c

271 " " Rose. Pkt 15c

272 " " Dark red. Pkt 15c

273 " " White. Pkt 15c

273 " " Mixed. Pkt 15c

FRINGED CYCLAMEN BUTTERFLY

They possess all the qualities of fine habit of plant, beautiful markings of foliage, size and freedom of bloom of the finest type of C. persicum, but differ in having flowers with much wider petals, the edges of which are beautifully fringed or waved, giving them an extra grace and beauty.

274 Splendid mixture of all varieties, pkt 50c.

CYCLANTHERA

275 **Explodens**—Fast growing, hardy annual climber fringed foliage, oval-shaped fruit. Pkt 5c.

CYPERUS (Umbrella Plant)

276 **Alternifolius**—A handsome foliage plant for the greenhouse or open ground; resembles an open umbrella frame. Pkt 10c.

CYPRESS VINE (*Ipomoea*)

277 **Cypress Vine** (*Ipomoea quamoclit*)—A beautiful scarlet or white flowering climber. Pkt 5c.

DAHLIAS FROM SEED

It is strange how few people know that Dahlias can be raised from seed and bloom the first year. The seed we offer is saved from the choicest varieties only, and if sown early will bloom profusely all summer.

278 **Double Cactus, Mixed**—The flowers are double and in a large variety of handsome and rich colors. A very early-blooming race. Pkt 10c, 3 for 25c.

279 **Double Mixed**—Pkt 10c, 3 for 25c.

280 **Dwarf or Liliput Mixed**—Pkt 10c.

281 **Single Mixed**—Pkt 10c.

282 **Lucifer**—Black-leaved, single dark scarlet flowers. Pkt 10c.

FOR DAHLIA ROOTS SEE UNDER BULBS.

DIELYTRA

283 **Spectabilis** (Bleeding Heart)—A beautiful hardy perennial, 2 to 3 feet high, feathered foliage, flowers lovely pink, drooping, heart-shaped, in numbers on slender stems. Pkt 10c.

DOLICHOS (Egyptian or Hyacinth Bean)

284 **Daylight**—One of the prettiest climbers and certainly the most beautiful among the Dolichos or Hyacinth Beans. Of very rapid growth, growing to a height of fifteen feet by mid-summer. From the handsome foliage there springs out a wonderful profusion of large sprays or spikes of white pea-like blossoms. Pkt 10c, 3 pkts 25c, or 30c

285 **Darkness**—Both stems and under side of leaves are purplish red. Numerous long spikes of pea-like flowers, deep reddish violet. Per pkt 5c, per oz 20c.

DRACENA (or Club Plant)

Palm-like plants, indispensable for decoration.

286 **Indivisa**—Grows easily from seed. Pkt 10c.

DRACOCEPHALUM (Dragon's Head)

287 **Moldavicum**—Annual, 2 feet high, blue flowers. Desirable hardy annual plants of low growth, of quite an agreeable fragrance, easily grown from seed. Pkt 5c.

DOUBLE DAISY (Bellis Perennis)

The double German Daisy is one of the prettiest dwarf hardy perennials in cultivation. It flowers the first year from being sown; seeds from the finest double sorts.

288 **Longfellow**—Fine large flowering, dark rose flowers. Pkt 10c.

289 **Snowball**—A sport of that charming variety Longfellow which possesses the good qualities of its parents; long stem, free bloom and large double flowers, about 80 per cent. of which are extremely large and snowy white, justifying its name. Pkt 10c.

290 **Pure White**—Double. Pkt 5c.

291 **Simmers' Mammoth Mixed**—For size of flowers and doubleness these have no equals. The flowers average 1 1/2 to 2 inches in diameter, are very double, ranging in colors from snowy white to pink and blood-red, with the prettiest combinations of pink and white. Pkt 10c, 3 for 25c.

Simmers' Mammoth Daisies. Pkt 10c.

DICTAMNUS

Very pretty hardy perennials; the leaves have a pleasant smell like lemon peel when rubbed.

Fraxinella, or Gas Plant—The ordinary purplish pink form, while not showy, is stately and the white variety is really handsome. It has strong, fresh, pleasant lemon perfume, particularly so when you rub the flowers.

292 **Rosea**—Pink flowers. Pkt 10c.

293 **Alba**—White flowers. Pkt 10c.

DIGITALIS (Fox Glove or Witch's Finger)

Well-known, showy, tall, hardy perennials, with large spikes of beautiful bell-shaped flowers in different shades of purple and pink and white, height about 3 feet.

294 **Monstrosa Purpurea** (Mammoth Foxglove)—The largest and best type, all colors, mixed. Pkt 5c.

295 **Gloxineiflora**—Large flower spikes, beautifully spotted, mixed. Pkt 10c.

DATURA (Trumpet Flower)

This genus forms part of our most showy plants both with respect to flower and foliage; flowers are trumpet shaped, almost six inches in length and are very fragrant, they are half-hardy annuals.

296 **Double Golden Queen**—Large double flowers of a deep golden yellow, delightfully fragrant. Pkt 5c.

297 **Fastuosa Huberiana**—Mixed from large double flowers of various colors. Pkt 5c.

298 **Arborea Simplex** (Brugmansia)—Large, single trumpet-shaped white fragrant flowers, about 12 inches long; plant out in May. Pkt 10c.

299 **Cornucopia** (Horn of Plenty)—A grand variety the flowers average 3 inches long by 5 across; French white inside, purple outside; delightfully fragrant; started early will flower from early summer until frost. Pkt 10c, 3 pkts 25c.

Digitalis or Foxglove. Pkt 5c

Datura, Cornucopia. Pkt 10c.

DELPHINIUM (Larkspur)

All Larkspurs, whether of hardy annual or hardy perennial nature, are remarkable for their great beauty, diversity of shades and high decorative qualities. They also differ greatly in their habit of growth, some producing magnificent spikes of flowers, others again being dwarf and completely covered with flowers. Sow the seed early and they bloom freely the first year.

ANNUAL VARIETIES

300 **Blue Butterfly**—In this new Larkspur we have a combination of attractions. It is dwarf and compact, hardly reaching a foot in height. It has a bushy, yet branching habit, and the size of the blossoms are beyond anything we have ever seen in the old perennial varieties; its color is of the intensest blue yet found in any flower. Pkts 10c, 3 for 25c.

301 **Double Rocket**, (Ajacis, fl. pl.)—Two feet high with long spikes of various colored flowers. Pkt 5c, oz 40c.

302 **Double Hyacinth Flowered**—1½ feet high, more compact in growth, flowers as fine as the preceding. Pkt 5c.

303 **Emperor**—Of symmetrical bushy habit, with a profusion of brilliant dark blue, red-striped and tri-colored flowers. Pkt 5c.

304 **Double Stock Flowered, Mixed**—The flowers are of great effect, and their principal merit consists in keeping their bright color even in a dry state. Pkt 10c.

305 **Consolida Candelabrum**, fl. pl.—Double branching, of compact, branching pyramidal growth, 1 foot high; flowers in many colors, appearing in abundance in a candelabra-like outline. Pkt 10c.

HARDY PERENNIAL VARIETIES

306 **Cashmerianum**—A beautiful dark blue; blooms in corymbs of six or more; 15 inches. Pkt 10c.

307 **Zalli** (Hardy Yellow Larkspur)—Sulphur yellow plant of branching habit, bearing spikes of 40 to 50 blossoms, each 1 inch in diameter, flowering from June until August, 3 to 4 feet. Pkt 10c.

308 **Formosum**—Two feet high; flowers in large spikes of exquisite blue and white. Pkt 5c.

309 **Pillar of Beauty**—(D. formosum coelestinum)—An unusually pretty color—a delicate azure or sky blue, so bright and pretty a shade that it has to be seen to be appreciated. Pkt 10c.

310 **Nudicaule**—Of dwarf compact growth, producing flowers varying in color from light scarlet to crimson. Pkt 10c.

311 **Sinense**—Two feet high, flowering in loose clusters, sky blue, white or pink, excellent for bouquets. Pkt 5c.

312 **Perennial Hybrids**—Double and single mixed. Pkt 10c.

DIANTHUS or PINKS

A magnificent genus, combining some of the most popular flowers in cultivation, producing a great variety of brilliant colors and profusion of bloom. The hardy biennials and Japanese varieties bloom the first season, the same as hardy annuals, height 1 foot. The hardy perennial varieties are very fragrant and of easy culture in the garden or greenhouse.

SINGLE ANNUAL VARIETIES

313 **Crimson Belle**—Very fine, large rich crimson flowers. Pkt 10c.

314 **Eastern Queen**—Beautifully marbled, with broad bands of reddish lake upon petals, most valuable. Pkt 10c.

315 **Salmon Queen**—Its flowers are of a very distinct and perfectly new tint in this class. They are of the most brilliant salmon color imaginable, changing into a salmon-rose when fading. The flowers are well formed and nicely fringed. Pkt 10c, 3 pkts 25c.

DOUBLE ANNUAL VARIETIES

316 **Fireball** (new)—Brilliant scarlet, double. Pkt 10c.

317 **Imperial Pinks—Imperialis**, fl. pl.—About six inches high, in great variety of shades. Pkt 5c, oz 60c.

318 **China or Indian Pinks—Chinensis**, fl. pl.—About 12 inches high, of robust growth, extra double flowers, in great variety. Pkt 5c, oz 50c.

319 **White Frill or Mourning Cloak**—Double flowers of large size, rich and unique colors; rich purple maroon, almost velvet black, and sharply edged with clear white, making a striking and beautiful contrast. Pkt 10c.

320 **Carnation striped, double China Pinks—Coronatus**, fl. pl.—Pkt 10c.

321 **Japan Pinks—Heddewigii Hybridus**, fl. pl.—Robust, growing exceedingly large, distinct, showy flowers. Pkt 5c.

322 **Double White Heddewigii**—Very large double white flowers. Pkt 10c.

323 **Diadem Japan Pinks—Heddewigii Diadematus**, fl. pl.—Extremely double, large flowering, beautiful shades. Pkt 10c.

324 **Fringed Pinks—Laciniatus**, fl. pl.—Very large double fringed flowers. Pkt 10c.

HARDY PERENNIAL VARIETIES

325 **Single Sweet William—Barbatus**—One foot high, fine variety of colors, single mixed. Pkt 5c, per oz 30c.

326 **Double Flowering Sweet William—Barbatus**, fl. pl.—Brilliant variety mixed. Pkt 10c, per oz 60c.

327 **Plumaris**, fl. pl.—Double flowered, pheasant-eyed pink; exquisitely fragrant. Pkt 10c.

328 **Superbus Nanus**—Double white dwarf, an excellent and profitable variety for florists and for bedding out. Pkt 10c.

329 **Collection**—One pkt each, ten distinct varieties of Dianthus, annual, biennial and perennial, 75c.

ECHEVERIA

330 **Metallica**—A dwarf, succulent greenhouse perennial, for bedding out during summer with broad bronze fleshy leaves. Pkt 25c.

Double Fringed Pink, *Dianthus Laciniatus*, fl. pl. Pkt 10c.

Double Japan Pink, *Dianthus Heddewigii*, fl. pl. Pkt 5c.

Single Annual, *Dianthus* or Pinks

Perennial Larkspur

Annual Larkspur

Single Sweet William. Pkt 5c.

Double Sweet William. Pkt 10c.

ELICHRYSUM (Everlasting)

- per pkt
- 331 Golden Ball—1 foot high, bright yellow flowers..... 5
- 332 Snowball—White flowers..... 5
- 333 Fireball—Scarlet flowers..... 5
- 334 Dwarf Mixed—(Compositum minimum)—Quite distinct..... 5
- 335 Tall Double Mixed (Monstrosum fl. pl.) 3 feet high..... 5

ESCHSCHOLTZIA (California Poppy)

- Very showy hardy annual, flowering abundantly until very late in autumn similar to poppies, of dwarf growth, succeeding in any soil.
- 336 California—Orange..... 5
- 337 Rose colored..... 5
- 338 White..... 5
- 339 Mandarin—Brilliant scarlet, distinct..... 5

ECCREMOCARPUS (Calampelis)

- 340 Scaber—A rapid-growing tender annual, with pretty foliage and clusters of handsome scarlet flowers..... 10

ERYTHRINA (Coral Plant)

- 341 Crysta Galli—An ornamental, half-hardy perennial shrub, fine for outdoor summer decoration, with beautiful foliage and superb spikes of scarlet pea-shaped flowers; 5 ft. high 10

Gaillardia picta Lorenziana

Eschscholtzia

EUPHORBIA (Snow-on-the-Mountain)

- Per pkt
- 342 Variegata—Half-hardy annual, 1½ ft. high, showy, excellent for borders..... 10
- 343 Heterophylla—(The gorgeous Annual Poinsettia), Mexican Fire Plant, or "Fire-on-the-Mountain." 3 pkts for 25c..... 10

EVERLASTINGS (Mixed)

- 344 A single packet will supply a great variety of the most attractive Everlasting Flowers. 3 pkts for 25c..... 10
- Everlasting Pea (See Lathyrus).
- Evening Primrose (See Enothera).

FERNS

- 345 To raise them from seed is very interesting; full directions are printed on the packages. A choice mixture of hardy kinds..... 15
- Collection of Ferns—Twelve varieties, \$1.50.
- Feverfew (See Matricaria). Four O'clocks (See Marvel of Peru).

FRAGARIA

- 346 Indica (Indian Strawberry)—A yellow-flowering, half-hardy, perennial, producing pretty scarlet but tasteless fruit in succession almost during the whole year; a desirable plant for hanging baskets. 10

FREESIA

- 347 Refracta Alba—Very easily grown bulbs, which can be readily produced from seed. The flowers are pure white with yellow throat and exquisitely fragrant. Three pkts 25c, or..... 10

FORGET-ME-NOT

Charming little hardy perennial plants, with an abundance of star-like little flowers, well adapted for small beds, hanging baskets and rockeries.

- Pkt
- 348 Alpine (Myosotis alpestris)—4 ins. high, delicate sky-blue 5

- 349 Victoria—The flowers are large and of a bright azure blue with yellow centres. The plants form neat bushes completely covered with flowers, a valuable variety for cut flowers and pot culture..... 10
- 350 Semperflorens—A charming dwarf Forget-me-not, continuing in bloom from early spring until autumn; blue, 8 inches..... 10
- 351 Compact Blue—9 in. high..... 10
- 352 Dark Blue (azorica)—Flowers half an inch across; rich torquoise blue, without eye..... 10
- 353 White Flowering..... 10
- 354 Clear Blue (disitiflora)—one of the best of all the Forget-me-nots. It is of a remarkably compact habit, profuse bloomer, having the appearance, when in full flower, of a sheet of exquisite blue..... 10
- 355 Palustris—Beautiful blue flowers, 1 ft. suitable for swamp ground..... 5

FUCHSIA

- 356 (Lady's Ear Drop). A pre-eminently beautiful popular greenhouse or parlor plant. Variegated mixed..... 25

GERANIUM

- 357 Zonale—Scarlet sorts mixed..... 10
- 358 Double Mixed—This seed will produce a large percentage of double flowers of extra fine colors..... 25
- 359 Apple-Scented—This fragrant variety can only be grown from seed to form fine plants..... 15
- 360 Pelargonium, Mixed—From fancy and spotted varieties..... 25

Hardy annual; very free flowering; suitable for growing in masses.

- Per pkt
- 361 Achillæfolia Rosea—2 ft. high, rosy flowers..... 5
- 362 Capitata—2 ft., sky blue..... 5
- 363 Tricolor—1 ft., white, lilac and purple..... 5

GAILLARDIA

Truly elegant, half-hardy biennial plants, flowering the first year, or hardy perennials of dwarf habit and flowers of two or three striking colors, in form of Cockades.

- 364 Picta Grandiflora—The largest flowering variety of these popular annuals, very showy, many colors mixed..... 10
- 365 Picta Lorenziana—The ray and disc flowers of this new variety develop into tubular funnel-shaped florets one above another..... 10
- Hybrida Maxima—These are the choicest of hardy perennials; flowers are large, numerous, excellent for cutting, and of brilliant shades of orange, crimson, scarlet, and vermilion, and very often a combination of all these colors in one flower.
- 366 Single Mixed Perennial..... 10
- 367 Semi-double Perennial..... 10
- 368 Tagetes Pumila—Half-hardy annual, 1 ft., feathered foliage and dark yellow flowers..... 10
- GAMOLEPIS 369 Acaulis—Short-stemmed, hardy perennials, much used for edging; flowers dark blue..... 10
- GENTIANA 370 Corniculatum—Ornamental, hardy, robust, perennial foliage plants, bordering..... 10

GLOBE AMARANTHUS (Gomphrena Globosa) Handsome favorite

- hardy everlasting annuals, flowering freely the whole summer.
- 371 Bright Purple—Flowers 18 in. high..... 5 373 Variegated..... 5
- 372 White..... 5 374 Orange Yellow..... 5

GLOXINIA (Hybrida Crassiflora)

Bulbous-rooted plants, producing in great profusion during summer months large bell-shaped flowers of the richest and most beautiful variety of brilliant colors. The bulbs must be kept warm and dry during the winter; 1 foot.

- 375 Grandiflora, with erect flowers—A mixture of the finest spotted and blotched varieties. Pkt 25c.
- For Gloxinia bulbs see page 72.

GREVILLEA

(Silk Oak)

- 376 Robusta—Very beautiful and graceful foliage highly valued as a decorative plant for table and tropical lawn effects, tender perennial, 3 to 5 feet. Pkt 10c.

GODETIA

Ornamental hardy annuals. Gloxinia Grandiflora, with erect flowers 2 feet, various shades of lilac and purple.

- 377 Insignis—Large flowered, mixed..... 5
- 378 Lady Albemarle—Crimson, edges of the petals suffused with pale lilac, dwarf..... 5
- 379 Lady Satin Rose—Unequalled for brilliancy and richness of colors. The flowers are of a brilliant deep very rosy pink, the surface shining like satin..... 5
- GOLDEN FEATHER (See Pyrethrum)..... 5

GRASSES (Ornamental)

- 380 Briza Maxima..... 5
- 381 Bromus Brizaeformis (Brome Grass)..... 5
- 382 Coix Lachrymae (Job's Tears)..... 10
- 383 Gynierium Argentum (Pampas Grass)..... 10
- 384 Lagarus, Ovatus (Hare's Tail Grass)..... 5
- 385 Stipa Penata (Feather Grass)..... 10
- 386 Ornamental Grasses—Mixture..... 10

Ornamental Gourds

GOURDS (Ornamental)

- 387—**Angora**—The foliage is dense and the fruits are spotted white of the most curious shapes and colors. They are very desirable. Pkt 5c; oz. 30c.
 388 **Flat Corsican**—Fruit in form of flat bottles. Pkt 5c; oz. 30c.
 389 **Dipper or Syphon**—Pkt 5c; oz. 30c.
 390 **Herculean Club**—Fruit like large clubs. Pkt 5c; oz. 30c.
 391 **Bottle**—Pkt 5c; oz. 30c.
 392 **Orange**—Pkt 5c; oz. 30c.
 393 **Pear**—Pkt 5c; oz. 30c.
 394 **Striped Flat**—Green striped, very pretty. Pkt 5c; oz. 30c.
 395 **Nest Egg**—Pkt 5c; oz. 25c.
 396 **Serpent**—Fruit 5 to 6 feet in length, which when ripe becomes a brilliant carmine color. Pkt 10c; oz. 40c.
 397 **Mixture of the above**. Pkt 5c; oz. 25c.
Customers' Selection of 6 Pkts 25c

GYPSOPHILA

- Hardy annuals or perennial plants, producing multitudes of tiny white flowers, extremely neat in bouquets.
 398 **Elegans, Mixed**—Annual, 2 feet high. Pkt 5c.
 399 **Paniculata (Baby's Breath)**—White, fine for bouquets, perennial. Pkt 5c.

HELIANTHUS or SUNFLOWER

- 400 **Nanus, fl. pl.**—Dwarf variety, about 2½ feet high, flowers very double, rich golden yellow, 5 to 7 inches across. Pkt 5c, oz. 20c.
 401 **Annuus, fl. pl.**—Tall, large and very double. Pkt 5c, oz. 20c.
 402 **Double Chrysanthemum-Flowered**—An excellent plant for the lawn, shrubberies of any other place where color effect is desired. The plants grow 6 or 7 feet high, and produce a great number of double flowers of various sizes. Pkt 5c, oz. 15c.
 403 **Ever-Blooming "Stella"**—This new annual 3 to 4 feet high, produces its flowers in the greatest abundance all through the summer till late in the fall. They are 2½ to 3 inches across, borne on long stems, purest golden yellow with a black disc. Pkt 5c.
 404 **Cucumerifolius, Miniature Sunflower**—Small flowered, dwarf, single sunflower, rich yellow, an abundant bloomer. Pkt 5c.
 405 **Oculatus, fl. pl.**—Very double, tall, yellow, green centre. Pkt 5c.
 406 **Globosis Fistulosus**—Flowers from 12 to 15 inches in diameter, globular and extremely double, most effective of all annual Sunflowers. Pkt 5c, oz. 10c, ½ lb 25c.
 407 **Multiflorus**—Hardy perennial, 5 to 6 feet high. Pkt 5c.

Heliotropium Peruvianum
Pkt 10c.

- 408 **Mammoth Russian**—As the name implies of gigantic dimensions both of flower and stalk; seeds are used largely for chicken feed. Pkt 5c, ½ lb 10c, lb 25c.

HELIOTROPE

- 409 **Lemoine's Giant Hybrids**—Their fragrance is delicious and powerful. The colors are from pure white through all shades of violet and blue to deep indigo. Per pkt 10c, 3 pkts for 25c.

- 410 **Peruvianum**—Popular indoor or greenhouse plant of low growth and deliciously fragrant purplish-blue or lilac trusses of delicate flowers. Mixed. Pkt 10c.

HELIPTERUM

- 411 **Sandfordii**—Pretty dwarf everlastings, with bright yellow flowers. Half-hardy annual. Pkt 10c.

Hunnemannia or Yellow Tulp Poppy
Pkt 10c.Japanese Variegated Hop
Pkt 10c, 3 for 25c.

HIBISCUS

A hardy free flowering annual, 2 feet high, straw colored flowers, with prominent dark spots at the base, very desirable for mixed bed of flowers.

- 412 **Africanus**—(Calisurus). Pkt 5c.
 413 **Syriacus**—(Double Rose of Sharon) — White and purple. Pkt 10c.
 414 **Crimson Eye**—Pure white with a large spot of velvety crimson in the centre of each flower; hardy perennial. Pkt 10c.

HESPERIS or ROCKET

(Dame's Violet)

- 415 **Matronalis**—Popular hardy, fragrant flowering, perennial, 2 feet high. Mixed colors. Pkt 5c.

HOPS

- 416 **Japanese Variegated**—The first color is bright deep green distinctly marked and blotched with silvery white tinged with yellow; now and then a leaf will be almost snowy-white, and another one not far away, almost green. Pkt 10c, 3 for 25c.
 417 **Humulus Japonicus**—Green-leaved Japanese hop. Pkt 5c.

HONESTY

- 418 **Lunaria Rediviva**—Hardy biennial, admired for its silvery seed pouches, which are used for house ornaments. 2 feet high. Pkt 10c.

HUMEA

- 419 **Elegans**—Red, 3 feet high. A remarkably handsome plant, invaluable for decorative purposes; in the centre of beds it is most effective; half-hardy biennial. Pkt 10c.

HUNNEMANNIA

- 420 **Fumarifolia, Bush Escholtzia (Yellow Tulp Poppy)**—The plants grow into a shrubby bush, 2 feet high, and produce large cup-shaped flowers 3 inches across on stems 12 inches long. The color is of clear, bright yellow, the petals are broad and crinkled, like crushed satin. The flowers keep in water for two weeks. Pkt 10c.

IMPOMEA—(See Morning Glory and Cypress Vine).

ICE PLANT—(See Mesembryanthemum).

IMPATIENS SULTANA

- 421 **Zanzibar or Sultan's Balsam**—Planted in open ground in June it grows luxuriantly, flowers with the greatest profusion. Brilliant rosy scarlet. Pkt 15c.

IPOMOPSIS (Standing Cypress)

- Stems 2 feet high. Remarkably handsome, free flowering, half-hardy biennials for indoors, flowering the second year in different tints of bright orange scarlet.

- 422 **Elegans**—Mixed pkt 5c.

KALANCHOE CARNEA

- 423 This beautiful decorative plant attains a height of about 18 inches and is of good bushy habit. The pink flowers are of wax-like consistency last a long time in perfection and are deliciously fragrant. Pkt 20c.

KAULFUSSIA

- 424 **Ameloides**—A pretty dwarf hardy annual, 6 inches high, dark purple, daisy-like flowers, desirable for early summer flower beds. Pkt 5c.

KOCHIA

- 425 **Scoparia**—Popularly known as Belvidere or Summer Cypress; an annual, 2½ feet high, of dense, close growth, resembling a clipped evergreen; completely covered in the fall with crimson flowers. Pkt 10c.

LANTANA

- 426 **Hybrida**—Fine mixed. A rapid-growing indoor shrub, for bedding during summer, 3 feet; flowers in heads of yellow, pink, orange or changeable colors. Pkt 5c.

LARKSPUR—(See Delphinium)

LAVATERA

- 427 **Hybrida**—Handsome, free flowering, upright growing hardy annual, of the Mallow tribe, crimson rose flowers. Pkt 5c.

LAVENDER

- 428 A hardy plant, bearing spikes of blue flowers, which are cut and dried for their fragrance; perennials from 1 to 2 feet. Pkt 5c.

LAYIA

- 429 **Elegans**—A pretty and attractive little hardy annual, for cut flower purposes. The rays of the flower heads are bright yellow with white tips. Pkt 10c.

LILY OF THE VALLEY

- 430 (Convallaria) Pkt. 10c.
 Lemon Verbena —(See Aloysia).

Kochia Scoparia
Pkt 10c. (very ornamental).

HOLLYHOCKS

[Althaea]Rosea)

One of our grandest summer and autumn flowering plants, bearing long spikes of double white, red, pink and yellow flowers, 3 to 4 inches across. Hardy biennials 5 to 8 feet high. The seed we offer has been saved from our unrivalled collection of choicest improved double varieties.

431 **CHATEERS' DOUBLE MIXED**—Most beautiful variety. Pkt 10c.

432 **Chaters' Double White**—Pkt 10c.

433 **Chaters' Double Yellow**—Shades—Pkt 10c.

434 **Chater's Bright Red**—Pkt 10c.

435 **Chater's Bright Pink**—Pkt 10c.

ALLEGHENY HOLLYHOCKS—The flowers of this variety are from

4 to 6 inches in diameter, running from semi-double to double. The colors are shell pink, rosy and ruby red.

436 **Mixed**—Pkt 10c, 3 for 25c.

Hollyhocks—Chater's Prize Collection, 1 pkt each, 12 distinct colors, 50 cents.

For Hollyhock plants to flower this year, see plant list.

LOBELIA**Dwarf or Compact Varieties**

Little, round, compact plants fine for edgings, ribbon beds, etc., 4 to 6 inches high.

437 **Prima Donna**—A charming novelty; in habit dwarf and compact, rich, velvety, crimson maroon flowers. Pkt 10c, 3 for 25c.

438 **Crystal Palace**—Dark blue, fine for beds. Pkt 10c.

439 **White Gem**—Pure white, compact habit. Pkt 10c.

440 **Emperor William**—Blue, white eyes. Pkt 10c.

TRAILING VARIETIES

Branching plants for hanging over vases and baskets, 6 to 9 inches high.

441 **Gracilis**—Light blue, slender, trailing stems, grown for baskets. Pkt 5c.

442 **Erinus Grandiflora Stellata, or Paxtoniana**—Large blue flowers white eye. Pkt 10c.

443 **Erinus Spesciosa**—Large, free flowering, sky blue, white centre. Pkt 10c.

HARDY PERENNIAL VARIETIES

444 **Fulgens** (Queen Victoria)—Beautiful border plant, with brilliant scarlet flowers and metallic crimson foliage. Pkt 10c.

445 **Cardinalis**—Scarlet, native of Canada. Pkt 10c.

LIMNANTHES

446 **Douglassi**—Easily grown, free flowering, slightly fragrant plants, excellent for beds or edgings in damp, shady places; hardy annuals. Pkt 10c.

LINARIA

(Kenilworth Ivy)

Very pretty, hardy annual or perennial, trailing or low growing plants.

447 **Alpina**—Perennial, lilac shaded. Pkt 10c

448 **Cymbalaria** (Kentucky or Kenilworth Ivy)—Perennial, purple and white. Pkt 10c.

449 **Hendersoni**—Annual. 1 foot high; lilac and yellow shaded flowers. Pkt 5c.

Kenilworth Ivy. Pkt 10c.

(Linaria Cymbalaria)

LINUM (Flowering Flax)

Free flowering hardy annual or perennial.

450 **Grandiflorum Rubrum**—Crimson. Pkt 5c.

451 **Perenne**—Perennial blue. Pkt 5c.

LOPHOSPERMUM

Flowering Flax. Pkt 5c.

452 **Scandens**—Exceedingly beautiful and highly ornamental genus of climbers, handsome showy foxglove-like flowers; half-hardy annual or biennial. Rosy purple flowers. Pkt 10c.

LOVE-IN-A-MIST (Devil-in-the-Bush)

453 **Nigella Damascena**—Popular hardy annuals of low growth, handsome in bouquets. Blue and white, mixed. Pkt 5c.

Chater's Extra Double Hollyhock. Pkt 10c.

LUPINUS or LUPIN (Sun Dials)

Desirable plants for bedding and bouquets, long graceful flower spikes richly colored pea-shaped flowers, white, blue, rose, yellow, etc.

454 **Mixed Annual Varieties**—Pkt 5c.

455 **Perennial Mixed Blue and White**—Pkt 5c.

LYCHNIS

Beautiful hardy, biennial and perennial plants, 3 feet high, remarkable, conspicuous heads of brilliant scarlet-shaded flowers.

456 **Chalcedonica**—Perennial, bright scarlet flowers. Pkt 5c.

457 **Grandiflora Gigantea**—A variety of the preceding of dwarf nature, and with many large flowers. Pkt 10c.

MALVA

458 **Moschata Alba**—(White Musk Scented Mallow)—An attractive garden plant; grown into a pyramidal bush; produces numerous white flowers size of a silver quarter. Thrives best in a warm situation. Pkt 10c.

MALOPE

A favorite hardy annual, 3 feet high, with large conspicuous flowers of the Mallow tribe.

459 **Grandiflora**—White and rose, mixed. Pkt 10c.

MARTYNIA

Handsome, tropical appearing annuals, for outdoor cultivation during summer, being raised indoors; 2 feet high, large leaves and trumpet-shaped flowers, producing curiously shaped seed pods, like horns.

460 **Formosa**—Mixed. Pkt 5c.

MARVEL OF PERU

(Four O'clock)

461 (Mirabilis Jalappa)—Beautiful half-hardy annuals, 3 feet high; flowers are fragrant, especially in the evening. In many shades, of white, red, yellow and blue, mixed. Pkt 5c.

MARIGOLD

Popular hardy annual border plants of magnificent effect; varying in height, form and color of flowers, but always being showy, desirable border plants.

462 **Eldorado, Tall** (Double African)—The handsomest of the Marigolds, its colors ranging from palest yellow to the deepest orange; flowers large, almost round, and very double. Pkt 10c.

463 **Dwarf Double African**—1 foot high, orange color. Pkt 5c.

464 **Tall Double African**—2 feet high, orange color. Pkt 5c.

465 **Tall Striped Double French**—2 feet high, yellow flowers, with a broad stripe on each petal. Pkt 5c.

466 **Dwarf Double French**—1 foot high, flowers velvety brown, finely edged yellow. Pkt 5c.

467 **Gold Nugget, Double French**—Dwarf, dense growth, and immense double flowers, which are of a peculiar shade of golden yellow. Pkt 5c.

468 **Legion of Honor, French**—The plants grow 9 inches high, and will bloom from the middle of summer until late in fall. Flowers rich golden yellow marked with velvety brown. Pkt 10c.

MATHIOLA (Evening Scented Stock)

469 **Bicornis**—A desirable half-hardy annual, 1 foot high, bushy, with rosy lilac flowers of a delicious perfume, especially in the evening. Pkt 5c.

MATRICARIA (Feverfew)

Hardy perennials, flowering the first year, with daisy-like double white flowers, 1 foot high.

470 **Capensis, fl. pl.**—Bridal Rose, double white, daisy-like flowers Pkt 5c.

471 **Eximea Nana Aurea Crispa, fl. pl.**—Dwarf growing with golden yellow leaves exquisite for bordering. Pkt 10c.

MAURANDIA

472 **Maurandia, mixed blue shades and white**—The prettiest half-hardy climbing plants in cultivation, for trellises outdoors, or for greenhouse or parlor culture. Pkt 10c.

473 **MELILOTUS**—**Suaveolens**—Sweet Clover. Pkt 5c.

MELOTHRIA

474 **Punctata** (African Oak-leaved climber)—A magnificent, rapid-growing, climbing annual. Flowers are succeeded by great numbers of blue-brown berries. Pkt 25c.

Dwarf Double French Marigold

Lobelia, Crystal Palace Compacta Pkt 10c.

Machet Mignonette. Pkt 10c.

spikes average 12 to 15 inches long, are very full and exceedingly fragrant. Pkt 10c.

482 **Bismark or Improved Machet**—The flowers are borne on long stems, high above the thick, dark green, somewhat corrugated foliage, the bushes do not exceed one foot in height, the flowers are of a reddish hue, and very sweet scented. Pkt 10c, 3 for 25c, oz 60c.

483 **Defiance**—When grown under favorable conditions and with proper care, its spikes will not only be of remarkable size—from 12 to 15 inches long—but deliciously fragrant. The individual florets are of large size and stand out boldly. Pkt 10c, 3 for 25c, oz 60c.

484 **The Prize**—This is a very distinct variety the flowers being unusually large as well as remarkable for their beautiful color and delicious fragrance; flowers light red. Pkt 10c.

485 **Machet**—Vigorous dwarf pyramidal plants, very stout flower stalks, with numerous dark green leaves, terminating in long spikes of deliciously scented red flowers. Best for pot culture and valuable for borders. Pkt 10c, oz 60c.

486 **Giant Red, or Paris Market**—Its enormous flower spikes are of the largest size, the individual blossoms of an intense red color are very sweet scented. One of the best for out flowers and pot culture. Pkt 10c.

MESEMBRYANTHEMUM

A pretty little trailing plant, the leaves of which are covered with crystalline globules; half-hardy annual.

487 **Crystallinum**—Ice plant. Pkt 5c.

488 **Tricolorum**—Dew or wax plant. Small pink flowers. Pkt 5c.

489 **Cordifolium**—Large rosy purple flowers, good for hanging baskets, heart-shaped variegated leaves. Pkt 5c.

MUSA ENSETE (Abyssinian Banana)

490 A splendid plant for the open air in summer, producing a most striking effect when planted singly or in groups. In our hot summers it luxuriates and attains gigantic proportions when freely supplied with manure and water. The seeds germinate easily if started in hot-bed or bottom heat in greenhouse. Tender perennial, 10 to 20 feet. Pkt of 5 seeds 25c.

MOONFLOWER

491 **Ipomœa Noctiflora**—Bears in the greatest profusion its lovely white flowers, 5 to 6 inches in diameter, with five-pointed star the centre flowers open at dusk or earlier on cloudy days; deliciously fragrant. Start early in the house and set out as early as safe in the spring. Pkt 10c.

MIMULUS (Monkey Flower)

Extremely handsome, dwarf growing, half-hardy biennials with delicate large beautifully tinted flowers, requiring shelter from the midday sun to bring them to perfection.

492 **Cupreus**—Spotted and blotched flowers on yellow ground. Pkt 5c.

493 **Simmers' Mammoth**—Unequalled for beautiful colors. Tinged and spotted. Pkt 15c.

494 **The Emperor**—The flowers are remarkably rich and varied in color, of a semi-double appearance. Pkt 15c.

Mimulus Moschatus—(See Musk Plant).

Monkey Flower.
(Mimulus Cupreus), Pkt 5c.

Moonflower, or Evening
Glory, Pkt 10c.

MIGNONETTE

(Reseda Odorata)

Most popular fragrant flowering hardy annuals of trailing habit and graceful in appearance; indispensable in every garden.

475 **Large Flowered**—sweet scented. Pkt 5c, oz 15c, 2 oz 25c, 1 lb 40c, lb \$1.25.

476 **Mill's Spiral**—Of dwarf habit, branching, large flowered spikes. Pkt 10c.

477 **Parson's White**—Stamens white, flowers large and fragrant. Pkt 10c.

478 **Golden Queen**—An entirely distinct sort of dense pyramidal habit, with golden yellow flowers which give it a most attractive appearance. Pkt 5c.

479 **Compact Dwarf**—Of upright, compact branchy growth, almost circular, with reddish tinted numerous flowers. Pkt 5c.

480 **Gabrielle**—New, red, very sweet, spikes very thick. Pkt 5c.

481 **Bird's Mammoth**—Under proper cultivation the very full and exceedingly fragrant.

MINA LOBATA

One of the handsomest climbers.

495 A charming Mexican climber, which somewhat resembles the Cypress Vine, except in color and shape of flowers which are tubular-shaped, borne on fork-like racemes. Seed must be sown early. Pkt 10c

MOMORDICA

(Balsam Apple)

496 **Momordica Balsamina**—A trailing or low-climbing, half-hardy annual, the fleshy fruits infused with sweet oil, being famous for curing wounds. Pkt 5c.

MUSK PLANT

497 **Musk** (Mimulus Moschatus)—This fragrant and universally favorite little plant with its yellow flowers, is well known and is equally at home in sitting-room, green-house or garden, half-hardy perennial. 9 inches high. Pkt 5c.

MORNING GLORY (Ipomœa)

Magnificent hardy annual climbers, very free flowers, trumpet-shaped, rich shades.

498 **Morning Glories, all colors mixed**—Pkt 5c, oz 15c, 2 oz 25c, 1 lb 40c.

499 **Mexican Mixed**—Large flowering. Pkt 5c.

500 **Variegated Leaved**—With silvery white marbled leaves, distinct. Pkt 10c.

501 **Coccinea**—Scarlet, feathered leaves. Pkt 10c.

502 **"Heavenly Blue" or Sky Blue Mexican**—Foliage very large, heart-shaped; flowers 4 to 6 inches across in large clusters, light blue with a yellow throat suffusing softly into blue. Also a splendid conservatory climber. Pkt 10c.

503 **Learl** "The Blue Dawn Flower"—Most beautiful bearing clusters of the most lovely sky-blue flowers 5 to 6 inches across. Pkt 10c.

For the newer varieties of Morning Glory see Novelties.

NEMOPHILA (Love's Grove)

Of neat, compact habit, blooming freely all summer. If thinned to 4 in. apart the plants will present a dense mass.

504 **Mixed**—Blue, white, violet, etc. Pkt 5c.

NICOTIANA (or Tobacco Plant)

The following are very ornamental half-hardy annuals and are very desirable.

505 **Grandiflora Purpurea**—Large massive foliage, dark purple, red flowers. Pkt 5c.

506 **Afinis** (Sweet-scented Tobacco Plant)—Produces an abundance of large, pure white flowers that expand fully in the morning and evening, emitting a delicious fragrance. Pkt 5c.

NICOTIANA SYLVESTRIS—A superb garden annual of robust, branching habit, about 3 or 4 feet high;

the foliage is large and luxuriant, of very dark green; the very long, pendant, tubular flowers of pure white are borne in circular clusters, on strong spikes away above the foliage. The flowers emit a very delicious perfume.

507 Pkt 10c, 3 pkts 25c.

NICOTIANA COLLOSSEA—Attains a height of 5 to 6 feet during one summer; immense leaves, at first rose and violet, afterwards changing to deep green with red veins. An imposing foliage plant, giving an elegant tropical effect.

508 Pkt 10c, 3 pkts 25c.

Morning Glories. Pkt 5c.

Nemophila

Nicotiana sylvestris

SIMMERS' SUPERB NASTURTIUMS

TALL OR CLIMBING VARIETIES

Elegant and luxuriant climbers for verandas, trellises, etc., bearing the gorgeous flowers in profusion until killed by frost. May be used to cover unsightly railings and to trail over rough ground with fine effect. The seed pods can be gathered while green and tender for pickling. 6 to 10 feet. (See cut).

509 **Simmers' Special Mixture**—Pkt 5c, oz 10c, 2 oz 20c, $\frac{1}{2}$ lb 30c, lb \$1.00.

510 **Yellow**—Very fine.

511 **Dark Brown—Crimson.**

512 **Hemisphaericum**—Fine, orange.

513 **Edward Otto**—Brownish lilac.

514 **Golden Leaved**—Scarlet flowers.

515 **Heinemanni**—Silky bronze chocolate.

516 **Moltke**—Bluish pink.

517 **Pearl**—Creamy White.

518 **Prince Henry**—Cream color, spotted red.

Any of the above—Pkt 5c, any 6 pkts for 25c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c.

IVY-LEAVED TRAILING NASTURTIUM

523 Distinct in both leaf and flower. The leaf has the true Ivy shape, as well as the beautiful dark green metallic hue. Crimson-scarlet flowers, veined white and having narrow petals with feather edges. Profuse bloomer. Especially graceful in vases, window and veranda boxes. Pkt 10c, $\frac{1}{2}$ oz 15c, oz 25c.

Hybrids of Madame Gunther Nasturtium

MADAME GUNTHER HYBRIDS

524 For richness and variety of colors these new Hybrids have no equals among Climbing Nasturtiums. Some of the most striking colors are as follows—white, shaded carmine on the edges, with deep maroon throat; golden-yellow, shaded brown on edges; yellow, shaded and mottled with carmine; white, with red blotches, shrimp pink, with deep maroon throat; shrimp pink, self-color; rose, bright rose, bright yellow, orange, and a great many other shades not found in any other mixtures, all contrasting beautifully with the dark foliage which predominates in this class.

Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 40c, lb \$1.50.

Tall or Climbing Nasturtium

LOBBS' CLIMBING NASTURTIUMS

Trapæolum Lobbianum

The brilliance and profusion in blooming of the Lobbianum varieties render them superior for trellises, arbors and vases, etc., also for greenhouses or conservatory decoration in winter; annuals, 6 to 10 feet.

525 **Asa Gray**—Primrose yellow.

526 **Brilliant**—Dark scarlet.

527 **Chalcianum**—Yellow, spotted red.

528 **Giant of Battles**—Sulphur with dark red blotches.

529 **Zandiri Nigrinum** or King of the Blacks—Black maroon.

Any of the above—Pkt 5c, any 6 pkts for 25c, oz 25c, 2 oz 35c, $\frac{1}{2}$ lb 60c.

535 **LOBBIANUM, FINEST MIXED**—This mixture is composed of the finest and most distinct varieties in this grand free flowering type. Planted in masses it will produce most gorgeous effects. Pkt 5c, oz 10c, 2 oz 20c, $\frac{1}{2}$ lb 30c, lb \$1.00.

530 **Crown Prince of Prussia** (Mutabile)—Bright scarlet.

531 **Lucifer**—Dark purplish crimson.

532 **Napoleon III.**—Golden spotted with brown.

533 **Atropurpureum**—Purple violet flowers.

534 **Spitfire**—Brilliant light scarlet.

"JUPITER" KING OF NASTURTIUMS

536 **Giant Flowered Climbing Nasturtium**—The plants are very strong and vigorous with a large green foliage. The great, rich pure yellow flowers measure three and a half inches across. The petals are large, one and a half inches in diameter, they overlap and are exquisitely and deeply crinkled like crepe. Pkt 10c.

NEW CHAMELEON NASTURTIUM

When a plant of this novel sort is in full bloom, one can find upon it flowers of almost every shade of color and form of marking known to Nasturtiums. No matter what color a flower may be when it opens, it is continually changing until it fades. We can supply this variety both tall and dwarf.

537 **Tall**—Pkt 10c, oz 25c.

538 **Dwarf**—Pkt 10c, oz 25c.

TOM THUMB, DWARF, OR BEDDING VARIETIES

The improved varieties of the Dwarf Nasturtium are among the most popular and beautiful of our garden plants. Their neat, compact growth, colored flowers and free-blooming and long lasting qualities, together with their adaptability to almost any soil or situation make them unsurpassed for garden decoration. 1 foot high.

539 **Simmers' Special Dwarf Mixture**—Pkt 5c, oz 15c, 2 oz 25c, $\frac{1}{2}$ lb 35c, lb \$1.25.

540 **Aurora**—Deep Crome yellow, the two lower petals blotched and veined carmine.

541 **Beauty**—Scarlet, splashed canary.

542 **Bronze Color**—Coppery bronze.

543 **Cloth of Gold**—Scarlet flowers and golden yellow foliage.

544 **Crimson Rose-Colored**—Dwarf.

545 **Crimson.**

546 **Yellow.**

547 **Empress of India**—Very dwarf dark tinted foliage, flowers brilliant crimson.

548 **King Theodore**—Intense dark brown flowers.

549 **King of Tom Thumbs**—Scarlet.

550 **Lady Bird**—Orange yellow and red spots.

551 **Pearl White**—Cream color.

552 **Prinz Heinrich**—Cream color spotted red.

553 **Regellianum**—Purple violet.

554 **Ruby King**—Crimson rose, distinct foliage.

555 **Spotted King**—Orange spotted crimson.

Any of the above—Pkt 5c, any 6 pkts for 25c, oz 20c, 2 oz 30c.

Dwarf Nasturtium

SIMMERS' PHLOX DRUMMONDII

The various varieties of this flower are noted for extreme richness of color, profuseness of blossom, and length or duration of bloom. It is one of our finest annuals, and whether in clumps or masses looks equally beautiful. Hardy annual; 1½ feet.

Phlox Drummondii, Large Flowering. Pkt 5.

Double Portulaca. Pkt 10c.

PORTULACA

One of the finest hardy annual plants, of easy culture. The flowers are of the richest shades of reds, yellows and whites, and are produced throughout the summer in great profusion; fine for massing in beds, edging or rock work; 6 inches.

- | | |
|--|----|
| 578 Splendens —Single flowering, brilliant colors..... | 5 |
| 579 Double Flowering —Choice mixture.. | 10 |
| Collection of one pkt each six distinct and brilliant colors, single..... | 30 |

NIEREMBERGIA

580 **Frutescens**—A half-hardy perennial, slender growing plant, perpetually in bloom, flowering the first year if sown early; desirable for the greenhouse, baskets, vases, or bedding out; 1 ft. White tinted with lilac. Pkt 10c.

- 581 **Gracilis** (calycina)—Light blue for dwarf groups. Pkt 10c.
Nigella—(See Love-in-a-Mist).

NOLANA

582 Very pretty annual, trailing habit, with Morning Glory like flowers, well adapted to rock work, 6 inches, hardy annual, mixed colors. Pkt 5c.

OXALIS

Delicate half-hardy annual, and perennial, low growing plants with leaves like Shamrock.

- 583 **Mixed**—9 in. high, rosy flowers, annual. Pkt 10c.
 584 **Tropaeoloides** (Corniculata)—Short trailing annual, leaves distinctly marked brown-purple yellow flowers. Pkt 5c.
 585 **Valdiviana**—Perennial, flowering in the first year, bright yellow, sweet-scented. Pkt 10c.

CENOTHERA

586 **Fine Mixed** ("Evening Primroses" or "Sun Drops")—Large white and yellow showy flowers, various shades, hardy annual. 1 to 2 feet. Pkt 5c.

PERILLA

Ornamental half-hardy annual, deep, dark, purplish red foliage, for border or indoors.

- 587 **Nankinensis**—Leaves deep mulberry or purplish black, 1 foot high. Pkt 5c.
 588 **Variegata**—With leaves finely variegated and veined. Pkt 10c.

PICOTEE PINKS

Well known plants of great beauty, combining with the most perfect form the richest colors; they have a delicate perfume, and are easily cultivated. 1 foot high, half-hardy perennials.

- 589 **Mixed**—Pink or white, best double quality. Pkt 25c.
 590 **Pure White**—Pkt 25c.

PLATYCODON (or Wahlenbergia)

Hardy perennials producing very showy flowers during the whole season. They form large clumps, and are excellent for planting among shrubbery.

- 591 **Mixed**—Blue and white. Pkt 10c.
Palma Christi (See Castor Oil Bean).

PENTSTEMON

Very hardy attractive perennial for beds, borders and cut flowers. The flowers are half-pendant, bell-shaped and marked and marbled in beautiful bright shades. They should be planted in a rich, open soil and protected during the winter.

- 592 **Finest Hybrids**—A splendid mixture of brilliant colors varying from pure white to deep crimson. Pkt 10c.

593 **Gloxinoides**—Distinct in point of size of flower, individual flowers measuring 2 inches across, variety and brilliancy of color and profusion of bloom. It has been named because of the resemblance of the individual flowers to Gloxinias in their substance, form and variety of coloring. Sown early they come into flower in July and continue a blaze until frost. (See cut). Pkt 10c.

PHYSALIS FRANCHETII

594 **Japanese Giant Winter Cherry**—A remarkably showy annual of sturdy, erect, branching habit, growing about 18 inches high. The branch are well covered with luxuriant green foliage, and studded with large bright red cherry-like fruits, each enclosed in an enormous balloon-like semi-transparent calyx, about 3 inches long, by 7 to 8 inches in circumference, at first of light green color, gradually changing as they mature, to yellow, then orange and finally to crimson. Pkt 10c, 3 for 25c.

POLEMONIUM

Ornamental hardy perennials, with sky-like beautiful flowers in bunches

- 595 **Ceruleum Grandiflorum Blue**—2 feet high. Pkt 5c.
 596 **Fulchellum Album, White**—1 foot high. Pkt 5c.

PASSION FLOWER

Splendid greenhouse or parlor climbers; some also for outdoors with curiously-shaped flowers, the appendages of which are supposed to represent the passion of Jesus.

- 597 **Cerulea Grandiflora**—For greenhouse or parlor, flowers light blue. Pkt 10c.
 598 **Macrantha**—For greenhouse or parlor; glossy leaves, large deep rosy pink flowers. Pkt 20c.
 599 **Incarната** (Southern "May Pops")—Blooms the first season from seed. Flowers two or three inches across, flesh white with purple rays, followed by yellow edible fruits. Pkt 10c.

PODELEPIS

Half-hardy everlasting annuals, free flowering, fine for borders.

- 600 **Chrysantha**—1 ft., golden yellow. Pkt 5c.
 601 **Superba**—Dark red. Pkt 5c.

POLYANTHUS

One of our earliest flowering Popular, hardy perennials of low growth, particularly suited for edging borders; flowers in an astonishing and great variety of colors, in form of Auriculas.

- 602 **Goldlaced, Mixed**—The flowers have a clear even margin or lacing of gold on a ground color, similarly well defined; extra choice, mixed. Pkt 10c.

POLYGONUM

603 **Oriental**—A hardy, graceful, showy annual, 5 feet high; fit for shrubberies or the centre of borders; rosy crimson, drooping flowers; fine, light green, heart-shaped foliage. Pkt 5c.

Pentstemon Gloxinoides. Pkt. 10c.

SIMMERS' GIANT PANSIES

The term "Giant Pansies" does not adequately describe these new strains, for, aside from the large size which gives them their name, their colorings are simply superb; and their form and substance perfect. The parent of most of these strains, the Trimardeau, when first introduced had only its size to recommend it, the flowers being limited in coloring, irregular in shape and lacking in firmness. By continued improvement one beautiful color after another has been added to the list, and perfected from season to season by careful culture. Through personal selection of the best European Pansy Cultures, we have again secured the cream of varieties from all quarters, combining with their giant proportions the most magnificent colorings.

- 604 **Giant Pretiosa**—Each petal has a violet blotch, surrounded by crimson rose ground with white edge. Pkt 15c, 2 for 25c. Pkt
- 605 **Giant Auricula Colors**—Very beautiful shadings. 10
- 606 **Giant Emperor William**—Rich ultramarine blue, purple-velvet eye. 10
- 607 **Giant Indigo King**—Vivid true indigo blue color, darker in the centre and becoming lighter towards the edge. 2 pkts 25c. 15
- 608 **Giant Adonis**—Beautiful light blue, marked with a yellowish-white face and large dark blotches. 10
- 609 **Giant Dark Blue**. 10
- 610 **Giant Fire King**—Brilliant red and yellow. 10
- 611 **Giant Violet Blue**. 10
- 612 **Giant Canary Bird**—The ground color is a bright golden yellow, each petal marked with a large dark blotch. 10
- 613 **Giant Striped**—A beautiful mixture, flowers striped and mottled in various tints on contrasting ground. 10
- 614 **Giant Yellow or Golden Queen**—Very showy color. 10
- 615 **Giant Purple**—Royal purple flowers, very large. 10
- 616 **Giant Coal Black**—Of immense size. 10
- 617 **Simmers' Giant White "Snow Queen"**—Most valuable addition as it reproduces exactly from seed. We very strongly recommend it, not only for bouquets, but as a very valuable addition to the Pansy family. White, velvet centre. 10
- 618 **Giant Beaconfield**—Purple, shading to white. This strain combined with the peculiar coloring of the type, will elicit general admiration. 10
- 619 **Giant Copper Color**—A most distinct and showy combination. 10

620 **SIMMERS' GIANT PANSY MIXTURE**—This mixture embraces, besides all the shades and colors, two special strains not listed elsewhere in this catalogue, and which can only be had in this, our Giant Pansy Mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain, with its delicate veining. We have secured the newest, richest and finest sorts. Pkt 15c, 2 for 25c, $\frac{1}{2}$ oz \$1.00.

621 **Giant Paris Market**—The flowers of this strain are as large as the Trimardeau, and far superior in color and in substance of petals; the blotches are more conspicuous. Having a stout and stiff flower stem, the flowers last longer. Pkt 10c, 3 for 25c, $\frac{1}{2}$ oz 60c.

622 **Giant Bugnot**—The flowers are of enormous size, perfectly round, of great substance, and of the most varied and attractive markings and colors. Each petal bears a blotch veined to the edge; contains shades of red, bronze and reddish brown, not found in any other pansy mixture. Pkt 20c, $\frac{1}{2}$ oz 60c.

Valuable Information—On the culture of Pansies will be found in our New Booklet "Hints on Growing Flowers," sent free if requested with every 50c. order.

Type of Giant Pansy Mixture. Pkt 15c, 2 for 25c.

623 **Giant Masterpiece**—A remarkable type, the border of each petal being conspicuously curled or waved, giving the flower a doubled or globular appearance. All colors mixed. Pkt 15c, 2 for 25c.

624 **Giant Trimardeau**—Flowers large, with a dark blotch on the three lower petals. We recommend this as the best low-priced mixture of giant pansies. Pkt 10c, $\frac{1}{2}$ oz 40c.

625 **Giant Cassier**—A mixture of large well-shaped flowers in choice variety, flowers marked with large blotches. Pkt 10c, $\frac{1}{2}$ oz 60c.

626 **Giant "Butterfly"**—The flowers are very large, of good form and substance, and produced freely. They are mottled and spotted, streaked, tigered, and splashed, while the colors are mainly those rich wine reds, chocolate velvety red-brown, lavender, violet, and purple shades, only found in a pansy blossom. Mixed colors. Pkt 25c.

Simmers' Collection of Giant Pansies

One pkt each of Giant White, Giant Cassier, Giant Bugnot, Giant Yellow, Giant Striped, Giant Violet Blue and Giant Copper Color, for... 60c.

PREMIUM PANSIES

While the giant-flowered Pansies are great favorites on account of the immense size of their flowers, Simmers' Premium Pansies excel in their endless variety of color, combined with perfection of form, and velvety texture and substance of their petals. This strain, most celebrated all over Europe is from a specialist who has devoted his life to the improvement of these flowers. No better strain of Pansies is to be had. It is impossible to describe them as they embrace all colors and markings.

- | | |
|---|---|
| 627 Simmers' Improved Large Flowering Premium Mixture —Embracing all varieties named in the following list and many other shades and colors. $\frac{1}{2}$ oz 60c. Pkt | 635 Dark Maroon —Gold margined. 10 |
| 628 Odier (Five blotched) —A magnificent French variety, petals having a large blotch; clearly defined margin; many colors; extra large. $\frac{1}{2}$ oz 50c. 10 | 635 Velvety Crimson —Golden yellow ground and margin. 10 |
| 629 Gold Margined . 10 | 636 Reddish Brown . 10 |
| 630 Velvety Crimson Purple . 10 | 637 Pure Yellow —Fine for bedding. 10 |
| 631 Bronze Colored . 10 | 638 Cardinal Red . 10 |
| 632 White Margined —Purplish-crimson. 10 | 639 Peacock —The upper petals are royal purple, shot with peacock blue, lower petals the same. The two side petals are rich maroon, all being encircled with a delicate tint of terra cotta rose. 10 |
| 633 Quadricolor or Pheasant's Eye —Flowers are of a reddish steel blue, with red and white edge. 10 | |

Type of Premium Pansy Mixture. Pkt 10c.

SIMMERS' PREMIUM PANSIES

Collection of 12 separate beautiful sorts, 1 pkt each, 90c.
Collection of 6 separate beautiful sorts, 1 pkt each, 50c. Any 3 pkts 25c.

PETUNIAS

Our Strains of
Single Petunias
are the best
obtainable.

Plants of Double Petunias are offered under the head of Plants. Page 78.

Simmers' "Perfection" Extra Large Flowering Fringed Petunia. Pkt 25c.

640 Simmers' "Perfection" Extra Large Flowering Fringed Mixed—This strain bears grand substantial flowers of the largest size and the colors are indescribably rich and varied. They embrace all colors, from pure white to the darkest blue and deep red, while even flowers with a yellow tint are not unusual. Most of the flowers are beautifully fringed, while all are distinctly veined. In nearly every flower the throat is darker than the balance of the petals, imparting an appearance of great depth and substance. The foliage is remarkably heavy, and the large leaves are of a dark green color. Pkt 25c.

641 Emperor—Very large, wide open blossoms, with colorings and markings very distinct from any other strain. The solid colors are particularly rich and velvety. Some of the crimson blossoms have pink stars, some pure white stars, others are distinctly striped. Pkt 15c, 2 pkts 25c.

642 White, Large Flowering—Extra choice, large flowering, white, useful for cemetery work. Pkt 10c.

643 Extra Mottled Strain—Large flowering, mottled and striped. Pkt 10c, 1/2 oz 30c.

DWARF PETUNIAS

644 Dwarf Inimitable "Star Petunia" Compact growing variety, flowers cherry-red with a white centre. Pkt 10c.

645 Snowball—Of dwarf, bushy habit, with an abundance of bloom. Flowers purest white. Pkt 10c.

DOUBLE FLOWERING PETUNIAS

646 Simmers Double Large Flowering Fringed, Mixed

— Our new selected types have deeper and finer fringe, brighter and more delicate colorings, of purer tones and greater variety than ever before offered. It is well known that the double Petunia, grown from seed produces but a small percentage of double flowers. The balance in single flowers of the same rich shade. The weaker seedlings should be carefully selected, as these always produce double flowers. Pkt 50c.

647 Double "Snowball"—New double white. Pkt 50c.

648 Double Mixed—Seed from double flowers grown in pots. Pkt 25c.

Simmers' Double Large Flowering Fringed Petunia. Pkt 50c.

Shirley or Silk Poppy. Pkt 10c.

POPPIES

Most popular hardy annuals and perennials, with flowers of unusual brilliancy of color.

SINGLE ANNUAL VARIETIES

649 Tulip—A magnificent species; the plants grow about 14 inches high and produce from 50 to 60 large and splendid flowers of the most dazzling scarlet. Pkt 10c.

650 Persian (Papaver Loevigatum)—Color brilliant scarlet, with shining black spots surrounded by a clearly defined white margin at the base of each petal. Height 2 1/2 feet. Pkt 10c, 3 for 25c.

651 Peacock—The most striking feature of the flowers is the conspicuous glossy zone which marks the petals forming a complete ring. Pkt 5c.

652 "Danebrog" or Maltese Cross—The flowers are of a dazzling scarlet color, each of the four petals is marked with a large, silvery-white blotch, forming a white cross upon scarlet ground. Pkt 10c.

653 Shirley—These charming Poppies are generally single, or semi-double. They range in color from pure white through the most delicate shades of pale pink, rose and carmine to the deepest crimson. Pkt 10c.

DOUBLE ANNUAL VARIETIES

654 The Mikado (American Flag)—The petals are whole at the base while the edges are frilled in the most pleasing manner. The flowers are of a pure white at the back, while the fringed edges are of a brilliant scarlet. Pkt 5c.

655 Double French or Carnation Flowered—3 feet high, double. Pkt 5c, oz 25c.

656 Paeony Flowered—Flowers in color and size equal to Paeonies. Pkt 5c, oz 25c.

657 White Swan or Fairy Blush—18 inches high enormous pure white double flowers. Pkt 10c, 3 pkts 25c.

658 Golden Gate—Exceedingly free blooming; the flowers single, semi-double and double, of medium size in the largest variety of colors imaginable. Pkt 10c, 3 for 25c.

659 Simmers' "Special" Poppy Mixture—Comprises not only all the above named and described Poppies, but also a number of other sorts, specially purchased for this mixture, including some entirely new ones. Will make a grand display. Pkt 10c, 3 for 25c, oz 40c.

Poppy Collection—10 varieties, double and single, 1 pkt each, 50c.

HARDY PERENNIAL VARIETIES

Iceland (Papaver Nudicaule)—These beautiful perennial Poppies produce flowers in great abundance the first year from seed. The colors range from the purest white and yellow to the deepest glowing orange scarlet and have a delicious fragrance.

660 White. Pkt 10c.

661 Yellow. Pkt 10c

662 Orange. Pkt 10c

663 Mixed. Pkt 10c.

664 Oriental

Hybrids (Oriental Poppy)—The colors range from soft flesh and rose to the most dazzling scarlet and richest maroon purple. The flowers are often 6 inches across and endure the longest of any poppy we know. They are hardy perennials and will increase in size and profusion of bloom with age. Pkt 10c.

665 The Great

White California

Poppy (Romneya Coulteri)—This fine perennial is of stately beauty as an out-door plant, flowering from July until November. Flowers are large, 4 to 5 inches across, pure white with a fine bunch of yellow stamens. The plants attain a height of 8 to 8 feet, and are really magnificent. Pkt 10c.

Oriental Hybrid Poppies

Chinese Primrose. Pkt 25c.

CHINESE PRIMROSE

For house culture as well as for the greenhouse no plant is more acceptable than this class, as it can be made to yield an abundance of flowers all the year round.

666 **CHINESE PRIMROSE MIXED**—The culture of these lovely flowers is much easier than most people think. Our mixture includes only the choicest colors of the single flowering Primulas in all their dainty shades. Pkt 25c.

667 **Erecta Superba**—White fringed, borne in bunches well above the foliage. Pkt 25c.

668 **Kermesina Splendens**—Deep pink, fringed. Pkt 25c.

669 **Snow Queen**—Finest pure white flowers of large size, thrown well above the foliage. The flowers are of good substance and elegant form. Pkt 35c.

670 **Carter's Holborn Blue**—A distinct variety, with azure-blue flowers borne above the foliage. Pkt 25c.

671 **Fern-Leaved** (*Macrophylla Fimbriata*)—With long, massive fern-like foliage and beautiful flowers of great substance and elegant form, finely fringed, great variety of colors, mixed. Pkt 25c.

672 **Punctata Elegantissima**—Crimson, spotted white. Pkt 25c.

673 **WILLIAMS' PRIZE**—Dark red, large fringed flowering; extra fine for pots. Pkt 25c.

674 **Chiswick Perfection Red or Magenta Queen**—Large brilliant scarlet. Pkt 25c.

675 **Alba Magnifica**—The finest pure white variety; flowers 2½ inches across with large yellow eye. Pkt 25c.

676 **Erecta Superba, Double White**—Double flowering variety of *Erecta Superba*, single; reproduces well from seed. Pkt 50c.

677 **Double Mixed**—Pkt 50c.

HARDY PRIMROSES

The popular garden Primrose is one of our earliest flowering hardy perennials, well suited for edging, and in a great variety of colors.

678 **Vulgaris**—The old-fashioned common yellow primrose. Pkt 10c.

679 **Japonica** (Japanese Primrose)—Of robust growth, rich magenta flowers. Pkt 10c.

680 **Cortusoides** (Siberian Primrose)—An early rose-purple flowering hardy perennial. Pkt 10c.

See also *Auricula*, *Cowslip* and *Polyanthus*.

Primula Erecta Superba. (Double White)

Primula Cortusoides

Primula Obconica Grandiflora

The Chinese Primrose seed we offer is of the highest merit, and has, as usual been saved from the best strains obtainable.

VARIOUS PRIMULAS

381 **Obconica Grandiflora**—One of the most useful plants grown if sown early in spring will begin to bloom in May or June, and continue throughout the year, flowers soft lilac shade. Pkt 10c.

682 **Floribunda**—One of the prettiest and best Primroses, same general character as *P. Obconica*, only a lovely shade of primrose yellow. Fragrant, free blooming. Pkt 10c.

683 **Primula Forbesi or Baby Primrose**—The seed comes up very readily, and the little plants throw up tiny flower stalks when only a few weeks old. These, however, should be pinched off, and the plants kept growing until October, when the flowers may be allowed to develop, and from then until late in spring they produce their sprays of beautiful rosy-lilac flowers in seemingly never-ending profusion. Pkt 10c.

PYRETHRUM (Feverfew)

YELLOW FOLIAGE SORTS FOR BEDDING

684 **Partheni-folium Aureum**—Golden yellow dwarf, bedding plant known as **Golden Feather**. Pkt 10c.

685 **GOLDEN GEM**—The double-flowering variety of the preceding. Pkt 10c.

686 **Selaginoides**—A beautiful variety, handsome fern-like foliage. Pkt 10c.

Pyrethrum or Golden Feather. Pkt 10c.

PERENNIAL FLOWERING SORTS

687 **Single Hybrids**—Large flowering mixed. Hardy perennial, bearing large Aster-shaped flowers, ranging in color from light pink to deep red with bright yellow centres; 2 feet. Pkt 10c.

688 **Double Hybrids**—Large flowering. Colors same as single varieties; mixed; 1½ feet. Pkt 25c.

ROSES

689 **Dwarf Polyantha or Fairy Rose**—Roses from seed the first year. Seed sown in February in the house may be had in bloom in June in the open ground, where they continue to bloom throughout the season. The plants are dwarf and bushy, growing only about 1 foot high and

very pretty for solid beds and borders. Pkt and 3 for 25c.

690 **Mixed Hybrids**—The seed we offer is from the best mixture of hybrid perpetual and moss roses, which flower the second year. Pkt 10c.

RHODANTHE

One of the neatest of the genus of flowering half-hardy annual everlastings; of low growth, in different shades of bright pink and white, with yellow disc.

691 **Maculata**—1 foot, deep carmine. Pkt 10c.

692 **Alba**—Pure white. Pkt 10c.

693 **Astrosanguinea**—Dwarf, purplish crimson. Pkt 10c.

RUDBECKIA (Texas Cone Flower)

694 **Bicolor Superba**—A hardy annual of compact branching growth, producing flowers about 3 inches in diameter, of a bright yellow, red and blackish purple disc; height of plant about 1½ feet. Pkt 10c.

695 **Superba Semiplena**—This variety represents semi-double or nearly double-flowering varieties of the *Rudbeckia bicolor superba*. The plants form elegant bushes of 2 to 2½ feet in height covered with large semi-double golden-yellow to brownish-yellow flowers, which have a central dark brown ring and disc. Pkt 10c.

Rhodanthe Maculata

SALPIGLOSSIS

(Painted Tube Tongue)

One of the most beautiful of flowering annuals; the flowers are large, of many beautiful colors and exquisitely veined and laced; 1½ feet high.

696 **Mixed**—Large flowering. Pkt 5c.

697 **Emperor**—A new type of this beautiful garden annual, growing in upright form. Well-furnished with large petunia-shaped flowers, 3 to 4 inches across, of various colors, all of which are intricately netted and veined with golden yellow. Mixed colors. Pkt 10c.

Salpiglossis Emperor.
Pkt 10c.

SEDUM (Stone Crop)

698 **Mixed**—Pretty little plants, growing freely on rock or rustic work also on ornamental mounds, where they flower in great profusion; hardy annuals. Pkt 10c.

Salvia, Clara Bedman (Bonfire). Pkt 10c.

SALVIA (Flowering Sage)

Salvia, called Flowering Sage, grows freely in any light, rich soil. From eighteen inches to two feet in height. Plants should get a good start in a hotbed, and not be planted out before the weather is warm. Thrifty plants may be potted in the fall for winter blooming.

699 **Splendens (Large Flowering Scarlet Sage)**—One of the most gorgeous of annuals, blooming throughout the summer and fall. The plants grow from 1½ to 3 feet in height and form dense bushes, completely covered with showy sprays of most dazzling scarlet flowers. Pkt 10c.

700 "**Silverspot**"—The leaves are rich, soft dark green, with light sulphur or cream colored spots of various size liberally sprinkled over them. The intense bright scarlet flowers are very large, and the plants of neat, compact habit and very floriferous. Pkt 10c.

701 "**Lord Fauntleroy**"—The foliage is of a very rich dark green color, beginning right at the ground and rising no more than 10 inches above; while the 3-inch flower spikes stand erect and clear above the foliage. Pkt 10c, 3 for 25c.

702 **Clara Bedman (Bonfire)**—The plants form handsome globular bushes about 2 feet high by 2 feet in diameter. The spikes grow erect and stand clear above the foliage, completely covering the plant, and are of the most brilliant dazzling scarlet. Pkt 10c, 3 pkts 25c.

703 "**Burning Bush**"—A splendid sort, blooming about two months before the old variety and lasting until late in the fall. The plants are dwarfer and more compact in habit, while the flowers are of the brightest scarlet. Pkt 10c.

704 **Coccinea**—1 foot high, scarlet flowers, annual. Pkt 5c.

705 **Farinacea**—3 feet, showing long spikes of blue flowers; annual Pkt 10c.

706 **Patens**—2 feet high, biennial, flowers of purest sky-blue imaginable. Pkt 10c.

707 **Argentea**—2 feet high, silver leaves, blue flowers, beautiful perennial. Pkt 10c.

SAXAFRAGA

708 **Hueti**—Hardy, perennial of trailing habit, with yellow flowers, for shady places, rockeries or hanging baskets, flowering abundantly and constantly. Pkt 10c.

SANVITALIA

709 **Procumbens, fl. pl.**—Beautiful trailing annual, well adapted from its compact growth for covering beds in the flower garden; the double flowers are large in proportion to the plant; of rich brown and yellow. Pkt 10c.

SCABIOSA

(Mourning Bride or Sweet Scabious)

The Mourning Bride or "Sweet Scabious" of our old gardens, but much improved in size, colors and doubleness. They are very free bloomers, the colors white, carmine, lilac, maroon, etc. Excellent for bouquets.

710 **Snowball**—The flowers of this pretty Scabiosa are large, measuring fully 2 inches in diameter, of purest snow-white, very double. The stems are very stiff and strong, and the foliage a luxuriant green. Pkt 10c, 3 for 25c.

711 **Golden Yellow**—This long desired color has now been obtained after years of selection. The flowers are double and of a pure yellow color. Pkt 10c.

712 **Tall Double Large Flowered Mixed**—Pkt 5c.

713 **Dwarf Mixed**—All colors, 1 foot high; large flowers and robust in growth. Pkt 5c.

714 **Caucasica**—One of the handsomest of hardy perennials, especially valuable for cutting, the blooms lasting a long time in water. Lilac blue, 3 feet. Pkt 10c.

715 **Scarlet Runners**—Pkt 5c.

SCHIZANTHUS

(Butterfly Flower)

Few plants are more attractive, whether in pots or in the border; they are of branching habit, well covered with flowers resembling a butterfly; hardy annual.

716 **Fine Mixed**—2 feet high, flowers orange and carmine shaded, spotted with yellow. Pkt 5c.

Schizanthus.
Pkt 5c.

Sanvitalia Procumbens, fl. pl.
Pkt 10c.

Sweet Scabious or Mourning Bride. Pkt 5c.

SEA LAVENDER

(Everlasting Statice)

717 **Statice Bonduelli**—1 foot, bright yellow. Pkt 10c.

SENECIO

(Jacobaea)

718 **Elegant** Double mixed. Valuable hardy annuals, compact, bushy in growth, 1 foot high; adapted for bedding or indoor culture, producing multitudes of tassel-shaped small flowers. Pkt 5c.

SENSITIVE PLANT

(Touch Me Not)

719 **Mimosa Pudica**—A tender annual, has trailing, 1 foot high, with very curious leaves; very curious and interesting. Of easy culture, succeeding

plants, the leaves closing if touched or shaken. in any soil. Pkt 5c.

SILENE

Elegant dwarf bushy annuals, bearing a profusion of bright attractive flowers, through spring and summer. Admirable for beds, borders and rock work.

720 **Pendula Ruberrima**—Carmine rose flowers. Pkt 5c.

721 **Ruberrima, fl. pl.**—Double flowering variety of the preceding. Pkt 10c.

SMILAX

A splendid perennial greenhouse or parlor climber.

722 **Medeola Asparagoides**—Pkt 10c, oz 50c.

Snapdragon—(See Antirrhinum).

SOLANUM

Very elegant, highly ornamental, interesting genus of fruit-bearing plants.

723 **Marginatum**—3 feet high, leaves white-edged and veined. Pkt 15c.

724 **Capsicastrum Little Gem or Jerusalem Cherry**—2 feet high, scarlet berries like cherries, beautiful for parlor. Pkt 10c.

STEVIA

725 **Serrata White**—For pot culture or the border; half-hardy perennial. Pkt 10c.

Sweet William (See Dianthus).

Sunflower (See Helianthus).

SWEET PEAS

A FEW RULES FOR THE SUCCESSFUL CULTIVATION OF SWEET PEAS

The plants should not be raised for two successive seasons on the same ground.

Sweet peas should not be planted on the same ground after culinary peas.

Excessive manuring with stable manure in the row immediately before sowing the seed is not desirable. Fall manuring is advised.

The use of artificial fertilizers, bone meal, nitrate of soda, etc., can be made in the spring at the time of planting or soon after.

Thin sowing, by which is meant planting the seeds about two inches apart, is conducive to vigor and strength of the plants which come later into bloom, but continue much longer than the plants from thick seeding.

Frequent stirring of the soil with hoe in dry weather, thus producing a dust mulch, is preferable to artificial watering, unless irrigating facilities afford opportunities for a regular and abundant supply of water.

Do not allow any flowers to go to seed, else the plants will stop blooming.

An ounce of Sweet Peas contains about 300 seeds, enough to sow a single row 25 feet long. Our packets of all are liberal, containing about 75 seeds, enough to sow a single row 6 feet long.

OUR MIXTURES

726 SIMMERS' GIANT "GILT EDGE" MIXTURE—This mixture of Sweet Peas, is undoubtedly the finest we have ever offered. It contains only grand new named varieties of large flowering type, the seed of which has been grown separately from selected stock, and only the largest-flowered, most beautiful new Sweet Peas have been selected and mixed by ourselves. We have maintained a similar high standard throughout, and can assure all lovers of Sweet Peas, that never before has it been possible to obtain only the best and all the best of the new large flowering Sweet Peas as in this unequalled mixture. Pkt 10c, oz 15c, 2 oz 20c, 1 lb 25c, per lb 90c.

727 Eckford's Up-to-Date Mixture—This mixture is made up from thirty varieties. Pkt 5c, oz 10c, 1 lb 15c, lb 10c, postpaid.

728 Fine Mixed—This strain contains a beautiful assortment. Pkt 5c, oz 10c, 1 lb 15c, lb 30c.

729 All Colors, Mixed—Pkt 5c, 1 lb 10c, lb 30c.

730 White and Primrose Shades—Mixed.

731 Shades of Blue and Mauve—Mixed.

732 Striped, Flaked and Clouded—Mixed.

733 Scarlet, Magenta, Claret, Maroon—Mixed.

734 Rose and Pink Shades—Mixed.

Any of the above—Pkt 5c, oz 10c, 1 lb 20c, lb 60c.

King Edward VII.

NAMED VARIETIES

- 735 **Admiración**—Delicate rosy lavender.
 736 **America**—Cardinal stripe on white ground.
 737 **Blanche Burpee**—Pure white.
 738 **Captain of the Blues**—Dark blue, netted with purple.
 739 **Captivation**—Rosy-purple self.
 740 **Coquette**—Primrose, shaded lavender.
 741 **Countess of Radnor**—Delicate lavender and mauve.
 742 **Countess Cadogan**—Standards shining velvet, overlaid with a light sky-blue, wings a pure sky-blue.
 743 **Daybreak**—Watered crimson, scarlet on white ground.
 744 **Duke of Westminster**—Deep rose maroon, with bright violet.
 745 **Earliest of all**—Pink and white.
 746 **Emily Henderson**—Purest white.
 747 **Emily Lynch**—Pink, suffused primrose.
 748 **Extra Early Blanche Ferry**—Pink and white.
 749 **Hon. Mrs. E. Kenyon**—Deep primrose color, very large.
 750 **Juanita, or Striped Celestial**—Pure white, delicately lined with pale lavender.
 751 **King Edward VII.**—The largest and finest crimson scarlet.
 752 **Lord Kenyon**—Rose magenta, self color.
 753 **Lottie Eckford**—Lavender, shaded pink and white.
 754 **Lottie Hutchins**—Daintily flaked with pink on a cream ground.
 755 **Lovely**—Soft shell pink.

756 **Maid of Honor, or Improved Butterfly**—White ground, edged light blue.

757 **Miss Wilmott**—Rich deep orange pink, enormous size.

758 **Modesty**—Most delicate pink.

759 **Mrs. Eckford**—Beautiful shaded primrose yellow.

760 **Mrs. Dugdale**—Lovely rose, shaded rich primrose.

761 **Mrs. Jos. Chamberlain**—Rose, pink and white striped.

762 **Navy Blue**—A true blue.

763 **Prima Donna**—Lovely shade of soft pink.

764 **Princess Beatrice**—Warm blush pink.

765 **Prince Edward of York**—Cherry rose.

766 **Prince of Wales**—Bright rose.

767 **Princess of Wales**—Standards striped white and blue, wings heliotrope and white.

768 **Queen Victoria**—Cream, suffused purple.

769 **Royal Rose**—Deep rosy pink.

770 **Sadie Burpee**—White, extra large flowers.

771 **Salopian**—Best of the deep crimsons.

772 **Shahzada**—Purplish maroon, wings indigo.

773 **Stanley**—Rich dark maroon.

Price of Named Varieties—Pkt 5c, oz 10c, 1-4 lb 25c. Customers selection of any seven 5c packages for 25c. Any twelve packages for 40c.

DOUBLE SWEET PEAS

At best these are really semi-double flowers. The best mixtures we have will not produce more than half doubles, the others remaining of the usual single type.

774 **Mixed**—A mixture of 11 named varieties. Pkt 5c, oz 10c, 2 oz 15c, 1 lb 25c.

Cupid Sweet Pea

DWARF or CUPID SWEET PEAS

775 **White Cupid**.

776 **Pink Cupid**—Pink and white.

777 **Beauty Cupid**—Decided rose color.

778 **Alice Eckford Cupid**—Rich cream tinted standards, white wings.

779 **Primrose Cupid**—Creamy.

780 **Boréatton Cupid**—Rich purple.

781 **Royalty Cupid**—Beautiful self colored pink.

782 **Extra Early Blanche Ferry Cupid**—Pink and white.

783 **Countess of Radnor Cupid**—Delicate lavender.

784 **Firefly Cupid**—Scarlet.

785 **Mixed Cupids**.

Any of the above—Pkt 5c, any six pkts 25c, oz 10c, 2 oz 15c, 1 lb 20c.

We strongly advise the planting of Sweet Peas in colors. We can furnish neat wooden labels at 20 cents per 100. They are iron wired and can be fastened to stakes or wire netting.

BUSH SWEET PEAS

The bush Sweet Pea grows in perfect bush form. It requires no trellis like the Tall Sweet Peas. An average bush grows 16 to 18 inches high by from 12 to 14 inches wide.

786 **Bush Senator**—Silver grey, striped claret.

787 **Bush Blanche Ferry**—Pink and white.

788 **Bush Prima Donna**—Lovely soft pink.

789 **Bush Gray Friar**—Lavender purple, on a silver white ground.

790 **Bush Monarch**—Claret or wine brown.

791 **Bush Varieties Mixed**.

Price of any of the above—Pkt 5c, oz 10c, 2 oz 15c, 1 lb 30c, 1 pkt each of five bush varieties 20c.

PERENNIAL SWEET PEAS

These Peas, while lacking the delicious fragrance of the Sweet Peas, are equally as beautiful, and are very valuable from the fact that they are in full bloom early in the spring, before the others have begun to flower. They bear magnificent clusters of flowers. Perfectly hardy.

792 **Pink Beauty**—Charming rose pink. Pkt 10c.

793 **Red**—Pkt 10c.

794 **White**—Pkt 10c.

Perennial Sweet Peas

STOCKS (GILLY FLOWER)

The Stock is one of the most popular annuals, either for bedding or pot culture; for brilliancy and diversity of color, fragrance, profusion, and duration of bloom it is unsurpassed. For early flowering, sow in the house in February or March, and plant in the open ground in May, when danger of frost is over. Nine to eighteen inches high, half-hardy annual.

TEN WEEK STOCKS

Large Flowering Globe Pyramidal—Immense spikes of perfectly double flowers. The large double flowers are produced in great profusion, the spikes being compactly pyramidal in shape, and the plants of neat habit of growth.

795 Crimson	Pkt 10	798 Pure White	Pkt 10
796 Light Blue	10	799 Bright Pink	10
797 Purple	10	800 Mixed	10

Mammoth Column Ten Weeks Stock—A superb variety producing grand central spike of beautiful flowers, the plant afterwards branching. Potted up will bloom splendidly under glass in winter.

801 **Pillar of Snow**—White. Pkt 10c.

802 **Crimson**. —Pkt 10c.

803 **Reddish Brown**. Pkt 10c.

804 **Improved "Snowflake"**—The earliest white, Ten-Week Stock in cultivation, resembling in habit the Dwarf Pyramidal race. It produces a vigorous main spike of extremely large and double snow-white flowers. Pkt 10c.

805 **"Cut and Come Again," or Princess Alice**—Produces all season pure white double flowers. It throws out numbers of side branches each of which bears a cluster of blossoms. A splendid Stock for cutting and very fragrant. Pkt 10c.

806 **Dwarf, Brilliant Deep Blood Red (Victoria)**—Beautiful pyramidal shape, the lateral branches being symmetrically arranged. Pkt 10c. †

German Ten Weeks Pyramidal Globe Stocks

VARIOUS STOCKS

- 807 **East Lothian**—Pure white, invaluable for florists. Pkt 10c.
 808 **Giant Emperor, or Perpetual**—These make very bushy and branching plants with an abundance of flower. Sow in July or August, and they will bloom in winter. Many colors in the finest mixture. Pkt 10c.
 809 **Giant Emperor White**—For florists' use; very fine. Pkt 10c.
 810 **Brompton**—Half-hardy biennial bushy plants, producing a beautiful display of double flowers, mixed colors, 2 feet high. Pkt 10c.

COLLECTIONS OF STOCKS

Giant Emperor, Double —Winter flowering, one pkt each, 6 colors.....	40

Sweet Sultans (See Centuarea).

SWAINSONIA GRANDIFLORA ALBA

821 A very popular plant for house culture. Foliage is as graceful as an Acacia; flowers pure white, produced in sprays of 10 to 12 flowers each, and resembling Sweet Peas. It is of the easiest culture and ever-blooming. It climbs readily and is splendid for the window garden, or it may be grown as a bush plant by trimming it back as it grows; tender perennial, 1 to 4 feet. Pkt 10c.

THUNBERGIA

822 **Alata**—Very elegant slender growing climbers, rapidly covering wire trellises, and also useful for vases in the garden or house. They are very attractive also if grown simply trailing on the ground. The colors are pure white, light yellow and deep orange, and of each color there is a variety with white eye and also with black eye—the latter often called "Black-eyed Susan." All colors mixed. Pkt 10c.

TAGETES SIGNATA PUMILA

823 Dwarf annual, flowering in profusion throughout summer and autumn; color bright yellow; very effective in low beds. 1 foot. Pkt 10c.

Thunbergia. Pkt 10c.

Simmers' Mammoth Verbenas. Pkt 10c.

VERBENAS

- 811 **Yellow Leaved (Golden Bedder)**—A golden yellow foliage, which forms a striking contrast to the deep crimson flowers. Pkt 10c.
 812 **Venosa, Purple**—Profuse bloomer. Good bedder. Pkt 10c.
 813 **Erinoides (Moss Verbena)**—Purplish-blue, blossoms into flowers from June until November. For beds, baskets or rockeries it is highly desirable. Pkt 10c.
 814 **Citriodora (Lemon-scented Verbena)**—The leaves are delightfully fragrant and refreshing. Grows easily from seed. Pkt 10c.
 815 **Tom Thumb (Verbena Hybrida Compacta)**—Of exceeding dwarf, compact growth, six inches in height, very spreading. Mixed colors. Pkt 10c.

MAMMOTH VERBENAS

Grandiflora Mammoth Strain—This distinct and superb class of Verbenas is a remarkable improvement on the older varieties. It produces flowers of an enormous size, the florets being fully one inch in diameter, with clearly defined margins and white eyes.

- 816 **Blue**. Pkt 10c.
 817 **Scarlet Defiance**—Brightest scarlet. Pkt 10c, 1/2 oz 75c.
 818 **Pure White "Snowball"**—A fine large flowering strain. Pkt 10c, 1/2 oz 75c.
 819 **Auricula**—Splendid colors, with large white eye. Pkt 10c.
 820 **Very Choice Mixed**—Pkt 10c, 3 pkts 125c, 1 oz 50c.

TORENIA

For hanging baskets or culture in pots it is unsurpassed and in summer its brilliancy adds a pleasing variety to outdoor decorations. Tender annual.

- 824 **Fournieri, or Edentula**—Sky-blue flowers, indigo blue spots, yellow throat, free bloomer. Pkt 10c.
 825 **Bailioni**—Golden yellow with dark throat, distinct. Pkt 10c.
 826 **"White Wings"**—Pure white flushed rose. Pkt 15c.

TUNICA

827 **Saxafraga**—Very neat, dwarf trailing hardy perennial, covered with pretty white flowers, good for edging. Pkt 5c.

VENUS' LOOKING GLASS

828 **Campanula Speculum**—A free flowering, pretty little plant, adapted for beds or rock work, ribbons or edgings. The plant forms a small spreading mass about nine inches high; blue. Pkt 5c.

VERONICA

829 Early flowering, hardy perennials, mixed. Pkt 10c.

VIOLA or TUFTED PANSIES

While the Pansy proper is essentially a spring flower, the Violas here offered flower throughout the entire season. Seed sown in spring produce flowering plants by June, and from then on until frost they are a sheet of bloom.

830 **Viola Cornuta**—Finest mixed. Pkt 10c.

VINCA

(Madagascar Periwinkle, or Old Maid)
 Ornamental free-blooming plants, and one of the most satisfactory bedding plants we have. They flower from seed the first season, continuing until frost; or they may be potted and kept in bloom through the winter; a fine cut flower; 2 feet.

831 **Rosea**—Rosy flowers, glossy oval-shaped leaves. Pkt 10c.

832 **Alba**—White flowering. Pkt 10c.

VIOLET

833 *Odorata Semperflorens* (Single Ever-flowering Violets)—The "Sweet English Violet," prized for its delicate color, 6 inches high. Pkt 5c.

VIRGINIAN STOCK

Hardy, low-growing, profuse flowering annuals, for hedges, small beds, or pot culture.

834 *Cheiranthus Maritimus*—Mixed. Pkt 5c, oz 20c.

VISCARIA

835 *Hybrida*—Pretty, profuse flowering, hardy, low growing annuals of easy culture in any soil. Mixed colors. Pkt 5c.

WAITZIA

836 *Grandiflora*—Half-hardy, everlasting annuals, 6 inches high, large yellow flowers. Pkt 10c.

Viscaria Hybrida. Pkt 5c.

WALLFLOWER

Wallflower—Double Mixed. Pkt 10c.

The flowers of the Wallflower are deliciously fragrant; the large, massive, conspicuous spikes of the double German varieties have a charming effect, while the more bushy, compact growth and profuse blooming of the single ones render them exceedingly attractive. h. p.

837 *Double Branching*—Mixed. Pkt 10c.

838 *Harbinger*—Rich, blood red, 1 foot. Pkt 5c.

839 *Single*—Mixed Pkt 5c.

840 *Single Annual Wallflower*—This variety will flower throughout the summer, and fall, from seed sown in the spring. Pkt 10c.

WHITLAVIA

841 *Grandiflora*—Mixture, free-flowering hardy annuals, 18 in. high, bell shaped flowers, 1 inch long, violet blue and white. Pkt 5c.

Wild Cucumber Vine

WILD CUCUMBER VINE

842 This is the quickest growing climber in our list. It will grow 30 feet in one season, has dense graceful foliage which is thickly dotted over with pretty white, fragrant flowers. These in turn are followed by an abundance of small ornamental and prickly seed pods. Once planted, this vine seeds itself and comes up every year. Pkt 5c, oz 25c, 2 oz 35c, 1 lb 50c.

WIGANDIA

843 Grand and magnificent plant, with immense leaves richly veined, and stems covered with crimson hair. Of rapid growth. It forms one of the finest objects among ornamental foliage plants. Pkt 10c.

XERANTHEMUM

844 *Annum*—Double white. Pkt 5c.

845 *Imperiale*—Double dark violet purple. Pkt 10c.

846 *Superbissimum*, fl. pl.—Distinct double. Pkt 10c.

ZEA (Ornamental Maize)

Compact in habit, very long and drooping leaves, elegantly striped; a very effective plant, especially in groups and masses.

847 *Japonica Variegata*—Pkt 5c, oz 15c.

ZINNIA

Youth and Old Age.

The Double Zinnia with its flowers large and beautifully formed are exceedingly handsome. Few plants in the flower border are more effective; and scarcely a flower, when out, is more suitable for table bouquets. Being of rather robust habit, it requires but moderately rich soil; the seed may be sown in the open ground or indoors, according to the time it is desired to flower; half-hardy annual.

848 *Elegans*—Mixed. Pkt 10c.

849 *Scarlet*—Double, fiery scarlet flowers. Pkt 5c.

850 *White*—Pkt 5c.

851 *Sulphur Yellow*—Flowers large perfect shape. Pkt 5c.

Zinnia, Elegans, Double Large Flowering

852 *Pomponne or Lilliput*, Mixed—Dwarf, double, distinct; long cone shape, beautiful; flowers perfect in shape, the colors of which are exceedingly bright and showy; mixed. Pkt 10c.

853 *Haageana*, fl. pl. (Mexican Zinnia)—A splendid double variety; flowers deep orange, keeping its color when dried as a winter flower. Pkt 5c.

854 *Zebra*—The flowers of this selection are perfect in shape, of all colors and are beautifully striped, spotted and blotched with different shades. Plants symmetrical and compact, about 2 feet high; mixed colors. Pkt 10c.

Collection Double Zinnias, 1 pkt each, 6 distinct varieties, 40c.

SPECIAL MIXTURES OF FLOWER SEEDS

Many persons derive pleasure from watching the growth of a varied bed of flowers, entirely out of the usual trim garden style, while others desire a much more extended collection than their means will permit. To both of these the following mixtures will appeal.

	Pkt		Pkt
855 For Bouquets.....	10c	860 Climbers.....	10c
856 Low Growing Annuals..	10c	861 Evening Bloomers.....	10c
857 Tall-Growing Annuals	10c	862 Everlasting and Ornamental Grasses.....	10c

859 Foliage Plants.....	10c		

MIXED ANNUALS OR WILD GARDEN MIXTURE

864 These mixed flower seeds embrace more than a hundred varieties of such easy-growing and pretty flowers as are suitable for forming a wild flower garden. They are very useful for woodland walks, roadsides, and for sowing alongside of fences and on any untidy bare spots of ground which are frequently unsightly, and which, if properly cared for and kept free from weeds, can be made to produce a continual display of bloom during the summer. Pkt 5c, oz 20c, 1 lb 60c, 1 lb \$2.00.

OUR CHILDREN'S FLOWER GARDEN

865 Nothing appeals so to a young fancy as bright colors and beauty of form. With a small expense of labor, the Kindergarten can be transformed into a delightfully attractive spot, and form the most instructive of school-rooms and the happiest of playgrounds. This mixture embraces over 100 sorts of easy-growing flowers. Pkt 5c, 1/2 oz 10c, oz 15c, 1 lb 35c, 1 lb \$1.00.

AN INEXPENSIVE GARDEN

866 For 50c we will send 1 pkt (regular size) each of mixed colors of Tall Nasturtium; Phlox; Sweet Peas; Asters; Petunia; Candytuft, white; Sweet Sultan; Canarybird Climber; Pomponne Zinnia and Verbena, all choice strains, and 5 fine Gladiolus Bulbs.

Ten pkts Choice Flower Seeds and 5 Bulbs for 50c.

BEGONIAS (Tuberous Rooted)

These are certainly grand summer blooming plants for beds, whether singly or in masses. As pot plants they are also unequalled for their many varied colors of white, yellow, pink, scarlet and red—great waxy flowers measuring from three to six inches across. The double-flowering sorts resemble beautiful roses. Plant out in May, a foot or so apart, one inch deep, and well watered at all times. Take up on the approach of cold weather. For growing in pots start at any time after January.

Giant Single Varieties—Separate colors. **White, Scarlet, Pink and Yellow.** Each 10c, 4 for 30c, doz 75c, 25 for \$1.50, 100 for \$5.50.
Giant Double Mixed—Each 10c, 4 for 30c, doz 75c, 25 for \$1.35, 100 for \$5.00.
Giant Double Varieties—Separate colors. **White, Rose, Scarlet and Yellow.** Each 15c, 4 for 50c, doz \$1.50, 25 for \$2.75, 100 for \$10.00.
Giant Double Mixed—Each 12c, 4 for 45c, doz \$1.30, 25 for \$2.50, 100 for \$9.00.

SPECIAL OFFER One bulb each color of **Single White, Red, Pink and Yellow** for 30c. One bulb each color of **Double White, Rose, Scarlet and Yellow** for 50c.

NEW FRILLED TUBEROUS BEGONIAS

During the past six years this strain, by careful selection, has been wonderfully improved, until it is now unquestionably the finest of the tuberous-rooted section. The flowers are of large size, from 4 to 6 inches in diameter, with beautifully frilled and wavy petals, not unlike the finest single Petunias. 20c each, \$2.00 per doz.

FREE FLOWERING TUBEROUS ROOTED BEGONIAS

A most useful and attractive type that has become a favorite for bedding, possessing the great advantage over other tuberous-rooted Begonias of delighting in sunshine. Of dwarf habit, growing from 8 to 10 inches high, throwing up well above the foliage numberless stems of dazzling flowers, giving the whole plant a brightness, grace and elegance difficult to describe.

Duke Zeppelin—Double, bright red, 20c each, 3 for 50c, \$1.75 doz.

Lafayette—Dazzling scarlet, double, 25c, each, \$2.50 doz.

Bertini—Single, cinnabar red, 20c each, 3 for 50c, \$1.75 doz.

Frilled Tuberous Begonia

Type of Free Flowering Tuberous Rooted Begonias

APIOS TUBEROSA Its clusters of rich, deep purple flowers have a strong, delicious violet fragrance. They grow to a great height and bloom profusely. The bulbs are hardy and need not be taken up. Each 5c, doz 50c.

CYCLOBOTHR FLAVA The habit of plant and bloom is similar to Bessera; the color is clear, golden yellow, with intense black spot on each petal. Each 5c, doz 50c.

CHLIDANTHUS FRAGRANS The large flowers, which are borne in dense clusters during the months of July and August, are of a deep canary yellow color and extremely fragrant. Each 10c, doz 75c.

CINNAMON VINE (Dioscorea Batatas)

A rapid-growing climber, taking its name from the peculiar fragrance of the delicate white flowers. The leaves are heart-shaped, bright glossy green; growth is very rapid, reaching about eight feet in height, quite hardy. Good roots 5c each, 6 for 25c, doz 50c.

CRINUM

Kirkil—The grandest variety of this group. The flowers are fragrant, petals broad and white with deep purplish reddish stripe through centre. Usually two flower stalks are sent up, each bearing a large cluster of flowers. It blooms with the greatest freedom. Extra large bulbs, each 40c, medium size bulbs, 25c each.

Crinum Kirkil

AMARYLLIS

Formosissima (Jacobin Lily) — Flowers of a deep velvety crimson color, handsomely formed, very striking. Each 10c, 6 for 50c.

Treatea (Fairy Lily) — Bulbs can be planted at any time during the winter or spring, and will soon bloom. They should be potted in sandy soil and five or six can be planted in a five-inch pot. Each 5c, doz 50c.

Vittata Hybrid—Beautiful, large-flowering, new seedlings from choicest varieties; bulbs are of an immense size and will produce something grand. Each 50c, doz \$5.00.

Johnsonii (Spice Scented)—It is impossible to name a more magnificent bulbous plant than this; its immense flowers, richness of coloring and regal habits are simply incomparable; it throws up a spike about 18 inches high, bearing from two to six flowers averaging four to six inches across, of a bright rich red color with a white stripe down each petal; it also has a rich, spicy fragrance. This variety is the most robust and luxuriant and the earliest to flower of the whole Amaryllis family, and is a prolific bloomer, and it is of easy culture. 25c each, extra large bulbs 50c each, 2 for 90c.

SPIDER LILY

Pancratium

Caribbaeum (Spider Lily)

Planted out in wet places during summer it will produce many spikes

of fragrant flower, in dense clusters, lasting several

weeks; grand for indoors, blooming even if grown in

water. Each 20c, 3 for 50c, 7 for \$1.00

Ismene Calathina Grandiflora or **Basket Flower**

—A grand summer-flowering bulb, producing throughout

the season large Amaryllis-like, pure white, fragrant blossoms.

Keep the bulbs in a dry, warm place, and plant out in June.

Bulbs can be taken up in October, and after a few weeks' rest, potted and flowered in the house in winter, or kept over for planting out another season.

Each 30c, 4 for \$1.00.

The Great Ismene, (Basket Flower)

Large Flowering Cannas

The Most Desirable Bedding Plant for the Canadian Garden.

How to prepare a Canna Bed—These plants being strong growers require deeply-dug garden ground, well enriched with rotten manure; soil with some mixture of sand is best. After planting, water sparingly for a few days, until the plants have taken root; after well established and showing good leaf growth, increase the amount of water; when in full growth during hot weather they may be watered very freely. Set the plants 18 inches apart each way using the taller ones (see height in description) for the centre and the dwarfier kinds for outer circles with shortest ones at edge.

Allemania (Italian)—Exceptionally large flowers, frequently measuring 6½ inches across, the upper petals salmon with border of golden yellow, while the lower petal is dark salmon marked with yellow in the centre; foliage dark green.

Alphonse Bouvier—5 feet. The most intensely brilliant crimson; undoubtedly one of the best bedding varieties.

America—4½ feet. The beautiful foliage is dark, shaded and flamed with green, bronze and purple, and shines as if varnished. The spikes are enormous, with a yellow throat and petals of glowing red, flamed and streaked with purple.

Austria (Italian)—6 feet. Pure canary yellow; fine large open flowers, with but few traces of reddish brown dots in the centre of the two inside petals.

Black Beauty—Large massive foliage of the richest bronzy purple color shaded with black. Where foliage effect alone is desired, nothing richer or more handsome can be found.

Chicago—5 feet, green foliage. The large flowers open out nearly flat; petals 1½ inches wide and five in number. The color is a clear, deep vermilion, smooth and without markings, except a purplish gloss. It comes into flower when quite small and continues to flower all summer. Flower stalks never look ragged.

Duke of Marlborough—3½ feet. Green foliage. Absolutely distinct and superbly beautiful. The color is rich, velvety maroon, the darkest color yet found.

Egandale—4 feet. Red foliage, strong, compact flower spikes, color currant red. The finest of its color because of its harmony of leaf and flower.

Flamingo—Rich deep crimson.

Florence Vaughan—3 feet. The flowers of this splendid sort are of the most perfect form; the petals are even broader than those of the Madame Crozy, and of the most brilliant golden yellow, dotted with brightest scarlet.

Gigantea—This dark foliage Canna has been grown to the height of 8 to 11 feet, with bright orange scarlet flowers of good size; the foliage simply superb.

Golden Sceptre—A pure golden yellow Canna, without spots, that does not bleach in the sun like other yellow Cannas; flower stalks branching; height 4½ feet, foliage bright green.

Governor von Zimmer—A remarkably free-flowering variety, with large trusses of medium-sized flowers, which are of an intense rich orange-scarlet, pleasing and effective; foliage of bronzy purple; 4 feet.

H. Lang—Large orange scarlet.

Italia (Italian)—5 feet. It is of a bright orange-scarlet, with a very broad golden-yellow border; the flowers, which are produced on massive stems about sixteen inches long, are set well above the foliage.

Jas. Veitch—Rich, crimson, large.

Jean Tissot—One of the brightest of the very large flowered Cannas; color an intense brilliant vermilion with bright orange shadings. It is of strong uniform growth, 5 feet, with massive green foliage.

King Edward VII.—Similar in color to the Madame Crozy but with rather less yellow in it, it differs from the Mad. Crozy in that it grows taller and stronger, and is tallest of the yellow-edged varieties.

Leonard Vaughan—5 feet. Rich, deep bronze foliage. Very strong, robust grower, flowers freely, and well-formed flower spikes show boldly above the foliage. Color, bright scarlet without markings, and with very wide petals, measuring 1½ inches.

Madame Crozy—The flowers are of the largest size, of a dazzling crimson scarlet, bordered with golden yellow. Plant dwarf in habit. The foliage is of a rich, cheerful green, and very massive.

Miss Berez—The nearest approach to a pink in a first-class bedder. In this variety, however, the larger the mass the finer the effect, and when planted in conjunction with yellows and high colored reds it is simply superb. Height 4 feet.

Mrs. Geo. A. Stroheim—A grand variety with extra large bright amaranth-red flowers, which are raised well above the foliage in many-flowered trusses; grows about 6 feet high with large bronzy-purple foliage; entirely distinct.

Mrs. Kate Gray (Italian)—7 feet. Flower is immense; larger than Austria or Italia, being round and full, of a clear wine color, beautifully suffused with gold. Besides the extraordinary size of the flowers, it is a very strong grower, and would be valuable on account of its beautiful and luxuriant foliage alone.

Paul Lorenz—Dwarf, dark foliage, richest crimson bloom.

Paul Carnot—Has good-sized truss of large flowers; foliage deep chocolate maroon; color of bloom, bright red. One of the best of the dark-leaved sorts.

Pennsylvania—One of the best of the Italian types; the flowers, which measure fully 6½ inches in diameter, are produced remarkably free in many-branched panicles, and are of an intense vermilion scarlet, overlaid with an orange-scarlet sheen; foliage rich green; 6 to 7 feet.

Queen Charlotte—4 feet. The flower spikes are of a rich scarlet crimson, broadly banded with a bright canary yellow.

Rubin—Flowers not large, but of an intensely rich, glowing carmine, which combined with its dark bronzy-green foliage, makes it a grand bedder; 4 feet.

Souvenir d'Antoine Crozy—The richest gilt-edged variety yet introduced; the flowers are large with well-rounded petals, which are of intense scarlet crimson, rich and dazzling, and are bordered with a broad, rich, golden-yellow band; 3 ft. high.

Wilhelm Bofinger—One of the brightest and richest scarlets, suffused with orange; foliage green; 5 feet.

Strong Plants—Any of the above each 20c, postpaid; by express at purchaser's expense, per doz, \$2.00. For the Amateur, Dry Roots are difficult to start, so we offer plants.

CANNA BED No. 1 Collection for Canna Bed 7 feet in diameter.
1 Florence Vaughan (for centre) 12 Mad. Crozy (outside row)
6 Egandale (middle row)—FOR \$3.00 by Express.

CANNA BED No. 2 Round. 7 feet across. 7 Egandale (Bronze Leaf) 12 Florence Vaughan—FOR \$3.00 by Express.
Here is a combination that makes one of the prettiest beds.

CANNA BED No. 3 Round, 10 feet across. 7 Florence Vaughan (in centre), 12 Egandale (middle row); 18 Madame Crozy (outside row)—FOR \$6.00 by Express.

This is a very complete three-color effect in a Canna Bed, and very hard to excel.

CHICAGO.

FLORENCE VAUGHAN

LEONARD VAUGHAN

EGAN DALE

DAHLIAS

The Dahlia is the grandest autumn flower we have. There is nothing to equal it in September or October when everything else is faded or fading, and it surrenders only to frost. Tubers should be planted when the season becomes warm, covering the neck about three inches. If many shoots start thin out. Take up plants before hard frost, cut off tops, dry the tubers a little, and put in cellar until spring. There are five distinct classes, viz.:—**Tall Double, Dwarf Double, Decorative Cactus, True Cactus, and Single.** All are grand, and the entire collection should be planted. Tubers can be sent as soon as all danger from frost is past, about April 1st. Prices below include postage.

LARGE DECORATIVE CACTUS DAHLIAS

This group is generally sold as Cactus Dahlias, but is entirely distinct. In form they are about half-way between the show and cactus varieties, the petals are long, broad, beautiful and regular, though they vary in forming different varieties. Splendid for decoration.

- Admiral Schley**—Bright crimson, shaded maroon, with a band of white running through the centre of each petal.
Black Prince—Velvety maroon, almost black.
Bronze Beauty—Reddish bronze, a fine large flower.
Cora Gleason—Rich velvety crimson.
Countess of Pembroke—Delicate rosy lavender, large, long stems.
Cactus Queen—Rich blood red, very decided color.
Clifford W. Bruton—Large size and always full to the centre; color is of the purest yellow.
Fern-Leaved Beauty—Foliage finely cut like a Fern. Color creamy white, heavily bordered with dark crimson.
Forest Hill Beauty—Flowers very large, intense dazzling red; very free flowering.
Henry Patrick—Pure white, free.
Jumbo—Large rich crimson.
La Favorite—Snow white, very large, fluffy like a chrysanthemum.
Mrs. A. W. Tait—White, petals cut like a Chrysanthemum.
Maid of Kent—Cardinal red tipped white, quite frequently coming solid red.
Mrs. Winters—A finely formed snow white variety.
Mrs. E. C. Munro—Yellow.
Oban—Rosy lavender overlaid with silvery fawn.
Perle de la Tete d'Or—Pure white, notched petals, good for florists' cutting.
Zulu—Dark Maroon.

PRICE—15c each; any 3 for 40c; per doz \$1.50.

BEST LARGE FLOWERING SHOW DAHLIAS

- Arabella**—Pale primrose tipped and shaded old rose and lavender.
Beauty—Large, pure white, extra fine.
Bird of Passage—White, tipped pink.
Countess of Ravensworth—White tipped lavender, large.
Crimson Beauty—Vivid crimson.
Cuban Giant—An immense ball of bright maroon.
Dragon—Yellow bordered crimson.
Empress of India—Large, white, tipped with purplish lilac.
Emily Edwards—White, tipped rose.
Frank Smith—Rich dark purplish maroon tipped pinkish white, very fine.
Elegans—Rosy purple, tipped white.
Gloire de Lyon—Very large, pure white.
Greater Britain—The color is a pure, rich yellow, petals tipped with delicate peach.
Grand Duke Alexis—Large ivory white, petals edged delicate pink.
Hector—Large, cherry red, finest form.
Hercules—Large, yellow striped red, very large bloom.
John Walker—White.
Keystone—Pink striped crimson.
King Edward 7th—Large yellow flowers, of beautiful form, flowers produced in great quantities on long, stiff, erect stems.
Lord Roberts—Mauve tipped white.
Lucy Fawcett—Sulphur yellow, striped and spotted carmine rose.
Modesty—Blush, light centre, large, almost perfect.
Mirefield Beauty—Cardinal red.
Peacock—Maroon tipped white, sometimes one color.
Pink Beauty—A new color, pure pink mauve.
Pink Dandy—Pink.
Prince Bismarck—Bright purple.
Queen of the Yellows—Clear yellow.
Red Hussar—A grand variety, pure cardinal red, long stems.
Starter—Maroon tipped white.
Uncertainty—Varies from white, striped and carmine, to solid crimson maroon on same plant.

PRICE—15c each; any 3 for 40c; doz \$1.50.

TRUE CACTUS DAHLIAS

This section is of recent introduction, and is the most beautiful of the entire Dahlia family. The flowers are perfectly double, loosely arranged and irregular in outline, the petals are long, pointed and twisted. Colors of this class are most exquisitely delicate and refined, while the blending of shades and tints is surpassingly lovely.

- Blanche Keith**—Rich yellow.
Brittania—Deep salmon flesh, free and early.
Countess of Lonsdale—A peculiar but pleasing blending of salmon pink and amber. Flowers freely under all conditions.
Capstan—Soft orange scarlet shaded apricot, remarkably free flowering.
Earl of Pembroke—Bright reddish purple, petals long and pointed.
Gloriosa—Deep bright red, shaded scarlet.
J. Welch—Bright red.
John Roach—Pale soft yellow, very fine.
Loyalty—Bright coral red.
Mrs. Peart—Creamy white.
Star Fish—Flowers medium size, borne on straight erect stems, well above the foliage, profuse bloomer, color bright scarlet.
Standard Bearer—Rich fiery scarlet, very free.
St. Catherine—Yellow shaded red.
Strahlen Krone—Intense cardinal red.
Sylph—Orange red.
Uncle Tom—Almost black, velvety.
Zephyr—Pink.

PRICE—15c each; any 3 for 40c; doz \$1.50.

NEW AND RARE DAHLIAS

- Queen Alexandra (Pink Seedling) Show Dahlia**—One of the most beautiful Dahlias we have ever grown, being pure pink of exquisite shape, large size and of exquisite substance and finish. The plant is a very strong grower, branching right at the ground, and producing the grand pink flowers in endless profusion. As a cut-flower for bouquets it is invaluable. To the lover of fine Dahlias, this is one of the most valuable as a specimen plant, as it requires no staking, and is continually covered with perfectly formed flowers of exquisite color. Price, strong roots, 40c each.
Catherine Duer—A strong growing free flowering variety, very popular on account of its bright iridescent crimson scarlet color, which lights up beautifully when used in decorations under artificial light. Price, strong roots, 35c each.
Keyne's White—A finely formed pure white Cactus Dahlia; considered one of the very best. Price, strong roots, 35c each.
Mrs. Roosevelt—This is acknowledged to be far superior to Dahlia Grand Duke Alexis. It is of larger size, better color, more graceful in form, has better stems for cutting, will bloom better, and will keep longer when cut. The flowers are perfectly double of largest size 6 to 8 inches, while the color is a delicate pink, shading to soft clear pink. Potted plants only. Each 40c.
Mad Van den Dael—A great decorative variety of immense size and beautiful form. Color soft shell pink with deeper markings, can best be described as an immense flowered Nymphaea Dahlia, flowers often measuring 6 to 7 inches in diameter. Price, strong roots, 40c each.
The Bride (White Seedling)—This superior variety is a profuse and constant bloomer, strong vigorous grower of dwarf branching habit, producing its flowers on long stems; flowers are snow white of large globular form, full to the centre. Blooms quite distinct from any other variety. Price, strong roots, 40c each.
"Kriemhilde" (Cactus)—The most beautiful Dahlia in cultivation, its delicate combination of shell-pink and white is most exquisite and combining, as it does, sturdy habit and free growth with free and continuous blooming qualities, is likely to make it the most popular variety yet introduced. It produces its blossoms on long, strong stems, making it an ideal flower for cutting. Price, strong roots, 35c each.
SPECIAL OFFER—The set of 7 New Varieties, \$2.40 postpaid.

HEAVY DAHLIA STAKES

Green painted, wooden.			
3 feet...	Per doz. \$	40	Per 100 \$2.50
4 "	"	50	3.50
5 "	"	75	5.50

CANE STAKES

Extra heavy, 6 to 9 feet long, per doz 20c. Per 100 \$1.00
 (Out these in lengths to suit)

Double Dahlias

DWARF POMPONE DAHLIAS

So-called from their compact and dwarf habit of growth; flowers smaller than those of the tall Dahlias, but perfect and very double.

- Scarlet Gem**—Fine light scarlet.
Snowclad—Best white, very free flowering.
Vivid—Clear bright red, small, well-shaped bloom.

PRICE—15c each; the 3 for 40c; per doz \$1.50.

SINGLE DAHLIAS

- John Cowan**—Crimson, shaded maroon.
Ami Barriett—Richest scarlet, dark foliage.
Snow Queen—Creamy white.
20th Century—Color intense rosy crimson with white tips.
Yellow Seedling (new)—Very large, pure yellow.

PRICE—15c each; any 3 for 40c, \$1.50 per doz.

MIXED DAHLIAS

We have a large stock of Mixed Dahlia Roots from which the labels have been lost, among them will be found some of our very best varieties. We offer these for 10c each, 3 for 25c, 75c per doz. postpaid; \$5.00 per hundred, by express only

GLADIOLUS

LARGE FLOWERING BRILLIANT COLORS.

STRICTLY FIRST SIZE BULBS.

No Flower Garden is Complete without a Bed of Gladiolus.

Gladiolus Bulb

good soil, well spaded. Set in rows three inches apart, or in masses, six inches apart each way. Plant in full sun, if possible, and keep down weeds. They bloom from July to October. After fall frosts, lift the bulbs, and, after removing the tops, let them dry for two or three weeks in any airy position, under cover. Then, after removing the roots store them in a cellar, or any cool, dry place, away from frost, for planting again the following spring.

NAMED GLADIOLUS GAUDAVENSIS

- | | |
|---|-------|
| Shakespeare—White, suffused carmine rose, large rosy blotch. | 6c |
| May—White ground, slightly striped crimson. | |
| Lamarack—Cherry, white throat. | |
| Emma Thursby—White ground, carmine stripes through petals, blotch in the lower divisions. | each, |
| Isaac Buchanan—Yellow. | |
| Blondin—Bright terra cotta, very large spike. | 60c |
| Le Poussin—Light red, white blotch. | |
| John Bull—White, tinted sulphur. | |
| Dr. Hogg—Mauve, suffused rose. | doz. |
| Ceres—White, spotted rose. | |
| Champ de Mars—Salferino, white blotch, bordered carmine. | |
| General Sherman—Fiery red, with white stripe. | post- |
| Mrs. E. H. Krelage—Bright red, white blotch, and carmine veins. | paid. |
| Reine Blanche—White, with dark carmine blotch. | |
| Brenchleyensis—Vermillion scarlet. | |
| Octoroon—Beautiful salmon pink, very distinct. | |
| SNOW WHITE—Grand spike of snow-white flowers, a magnificent variety. | |
| Each 15c, 4 for 60c, \$1.75 per doz. | |

GIANT OR CHILDSI GLADIOLUS

The flowers are of great substance and of gigantic size. The form of both the flower and spike is perfection itself, but their most remarkable feature is their coloring. Orchids cannot surpass them in their varied and delicate shades, markings and blendings. Every color known among Gladiolus is represented, and many never before seen, particularly blues, smoke grays, and purple blacks, all having beautifully mottled and spotted throats made up of white, crimson, pink, yellow.

Mixed Childsi—Price each 7c, 4 for 25c, 12 for 60c, postpaid; 25 for \$1.00, 100 for \$3.50 at purchaser's expense.

Named Childsi Varieties

- | | |
|--|-------|
| Burlington—Bright pink, beautifully tinged with orange scarlet carmine and white mottled throat. | 10c |
| Mrs. La Mance—White, overspread with a slight lilac shadow, mottled purplish crimson. | |
| Henry Gillman—Deep salmon scarlet, with fine white bands. | each, |
| Columbia—Light orange scarlet, freely blotched and pencilled with bluish purple. | 90c |
| Wm. Falconer—Spike of great length, with enormous flowers. Light pink and bluish mottled. | |

Gladiolus

"America"

Color, a beautiful soft flesh pink, slightly tinged with lavender which gives it the delicate coloring of the most beautiful orchid. Growth is very strong and healthy; producing a beautiful dark green foliage, and a strong, erect spike of the largest flowers, well set to show to the best advantage. Its color makes it everything to be desired, delicate, attractive and absolutely new, no other color in Gladiolus like it, or one half so beautiful. For bedding its exceptionally rich dark green foliage and erect spikes, of extra large and beautiful flowers make it most desirable for planting in beds.

Price 25c each, 4 for 90c.

Gladiolus "America"

Groff's Hybrid Gladiolus

(Originator's Own Collections)

One extra size bulb each of the three grand sorts, postpaid.....	60c
One mammoth bulb each of the three grand sorts, postpaid.....	85c

Roseum—White, shaded and spotted with rose. Each 15c, doz \$1.50.

Melpomene—Each petal is completely covered with blood-red, except a clear, frosty, white border. Extremely handsome and perfectly hardy. Each 15c, doz \$1.50.

Plant lily bulbs eight or nine inches deep. Many fail in this particular, setting the bulbs so near the surface that the frosts of winter almost throw them out of the soil. The Lily throws out roots from the stalk above the bulb, and these serve the double purpose of supplying nutriment to the plant and of bracing and sustaining in position the heavy weight of the blossoms.

The soil for Lilies should be made rich with old, well-decayed manure, thoroughly incorporated with the soil; but fresh dressing must never be used, nor must any come in contact with the bulbs. They should be set on and surrounded by a layer of pure sand. When the ground freezes in the fall, apply a covering of stable litter or leaves, which may be forked in the spring, thus supplying enrichment of the soil.

Their ease of culture, hardiness and freedom of bloom commend them to every flower lover.

AURATUM

Justly famous as the most beautiful and fragrant of all

LILIES—Continued

Type of *Lillium Speciosum*

Brownii—Magnificent variety with large trumpet shaped flowers, pure white inside, purple tinted outside, stamens of a rich chocolate color, one and a half to two feet high, blooms in June. Each 40c.

Canadense, Meadow Lily—This pretty Lily is one of our hardy native sorts, and bears a graceful stem of drooping, bell-shaped yellow and red flowers. Extra sized bulbs, each 10c, doz \$1.00.

Chalcedonicum—Bright scarlet recurved flowers, blooms in June 3 feet. Each 40c.

Martagon—Purple red, spotted with dark purple, prolific bloomer, 2 to 3 feet high, blooms in mid-summer. Each 15c, per doz \$1.50.

Tenuifolium (Coral Lily of Siberia)—Flowers vivid scarlet, with petals reflexed; very showy and free flowering, blooming early in the

spring, very easily grown, requiring only a well drained, sandy soil. Each 20c, 3 for 50c, 12 for \$1.75.

Excelsum—This stately and beautiful variety grows from 5 to 6 feet in height, and bears from 6 to 12 fragrant, nodding flowers, of a delicate buff color. Each 50c, 3 for \$1.35.

Superbum—The finest of the native Lilies. Flowers bright orange red thickly spotted with purple. A strong plant, bearing from 20 to 30 flowers. Extra sized bulbs, each 10c, doz \$1.00.

Tigrinum—Spotted Tiger Lily. Each 15c, per doz \$1.50.

Tigrinum, fl. pl.—Spotted Tiger Lily with double flowers. Each 10c, 4 for 35c.

Candidum—The pure white garden lily, flowers snowy white, with heavy yellow stamens; hardy and free blooming, bearing 5 to 20 blossoms. Plant early and leave them undisturbed. Each 10c, 3 for 25c, 6 for 50c, per doz \$1.00.

Orange Lily (*Bulbocodium Auranti-cum*)—Each 15c, per doz \$1.25.

WALLACE'S NOTES ON LILIES

An interesting and valuable book on Lilies, indispensable to Bulb Growers. Illustrated. Cloth, 215 pages, \$2.50.

LILY COLLECTIONS

10 Separate Varieties for \$1.25, postpaid.

ONE BULB EACH

Auratum, Roseum, Rubrum, Album, Melpomene, Longiflorum, Martagon, Tigrinum, Tigrinum, fl. pl., Tenuifolium.

5 Separate Varieties, for 75c, postpaid.

ONE BULB EACH

Auratum, Roseum, Rubrum, Album, Melpomene.

Lillium Tenuifolium

Longiflorum—A variety bearing beautiful snow white trumpet-shaped flowers of rare fragrance, almost exactly like *Lillium Harrisii* in shape, but being perfectly hardy. Each 15c, doz \$1.50.

Gloxinia

GLOXINIA

This charming class of summer-flowering bulbs delight in a loose, porous soil composed of equal parts of fibrous loam and leaf mould, to which has been added a liberal sprinkling of thoroughly decayed, well-pulverized manure or bone meal and sharp sand. They should be shaded from the direct rays of the sun, but exposed to as much light as possible. Our collection embraces all the popular varieties, ranging in color from the purest white through all the shades of crimson and purple, spotted and mottled.

SEPARATE COLORS—Pink, Rose and Pink, White, Blue, Tiger Spotted. Each 15c, 4 for 50c, doz \$1.50, 25 for \$2.50, 100 for \$9.00.

Spotted Calla

Fancy Caladiums

Black Calla

Giant Cyclamen

Caladium Esculentum

CALADIUM ESCULENTUM

(Or Elephant's Ears)

One of the most beautiful and striking ornamental foliage plants in cultivation, either for culture in pots or for planting out upon lawns. It will grow in any good garden soil, and is of the easiest culture. When of full size it stands about 5 feet high, with immense leaves, often measuring 4 feet in length by 2½ in breadth.

	PRICE— EACH.	PER DOZ
1st size root.....	25c	\$2 50
2nd size	15c	1 50
Small size	10c	1 00

CALADIUM, (Fancy Leaved)

A most beautiful class of plants, with the brightest and most peculiarly marked leaves of any foliage plant. They are easily grown and from the first of June until October no house plant can vie with their beauty. Bulbs must be stored in the winter where it is quite warm and not too dry. Our collection consists of 30 fine varieties. Each 20c, 5 for \$1.00, doz \$2.25.

DWARF CALLA "LITTLE GEM"

Indeed a "pigmy" scarcely ever exceeding the height of 1 foot, yet producing good sized flowers in great abundance. The flowers will be found exceedingly useful for "cut flower work." Price—Each 20c, 3 for 50c.

WHITE CALLA (Lily of the Nile)

Pure white, splendid bloomer. Each 20c, 3 for 50c.

SPOTTED LEAF CALLA

(Richardia Alba Maculata)

A very ornamental plant even when not in bloom; foliage beautifully marked with transparent white spots showing to great advantage before a window. Flowers white, with black centre. Blooms splendidly in the garden or as a pot plant. Large bulbs, to bloom at once.

Price—Each 15c; 2 for 25c; doz \$1.50.

CALLA ELLIOTTIANA

A grand acquisition—the finest yellow Calla we have seen; large, rich, deep golden flowers, often 4 to 5 inches across at the mouth; habit of growth and foliage like the old favorite White Calla, excepting the leaves of Elliottiana are spotted with white, rendering it an unusually showy pot plant. Each 90c.

BLACK CALLA (Arum Sanctum—Solomon's Lily)

The large, wavy leaves, which are of a rich green color veined light green, resemble those of Calla Ethiopica. The flower is about 14 inches long and from 7 to 9 inches across, of a brilliant dark purple color. The spike rising about 10 inches above the centre of the flower is velvet-like and quite black. Price—Extra large roots, each 20c, or 3 for 50c.

GIANT CYCLAMEN

Certainly most interesting and beautiful winter and spring flowering bulbs. Not only are the flowers of striking beauty but the foliage is also highly ornamental, being handsomely marked with the various shades of green, gray and white.

Giant Rose Giant Red
Giant White Giant Mixed 20c each, doz \$2.00.

COOPERIA DRUMMONDII

(The Giant Fairy Lily)

Plant in spring, either in open ground or pots, where they will bloom freely most of the summer, sending up beautiful lily-like white blossoms on stems 10 to 15 inches high. In the fall lift the bulbs and keep dry over winter. One of the easiest bulbs to grow, sure to bloom freely. Strong bulbs 5c each, 6 for 25c.

**CYPELLA
HERBERTI**

(Golden Cup)

The flowers are of a deep golden yellow, each petal having a broad, rich purple stripe through the centre, and spots of the same color at the base. As the flowers are produced in quick succession and many on a spike, it is scarcely ever out of bloom. Keep dry in winter.

Price—Each 20c, 3 for 50c.

Cypella Herberti

HYACINTHUS CANDICANS

A very striking and beautiful plant. It is a strong grower and quite hardy, shoots upward a stem 4 or 5 feet high, which bears quantities of drooping, ivory-white, bell-shaped flowers, of delicate fragrance. It is very attractive planted among shrubbery or with Lilies or Gladioli. Each 10c, 3 for 20c, doz 75c.

LILY OF THE VALLEY

No flower so easily wins our love and keeps it forever as the Lily of the Valley—the sweetest and most delicate flower, being perfectly hardy, and each succeeding year rewarding the grower with greater abundance of deliciously fragrant blossoms. Strong clumps, each 35c. Strong pips 5c each, 6 for 20c, 12 for 35c.

Madeira Vine

MADEIRA VINE

A tall, half-hardy, tuberous-rooted, climbing plant of rapid growth, bearing copious and graceful racemes of deliciously fragrant white flowers. Very useful for screens and trellis work. Each 5c, 3 for 10c, doz 30c.

Montbretia Crocosmiaflora

MONTBRETIA

Showy flowers on spikes 12 to 24 inches long; superfine mixture. Each 5c, doz 50c.

**EXCELSIOR
"PEARL" DOUBLE****TUBEROSE****Everybody's Favorite.**Sweetest-scented Flower
that blooms.

This pure white, perfectly double, delightfully fragrant flower, invaluable for bouquets, is too well-known to need any description. The growing plant is fond of light and heat, and must have full sunlight when bedded and plenty of water when it begins to grow freely, but not too much water when first planted and should not be planted outside before May 1st. This variety grows only 24 inches, about half the height of the old double sort, and the flowers are nearly twice the size (often two inches in diameter), and imbricated like a Camelia, deliciously fragrant. (See Cut).

Each 5c, 6 for 25c, doz 40c, postpaid; 25 for 60c, 100 \$1.50, carriage extra.

Tuberose Flower

SUMMER FLOWERING OXALIS

Valuable for edging walks, flower beds, etc. Bulbs planted 3 inches apart form rounded rows of delicate foliage 1 foot high, which produce flowers in endless succession.

Mexican Star or Frost Flower (Milla Biflora)

Versicolor—White margined vermillion. Each 5c, 3 for 10c, doz 30c, 100 for \$2.00.

Lasandria—Rosy pink, 5c each, 3 for 10c, doz 30c, 100 for \$2.00.

Dieppi—Rosy white, 5c each, 3 for 10c, doz 30c, 100 for \$2.00.

MILLA BIFLORA

(Mexican Star or Frost Flower).

This charming flower blooms profusely all summer; the flowers are fully three inches in diameter, and pure waxy white; they are borne on slender, rush-like stems. Each 5c, doz 50c.

ZEPHYRANTHES

The Zephyr flowers or "Fairy Lillies" are gems of rare beauty. Planted in pots, or in the open ground, they produce very beautiful lily-like flowers all summer, and will be greatly admired by all who see them.

Atamasco—Large, pure white. Each 5c, doz 50c.

Rosae—Beautiful, clear rosy pink. Each 5c, doz 50c.

PHADRANASSA**GLORIOSA**

The flowers are borne in pendulous clusters, and with an odd mingling of colors, green, orange, scarlet, etc.; always admired, for it is a very odd and exceedingly interesting plant; the clusters of fine drooping blossoms are entirely unlike any other species of Amaryllis. Each 15c, 3 for 40c.

THE RESURRECTION PLANT

(Or Rose of Jericho)

Imagine a bunch of withered-looking curled-up shoots, brown, stiff and apparently dead, resembling a bird's nest. Place it in water; in an hour what a transformation! The withered-looking bunch has now opened, and is transformed into a patch of bright green moss. Each 15c, 2 for 25c.

Phadrانassa Gloriosa
(Gay Queen or Queen Lily)**\$1.00 Spring Bulb Collection.**

Contains 25 Summer Flowering Bulbs, which we will send free by mail or express for only \$1.00:—2 Milla Biflora, 1 Madeira Vine, 4 Mixed Gladioli, 1 Lilium Longiflorum, 4 fine Oxalis, 1 Cyclobothra, 2 Pearl Tuberose Vines, 1 Amaryllis Treaten, 1 Tigridia, 1 Spides Lily, 1 Double Dahlia, 2 Cinnamon Vines, 1 Caladium (Elephant's Ear), 1 Hyacinthus Candicans, 2 Tuberose Rooted Begonias. This collection will furnish flowers from early spring until late in the fall and if properly cared for the Bulbs can be stored over winter and planted again in the spring.

SNAKE LILY

(Sauromatum or Amorphophallus Simlense)

A very remarkable flower, 15 inches long, the inside of which is of a peculiar golden color, spotted purple, while the back is of metallic brown. Fine palm-like foliage. (See illustration). Large bulbs 15c each, 2 for 25c.

Snake Lily

50c. Spring Bulb Collection

Contains 15 splendid Summer Flowering Bulbs which we will send free by mail or express for only 50 cents:—1 Double Dahlia, 2 Gladioli, 1 Cinnamon Vine, 2 Tuberose, 3 Milla, 1 Hyacinthus Candicans, 1 Madeira Vine, 1 Tigridia, 3 Oxalis. All the above bulbs are fully described, and most of them illustrated in the Bulb department of this Catalogue. Compare the retail prices.

TIGRIDIAS

(Peacock Tiger Flower or Mexican Shell Flower.)

Extremely handsome summer flowering bulbs, growing about 2 feet high, producing large gorgeous flowers, exquisitely spotted.

Canariensis—Bright yellow. Each 6c, doz 60c.

Conchiflora—(Mexican Shell Flower)—Dark yellow, large red spots. Each 5c, doz 45c.

Pavonia (Peacock Tiger Flower)—Very large, bright crimson centre, mottled with yellow. Each 5c, doz 45c.

Grandiflora Alba—Flowers large, ivory white, spotted at the base with red on a yellowish ground, forming a fine contrast with the white of the petals. Each 6c, per doz 60c.

SPECIAL OFFER—

One each of the above four varieties for 20c, or three Bulbs of each variety for 45c.

Tigridia or Tiger Lily

CACTI

Anhalonium Fissuratum (Living Rock)—The greatest curiosity in the Cactus family. Plants look like carved stone work, and produces a beautiful pink flower from its woolly centre. Price 25c.

Echinocactus Simpsonii—The only Echinocactus which grows in clusters. Has a dense covering of spines completely hiding the plant. Flowers a fine crimson, blooms in April and May. Hardy anywhere. Price 25c each.

Echinocereus Viridiflorus—Another hardy Cactus of beautiful coloring, rivaling or surpassing the famous Rainbow Cactus. Spines are all shades from gray to deep purple forming rings of color. Very free bloomers. Price 25c each.

Cereus Grandiflorus (Queen of Night)—The true night blooming Cereus; is a rapid climber and its flowers are enormous. Price 20c.

Echinopsis Erythraea—Globular when young, growing taller with age. Its long, trumpet-shaped, white flowers, open in the evening and last for nearly two days. Price 15c.

Mamillaria Decipiens—One of the pincushion Cacti, a native of Texas. Has a large greenish yellow flower that lasts a week. Price 15c.

Mamillaria Montana—Like the foregoing in form, but has brownish spines, and bears a fine crimson flower. Price 15c.

Opuntia Polycantha—Hardy anywhere, a very fine sort for a rockeries. Has round joints and numerous stout spines. Flowers a wonderfully clear lemon color. Price 15c.

Rhipsalis Cassytha—The Coral or Mistletoe Cactus. Long string-like stems with pretty bunches of branchlets on the end. The flowers come on the ends of these branchlets and the fruit is white like the mistletoe berry. Fine for hanging baskets. Price 20c.

Pereskia Aculeata—The only Cactus with leaves. A remarkably quick climbing plant, used largely to graft Crab Cactus on, as it is a better stock than any other for that purpose. Price 15c.

Aloe Picta—A fine decorative plant of neat form. Leaves are reticulated, nicely mottled in two shades of green. Flowers are a large cluster borne on stout stems one to two feet high. Price 15c each.

Stapelia Variegata—Star-fish Cactus. Really not a Cactus at all, but generally classed with them. Has no spines and makes a fine hanging basket plant, and the star-shaped flowers, of buff yellow, with brownish spots and markings are very odd. Price 20c.

One each of the 12 rare Cacti listed above sent postpaid for \$2.00.

Cactus

ORNAMENTAL ASPARAGUS

SPRENGERI—A pot plant or for planting in suspended baskets; the fronds are of a rich shade of green, and most useful for cutting, retaining their freshness after being cut for weeks. An excellent house plant, as it withstands dry atmosphere. Strong plants, 25c each.

Plumosus Nanus—This graceful climbing Asparagus has to a great extent taken the place of the once popular Smilax. It is much more graceful, its foliage being finer than that of the most delicate fern, and it will last for weeks after being cut. It is an excellent house plant, succeeding under almost any conditions. Strong plants, 25c each.

SPECIAL OFFER—One each of the two Asparagus Ferns, 45c.

AGAPANTHUS UMBELLATUS (Blue Lily of the Nile)

Flowers are bright hue, produced on long spikes, raising them well above the plant. There is no better plant for growing in pots or tubs on the lawn. Grow very rapidly and should be divided and repotted when roots overcrowd the pot. Each 25c. Large plants 50c, by express.

Blue or White Agapanthus—each 50c, by express.

AGERATUM—Very useful for borders

Blanche Dwarf—Compact, pure white.
Inimitable—Lovely lavender blue, the finest Ageratum in existence.

Princess Pauline—Blue, with white center.

Stella Gurney—Bright blue, always in flower.
Each 10c, doz \$1.00.

AUCUBA JAPONICA VARIEGATA

(The Japan Gold Dust Tree)—Beautiful glossy leaves, sprinkled with bright yellow. Fine bushy plants. Each 35c.

FLOWERING BEGONIAS

Alba Picta—The leaves are glossy green, freely spotted with bright silvery white.

Argentia Guttata—Upright grower, largely spotted white.

Bertha Chateaufort—Bright cherry red.

Compta—Stems and under side of leaves red, upper side white and green.

Feastii—Low growing round glossy leaves, pink flower.

Incarnata Grandiflora—Rich pink, best winter variety.

Manicata Aurea—Large, glossy, green leaves, beautifully blotched with creamy white, clear carmine etchings in the matured leaves.

Margaritae—Of the style of Metallica but a harder and better grower.

Odorata—White, sweet-scented.

Otto Hacker—Vigorous grower, upright habit, with large, shining deep green leaves. The flowers are borne in immense clusters. Color a beautiful coral red.

Paul Bruant—Light pink, glossy fine foliage—good for winter

Pond Lily—Glossy, roundish leaves, pink flowers, mostly in winter.

Thurstonii—Rich, pink handsome foliage. (See cut).

Weltoniensis—Best summer blooming variety—pink.

ANY OF THE ABOVE 20c EACH

SPECIAL OFFER—Any three varieties for 50c, postpaid.

Begonias—Single tuberous rooted, variety of colors, well started plants. 15c each.

Begonia—Double tuberous rooted, assorted colors, good strong plants, 25c each.

Dwarf Begonia Bijou—A very pretty dwarf variety, growing only about 9 inches high, and covered with intense scarlet crimson flowers. A perfect gem for pot culture, blooming continuously, equally valuable for outside planting in masses or as border plant. 20c each.

Rex Begonias (Ornamental Leaved Varieties)—Many improvements have been made in recent years in this useful house plant. Our collection, which contains some 20 varieties, embrace all the good old varieties, as well as the best of recent introductions. (See cut). 25c each.

“NEW CENTURY” GIANT FLOWERING CALADIUM

It produces leaves from 3 to 5 feet long, 2 to 2½ feet broad, and is much larger than the ordinary Caladium or Elephant's Ear. The leaves are of a heavy leathery texture, bright glossy green color with metallic lustre, and are held on stout, stiff stems, well above the ground. Added to the foliage effect are the creamy white lily-like flowers from 12 to 15 inches long, which possess an exquisite fragrance, and are produced throughout the summer. 35c each.

DARK STEMMED NEW CENTURY—Same as above, except the stems being dark. 40c each.

CALADIUM ESCULENTUM (or Elephant's Ears)

Immense shield-shaped leaves, strong started plants. 35c each, 3 for \$1.00; \$3.00 per doz, by express.

BOUGAINVILLEA SANDERIANA

This beautiful free-flowering variety, on account of its free-flowering qualities, has become quite popular. It is of strong and rapid growth, and the brilliant rosy-crimson blossoms are produced almost the whole year 25c each.

Begonia—Otto Hacker

Rex Begonia

Begonia Thurstonii

CYPERUS, OR UMBRELLA PLANT

A strikingly handsome plant, suitable for the house of easy culture, and sure to give you complete satisfaction. It reproduces itself from the roots and may be sub-divided. Each 15c.

Asparagus Plumosus

“New Century” Giant Flowering Caladium

ALTERNANTHERA

Beautiful dwarf plants of compact habit, growing about six inches high, admirably adapted for edgings, beds or ribbon lines. In four best varieties. Each 8c, doz 80c postpaid; \$6 per 100 at purchasers expense.

CHINESE PRIMROSE

Our plants are of the largest flowered class, grown from seed. Each 25c, postpaid.

GREVILLEA ROBUSTA

A very beautiful shrubby plant with fern-like foliage, and rich, golden-yellow trusses of flowers; soon forming fine plants. Plants, each 20c, 3 for 50c.

CHRYSANTHEMUMS

Early Flowering Kinds (Large Flowers)

Baron Choisei—Deep red.
Carrie—Rich yellow.
C. Choulet—Orange.

Mad. Gastaler—White.
Mdlle. Marthe Morel—Pink.
Mdme. Paul Sahut—White.

Any of the above list 10c each.
The set of six for 55c, postpaid.

Standard Varieties

Black Hawk—Finest crimson to date.
Cheltoni—Perfect yellow.
Clementine Tousset—Large early white.
Dr. Englehard—Pink, large ball-shaped flowers.
Crowning Glory—Light yellow, very hairy.
Elsie—Canary, medium size, very free.
Golden Chadwick—Soft clear yellow.
Golden Wedding—Undoubtedly the grandest golden yellow variety.
George S. Kalb—Best very early white.
Glory of the Pacific—Early pink.
Golden Age—Very fine rich yellow.
Ivory—Pure white, a splendid free-flowering variety.
Jeanine Nonin—Late white, probably the largest flower to date.

Our list of Chrysanthemums is comprised exclusively of varieties standing first in their type and color.

John Shrimpton—Fine crimson.
L. Boehmer—Silvery pink, and deep rose, ostrich plume type.
Mdlle. Marie Liger—Clear pink, largest of all Merstham—Beautiful yellow, early.
Mrs. Henry Robinson—Large early white.
Marlan Henderson—Early yellow.
Minnie Bailey—Fine late pink.
Mrs. T. W. Pockett—Canary yellow.
Nellie Pockett—Creamy white.
Niveus—Clearest and finest white.
Pink Ivory—Light pink, early.
Timothy Eaton—Finest and largest white awarded highest honors whenever exhibited.
Yellow Eaton—Very large yellow.

Any of the above list 10c, 6 for 60c, 12 for \$1.20.
One each of the 26 Varieties, \$2.20 postpaid.

Golden Wedding

Carnation Gov. Roosevelt

White Lawson—Sport from Mrs. T. W. Lawson, differing in color, which is pure white.

Any of the above Carnations 10c each, 12 for \$1.20.

CARNATIONS

Enchantress—Delicate blush pink, size 3½ inches across, stem long and stiff.
Estelle—Best scarlet.
Gov. Roosevelt—Rich scarlet shaded maroon.
Glacier—White dwarf.
Golden Beauty—Yellow.
Mrs. T. W. Lawson—Dark pink, large.
Variegated Lawson—White striped red.

Madame Bruant

Wave of Life

Mrs. E. G. Hill

FUCHIAS

Avalanche—Best dark Double Fuchsia, fine foliage.
Arabella—White tube and sepals, rose corolla, early.
Black Prince—Bright waxy carmine, pink corolla.
General Roberts—Red sepals, plum corolla, flower 4 in. long, extra fine.
Mrs. E. G. Hill—Short tube and sepals, bright, rich reddish, crimson color; corolla extra large, full and double; flowers of the largest size.
Molesworth—Best double white.
Mad. Bruant—One of the most double; sepals bright red; corolla rosy heliotrope, marked and veined with rose.
Rose of Castile, Improved—White with violet centre.

Speciosa—Flesh color sepals, red corolla. Finest of all for winter flowering.
Wave of Life — Golden foliage, crimson tube and sepals; fine purple corolla.
Any of the above 15c each, 3 for 40c.
One each of the above 10 varieties for \$1.30 postpaid.

Hibiscus, Peachblow

HIBISCUS

Peachblow—The flowers are double and from 4 to 5 inches in diameter; of a charming, rich clear pink color, with a small deep crimson centre; an entirely new and most beautiful shade.
Miniatus Semi-Plenus — Double, rich crimson.
Sub Violaceous—Extra fine double, rosy red.
Carminatus Perfectus—Large orange red, single.
Any of the above 25c each, 4 for 75c.

COBÆA SCANDENS

A beautiful climber of rapid growth, bearing large, purple, bell-shaped flowers.

Price—Large plants, each 20c, 3 for 50c.

COLEUS

Price—Each 10c, 6 for 50c, per doz 90c, per 100 \$6.00.

CALCEOLARIA

Shrubby, fine for bedding. 25c each, 5 for \$1.00.

CYCLAMEN (Persicum Giganteum)

White and pink. Each 25c, 5 for \$1.00.

Coleus

DRACENA (or Cordyline)

Indivisa—This variety is used very extensively as a centre plant for vases, urns, etc. It stands full exposure to the sun, and its long, narrow, graceful foliage contrasts beautifully with other foliage and flowering plants. 30c.

Australis—30c each.

Veitchii—Bronzy leaves. 40c each.

CLIVIA MINIATA (Immantophyllum)

A pretty lily like plant of the easiest culture, and the most desirable house plant it flowers during the spring and summer months remaining in bloom for a long period. The flowers are about two inches long, and are borne in dense clusters of from ten to twenty flowers on each. In color it is of a fine orange red shading to buff. Price, good plants, 75c each.

SURPLUS COLLECTION

These Surplus Collections of Plants and Bulbs we are ready to fill by May 25th, and we will send plants amounting to not less than \$2.00, at Catalogue prices, and postage. If ordered by express we can send many more plants and of larger size; but they are always of our selection. Price \$1.00. Ready May 25th.

Semi-Double Geranium "Jean Vlaud"

GERANIUMS

By Mail, Postpaid.

DOUBLE AND SEMI-DOUBLE GERANIUMS

- Adrienne Corret—Light rosy red, shaded magenta, fine bedder.
 Alphonse Ricard—Light scarlet, large.
 A. H. Frego—Brightest scarlet.
 Beaute de Poitevin—Very large, semi-double, brilliant salmon.
 Bertha de Presilly—Delicate pure pink, sometimes marked red.
 Bruant—The double General Grant, the standard scarlet bedder.
 Charles Morel—Bright double red.
 Comtesse de Harcourt—Very fine white.
 Emile Girardin—Bright pink, best of its color.
 Emmanuel Arene—Scarlet, light centre.
 Jean Viaud—Fine large pink.
 Jno. Doyle—Bright scarlet.
 La Favorite—The trusses are very large, flowers beautifully formed, of the purest white.
 Mad. Barney—Deep pink.
 Madame Jaulin—Salmon and white, very fine.
 Marquis de Castellane—Magenta, very fine.
 Mrs. F. Perkins—Clear pink.
 Peter Henderson—Enormous trusses of light scarlet.
 S. A. Nutt—The best rich dark crimson variety. A fine bedder.
 Theocrite—Blush white.

Any of the above 10c each, 3 for 30c, per doz \$1.20.

SINGLE GERANIUMS

Single Geranium "Camille Bernardin."

- Athlete—Light red.
 Dryden—Large scarlet.
 Lady Reed—Light salmon, best of its color.
 L'Aube—Immense pure white.
 Madame Bruant—White, veined and edged purplish pink; good bedder.
 Mile. Chainneau—Rich flesh color.
 Mrs. J. M. Gaar—White.
 Camille Bernardin—Blush white, tinted rose.
 Radium—Large bright red.
 Sam Sloane—Dark scarlet, "The Scarlet Bedder."
 Any of the above 10c each, 3 for 30c, per doz \$1.20.

BEDDING GERANIUMS

We can supply bedding size Geraniums, well grown, thrifty, strong plants of the leading sorts at \$1.25 \$1.50, \$1.75 and \$2.00 per doz.

SCENTED GERANIUMS

- Rose, Lemon, Nutmeg, Mrs. Taylor (scarlet flowers). Each 15c, one each of the four 55c.

IVY GERANIUMS

 Bride—Pinkish white.
 Leopard—Richly spotted magenta and white.
 Raphael—Salmon rose.
 Robert Owen—Very large rosy red.
 Madame Thibault—Rosy scarlet.
 Souvenir de Chas. Turner—Light scarlet, double.
 Theodore—Dark red.

Any of the above 15c each, 2 for 30c, 6 for 85c.

VARIEGATED-LEAVED GERANIUMS

Madame Sallerol

(Silver Edge)
 A dwarf variety rarely over 6 inches high, foliage green bordered white, fine for edging, 10c each, 3 for 25c, 75c per doz.

Mrs. Pollock—Golden tricolor, bronze scarlet zone, golden edge scarlet flowers. Each 10c, doz \$1.00.

Marshall MacMahon—Best bronze silver leaved. Each 10c, 3 for 25c.

Silver Nutt—Double crimson flowers. Each 10c, 3 for 25c, doz \$1.00.

Wm. Languth—Light red, double. Each 15c, 2 for 25c.

Variegated Leaved Geranium "Wm. Languth"

HYDRANGEAS

The Hydrangeas are well known favorites, grown as pot plants, their immense heads of bloom making them very conspicuous. A little shade and plenty of water meet all their needs.

Hydrangea Paniculata—See Hardy Shrubs, page 87.

Otaksa—A Japanese variety lately introduced; beautiful large glossy foliage, large heads of pink flowers. 20c each, 3 for 50c.

Otaksa Monstroso—Intense red, shaded white; borne in large clusters, quite small plants bearing blooms of the most enormous size, and which are very lasting in quality. 20c each, 3 for 50c.

Thomas Hogg—Large, pure white flowers, which, on well grown plants, measure more than 12 inches in diameter. 20c each, 3 for 50c.

Hortensia Nigra—Rich pink, very large and fine, black stems. 20c each, 3 for 50c.

Hydrangea Otaksa Montrosa

HELIOTROPES

Heliotropes are great favorites, principally on account of their delicious fragrance; they grow freely under glass, and may be planted in the open border during the summer. 10c each, 3 for 25c, doz \$1.00.

LEMON VERBENA

A universal and well-known favorite grown principally for its deliciously scented foliage. 20c each, 3 for 50c.

BEAUTIFUL WEEPING LANTANA

A trailing variety geraniums flowering freely; color mauve or lilac. Price—each 10c, 3 for 25c, 6 for 50c, postpaid.

MANETTA BICOLOR

Flowers tubular, bright red, tipped yellow. 15c each, 2 for 25c.

MUSA ENSETE

Abyssinian Banana—A grand lawn plant of easiest cultivation in the open ground in summer, or for the conservatory in winter. Plants \$1.00, \$1.50, and \$2.00 each by express only.

Heliotrope

THE WONDER LEMON

The Wonder Lemon

A Lemon with large glossy leaves and bearing fruit of immense size. Easily grown and cared for. Small plants, 20c each; larger plants 40c each.

IVY (English)

Can supply either the green or variegated leaved variety. Price 15c each.

IMPATIENS

Sultani—Sultans Balsam. flowers bright pink. Price 20c each.

Holstil—Robust growth, brilliant orange flowers. Price 20c each.

NICOTIANA

Affinis—Known as Evening Tobacco, scented white flowers. 10c each, \$1.00 doz.

Sanders—Light purplish red flowers. 10c each, \$1.00 doz.

PANSY PLANTS

Pansy

with flowers of a soft lilac shade. Each 25c.

Primula Forbesi (Baby Primrose)—Each 20c, 3 for 50c.

Primrose, hardy English. Each 20c, 3 for 50c.

Primrose, hardy double white. Each 40c, 3 for \$1.00.

Grown from prize Strain. There are no better Pansies. These should always be sent by express. Dozen (not prepaid), 60c, 25 for \$1.00, 50 for \$1.75, 100 for \$3.50.

PETUNIAS

DOUBLE

A fine assortment of the best sorts of all colors. Each 15c, 2 for 25c, doz \$1.40.

PRIMULA

Obconica—One of the most useful flowering plants, always completely covered

SALVIA

Can supply the following varieties: Bonfire, Ingenier Clavenaud, Little Lord Fauntleroy, Silverspot. Each 10c, dozen \$1.00.

SWAINSONIA GALEGIFOLIA ALBA

A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a Sweet Pea. 15c each, 2 for 25c.

PELARGONIUMS (Lady Washington Geraniums)

These are the Royal George or Lady Washington Geraniums of old times and which are now becoming as popular as ever again, and certainly nothing is showier as a pot plant for summer. We offer a number of the choicest kinds embracing all shades of color.

Buller—Crimson feathered white.

Captain Balkes—Rich deep red, semi-double.

Bridegroom—Lavender pink, with larger blotches.

Dr. Andre—Clear reddish pink, maroon spots.

Emperor—Very light pink, spotted crimson.

Madame Thibault—White, richly blotched and marbled with rose, upper petals heavily ruffled, giving it a double appearance.

Victor—Clear red, blotched maroon, very fine.

White Queen—White, lightly feathered purple. Each 20c, one each of the eight varieties, \$1.50.

Pelargonium (Lady Washington Geranium)

FINE FERNS

Boston Fern

The following list are amongst the hardiest and most useful for decorating purposes.

Adiantum Cuneatum—The popular Maiden Hair Fern.

Aspidium Tsusimense—One of the best for fern dishes.

Cyrtomium Falcatum—Glossy leaved Holly Fern.

Nephrolepis Bostoniensis—Boston or Fountain Fern.

Nephrolepis Elegantissima—A sport from the Ostrich Plume Fern.

Nephrolepis Piersoni—Ostrich Plume Fern.

Nephrolepis Scotti—Semi-dwarf form of Boston Fern.

Onychium Japonicum—Finely cut dark green.

Polystichum Setosum—Very fine.

Pteris Argyrea—Large bold foliage, with broad band of white through the centre of each frond.

Pteris Cretica Alba Lineata—A useful variegated variety.

Pteris Tremula—Well-known and useful Fern.

Pteris Wimsetti—Crested foliage.

Price of any of the above, each 30c. One of each of the above list (13 varieties), \$3.75, postpaid.

Nephrolepis Whitmani—Much the finest and best of the improved Sword Ferns, it is nearly as finely cut as the Maiden Hair Fern. Price, each 75c

ARAUCARIA

(Norfolk Island Palm)

Excelsa—The most popular of all the tender evergreens; is becoming a greater favorite every season. As a decorative plant for the house this is one of the handsomest and most serviceable plants. Price—4 inch pots \$1.25 each.

RUBBER PLANTS

Ficus Elastic—The well-known India rubber tree, one of the very best for table or parlor decoration.

4-inch pots \$0 60 6-inch pots..... \$1 00

PALMS

Specially Grown for House Culture.

ASTERS, PHLOX, MARIGOLDS, VERBENAS, BALSAMS, ZINNIAS, STOCKS, PETUNIAS, SNAPDRAGONS.

Per doz 20c, postpaid. Larger quantities, price on application.

NEW ROSES

DWARF EVER-BLOOMING CRIMSON RAMBLER

Madam Norbert Levavasseur

This blooms when a small plant and forms clusters of flowers as large as the Crimson Rambler. Possesses also its charming brilliant red color and blooms uninterruptedly from June until fall. It forms plants growing from 12 to 16 inches high. It is one of the best roses for groups and borders. Everybody knows and admires the Crimson Rambler Rose and nearly everybody has or intends to get one. In this dwarf upright bedder we have a rose sure to be equally a universal favorite and it will be used by hundreds where the Rambler is used by tens, for it beds out to perfection and blooms many weeks longer, and in color, mass and effect is even more vivid, profuse and striking.

Price, strong plants, each 35c; 3 for \$1.00; dozen, \$3.50.

White Hybrid Perpetual Rose "SNOW QUEEN"

"Frau Karl Druschki"

This hardy Rose is of German origin, and was first disseminated in 1900, and has since won many prizes and made many friends. It appears to be the ideal hardy white Rose. Its flowers, which are very large, are perfect in form and snow-white in color, with large shell-shaped petals, forming a beautiful flower. The plant is a strong, vigorous, healthy grower. Strong 2-year-old plants, 40 cents each; 3 for \$1.00.

"KILLARNEY"

The New Hardy Everblooming Irish Hybrid Tea Rose

It has been thoroughly tested and all who have grown it agree that both as a Rose for outdoor culture as well as for growing under glass it has a brilliant future.

It is perfectly hardy, having withstood the severe winters without protection; in growth it is strong and robust, and as free flowering as any Rose. In color it is a sparkling, brilliant, imperial pink; the blooms are large, the buds long and pointed, the petals very large and of great substance, and just as handsome in the full-blown flower as in the bud form. Two-year-old plants, each 40 cents; 3 for \$1.00.

Tea Rose—Maman Cochet

Dwarf Crimson Rambler

HARDY TEA ROSES

That will produce a mass of Roses to cut from the entire Season
Angusta Victoria—Large creamy white flower, shading deeper towards the centre.

W. A. Richardson—Orange yellow, entirely new shade, very desirable.

Hermosa—Undoubtedly the best pink bedding rose in cultivation.

Mme. Caroline Testout—A magnificent rose equally valuable for summer or winter blooming; flowers full, very large, globular form, color clear satin rose, very fragrant. This variety resembles Lafrance, but its color is more deep, vivid and brilliant.

Maman Cochet—It is an extra strong, clean, vigorous grower, producing its charming buds and flowers in the greatest profusion. Its color is of a deep rose pink, the inner side of petals silvery rose. They are borne on long stout stems, very double and simply exquisite when in bud or half-bloom.

Papa Gontier—One of the finest Roses either for out of doors or for winter forcing; dark carmine crimson.

Gruss au Teplitz—The reddest of all red Roses, blooming continuously all summer. In color it is of the richest scarlet, shading to a velvety crimson as the flowers mature. Flowers are of large size both in the bud and when open, full and double; very fragrant.

Strong two-year-old bushes 40c each, 3 for \$1.00; \$4.00 doz, postpaid.

SPECIAL OFFER

Strong Plants; One each of the three Roses,
White Hybrid Perpetual "SNOW QUEEN" "Frau Karl Druschki"

Dwarf Ever-blooming CRIMSON RAMBLER

"KILLARNEY" Irish Hybrid Tea Rose

For \$1.10

HALF-HARDY TEA OR EVER BLOOMING ROSES

These Roses are of great substance, with remarkably long, handsome buds and shell-petaled flowers of most exquisite soft shades and distinct tea-like fragrance. Largely grown in pots for winter blooming. Our roses are from summer propagations and are thus tough, vigorous, well-rooted and hard.

Bessie Brown—A strong, vigorous grower of erect branching habit flowering in great profusion from June until frost. Flowers of perfect form, large size, of good substance and highly fragrant; color creamy white.

Champion of the World—Deep rosy pink, very free flowering.

Gruss au Teplitz—This the reddest of all red Roses, is a rose for everybody, succeeding under the most ordinary conditions. In color is of the richest scarlet shading to a velvety crimson as the flowers mature; large, very fragrant, strong grower, profuse bloomer. Young foliage is of a bronze plum color.

Franz Deegen—Seedling from Kaiserin Augusta Victoria. A strong healthy grower throwing up fine shoots very freely, which bear the splendid flowers proudly erect. The foliage is dark green and glossy, of fine substance, mildew resisting. A free flowering rich yellow shading to deep orange in the centre.

Kaiserin—Soft pearly white, tinted with just enough lemon in the centre to relieve the white; remarkably fragrant, beautifully formed flowers, on long graceful stems; a strong free healthy grower, with bold beautiful foliage.

Meteor—Rich dark velvety crimson, retaining its color, a constant bloomer, healthy with no tendency to mildew.

Viscountess Folkestone—A large, full flower of creamy pink, shading to deep salmon pink at the centre; very floriferous.

Snowflake—This variety is never out of bloom, and for a pure white bedding rose its equal is hard to find.

Clothilde Soupert—Color French white, deepening to rosey blush in the centre; one of the freest-flowering roses in cultivation, being in bloom all the time.

Maman Cochet—An extra strong grower, producing its large buds and flowers in the greatest profusion; color deep rose pink, inner side of petals silvery rose. Borne on long stiff stems; very double when in bud.

Each 20c, 3 for 50c. The set of ten for \$1.20, postpaid.

HOW TO GROW ROSES

To obtain most satisfactory results Roses should be planted in rich, deep, well-drained soil and severely pruned in spring before buds start. In severe winters some varieties freeze down if unprotected. An excellent plan to winter successfully is to knock out the heads of old nail kegs and slip one over each bush just before winter and fill the keg with fine earth. In the spring early take off the keg and prune off all wood above the keg—which would be about the right height to prune a rose bush. In this way roses can be grown anywhere, and what is there to equal the rose in beauty?

HARDY ROSES

LOW BUDDED ON BRIAR STOCKS

The illustration shows the character of the plants we supply; also the method of planting and pruning them after being planted. If planted as shown in the illustration, these roses, although budded, will emit roots where the true Rose joins the briar stock and will eventually become established on their own roots. The great value of these budded Roses lies in the fact that they produce better flowers and make stronger plants in a shorter period than those grown from cuttings; and the advantage is, that having no soil on the roots, and being dormant they are of little weight and can be sent cheaply by post, or express.

HYBRID PERPETUAL ROSES

Alfred Colomb—A splendid rose; large, globular, full and very sweet; bright, clear cherry red, shaded with crimson.

American Beauty—The flowers are very double, of a deep crimson color, and very fragrant.

Baron de Bonstettin—Dark red, almost black; very large, double fragrant flowers; a strong grower.

Baroness Rothschild—A magnificent rose, color rich satiny pink.

Captain Christy—A lovely rose, blooming almost the entire season; very large double buds of deep flesh color.

Captain Hayward—Bright crimson carmine, an entirely distinct shade of color, of perfect form and very sweet.

Coquette des Blanchés—Pure white, large and globular.

Duchess of Albany—Rich deep pink.

Fisher Holmes—Rich velvety crimson, large double, and of fine form.

General Jacquemont—Brilliant scarlet crimson.

Gloire de Margottin—Dazzling scarlet.

John Hopper—Bright rose, carmine centre, flowers large, cupped.

Jules Margottin—Bright carmine, cupped, very fragrant.

La France—Splendid satin rose; large, fine form; a constant bloomer.

Louis Van Houtte—Dark velvety crimson, of good form.

Marshall P. Wilder—Cherry carmine, large, full, semi-globular flower.

Mabel Morrison—Pure white, in autumn faintly flushed with pink, a lovely and distinct rose.

Madame Augustine Guinoisseau, or White Lafrance—A beauty indeed, identical with "La France", except the color, which is pearly white sometimes tinted with fawn.

Marchioness of Londonderry—Ivory white petals, of great substance, shell-shaped and reflexed, highly perfumed.

Madame Gabrielle Luizet—Fine satiny rose, very large and full.

Magna Charta—Bright pink, suffused with carmine; a beautiful rose; strong vigorous grower.

Margaret Dickson—The flowers are of the purest white, of extra large size and of immense substance; vigorous grower with fine foliage.

Merveille de Lyon—Pure white, shaded with satiny rose.

Mrs. John Lang—Delicate pink with satiny tinge.

Paul Neyron—Dark pink. Flowers often five inches in diameter, strong grower almost thornless.

Prince Camille de Rohan—Deep velvety maroon, shaded scarlet.

Ulrich Brunner—Large bright cerise red.

White Baroness—Pure white.

Yellow Persian—Bright golden yellow, hardy rose.

Extra heavy two-year-old bushes 30c each, 4 for \$1.00, doz \$3.00 postpaid.

Special quotations on larger quantities.

Hardy Rose—Paul Neyron

DAMASK ROSES

These four old Roses should be in every garden. Though they bloom but once a year, their fragrance, beauty, size, perfect hardness, and the abundance of flowers they produce make them indispensable.

Cabbage or Provence—Rose pink flowers.

Madame Hardy—Beautiful large double white flowers.

Madame Plantier—Pure white, and a free bloomer; unrivalled for hedges or cemetery use.

White Provence—Pure white, delightfully fragrant.

Strong two-year-old bushes 35c each
the set of 4 for \$1.25 postpaid.

Hybrid Perpetual—Margaret Dickson

White Lafrance

For Exterminating Insects on Roses use Rose Leaf Extract of Tobacco

Hardy Climbing or Pillar Roses

Climbing or Pillar Rose

The following list comprises the best of the hardy Roses, which are of climbing habit, and suitable for training on pillars, verandas, etc.

Reine Marie Henriette (Red Gloire de Dijon)—Rich cherry crimson.

Sweet Briar—True old English, rosy pink.

William's Evergreen—Good size, bright pink, very attractive.

Prairie Belle—Deep red, full and double, strong grower.

Baltimore Belle—Blush white flowers in clusters, very double.

American Rubra—Rich cherry crimson, one of the finest.

Alpino Calippo—Purplish crimson, semi-double.

Madame Sancy de Parabere—Large scarlet, flowers, vigorous grower.

Strong two-year-old bushes, 35c each. \$3.60 doz, postpaid.

RUGOSA ROSES

The lovely Ramanas or Rugosa Roses form sturdy bushes 3 to 5 ft. in height covered with glossy foliage, and clusters of beautiful single flowers, which emit a delightful odor. They bloom nearly the whole summer, and are covered during autumn and winter with red seed pods.

Rugosa—Fine glossy crimson.

Rugosa Alba—Pure white.

Extra strong plants 40c each, \$4.00 doz, postpaid.

MOSS ROSES

A class of Roses which is a general favorite. The beauty of the flower consists in the delicate mossy covering which surrounds the bud and which gives to the opening flower a unique appearance. The varieties listed comprise the best of this section, and are all perfectly hardy.

Blanche Moreau—Lovely pure white, large and full.

Crested Moss—Deep pink, crested.

Glory of Mosses—Color rich glossy pink, tinged crimson.

Salet—Bright pink, bluish edge, large and full, mossy.

Mrs. Wm. Paul—Clear rosy.

Strong two-year-old flowering bushes 30c each; set of 5, \$1.25, postpaid.

Crimson Rambler Climbing Rose

LORD PENZANCE'S HYBRID SWEET BRIARS

Lord Penzance's Sweet Briars

These are crosses between the common Sweet Briar and various old fashioned Garden Roses; the flowers are single or semi-double. The plants are perfectly hardy, and the foliage is as sweetly scented as the Common Sweet Briar.

Amy Robsart—Lovely deep rose, an abundant bloomer, robust and free.

Anne of Gierstein—Dark crimson, graceful branching habit.

Lady Penzance—Beautiful soft tint of copper, with a peculiar metallic lustre; the base of each petal is a bright yellow, very free flowering, with a delicious perfume from foliage and flower.

Lord Penzance—Soft-shade of fawn or ecru passing to the lovely lemon yellow in the center, sometimes toned with a most delicate pink; very sweet scented.

Lucy Ashton—Pretty white blooms with pink edges, not so large as some others, wonderfully free flowering; free grower, foliage very sweet.

We offer strong two-year-old budded plants of the above at 40c each, doz \$4.00; the set of 5 for \$1.75, postpaid.

RAMBLER ROSES

These climbing roses are of vigorous growth, making shoots from 8 to 10 feet in height during a season, and are consequently most desirable climbing varieties; when pegged down or grown bushes, marvellous heads of bloom are the result. They are exceedingly hardy. The flowers are produced in large trusses of pyramidal form.

Crimson Rambler—Strong bushes at 25c each, \$2.50 doz. Extra strong two-year-old bushes at 40c each, \$4.00 doz.

Yellow Rambler (Aglia)—Extra strong two-year-old bushes 40c each, \$4.00 doz.

White Rambler (Thalia)—Extra strong two-year-old bushes 40c each, \$4.00 doz.

Pink Rambler (Euphrosyne)—Similar in habit to the White and Yellow Ramblers except in color, which is a pure rose color, the partially open buds being bright carmine. The numerous yellow stamens lend an additional charm to the flowers. Strong two-year-old bushes 40c each, \$4.00 doz.

SPECIAL OFFER—One each of the 4 Ramblers, extra strong bushes, for \$1.40, postpaid.

THE PHILADELPHIA CRIMSON RAMBLER

It differs from the Crimson Rambler in two important particulars. First, the color is brighter, deeper and more intense. Second, the flowers are perfectly double to the center. It is a strong, healthy grower, free and abundant bloomer. Strong plants, each 40c, 3 for \$1.00.

DOROTHY PERKINS

New Pink Rambler Rose—As hardy as Crimson Rambler and same habit of growth. The flowers are about one and one-half inches across; are borne in clusters of from ten to thirty, and are very double; the petals are very prettily rolled back and crinkled. The color is a most beautiful shell pink and holds a long time without fading. Strong plants, each 40c; 3 for \$1.00.

THE MEMORIAL ROSE

(Rosa Wichuriana)

A beautiful single rose from Japan, blooming in clusters. Flowers fragrant, single, pure white, from 6 to 8 inches in circumference, with yellow stamens, followed in fall and winter with bright red fruit; prostrate trailing habit. Valuable for covering low walls, banks or rockeries, and for covering graves in cemeteries. It is perfectly hardy. Extra strong plants, 40c each \$4.00 doz., postpaid.

MARESCAL NEIL (Noisette)

Tender climbing rose so famous as to hardly need description. Beautiful large golden yellow; very full and double and exceedingly fragrant. It is a natural climber, and should not be pruned too short. Strong two-year-old plants, each 60c, postpaid.

Moss Rose

HARDY PERENNIALS.

This class of plants, familiarly known as **Old Fashined Hardy Garden Flowers**, has come into public favor again so rapidly as to astonish even the most sanguine enthusiast of these gems of the garden. Their popularity is not at all surprising when we consider the many varied and pleasant changes which take place throughout the entire growing season in a well-arranged hardy border, in which every week, yes, almost every day, brings forth something fresh and new. Early flowering varieties open up their flowers often before snow has entirely disappeared, and continuing with constantly changing variety throughout the summer until late in fall, when severe freezing weather only will stop persistent late bloomers.

ACHILLEA

The flowers, which are borne in the greatest profusion the entire summer on strong, erect stems, are of the purest white.

"The Pearl"—Each 15c, 2 for 25c, doz \$1.20.

Rosea—Pink. Each 20c, 3 for 50c.

ACONITUM (Monkshood, or Helmet Flower)

The variety offered forms bushy clumps, with spikes 3 feet long, of hood shaped flowers, and are invaluable for planting under trees or in shady position succeeding better there than almost anywhere else.

Nappellus—Large dark-blue flowers; August and September. 20c each 3 for 50c; \$2.00 per doz.

ANEMONE JAPONICA

They commence to bloom in August and increase in beauty until frost
Double White "Whirlwind"—Excellent double white flowers, 2½ to 3 inches across, held up on stems 10 to 12 inches long. Very desirable for cut flowers.

Prince Henry—Large very double rich pink flowers. Beautifully formed and very free flowering. 20c each, 3 for 50c, \$2.00 per doz.

Queen Charlotte—The finest of all the anemones, large semi-double flowers of that pleasing shade of pink peculiar to the La France Rose, a color that is as beautiful as it is rare among hardy perennials.

Any of the above 20c each; doz \$2.00.

ANTHERICUM LILIASTRUM (St. Bruno's Lily)

A beautiful plant with narrow grass-like foliage; and long spikes of white, fragrant, lily-like flowers. Each 20c, 3 for 50c, doz \$2.00.

AQUILEGIA (Columbines)

Aquilegia or Columbine

Skinneri—Scarlet, with greenish tips; very distinct.

Vulgaris—The European violet-blue sort.

Any of the above 20c each, 3 for 50c, doz \$2.00.

ARABIS ALPINA (Rock Cress)

Specially adapted for the rock garden, but succeeds equally well in the border, where it forms a dense carpet, which is completely covered early in the season with pure white flowers. Each 15c, doz \$1.50.

ARTEMESIA ABROTAMNUM

(Old Man or Southernwood)

Dark green, finely cut foliage, with pleasant aromatic odor. Each 20c, doz \$2.00.

HARDY ASTERS (Michaelmas Daisies, or Starworts)

These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom at a season when most other hardy flowers are past. Our collection is made up of the choicest varieties on y, the weedy sorts being eliminated. Each 20c, 3 for 50c, doz \$2.00.

BLEEDING HEART (Dielytra Spectabilis)

These pretty spring bloomers with their graceful drooping sprays of heart-shaped pink and white flowers, are very ornamental and bloom freely in early spring.

Pink—Each, 20c,

3 for 50c, doz \$2.00.

White — Each

35c, 3 for \$1.00.

BELLIS

PERENNIS

(English Daisy)

Improved double-flowering strain in white and pink. 10c each, 75c per doz; \$5.00 per 100.

Bleeding Heart

CAMPANULAS

Fine old garden plants, which are now coming into favor again.

Persicifolia—Semi-double white flowers.

Persicifolia Moerheimi—New, very large white.

Pyramidalis—Blue and white.

Canterbury Bells—Purple and white. Any of the above, each 20c, 3 for 50c, doz \$2.00.

CERASTIUM (Snow in Summer)

Tomentosum—A desirable low-growing plant with silvery foliage and white flowers, suitable for the rockery, or for carpeting dry, sunny spots, such as covering graves or steep banks; can also be used with good effect in carpet bedding. 15c each, 4 for 50c, \$1.50 per doz.

CHRYSANTHEMUMS

(Marguerites, or Moonpenny Daisy)

Maximum Triumph—A free-growing plant, not exceeding 2½ feet in height, forming bushy plants, which continue in full bloom from early in July until late in October. The flowers are Daisy or Marguerite-like, 3 inches and over in diameter, pure white, with a golden centre; they are of great substance and last a week or more when cut. Each 25c, 5 for \$1.00.

Inodorum, pl. —

Hardy species with finely cut foliage and pure white double flowers one or two inches in diameter. Flowering from June until frost. 20c each, 3 for 50c, doz \$2.00.

THE SHASTA DAISY

Glistening white flowers often over 4 inches in diameter, and in bloom continuously from early in summer until late in fall; perfectly hardy without protection, even in the most exposed location. 20c each, 3 for 50c, per doz \$2.00.

CLEMATIS DAVIDIANA

A shrubby plant from two to four feet high, with fresh, bright foliage. Flowers are long, tubular, bell-shaped of a deep lavender color, and of delicious fragrance. Each 20c, 3 for 50c, doz \$2.00.

Canterbury Bells

Correopsis Lanceolata—(See cut) — This golden Correopsis begins to flower early in June, and continues to flower until cut down by severe freezing weather; it is continually one mass of golden yellow. It is easily grown, perfectly hardy, and succeeds in any position; once planted takes care of itself. Large clumps which will flower first season, 15c each, 4 for 50c, doz \$1.50, per 100 \$10.00.

Correopsis Lanceolata

Dianthus Plumaris (Pheasant Eye Pink)—Of dwarf, compact habit, blooming the entire summer; violet rose with deep crimson centre. Each 15c, doz \$1.50.

Dictamnus Fraxinella—A very showy border perennial, forming a bush about 2½ feet high, having fragrant foliage and spikes of curious red flowers, giving off during hot weather a fragrant, volatile oil, which explodes when a match is applied to it. Each 25c, doz \$2.50.

Delphiniums (Hardy Larkspur)—The hardy Larkspurs are one of the most important and most satisfactory plants in the herbaceous garden, and should be planted extensively even in the smallest garden. Their long spikes of various shades of flowers are produced continuously from June until late in the fall, if the precaution is taken to remove the flower stems before they can produce seed.

Mixed Hybrids—Each 20c, 3 for 50c, doz \$2.00.

Digitalis or Foxglove

Perennial Larkspur

Digitalis (Foxglove)—Stately growth, fine for shrubberies and other half-shady places; three feet. Each 15c, 2 for 25c, doz \$1.50.

Doronicum Exeolsum—A strong growing perennial with large heads of bright yellow flowers 3 to 4 inches in diameter. Each 25c, doz \$2.50.

Eulalia Japonica Zebrina (Zebra Striped Grass)—Variegated, having bars of yellow running crosswise, not longitudinally as in the ordinary form or variegation; easily grown. Each 20c, doz \$2.00

Eulalia Japonica, Variegata — The long blades of this variety are striped green, white and often pink or yellow, flower stalks 4 to 6 feet high. It makes a very attractive specimen plant for the lawn. Each 20c, doz \$2.00.

Gaillardia Grandiflora — (See cut) — The flowers are large, very numerous, produced on long stems and excellent for cutting, and of the most gorgeous coloring. The centre is dark red brown, while the petals are variously marked with rings of brilliant scarlet, crimson, orange and vermilion, and often a combination of all these colors in one flower. Each 10c, 3 for 25c, 12 for \$1.00.

Gaillardia Grandiflora

Funkia Alba (Day Lily) — Pure white lily-shaped, fragrant flowers, borne in large clusters. Each 20c, doz \$2.00.

Funkia Grandiflora Variegata—Green and white, variegated foliage with purple flowers. 20c each, 3 for 50c, \$2.00 per doz.

GLECHOMA, OR NEPETA

Variegata (Variegated Groundsel, or Ground Ivy)—A most useful variegated creeper for growing over banks and stones in the rockery. 15c each, \$1.50 per doz.

Gypsophila Paniculata (Baby's Breath)—A beautiful old-fashioned flower, possessing a grace not found in any other perennial. When in bloom it forms a symmetrical mass of minute pure white flowers, forming a beautiful gauze-like appearance. For cutting purposes it is exquisite, especially in combination with high colored flowers. 20c each, 3 for 50c, doz \$2.00.

Heuchera Sanguinea—About two feet high. The flowers are produced in loose, graceful spikes, and come in the greatest profusion. In color it varies from light coral red to crimson. Each 20c, 3 for 50c, doz \$2.00.

Helenium Pumilum—A most useful summer and autumn-flowering perennial, growing about 18 inches high, and almost smothered with its golden-yellow blossoms. In England this is a great favorite as a cut flower, and is grown by the acre for the Convent Garden Market. 25c each, 5 for \$1.00.

HEMEROCALLIS

Flava (Lemon Lily)—Lemon colored flowers, excellent for planting among shrubbery.

Dumortieri—Dwarf Day Lily, deep yellow.

Kwanso, fl. pl.—Double orange Day Lily.

Middendorfi—Low growing golden yellow.

Any of the above 20c each, 3 for 50c.

Myosotis Palustris Semperflorens—A variety that is hardly ever out of flower; useful on the rockery or in shady spots in the border. 15c each, 4 for 50c, doz \$1.50.

Gypsophila Paniculata

HOLLYHOCKS DOUBLE—Hollyhocks are among the finest permanent garden plants, making a great display with little or no care. Double White, Yellow, Pink, Crimson and Scarlet. Price for two-year-old plants 20c each, doz \$2.00. We can also supply good plants at 15c each, 4 for 50c, \$1.50 per doz.

HELIANTHUS (Hardy Sunflower)

Multiflorus, fl. pl. (Double Hardy Sunflower)—An extremely useful, hardy plant. It bears profusely large double flowers of a bright yellow color. Each 15c, 4 for 50c, doz \$1.50.

Meteor—Large double orange flowers, with bold yellow guard petals; 5 feet; August and September. Each 25c, 5 for \$1.00.

Soleil D'Or—Deep golden yellow, quilled petals, not unlike a Dahlia. Each 25c, 5 for \$1.00.

HIBISCUS CRIMSON EYE (Perennial Mallow)

The flowers are 6 to 8 inches in diameter, and vary in color from pure white to deep rose. The plants grow from 5 to 8 feet high and form dense bushes, which are a complete mass of bloom. Each 20c, 3 for 50c, doz \$2.00.

HYPERICUM MOSERIANUM

A new evergreen shrub 2½ feet high, which is covered with large flowers from May until fall. They are about 2½ inches in diameter, of the richest pure golden yellow, while the petals are of great substance. It is really an ever bloomer. Each 20c, 3 for 50c, doz \$2.00.

MONARDA (Bergamot)

Showy plants, growing from 2 to 3 feet high, with aromatic foliage, and producing their flowers during July and August.

Didyma (Oswego Tea)—Flowers bright scarlet, produced in spikes, 20c each, 3 for 50c, \$2.00 doz.

Japan Iris

IRIS (Fleur-de-Lis)

JAPAN IRIS (Iris Kämpferi)—In beauty, size of flower, and richness of coloring, these Irises are grand, the flowers averaging from 6 to 8 inches across, the prevailing colors being white, crimson, rose, lilac, lavender, violet and blue. A golden yellow blotch, surrounded by a halo of blue or violet, at the base of petals, intensifies the wealth of coloring. The Japan Iris is perfectly hardy.

Named Varieties—Price 20c each, 3 for 50c, doz \$2.00.

Mixed Varieties—Strong roots 15c each, 3 for 40c, doz \$1.50.

IRIS GERMANICA—German Irises are certainly unparalleled for beauty; nothing in creation can vie with them unless the orchids from the tropics. Every shade of color may be found among them, and they will thrive in almost any soil without any care whatever. Strong roots 10c each, 3 for 25c, 80c doz.

IRIS FLORENTINA—One of the earliest of the Iris family to bloom. Large flowers of a rich creamy white sometimes shaded violet. 10c each, 3 for 25c, \$1.00 doz.

Iris Pseudo Acorus—Foliage striped yellow and green. 20c each 3 for 50c, \$2.00 doz.

INCARVILLEA (Hardy Gloxinia)

Delavayi—A new hardy tuberous-rooted plant, and one of the choicest perennial plants introduced in recent years. It produces large, gloxinia-like rose-colored flowers which last in perfection a long time; these are produced in clusters on stems 18 inches high; should be well protected with leaves during the winter, or the roots lifted and stored in dry sand in a cellar. (See cut). 25c each, \$2.50 doz.

Incarvillea Delavayi

LYCHNIS (Campion)

Chalcedonicum—Heads of brilliant orange scarlet, grows 2 to 3 feet high, blooms all summer.

Semperflorens—Ever blooming light pink.

Viscaria—Double Red (Ragged Robin).

Viscaria Grandiflora Alba—Double white.

Any of the above Lychnis 20c each, 3 for 50c, doz \$2.00.

PYRETHRUMS

Double—Hardy Chrysanthemums in beautiful double varieties. Each 25c, doz \$2.50.

Single—Hardy Chrysanthemums in beautiful single varieties. Each 25c, doz \$2.50.

Uliginosum (Giant Daisy)—Pure white, Aster-like flowers, about three inches in diameter. Each 20c, 3 for 50c, doz \$2.00.

PENTSTEMON GENTIANOIDES

Graceful in growth, while the elegant beauty of their pyramidal spikes of the large Gloxinia-like flowers elicits the admiration of all. 20c each, 3 for 50c, \$2.00 doz.

GARDEN PINKS

Her Majesty—Extra fine white. **Souvenir de Sale**—Rich pink.
Homér—Rosy red, dark centre. **Brunette**—Deep crimson.
 Each 20c, 3 for 50c, doz. \$2.00.

Chinese Pæony

Pæonia Tenuifolia

DOUBLE CHINESE PÆONIES

These great big-hearted flowers of June are coming again to be as much liked as they were by our grandfathers. They grow from 1 to 3 feet high, producing the most magnificent blooms, which sometimes almost surpass the beauty of the rose. Another point which is largely in their favor is the fact that the plants are never attacked by either insects, animals or fungus disease. Pæonies will succeed in most any kind of soil, but give best result when planted in deep, rich and somewhat moist loam.

SELECT LIST OF CHOICE AND RARE DOUBLE HERBACEOUS PÆONIES.

	Each.
Albatre —Ivory white, perfect flower.....	\$1 00
Austerlitz —Beautiful delicate bright pink.....	40
Canary —Pale yellow.....	40
Charlemagne —Creamy white.....	70
Claire Dubois —Light rose, very late.....	40
Eugene Verdier —Creamy white and pink.....	70
Festiva Maxima —Pure white, centre red spotted.....	70
Jules Elic —Soft rose, silvery shaded.....	80
Madame de Verneville —Creamy white, large petals.....	80
Marie Lamoine —Pure white, centre flesh color.....	1 20
Melsonian —Purple, late.....	80
Zoe Calot —Fine rose.....	80
We will supply one of each of the above list of double Pæonies for \$3.50. Not prepaid.	

NAMED VARIETIES

Agida—Rich and glowing dark red.
Baron Rothschild—Bright rose pink.
Beaute Francaise—Beautiful clear red.
Duchess D'Orleans—An extra fine large salmon pink.
Edulis Alba—A grand white, large in size, splendid full flower, exceptionally free in bloom.
Festiva Alba—A fine large pure white.
Humea Carne—Large rose with flush centre.
Miranda—Deep rose, a fine full flower.
Modeste Guerin—Bright cherry rose.
Pottsi—Deep rose, late flowering.
Prolifera Tricolor—White with yellow, extra fine flower.
Purpurea Superba—Fine full rosy pink, extra choice flower.
Rosea Superba—Rosy pink.
Victoire Modeste—Rosy white, very pretty.
PRICE—Strong Roots of any of the above 25 cents each; \$2.50 per doz; \$18.00 per 100.
 Sets of one of each of the entire collection, 14 varieties, for \$2.80.

PÆONIES IN SEPARATE COLOR

Double White—Each 25c, 5 for \$1.00, doz \$2.00, 100 for \$15.00.
Double Pink—Each 25c, 5 for \$1.00, doz \$2.00, 100 for \$15.00.
Double Crimson—Each 25c, 5 for \$1.00, doz \$2.00, 100 for \$15.00.

Pæonia Officinalis—This type is one of the earliest to flower, coming in fully a week earlier than the general list of herbaceous sorts. We offer two distinct colors. All are strong growers and produce very large blooms. **Rubra**—rich crimson. **Alba**—blush white. 30c each, \$3.00 doz.

Pæonia Tenuifolia, Double Flowering—Interesting and handsome, not only on account of their rich crimson flowers, which resemble in color the Gen. Jacqueminot Rose, but the fine feathery foliage makes them a handsome ornamental plant, even if they never produced a flower, always scarce and much sought after. (See cut). 30c each, \$3.00 doz.

JAPANESE TREE PÆONIES (P. Moutan)—The Tree Pæonies differ from the herbaceous varieties in their growth which is in the form of a dwarf shrub; they are equally free-flowering, and commence blooming about three weeks earlier than the double herbaceous sorts, and while also perfectly hardy they are benefited by slight protection through the winter. Strong plants each 75c; per doz \$9.00.

Iceland Poppy

Hardy Phlox

PHLOX AMENA—A dwarf-growing species, attaining a height of only 6 inches, completely covered with bright pink star-like flowers during April and May. 15c each, \$1.50 doz.

POTENTILLA (Cinquinifol)

Charming plants for the border, with brilliant, effective double flowers that are produced from June to August in profusion; they grow about 18 inches high, and will succeed in any garden soil.

Phoenix—Scarlet marked yellow. 20c each, \$2.00 per doz. **Vulcan**—Glistening red.

Spirea Filipendula, fl. pl.

high, admirably fitting it for cutting. 25c, doz \$2.50.

(SPIREA FILIPENDULA fl. pl.)

(Double flowered Drop-wort).

Numerous corymbs of double white flowers and pretty fern-like foliage. Each 20c, 3 for 50c.

ICELAND POPPIES

(Papaver Nudicaule)

These Poppies range in color from the purest satiny white and yellow to the deepest glowing orange-scarlet, and have a delicious lilac-like fragrance, blooming from June to October. Mixed colors. each 15c, 4 for 50c, doz \$1.50.

ORIENTAL POPPY

Large flowers, 6 inches across of the brightest imaginary scarlet, height 3 to 4 feet, 20c each, 3 for 50c, \$2.00 doz.

HARDY PHLOX

Their large and very brilliant trusses of beautiful flowers comprise all shades of color, from white to crimson, striped and mottled. Divide and replant in freshly prepared soil each alternate year. They delight in sunny situations and a rich soil. We offer the following twelve distinct sorts, but can supply about thirty other varieties.

August Revier—Reddish crimson.

Bertha—Light purple.

Blanc Main—Very dwarf white.

Champs Elysee—Rich purplish crimson.

Coquillicot—Light red, brightest of all.

Cross of Honor—Striped pink and white.

E. Lavasseur—Large white.

Fantome—Mottled mauve, maroon and white.

Jourdain—Purple rose, large.

Jocelyn—Soft reddish pink.

Jeanne D'Arc—Large flowering, pure white.

Mad. Laisson—Salmon pink, deeper centre.

Premier Muston—Deep pink, with light border.

Richard Wallace—White with red eye. Each 15c, 6 for 75c, doz \$1.50.

RUDBECKIA

(Golden Glow)

"Golden Glow"—Attaining a height of 4 to 6 feet, it begins to flower early in the season and continues until late in the fall. The flowers are produced in enormous quantities on long stems and resemble a fine double golden-yellow Cactus Dahlia. 15c each, 4 for 50c, \$1.50 doz.

Fulgida—Brilliant orange-yellow flowers, produced in masses on much branched plants, 2 feet high. 20c each, 3 for 50c, \$2.00 doz.

Newmanii—Dark orange-yellow flowers, with deep purple cone, borne on stiff, wiry stems, 3 feet high. Flowers from July to October. Each 20c, 3 for 50c.

SWEET WILLIAM

Beautiful old-fashioned favorite border plant. The stock we offer has been grown from a select strain. Various colors. Each 15c, doz \$1.50.

THALICTRUM ADIANTIFOLIUM

(Maiden Hair Thalictrum)

A beautiful plant rivaling the Maiden Hair Fern in the delicacy of its foliage, but hardy. Each 20c, doz \$2.00.

THRIFT (Armeria)

Foliage evergreen, of dwarf compact habit, rosy pink flowers from spring to fall, fine border plant. Each 15c, four 50c, doz \$1.50.

Tritoma Pfitzerii

TRITOMAS (The Everblooming Flame Flower)

Pfitzerii—The freest flowering variety in cultivation, with spikes from 3 to 4 feet high and heads of bloom over 12 inches long on a rich orange-scarlet, shading to salmon-rose at edges, producing a grand effect whether planted singly in the border or in masses or in beds of a dozen, a hundred or in thousands. 20c each, 3 for 50c, \$2.00 per doz, \$15.00 per 100.

VALERIANA

Officinalis (Spurred Flower)—Garden Heliotrope. Large trusses of lavender flowers, 3 feet high.

Each 20c, 3 for 50c, doz \$2.00.

VIOLETS

California—The finest single violet. The flowers, which are very large, are borne on long stout stems, which make it especially valuable for cutting; they are very fragrant and of clear violet purple color.

Double Russian—A perfectly hardy double blue violet, deliciously fragrant, deep in color and very free flowering.

Princess of Wales—Color, rich shade of dark velvety blue. The growth is remarkably strong, fragrance very fine.

Swanley White—Large double, pure white. Each 15c, 4 for 50c, \$1.50 doz.

California Violet—(The best for outdoors)

SIMMERS' COLLECTIONS

—OF—
OLD-FASHIONED

Hardy Perennial Plants

These are prepared especially for those who are not acquainted with this class of plants, and are composed exclusively of the easiest-growing, freest-flowering varieties, and also covering the longest flowering period.

6 distinct species, our selection	\$ 90
12 " " " " " "	1 75
25 " " " " " "	3 25

CLEMATIS

Type of Large Flowering
Clematis

Jackmanii Alba—Fine pure white.
Lawsoniana—Purple, darker veins.
Madame Van Houtte—White, fine.

EACH 60c, PER DOZ \$7.00.

Plant in a sunny spot in good garden soil dug very deep. We recommend the application of well rotted manure in holes a few inches away from the plant in opposite directions. The feeding roots reach out to these holes, which may be watered freely, with better success than when the manure is applied directly to the base of the plant.

Large Flowering Varieties

Henryi—Creamy white, large and handsome.

Duchess of Edinburgh—The best of the double pure white, deliciously scented.

Gypsy Queen—Very finest purple variety; strong, free bloomer.

Soskoop Seedling—Large lavender.

Jackmanii, purple—This variety with its strong, healthy growth, hardy nature, and rich, deep velvety purple flowers, is the most satisfactory of its class. Blooms with astonishing profusion from July to November on shoots of the present season; should be pruned early in the spring.

Mad. Baron Veillard—Light rose, shaded lilac.

President—Satin blue.

EACH 60c, PER DOZ \$7.00.

Fragrant and Small-flowering CLEMATIS

Clematis Paniculata

Coccinea—A very handsome, hardy climber, bearing thick bell-shaped flowers of a bright coral red color; blooms with wonderful profusion from June until frost. Each 60c.

Crispa—A very beautiful species, bearing an abundance of pretty bell-shaped, fragrant lavender flowers with white centre. Blooms from June until frost. Each 35c, 2 for 60c.

AKEBIA QUINATA

A perfectly hardy, fast-growing Japan vine, with magnificent foliage, producing flowers in large clusters of chocolate purple color, possessing a most delicious perfume; unsurpassed for covering trellises and verandas, the foliage never being attacked by insects. Each 50c.

HARDY PASSION FLOWER

Constance Elliott—An excellent climbing vine. The flowers are large, remarkably handsome and attractive, highly perfumed. Color pure ivory white with raised centre. Hardy in open ground if given a light covering of leaves or litter during the winter. Each 25c, doz \$2.50.

Honeysuckle

HONEYSUCKLES

Monthly Fragrant (Halleana)—Beautiful variegated flowers; blooms all the summer. Strong plants, each 50c.

Scarlet Trumpet—A strong, rapid grower; bright scarlet flowers, blooms all the summer. Strong plants each 50c.

Yellow Trumpet—A very robust rapid grower; yellow flowers, blooms all the summer. Strong plants each 50c.

CHINESE WISTERIA

This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of 50 feet or more; when in bloom is truly magnificent. It flowers in early spring in long, drooping racemes, resembling in size and shape a bunch of grapes.

Blue—Flowers in clusters, pale blue, sometimes gives a second crop of flowers in fall. Strong plants each 50c.

White—Flowers in long drooping clusters, as in blue varieties, pure white color, most striking. Strong plants each 50c.

ARISTOLOCHIA SIPHO

Dutchman's Pipe—A vigorous growing vine with heart-shaped leaves and curious pipe-shaped flowers; one of the very best climbing vines known. Hardy, rapid grower, best for porches, verandas, and sides of dwellings. 1st size, each 50c, doz \$5.00; 2nd size, each 30c, doz \$3.50.

ENGLISH IVY

A splendid evergreen, well-known climber, glossy green leaves, cling firmly to stone or brick walls. Each 25c, doz \$2.50.

Ampelopsis Veitchii

(Boston Ivy or Japan Ivy)

The most popular and desirable climbing plant for covering brick, stone or wooden walls, trees, etc. After it becomes established at the root it is of very rapid growth, and clings to the smoothest surface with the tenacity of ivy; the foliage is of a rich olive-green during the summer, changing to various shades of bronze, crimson and scarlet in the fall. Small plants 20c, 3 for 50c, 7 for \$1.00; strong plants 40c, 3 for \$1.00, doz \$3.75.

VIRGINIA CREEPERS

A very well-known rapid-grower; like the Bignonia and Ivy it throws out roots at the joint, by which it fastens itself to anything it touches. Small plants 20c, large strong plants 40c, doz \$4.50.

HOP VINE

One of the very best climbers for covering unsightly places. It is a rapid grower, and bears a profusion of seed pods suitable for many domestic purposes. Each 25c, 5 for \$1.00.

BIGNONIA

(Trumpet Vine)

For covering unsightly places, stumps, rock-work or planting in crevices in ledges, the Bignonias will be found very useful. The flowers are large, attractive and showy, borne profusely when the plant attains a fair size.

Grandiflora—Large flowered Trumpet Creeper, bearing blooms of orange red color. Each 50c.

Radicans—Dark red, orange throat; free blooming and very hardy. Each 40c, 3 for \$1.

Bignonia Radicans

Aristolochia Siphon

Ampelopsis Veitchii (Boston Ivy)

Lilac Blossom

Quince, Japan (*Pyrus Japonica*)—A shrub with spreading branches like the common Quince, but which presents a splendid appearance in May, when covered with large, brilliant scarlet flowers.

Price—Of any of the above extra strong shrubs, except where noted, each 50c, doz \$5.00.

WEeping DECIDUOUS TREES

sected foliage. Price \$1.00 each.

Exochorda Grandiflora (Spirea)—A vigorous-growing shrub, forming a neat, compact bush 10 to 12 feet high, can be trimmed in any desired shape. The flowers are borne in slender racemes of 8 to 10 florets each, on light and wiry branches that bend beneath their load of bloom, it is perfectly hardy, flowers pure white.

Weigelia

Spiræa Van Houttei

Snowberry (*Symphoricarpus Racemosus*)—Pink flowers in summer, large white waxy berries in autumn.

WEIGELIAS
Amabilis or **Splendens**—Resembles *Rosea*. leaves

Rosea—A hardy handsome Chinese shrub, blossoming in June; flowers a beautiful blush, changing to a deep rose color.

Simmers' Select List of Nursery Stock

NOTE--The risk of failure is the purchasers. We ship stock in good order, beyond which we have no further control.

POSITIVELY NO TREES SENT OUT C.O.D.

STANDARD APPLES

STANDARD APPLES are intended for orchards, and are usually planted when 5 to 7 feet high. The varieties in this list can be recommended as **THE BEST** now in cultivation in Canada.

Summer Apples

Astrachan Red—Large, roundish, nearly covered with crimson and thick bloom; rich, acid; hardy tree, vigorous grower, good bearer. August.

Early Harvest—Medium to large size, yellow tender, with a mild flavor; a good bearer. August.

Tetofsky—A Russian variety, profitable for market growing; bears usually the second year, and bears every year; hardy as a crab; fruit good size, yellow, beautifully striped with red; juicy, pleasant, acid, aromatic. July and August.

Yellow Transparent—Rich, transparent lemon yellow color. Flesh melting, juicy, pleasant sub-acid. Ripens ten days earlier than Earliest Harvest. Price 40c each, \$4.00 doz.

Autumn Apples

Alexander—Very large and beautiful, deep red and crimson; one of the most showy apples in cultivation, and very productive. Oct. and Nov.

Colvert—Large, with a handsome red cheek; rapid grower and hardy. November.

Duchess of Oldenburg—Large, beautiful, roundish, red and yellow; tender and juicy; bears young and profusely. Very hardy.

Fameuse—Commonly known as "Snow". Hardy. October and November.

Gravenstein—Large, striped, round; first quality. Hardy, productive and generally esteemed. October.

Haas Queen—Large, slightly conical, splashed and mottled with light red; flesh white, sub-acid. The tree is the fastest grower we have.

St. Lawrence—Large, red and yellow; crisp vinous, tender; good. Free grower. October.

Twenty Ounce—Very large, showy, prolific, well known. Price 40c each, \$4.00 doz.

Winter Apples

Baldwin—Large, brown red, very prolific. Jan. to April.

Ben Davis—Very hardy and productive, fruit large, a late keeper.

Ontario—A cross between Northern Spy and Wagener, possessing all the good qualities of the former with the early and profuse bearing of the latter. Jan., Feb. and March.

Wagener—Moderate grower; bears very young and profusely; yellow and crimson; juicy, sub-acid. January.

Golden Russet—Vigorous, medium, crisp, juicy, mild, sub-acid, hardy, very good, long keeper. Nov. to May.

King of Tomkins—A very large, red apple; tree grows and bears well. November to May.

McIntosh—Large, bright red, sub-acid, November to February.

Northern Spy—Vigorous and hardy, large, striped red, tender, juicy, mild, sub-acid. Late.

Mann—Medium to large; deep yellow, juicy, mild, pleasant, sub-acid; hardy. Good grower, January to April.

Pewaukee—Vigorous, hardy, bright yellow, with red; tender, juicy, sub-acid. Jan. to May.

E. I. Greening—Large, green, fine grained, rich, sub-acid. A little tender in northern sections. Late.

Talman Sweet—Hardy and vigorous; medium; yellow, firm, rich, sweet. November to April.

Walbridge—Vigorous, hardy, productive, medium size; yellow and red; crisp, juicy, good Jan. to May.

Wealthy—Free in growth and very hardy; large, dark red; juicy, vinous, sub-acid, good. December to March.

Price of the above, 40c each, \$4.00 doz.

Crab Apples

General Grant—A beautiful crab for ornament and preserving, and for eating out of hand. Color red; fruit is large, tender and juicy.

Hyslop—Vigorous, large, deep crimson, sub-acid. September.

Transcendent—Vigorous, medium, red and yellow, a beautiful variety of the Siberian class. Sept.

Whitney's Seedling—New, large, handsomely splashed with carmine, fine quality; heavy, yearly bearer. Sept. and Oct.

Price 50c, \$5.00 doz.

STANDARD PEARS

STANDARD PEARS are grown upon Pear stocks and Dwarfs upon Quinces.

Summer Pears

Bartlett—Vigorous, large, yellow and red, juicy, buttery, with rich musky flavor; very good. Sept.

Brandywine—Free grower, medium size, yellow and russet, melting, juicy, good. August.

Clapp's Favorite—A cross between Bartlett and Flemish Beauty; fruit resembles the former.

Tyson—Medium, yellow and russet, melting, juicy, sweet, free, vigorous grower and good bearer. August.

Wilder Early—Handsome, delicious early Pear. August.

Price 50c, each, \$5.00 doz.

Autumn Pears

Duchess D'Angouleme—One of the very largest Pears grown; greenish yellow, sometimes a little russeted. October and November.

Flemish Beauty—Large, beautiful, juicy, melting, rich, strong grower, good bearer. Sept. and October.

Kieffer—Large, rich, golden slightly coarse juicy, with pronounced Quince flavor. Oct. and Nov.

Seckel—Medium brown, highest flavor. Sept. and October.

Sheldon—Large, russet and red, melting, rich delicious, hardy, vigorous and productive. Oct.

Price 50c each, \$5.00 doz.

Early and Late Winter Pears

Anjou—Very large, pyriform, greenish yellow, buttery and juicy. November and December.

Clargeau—Very large, handsome and showy; yellow and red, juicy, vinous, valuable for market. November and December.

Lawrence—Medium to large, golden yellow, melting, pleasant, aromatic. November and December.

Price 50c, each, \$5.00 per doz.

PEACHES

Crawford's Early—A superb yellow Peach of good quality; a productive and early sort. Sept.

Crawford's Late—Resembles Early Crawford, but later.

Early York—Medium size, white, with purplish red cheek; one of the best. July.

Early Rivers—Large, color creamy white, with a delicate pink cheek; melting, rich and juicy.

Early Canada—A seedling raised by Abraham High, Jordan, Ont., resembles the Alexander and ripens about the same time.

Price 45c each, \$5.00 doz.

CHERRIES

Cherries succeed well on dry soil, can be trained in any form that taste or circumstance require.

May Duke—An English variety of large size. Tree erect and hardy. Fruit rich and good. Middle of June.

Black Tartarian—Large, mild, pleasant flavor, purplish black, good bearer. End of June.

Early Richmond—Medium red, juicy, acid, June.

English Morello—Large, dark red, sub-acid, good.

Governor Wood—Medium large, clear light red, juicy and delicious. End of June.

Yellow Spanish—Large, pale yellow with red cheek, juicy, delicious and sweet. End of June.

Montmorency Large—Light red, sub-acid, great bearer, very hardy, one of the best. First July.

Kentish—Large, red, juicy.

Napoleon—Very large, pale yellow with red cheek, firm, juicy, sweet, very good. First July.

Olivet—Large, deep red, vinous, sub-acid, hardy. Middle July.

Windsor—Of Canadian origin, vigorous and hardy, large, liver colored, valuable. End July.

Price 60c each, \$6.00 doz.

PLUMS

Plant 18 ft. apart on good substantial soil. The stock we offer is very fine, unexcelled in thriftiness.

Bradshaw—Very large, dark violet red, juicy, sweet and good, one of the best. August.

Coe's Golden Drop—Large, yellow, sweet. September.

Imperial Gage—Excellent, large, pale green. August.

Beauty of Naples—New, large, greenish yellow, highest flavor, tree very hardy and prolific, Middle September.

Moore's Arctic—Medium, purplish black, juicy sweet, heavy bearer and extremely hardy.

Yellow Egg—A well known large plum, firm sub-acid, and fine for cooking.

Lombard—A rampant grower, and wonderfully productive, medium, violet red, good. Sept.

Prince of Wales—Round, reddish purple, large, quality excellent. September.

Pond's Seedling—A magnificent English, light red plum, good grower, abundant bearer. Sept.

Shipper's Pride—Large, often measuring 2 in. each way, being nearly round; excellent for canning. September.

Goliath—A very large purple plum, rivaling the peach in beauty; hardy and productive.

Price 50c, each, \$5.00 doz.

HARDY GRAPE VINES

It is not safe to send these roots after the leaves have started, as the close packing required to protect the roots injures the foliage and often kills the plant; we would therefore ask our customers to kindly send us their orders as early as possible, and to reach us not later than the 20th of May, as after that date they usually begin to leaf. Nearly all of these roots are grown in open ground, and consequently cannot be forwarded until the frost is sufficiently clear in spring to lift them; they will be forwarded as soon after as possible, and when the plants are in best condition for safety.

Campbell's Early

Niagara

Worden

BLACK GRAPES

STRAWBERRIES

These varieties marked P are imperfect flowering and should not be planted alone.

NEWER VARIETIES

Tennessee Prolific—A very large berry, and ripens nearly with the very earliest, is firm and of good color and a strong grower, very productive

Sample—(P)—One of the very best berries and seems to succeed nearly everywhere. Plants strong, large and healthy, producing in profusion large crimson colored berries of uniform size and color, firm enough to ship well.

Any of the above postpaid, doz 30c, 25 for 50c, 100 for \$1.50, By express at purchaser's expense, 100 \$1.25, 1,000 \$8.00.

STANDARD VARIETIES

Wm. Belt—(P) — Vigorous plant, very prolific, fruit extra large, brilliant glossy red.

Clyde—Fruit large and firm, conical in shape, of a light scarlet color.

Williams—Large, handsome berries, extremely productive and hardy.

Glenmary—A superb early variety of a bright glossy crimson and fine flavor, very productive and of large size.

Bubach—(P)—This berry combines great and uniform size, unsurpassed productiveness and good quality.

Lovett's Early—Seedling of Crescent, very early, equals Wilson in firmness, double the size of Crescent and will yield double the quantity.

Any of the above postpaid, doz 25c, 25 for 40c, 100 \$1.25. By express at purchaser's expense, 100 \$1.00, 1,000 \$6.00.

INSECT DESTROYERS

Aphis Punk—More convenient than vaporizing Tobacco extracts, for use in private places. The Punk is lighted and allowed to smoulder, the fumes killing all insects. Boxes of 12 rolls, each containing 60 grains of nicotine, sufficient for 600 feet of floor space. Price 75c per box, postpaid 90c. Case of 12 boxes \$7.50.

Fir Tree Oil—Soluble in water, effectually destroying all kinds of pests to which plants are subject. Bottle, small size 25c, postpaid 40c, half pint 50c, postpaid 75c, pint 75c, quart \$1.50, $\frac{1}{2}$ gallon \$2.75, gallon \$5.00.

NIKOTEEEN—The most powerful extract, and will be found more economical than weak tobacco extracts. Pint \$1.50.

Nicotume—Tobacco paper insecticide, does not injure the flowers. It is packed in tins. Price, 2 doz sheets, 1.00, 12 doz sheets \$5.00.

TOBACCO SOAP—Makes an excellent wash for plants and trees infested with insects. $\frac{1}{2}$ lb 25c, mail 35c; 1 lb 50c, postpaid 65c.

ROSE LEAF Extract of Tobacco—One of the most effectual articles for the destruction of all insects and scales on plants. Small bottle 25c, postpaid 40c, pint 40c, quart 75c, gallon \$2.00.

WHALE OIL SOAP—Makes an excellent wash for trees and plants, kills insects and eggs on the bark. Lb 25c, 5 lbs \$1.00. By mail add 15c per lb for postage.

TOBACCO CLOTH—Takes the place of Tobacco stems. Per lb 75c, 2 lbs \$1.25.

COPPER SULPHATE—For Bordeaux Mixture. Per lb 10c, postpaid 25c.

JAPANESE INSECT DESTROYER—For destroying insects, grubs, worms, moths, etc. Per tin \$1.00.

GISHURST COMPOUND—For preventing and destroying Red Spider, Scale, Mealy Bug, Thrip, Green and Brown Fly, etc. Sold in boxes; price 75c.

NICOTICIDE—This compound is used for destroying Green and Black Fly, Thrip, Mealy Bug, Red Spider, etc., and it is most certain in effect. The vapor given off by the compound does not alter the natural color or scent of the flowers. 4 oz can 90c, $\frac{1}{2}$ pint \$1.50, 1 pint \$3.00. Fumigators each 75c.

LEMON OIL—Price half pint 50c, pint 75c, quart \$1.50, $\frac{1}{2}$ gallon \$2.75, gallon \$5.00.

PURE DALMATIAN INSECT POWDER—Price $\frac{1}{2}$ lb 20c, per lb 60c, or by mail 75c.

LONDON PURPLE—When applied in a liquid form, 1 lb to 200 gallons, or a teaspoonful to a pail of water is sufficient. Lb 20c, 10 lbs \$1.75.

FLOUR OF SULPHUR—Lb 10c, 10 lbs 50c, per 100 lbs \$4.00.

PURE PARIS GREEN—Securely put up in boxes. Price per lb 40c.

SLUG SHOT—A non-poisonous powder and a very popular insecticide. Easily applied and not injurious or dangerous to animals, the person applying it, or fruits and vegetables treated. Send for our book on Slug Shot. Lb 10c, 5 lbs 35c, 10 lbs 60c, 100 lbs \$5.00; larger lot prices on application.

GRAPE DUST—It is a preparation to kill the destructive mildew that strikes the grape-vine. In 5 and 10-lb packages. Per lb 10c.

**Kills the Bugs.
Feeds the Plant.**

Pat. in Canada Nov. 2, 1897, Jan. 25, 1906

NON-POISONOUS. PREVENTS BLIGHT.

HAMMOND'S THRIP JUICE—Death to Mealy Bugs and Scale, which infest roses. $\frac{1}{2}$ pt tins 30c, pint 50c, quart 75c.

BUG FINISH—Per barrel, about 280 lbs \$3.25, per 100 lbs \$1.50.

BUG DEATH is a non-poisonous article that takes the place of Paris Green and other dangerous insect powders. It will not injure the plant, burn or blight the vine.

It kills the bugs on Potato plants, Squash, and Cucumber Bugs, Currant and Tomato Worms, etc.

Feeds the plants. "Bug-Death" promotes the growth of the plant and keeps it strong.

Bug Death is used by applying dry to the plant or used in water to spray the plants. Full directions for its proper use go with each package.

Price—1 lb pkg 15c, postpaid 30c; 3 lb pkg 35c, 5 lb pkg 50c, 12 $\frac{1}{2}$ lb pkg \$1.00, 100 lbs \$7.00.

Perfection Shaker for applying Bug Death, 65c.

SPRAYING MACHINES

THE "SUCCESS" BRASS SPRAY PUMP

With Bucket Foot Rest. Indestructible Bronze Ball Valves

An excellent pump for use in gardens, vineyards, greenhouses and orchards, for washing windows and buggies, also for spraying poultry houses with white-wash. The working parts are all brass, and bucket foot rest is made of malleable iron. Nothing could be simpler and more durable than this pump. It has large air-chamber space, and is double-acting, throwing an absolutely continuous stream, either solid, or in fine spray.

The end of hose connecting to pump is coiled with brass spring wire, adding largely to its durability. This pump is rightly named, and as a leader for general use it cannot be beaten. "Nothing succeeds like 'Success.'" The "Bordeaux" Nozzle is furnished with "Success" pumps.

Price—"Success" Brass Spray Pump, with "Bordeaux" Nozzle, with directions for spraying, \$4.50

Seven feet of hose with connection for "Success" Pump, \$2.00 extra.

KEROSENE SPRAYER

The "Success" Kerosene Sprayer consists of our Perfect Success bucket spray pump, with a kerosene attachment. The oil tank may be readily removed and a cap, which we furnish placed on the oil inlet. The pump can then be used the same as our other Success Pumps.

Price—Complete, as in cut, \$11.00.

SPRAY NOZZLES

The "Bordeaux" Nozzle is the simplest and best spraying nozzle. It throws solid stream or a spray adjustable to any fineness. It will also throw a long distance coarser spray for large trees—features possessed by no other. Price \$1.00.

Vermorel Nozzle—80c.

AUTO-SPRAY

Eight to ten strokes of plunger in air chamber will compress enough air to discharge the entire contents and make a continuous spray for nine minutes. This means that the Auto-Spray can be charged in fifteen seconds, when it will work uninterruptedly long enough to spray a $\frac{1}{4}$ acre of potatoes.

The Auto-Spray is light, and being carried by a shoulder strap, a boy can carry it with ease and can cover ten times more area in a day than can be covered with the old style sprayers, which require the operator to be constantly pumping in order to do the spraying. The Auto-Sprayer does the work as fast as a man can walk. Descriptive circular sent on application.

Price—Galvanized iron reservoir \$5.50; brass reservoir \$7.00.

REPAIRS AND EXTRAS—Auto Pop and fittings, \$2.00; Iron Extension Pipes, 40c; Elbow Connection, brass, 45c; Auto Spray Torch, \$1.00; Hose, per length with wire coil, 30c; Nozzle without caps, 35c; Caps, each 10c; Pump valve, 25c; Leather washer, each 5c; Screw and washer for stop cock, 15c.

LITTLE WONDER SPRAYER AND ATOMIZER—Price, made of tin, 40c, by mail, postpaid, 65c; brass \$1, by mail, postpaid \$1.30.

INSECT POWDER DISTRIBUTOR OR DRY POWDER SPRAYER

By the use of this Insect Powder Distributor in applying the insecticides dry, all difficulties are overcome, as the poison is distributed so evenly and in such small quantities that it is hardly perceptible on plants.

The small hole is for clear Paris Green, the large hole for Hellebore and powders of like nature. The forked tube carries the poison directly on two rows of potatoes at once. With this tube attached a man can poison the bugs on an acre in thirty or forty minutes by walking at an easy gait without stopping.

The best time for applying the poison is in the early morning when the dew is on; it will then adhere much better to the leaves. Price \$4.00.

**One Horse Plow—
No. 15 Unexcelled
as a Garden Plow.**

A one-horse or garden plow that cuts the width it turns, and turns a furrow properly. Most one-horse plows are only two-horse plows shortened up, and spoiled for real plowing. This one is a plow—light, but strong. Price, cash \$10. Fleury's Celebrated Root Pulper, No. 7, \$11. Fleury's Straw and Ensilage Cutter, No. 1, hand power. Price \$13.50. Fleury's Farm Wheelbarrow. Price, \$4.00.

PLOWS

No. 21 Fleury Plow. \$12.00.

No. 13 Fleury Plow. \$12.00.

No. 15 Fleury Plow. \$10.00.

WROUGHT IRON HARROWS

Garden Harrows—In two sections, \$8.50

Farm Harrows—In three sections, \$11.00; four sections, \$14.00.

WILKINSON PLOWS

We can supply the following desirable "Standard" Plows, manufactured in Toronto, of the best material (regardless of cost) by the Wilkinson Plow Company.

Narrow one-horse plow, \$10.50. Wide one-horse plow, No. 13, \$10.00. No. 3, \$13.50. No. 4, \$13.00. No. 5, \$13.00. No. 7, \$13.00. No. 21, \$13.00.

Wilkinson's All-Steel Garden Harrow—\$12.00.

Channel Steel Drag Harrow—Three sections, \$13.00.

Channel Steel Drag Harrow—Four sections, \$17.00.

Automatic Corn Planter

**THE AUTOMATIC CORN
PLANTER**

The Automatic Planter is of the best material, well and durably put together, and finished to stand long use and all sorts of weather. In this planter the seed is delivered from the Dropper to the receptacle at the bottom, which when opened by pressing over on the Foot, leaves it once at the depth required, avoiding the trouble found with all Hand Planters that deliver the seed direct from the Dropper to the soil. It also has a most convenient attachment for regulating the depth of planting; this can be raised or lowered in a moment, and insures delivery of the seed at precisely the depth required, whether the soil be hard or mellow. Price \$2.00.

**CYCLONE BROADCAST
SEED SOWER**

Geared, (See Cut)

AT WILL SOW clover, timothy, wheat oats, rye, buckwheat, Hungarian red top, turnip, millet, corn, cotton, and all other grains and seeds, perfectly even and any desired amount per acre, and from 30 to 60 acres a day. It does not require seed to be cleaned, and will sow orchard and blue grass. Full instructions and directions on every machine. Geared, price, \$1.75; postpaid, \$2.50.

**THE LITTLE WONDER SEED SOWER**

The Little Wonder embodies all the principal features, for even distribution of all varieties of farm seed, as found in our repeatedly improved and time-tested Cyclone Seeder. It is, however, built on slightly different principles; the frame of machine which carries all the bearing parts is made of one piece and so arranged that Seeder rests in an easy position in front of operator.

Price \$1.40, postpaid \$2.

Fiddle Bow—Old style. Price \$1.00, by Mail postpaid \$1.50.

**CAHOON BROADCAST SEED
SOWER**

A hand machine very largely used. The quantity to be sown is easily regulated. It will seed evenly four or six acres per hour. It will scatter the following distances: Wheat, Barley, Rye, 25 feet; Clover and Timothy, 18 to 20 feet. The bag and hopper hold about 22 quarts. Weight 5½ lbs. Price, each, \$4.00.

**CHAMPION BALL-BEARING
CORN SHELLE**

It has no equal. It is the best Sheller on the market, and considering the amount of work it will do, it is the cheapest. Its work is easy, rapid, and highly satisfactory. Its unique automatic adjustment, improved shelling disc and telescopic construction, are all new inventions, embodying improvements found in no other corn sheller. Weight, 20 lbs. Price \$2.50.

Special prices on application for larger quantities than those quoted.

"Iron Age" Garden Implements for 1907

We have no hesitation in claiming these tools to be the most perfect and satisfactory made and we want to place one in the hands of every customer. They have recently become immensely popular, owing to the new departure in their design and construction; in other words they are all right and up-to-date. They are equipped with high, steel wheels, very light, tubular frames connected to malleable iron castings—really bicycle construction, and in consequence they are exceedingly light, convenient, easy to handle and very handsome in appearance.

"NEW MODEL" SEED DRILL

Price, \$8.00

Perfect index;
Instantaneous Cut-off
Adjustable
Marker;
Broad
Wheel;
Steel Opening Plow;
Adjustable
Handles.

Drills of similar construction are usually provided with a series of holes of varying sizes through which the seed is passed, which, of course, do not always give an opening of the exact size required. This adjustment is made in a simple and effective manner by use of a slide with a pear-shaped opening, passing under the bottom of a seed reservoir, which is provided with a perforation of a similar shape in a reversed position. This slide can be instantly adjusted to size indicated by index, or to a hair breadth variation between—a vital point in a perfect seed drill. As the names of the principal seeds are plainly shown on the index itself, it is not necessary to refer to any table of reference. The flow of seeds can be instantly stopped by a swinging cut-off, conveniently operated by a cord and ring on handle. This cut-off prevents all loss of seed at end of rows. The main wheel is of large size and of unusual width, preventing its sinking into soft earth.

Each drill crated and carefully packed for shipment. Packed weighs about 40 lbs. Price \$8.00.

NO. 4, "IRON AGE"

Combined Double Wheel Hoe and Drill Seeder

Combined in this tool are a Seed Drill, a Double Wheel Hoe and a Single Wheel Hoe. In each form these tools are equal to any tool or tools made especially for the purpose.

As a Seed drill this tool sows in drills with perfect accuracy, all the seeds varying in size from celery to Corn. Easily and quickly adjusted in every particular.

The change from a Seed Drill to a Wheel Hoe is made by simply detaching the seed hopper with its frame, covers, wheels, etc.; loosening two bolts does it, and applying the cultivating tools. The wheel is made of steel 16" high. The frame of pipe, coupled to malleable castings. The tool is therefore very light as well as strong; runs easily. Price \$10.50.

No. 5, Iron Age Drill Seeder, the foregoing implement as a Seed Drill, only \$8.00.

Set of Attachments to convert a No. 5 Drill into a No. 4, \$3.50.

NO. 6, "IRON AGE"

Combined Double Wheel, Hoe, Hill and Drill Seeder

As can be seen by the cut above, anyone purchasing the No. 6 "Iron Age" Combined Double Wheel Hoe, Hill and Drill Seeder, possesses at once, the most perfect and complete tool possible. It is a whole tool-house itself. It drills, hoes, rakes, hills, cultivates, levels, plows, furrows, covers, and does each and every operation in the most satisfactory manner.

The fact that our "Iron Age" Double Wheel Hoe can be converted into a thoroughly practical Single Wheel Hoe, makes this combined machine four different tools: a Hill Dropper, a Double Wheel Hoe and a Single Wheel Hoe, also a Row Drill. This tool will sow all the small seeds varying in size from celery to corn. Price \$12.00.

NO. 7, IRON AGE HILL AND DRILL SEEDER

The foregoing implement is a Hill and Drill Seeder only. Price \$9.00. Set of Attachments to convert a No. 7 Drill into a No. 6, \$3.50.

NO. 8, "IRON AGE" HILL AND DRILL SEEDER

The "Iron Age" Hill and Drill Seeder is without question the most perfect tool ever offered. The wheel is 16 in. high, made of steel with a two-inch tread. The Opening Plow is non-clog-gable and can be instantly adjusted. The hopper is low, therefore the delivery of the seed is close to the ground, thus making possible accurate spacing. Capacity four quarts. The Agitator is a revolving bush which makes it a sure feed and sows absolutely all of the seed accurately and without injury.

The distance of spacing the seed can be instantly changed by simply varying the number of pins in the outside circle of the holes of the "Pin Wheel." By using only one pin (stationary) the seed will be spaced 24 inches; two pins, 12 inches; three pins, 8 inches; four pins, 6 inches; six pins 4 inches. We wish to emphasize the great simplicity of this adjustment as it overcomes a very radical objection to similar tools, that of having numerous cam wheels to change.

The amount of seed can be minutely adjusted by our patented index. The Covers are firmly held in place by a spring—thus avoiding all danger of not covering. The wheel rolls and packs the soil. The flow of seed can be instantly stopped or started by a convenient finger latch on the handle. Price \$11.00.

NO. 15, "IRON AGE"

Combined Single Wheel, Hoe, Hill and Drill Seeder

Combined in this tool is the best Hill and Drill Seeder, and Single Wheel Hoe ever offered to the public. In combining these tools not a single advantage of a separate Single Wheel Hoe or Seed Drill is lost. As each they are, in themselves, complete. Changed from one form to another almost instantly, completely filling every desire both as to method of handling seed and soil.

It places the seed in hills or drills, it plows, it rakes, it opens furrows, it covers, it hills, it hoes, it cultivates.

The wheel is made of steel, 16 in. high; the frame of pipes; coupled to malleable castings; therefore light, runs easy, is strong and durable.

Price \$11.00.

NO. 17, "IRON AGE"

Combined Single Wheel Hoe and Drill Seeder

Combined in this tool we offer the best Row Drill and Single Wheel Hoe ever offered the public. In combining these tools not a single advantage of a separate Single Wheel Hoe or Row Drill is lost, as each one in itself is complete. Can be changed from one form to the other almost instantly, completely filling every desire both as to method of handling seed and soil.

It places the seed in drills, it plows, it rakes, it opens furrows, it covers, it hills, it hoes, it cultivates. The Wheel is made of steel, 16 in. high, the frame of pipe, coupled to malleable castings, therefore light (runs easy), strong and durable. Price \$10.00.

No. 9 "IRON AGE"

Single Wheel Hoe, Cultivator, Rake and Plow Combined

This tool is, in regard to the work done, almost a counterpart of the Double Wheel Hoe.

In addition its lower price, less weight and increased steadiness given by a single wheel, make strong arguments in favor of this tool. For the small kitchen garden we consider the Single Wheel Hoe, with these points of merit, as being very valuable. The work is done principally between the rows, although plants of small growth can be hoed on both sides at once by placing the wheel on the left side.

With this single wheel tool, spaces of exceedingly narrow width can be worked even using but one cultivator tooth. With the large plow attachment, deep furrows can be opened or closed; potatoes, celery and other crops hoed—in short, all such work usually accomplished by a special plow.

Price Complete \$6.00

Weeder Attachment for this tool similar to the one shown on the Double Wheel Hoe, \$1.00.

"Iron Age" Combined Single Wheel Hoe

No. 11

"IRON AGE" WHEEL PLOW

Price, \$2.75

Packed Weight 15 lbs.

No. 12 "IRON AGE"

Wheel Plow and Cultivator

In the accompanying cut we show a tool of exceeding lightness, but of great strength, which is designed to do a greater variety of work than any other tool of the same price. It will accomplish all the work in cultivating needed to be done in a small kitchen garden—plowing, furlowing, covering, hoeing, raking and cultivating. This tool is emphatically the friend of the laborer or mechanic who can afford only to invest a small amount of money in a garden tool, and whose few moments in a garden must be devoted to "straight-ahead" work.

Price \$3.75.

No. 20 "IRON AGE"

Single Wheel Hoe

The No. 20 "Iron Age" Single Wheel Hoe is the wheel hoe form of both the Nos. 15 and 17 Combined Single Wheel Hoes and Seed Drills. Although being designed with the view of being able at any time in the future to add a Seed Drill Attachment, it is the most complete Single Wheel Hoe ever offered.

The wheel is 16 inches high, and has a broad-faced tire, 1 1/2 in. wide. The frame is made of pipe, coupled to a malleable casting to which is attached the working tools and handles.

A pair of side hoes, three cultivator teeth made entirely of steel, one pair of rakes and a landside plow is furnished with the tool, at the price, \$6.50.

"No. 1 IRON AGE"

Double Wheel Hoe, Cultivator, Rake and Plow Combined

At a glance one can see the great usefulness of this tool. The garden or farm is incomplete without at least one of these tools. In cultivating onions, beets, turnips, radishes, etc., it is invaluable, saves hours of hard labor and does the work better than several men could do it in the same time. One great advantage which this double wheel hoe possesses is that it can be made into a practical single wheel hoe in a moment's time. An axle is sent with every double wheel for this purpose. The wheels are 16 inches high, enabling the wheel hoe to run easy and without yielding to the depressions of the soil as a low wheel will do. The frame being made of tubing coupled to malleable castings gives great strength, together with lightness. All the tools shown in the cut go with the machine.

Price complete, \$7.50.

Combined Disc and Fender Attachment, \$1.00.

No. 25 Fertilizer Distributor Attachment, \$4.50.

Weeder Attachment, \$1.40 extra.

Landside Plow Attachment, \$1 extra.

Single Tooth Attachment, 75c extra.

POTATO PLANTER

"Iron Age" Improved Robbins Potato Planter with Fertilizer distributor. Plow with shield or disc as ordered. Price \$85.00.

"Iron Age" Potato Digger. Price \$125.00.

"Iron Age" Two Row combined Beet Drill and Cultivator complete. Price \$48.00.

No 6 "Iron Age" Hill and Drill Seeder Attachment

No. 22 "IRON AGE" Fertilizer Distributor, Hill and Drill Seeder

This tool is designed to sow fertilizer and seed in one operation. The fertilizer is distributed in two narrow streams, adjustable in depth and width apart. The seed is sown between the two rows of fertilizer, so no injury can result from coming in contact with it. It will sow in rows or drop in the hills at 4, 6, 8, 12 or 24 inches apart. The seed attachment may be detached and tool is then a most excellent implement for the top or side dressing of growing crops. Price \$18.00.

No. 8 "IRON AGE" Horse Hoe and Cultivator Combined

The distinct feature of this machine is the screw expander instead of the lever. The former gives equal rigidity at every point in the expansion up to the full limit 28 inches. The side bars are always firm, with no tendency to close.

This Cultivator allows of a much wider range of adjustment than any other which will commend it to all users.

Complete as shown in illustration, \$9.00.

No. 1 "IRON AGE" Combined Harrow and Cultivator Steel Diamond Teeth

Our "Iron Age" Combined Harrow and Cultivator is a tool that has diamond-shaped teeth, with a small cultivator tooth forged on one end—steel, of course. For very close work, every other tooth can be very quickly removed. We also have, as an attachment, a wide, flat sweep on a high-throated standard, for use on rear end of middle bar. Sure death to weeds and grass.

With lever expander and wheel.....\$7.50
Sweep attachment.....1.25 extra.

"IRON AGE" PLANT LABEL

These labels are made of galvanized iron and the writing is protected by a sheet of mica. Indispensable for private gardens, public parks, experiment stations, etc.

Each, 20c, doz., \$2.00; 100 for \$17.00.

We are sole Agents for "Iron Age" Implements and carry a large stock, thus enabling us to fill orders at the shortest possible notice.

No. 23 "IRON AGE" Fertilizer Distributor as a Side Dresser Price \$13.50

The side or top dressing of growing crops has become a practice of great importance, and in fact, of absolute necessity to produce a quick, thrifty growth of growing plants.

The fertilizer is placed in the hopper which holds over four quarts, and when fed out is divided in two streams and the two delivery tubes carry the fertilizer into the light furrows made by the opening plows.

All gardeners will appreciate the great advantage of applying quick acting fertilizers to the growing plants; but at the same time realize the difficulty in doing so without such a tool as described above. Price \$13.50.

Hill and Drill Seeder Attachment may be applied to this tool and the seed may be sown in drills or placed in hills at 4, 6, 8, 12 or 24 in. apart, at the same time the fertilizer is distributed. Price, \$5.00.

No. 6 "Iron Age" Horse Hoe and Cultivator Combined, with Wheel and Levers. Price, \$7 50

No. 6, "Iron Age" Horse Cultivator]

As made at present there is no cultivator in use so completely adapted to the various needs of the farmer, particularly the "truck" grower. With six narrow teeth it cannot be equalled as a thorough pulverizer of the soil, and is quickly changed to any of its combinations. With or without Lever Adjustment of Wheel. We claim this tool to be the strongest, steadiest horse hoe made; hoe standards are very heavy solid steel, adjustable in both pitch and angle of cut, adjustment of width instantly made, steady and smooth in its operation, the only lever adjuster that does not impair the stiffness of the tool.

PRICE—Complete as in illustration with mould boards, scuffer, teeth, wheel and levers.....\$7 50
Furrow Closing Attachment.....1 50

Mann's New Model Bone Cutters

No. 5 B. M.

Intended for flocks of 15 to 25 hens. Can be used for flock of 100 hens, but larger size is more economical in the end for such a large flock. Mounted on iron stand, no expense to set it up. Place for pan to catch the bone. Patented automatic governing spring feed, 1902 style.

Cylinder is larger than the old style No. 1. Cutter plate has 4 knives instead of 3. Will cut faster and easier than other types costing twice as much.

Capacity, 15 to 20 lbs per hour. Weight, 85 lbs. Price \$12.00.

No 5. B.

This machine is exactly the same as the No. 5 B.M. except that it has not the iron stand. The capacity is the same.

Weight, 60 lbs. Price, \$9.00.

No. 5 B.M.

No. 5 C.

This machine is exactly the same as the No. 5 B, with a crank handle instead of a balance wheel. Capacity not quite equal to 5 B.

Weight, 35 lbs. Price, \$7.00.

No. 7.

Intended for flocks of 40 to 100 hens. Can be profitably used for 200 hens or more, but we recommend No. 9 for flocks of more than 100. Mounted on strong iron stand with large table or box or pan to receive cut bone. Patented 1902 Model automatic governing spring feed. Large open-hinged cylinder, giving instant access to all working parts. Six special knives. Gear guard anti-clog device. Heavy balance wheel, with adjustable handle, besides all the best features of our old-style machines. Weight, 107 lbs. Capacity, $\frac{1}{2}$ to 1 lb per minute. Made in one size only. Price \$14.00.

Semi-Power Bone Cutter

No. 7 $\frac{1}{2}$ A combination hand or power BoneCutter. Adapted to run either way without changing any part. It is always ready for use. Intended to meet the demand for a small power cutter. Cylinder same size as No. 7.

Capacity, 50 to 100 lbs per hour. Weight, 150 lbs; diameter of the pulley, 11 $\frac{1}{2}$ inches, 24-inch face. Speed of pulley, 300 revolutions per minute. The No. 7 $\frac{1}{2}$ has all the late improvements, special feed, anti clog, open cylinder, tight and loose pulley, etc. Price \$18.00.

No. 9 Intended for flocks of 100 to 300 hens. The description of No. 7 will apply to this size also. The difference consists of larger cylinder, greater holding capacity, different design and larger table. This machine can be altered into the No. 11 by adding the power parts, making a combination machine for both hand and power. Its economy is evident. Weight, 170 lbs. Capacity $\frac{1}{2}$ to 1 $\frac{1}{2}$ lbs per minute. Price, \$20.00.

Parts to change No. 9 to No. 11. Price, \$8.00.

No. 11 Intended for large flocks when the machine must be run by hand a portion of the time. It is really a semi-power and semi-hand or combination machine, and as such has its place. The No. 11 is exactly the same as the No. 9 with the power parts added. It has all the late improvements, special feed, anti-clog, open cylinder, tight and loose pulleys, etc. Weight, 215 lbs. Capacity, 100 lbs per hour. Price, \$32.00.

No. 12. Power Bone Cutter Weight, 260 lbs. \$34 00
No. 15. " " " 455 lbs. 65 00
No. 14. " " " 420 lbs. 80 00

SHEPPARE'S ACME GALL CURE

With this ointment the afflicted parts can be healed without the loss of a single day's time. 3 oz box 25c, postpaid; 8 oz box 50c, postpaid.

FAMILY GRIST MILL No. 0.

This mill is especially made for grinding Graham flour or corn meal for table use. It can also be adjusted for cracking the grain if desired. It is a valuable machine to have in the kitchen, as you can have fresh Graham or corn meal when wanted. The grinding surfaces are of very hard material, especially made for this purpose. Weighs 30 lbs. Price (without legs), \$5.50. Price (with legs), \$7.50.

**HOW TO MAKE HENS LAY**

Keep your chickens strong and healthy. Prevent all diseases—Cholera, Roup, Leg Weakness, etc., use **EGG-O**, a poultry regulator and egg producer.

Best food for all varieties of poultry, laying fowls, chicks, ducks and geese. Will make your hens lay, will make your chicks grow fast, will keep your fowls healthy.

Therefore, no matter what feed you use, mix it daily with our **EGG-O** POULTRY TONIC. It assures perfect assimilation of the food elements needed to produce health and form eggs.

Price—28 oz. package, 25c; postpaid 50c. 10 lb bag, \$1.10, carriage extra.

ANTI-LOUSE

A disinfectant Insect Powder.

Guaranteed to kill every species of parasite that preys on poultry and live stock. It is an effective Remedy for Ticks on Sheep, Roaches, Ants, Bedbugs and all insects on House Plants or Fruit Trees. For dog or cat small quantity rubbed into the fur will kill all lice or fleas that may be present. Price—One-pound box 25c; postpaid 40c 5 pound bag, \$1 00, carriage extra.

**DR. HESS POULTRY PAN-A-CE-A**

For Chickens, Turkeys, Ducks, Geese and Pigeons.

Price—For 24-oz package, 35c, by mail 60c 5-lb " 85c, express only. In 25 lb pails, \$3 50

DR HESS INSTANT LOUSE KILLER KILLS LICE

For Lice on Poultry, Horses and Cattle, also Ticks on Sheep. Price—1-lb package 35c, by mail 50c.

PRATT'S POULTRY FOOD

Absolutely pure and free from poisons and all other injurious ingredients. Package containing 8 oz 10c, postpaid 18c. 26 oz 30c, or 55c postpaid. 5-lb package 75c, by express. 25-lb bag \$2.50 by express.

**RUST'S EGG PRODUCER**

Makes hens lay when prices are high. Price—1 lb pkg 25c, by mail 40c, 24 lb pkg 50c, by mail 90c; 6-lb box \$1.00, 10 lb box \$1.50, by express.

HAVEN'S CONDITION POWDERS—Cure for Gapes and Poultry Cholera and medicine for Horses, Cattle, Poultry, Sheep and Hogs. Liberal packages, weighing 14 oz 25c, postpaid 40c; 2 lb box 50c, postpaid 80c; 5 lb box (equal to six 25c packages) \$1.00, by express or freight.

HAVEN'S ROUP PILLS—Price per box of 48 pills, postpaid 25c; box of 250 pills, \$1.00.

Spratt's Patent Poultry Meal

The Cheapest and Best in the Market

As an egg producer this food has no equal. It carries the bird from egg to exhibition pen without a check and has probably more prize winners to its credit than all other foods combined.

Per 10 lbs 75c, 50 lbs \$1.75, 50 lbs \$3.25, 100 lbs \$6.00.

Sheridan's Condition Powder

It is absolutely pure and highly concentrated. Strictly a medicine it should be given in the food in small doses once daily. Prevents and cures all diseases of hens. Very valuable when they are moulting, as it keeps them perfectly healthy.

Price—Small pkt 25c, postpaid 35c, 2-lb pkg \$1.00, postpaid \$1.35.

LEE'S LIQUID LICE KILLER

For Poultry and Hogs

Saves labor, saves expense, saves time, and saves the fowls and hogs. Where freedom from vermin means hours spent in dusting, dipping or greasing, fowls and animals on the average farm and poultry ranch are seldom free from lice and mites. Put up in tins with full directions for use. Per qt tin 35c, postpaid 70c, 1 gal 65c, 1 gal \$1.00, 5 gal \$4.50.

CONKEY'S ROUP CURE

Guaranteed to give best results, for Roup or Canker, a good preventive, tive and positive cure. Price 5 oz box 50c, postpaid 55c; large size \$1.00-postpaid \$1.10.

BOWKER'S ANIMAL MEAL

An egg producer, 5 lb pkgs 25c, 25 lb bag for \$1.15, 50 lb bag for \$2.15, 100 lb bag for \$4.00.

BLOOD MEAL

An egg producer. 5 lbs 25c, 25 lbs \$1.10, 100 lbs \$4.00.

HERBAGEUM

POULTRY SPICE—Is unsurpassed in general excellence, cheapness and efficiency for egg production in summer or winter. For the raising of turkey and all other chicks, and for the fattening of poultry. 2 lb pkg 25c.

CRUSHED OYSTER SHELLS

A most important article for the poultry yard through the winter, and should be liberally supplied to the fowls. In summer when left to run at large, they can find their own shell-making material, but in winter they must be helped out if eggs are wanted. Supplied in three grades, fine, medium and coarse. 5 lbs 10c, 10 lbs 15c, 20 lbs 25c, 100 lbs 75c.

GRANULATED POULTRY BONE

5 lbs 15c, 10 lbs 25c, 100 lbs \$2 00, 200 lbs \$3 75.

MICA CRYSTAL GRIT

To aid digestion it is necessary to feed some gritty material. Mica Crystal grit supplies this want better than any other article ever known. Supplied in three grades, fine, medium and coarse. 5 lbs 10c, 10 lbs 15c, 20 lbs 25c, 100 lbs 75c

CLOVER MEAL

There is no waste and every part is rendered digestible. 5 lbs 25c, 10 lbs 40c, 25 lbs 75c, 50 lbs \$1.50, 100 lbs \$2.80.

CUT CLOVER HAY

A rich valuable food. 5 lbs 25c, 10 lbs 40c, 25 lbs 75c, 50 lbs \$1.50, 100 lbs \$2.75.

NODI CHARCOAL

Prepared in three grades. **Grade A**—(Fine granulated)—For use in mash mixtures and for ducks. **Grade B**—(Medium granulated)—For small, newly hatched to half grown chicks. **Grade C**—(Coarse granulated)—For fowls and large chicks. Put up in 2-pound cartons. Each 15c.

HIGH PROTEIN BEEF SCRAPS

We have no hesitancy in recommending **High Protein Beef Scraps** as the best of their kind on the market for our trade. The ordinary commercial scraps contain but 85 to 45 per cent. protein and from 20 to 30 per cent. fat, while these scraps show 50 to 65 per cent. protein and only 10 to 15 per cent. fat. Price 10 lbs 50c, 25 lbs \$1.00, 50 lbs \$1.75, 100 lbs \$3.25.

SANITARY SELF-FEEDING BOXES

Made of heavy galvanized iron. These boxes are automatic feeders, the material working down into the seed spaces as fast as the fowls consume it. The front side is sloped in such a manner that the fowls cannot get into the food spaces to scratch. Each 60c, per doz. \$7.00.

DRY FOOD HOPPERS

Has two compartments, a large one for grain, and a small one for beef scraps. These hoppers are intended to be hung against the wall. Price each 85c

WALL FOUNTAINS

One side is flattened so that it can be hung on the wall of a building, or against any upright. A galvanized iron hood projects over the water trough and protects the water from becoming soiled by freezing, and are readily cleaned by filling with round pebbles or shot and shaking thoroughly. Each 60c, doz \$7.00.

GALVANIZED POULTRY FOUNTS

These founts are made of galvanized metal; they are easily cleaned, not injured by freezing; water can be kept constantly fresh.

Price—Small size holds 1 qt 25c; medium size holds 2 qts, 40c each. Large size holds 4 qts, 50c each.

"THE MODEL" Incubators and Brooders

(CHAS. A. CYPHERS).

The MODEL INCUBATORS embody the best there is in artificial incubation.

(Send for catalogue).

The heating system is so arranged that all the eggs are maintained at one temperature.

The ventilation is by diffusion, requiring no supplied moisture, and keeps the air around the eggs in the same condition as with a hen incubating. Numerous testimonials from users of the Model conclusively prove that Mr. Cyphers' present system of diffusive ventilation is a substantial improvement over the old.

The heat regulation is the most accurate. Since September, 1904, all Model incubators are fitted with Mr. Cyphers' new thermostat, which gives more than twice the movement of his older one as used in the Cyphers' incubators for the past eight years. This thermostat works on the same principle as the old, but by a different arrangement of the aluminum leaves, which are flanged, the movement is carried from the end where it joins the steel in a direct line to the centre of movement. This thermostat gives the largest possible POSITIVE MOVEMENT for a given variation in temperature, while it is as sensitive and as delicate of action as a thermometer. A patent has been applied for on this thermostat, and it gives this season's Model Incubator a still longer lead over other incubators than that of last season.

The largest poultry plants in the United States are now equipping their hatching rooms with the Model Incubators, throwing out other makes. This shows how great an improvement the Model is over Mr. Cyphers' original incubator. We are glad to have secured the agency for this machine, feeling confident that we are offering our customers the best practical incubator.

No. 4—Special—412 Hen Eggs or 324 Duck Eggs.....	43 00

The MODEL COLONY BROODERS are a long step toward perfection. The diffusive principle has been employed in the heating system, which eliminates the "hot spots" usually found in brooders, and which cause the chicks to crowd. Moreover, the heating system is so arranged that the general temperature in the nursery is maintained nearly equal to that of the hover, which makes possible a lower hover temperature and absolutely prevents crowding, promotes exercise, and the chicks grow and thrive under the natural conditions thus obtained. The universal report has been of ninety-eight to one hundred per cent. of chicks being raised in these brooders. They are light and well ventilated, and easily cleaned.

"Model" Colony Brooder

The Model Colony Brooder (see cut) is three feet deep by six feet long. The interior is divided through the middle, leaving three feet for the nursery and three feet for the exercising room. In this brooder the nursery, top, bottom and sides are double-boarded, and between the inner and outer board walls, which are lined with building paper, is a dead air space. This is the only double-walled brooder on the market to-day and is therefore the most easily heated and is less affected by changes in the outer temperature.

PRICE

Large Size, for 2, 3 and 4 Incubators, Colony Brooder or double Indoor Brooder, each.....	1 00

The Cyphers Safety Brooder Stoves

No other brooder stove on the market has as large a water pan or holds as much oil. The safety water pan holds nearly a quart of water and extends out over the entire surface of the oil bowl. By this arrangement all danger of the generation of explosive gases, or the burner becoming heated, is removed. The Cyphers Brooder Stove furnishes twice the heat of an ordinary Brooder Lamp, and lamps are far from being safe. Price, each \$1.50.

The Cyphers Safety Brooder Stove

CHICK FOOD

A complete food for young chicks, consisting of different grains and seeds proportioned to meet all the needs of growing chicks and to fully nourish them. 10 lbs., 40c.; 25 lbs., 90c.; 50 lbs., \$1.75; 100 lbs., \$3.00.

FERTILIZERS

GREGORY ON FERTILIZERS—Where to get Formulas for Various Crops. How to Apply. By J. J. Gregory. Paper, Price 40c. postpaid.

Talks on Manure—By Joseph Harris, M.S., 366 pages, contains ample information on Manures and Fertilizers, their use, utility, effectiveness, etc. Price, bound in cloth, \$1.50. postpaid.

Potato Manure

Ammonia 3 to 4%; Phosphoric acid 8 to 10%; Potash 3 to 4%.
One of the highest grade manures, producing the largest potato crops of the very highest quality, especially for early potatoes, use from 400 to 800 lbs to the acre, well worked in the soil. Price, per lb. 10c, 10 lbs 50c, 100 lbs \$2.25, 200 lbs \$4.00, per ton \$35.

"Sure Growth"

For Grain, Grass, Grapes, Vegetables, etc.

Ammonia 3½ to 5%; Phosphoric Acid 8 to 10%; Potash 3 to 4%.

It is adapted to all soils, and not only yields immediate results but is also lasting in its effects. It gives the growing crop a vigorous start, and will greatly increase the yield. Use 200 to 400 lbs to the acre. Price, per lb 10c, 10 lbs 50c, 100 lbs \$2.25, 200 lbs sack \$4.00, per ton \$35.

Bone and Potash

Ammonia, 2 to 3%; Phosphoric acid, 9 to 10%; Potash, 6 to 8%. Those who think they had rather have bone ought to have it combined with potash, since potash is fully as essential as bone. Price per lb 10c, 10 lbs 50c, 100 lbs \$2.25, 200 lbs \$4.00, per ton, \$35.

Pure Bone Meal

Ammonia, 3 to 5%; Phosphoric acid, 20 to 25%. We guarantee our ground bone to be a strictly genuine article. It is made from clean, dry bones. We recommend it chiefly for grass and land feeding purposes. Use from 400 to 600 lbs per acre. Per lb 10c, 5 lbs 30c, 10 lbs 50c, 25 lbs 75c, 100 lbs \$2.00, 200 lbs \$3.75, per ton \$35.

Granulated Bone for Grapes

Per 10 lbs 35c, 100 lbs \$2.00, 200 lbs \$3.75.

Bone Flour

Per lb 10c, 10 lbs 50c, 50 lbs \$2.00, 100 lbs \$3.50.

Harris "Animal Manure" (H)

100 lbs \$1.50, ton \$27.50.

Harris "Pure Bone Meal"

100 lbs \$1.50, ton \$27.50.

Celery and Early Vegetable Manure

Ammonia 5 to 7%; Phosphoric acid, 9 to 10%; Potash, 5 to 7%. This manure is specially compounded for early use, and suitable for all vegetables. Use from 400 to 600 lbs to the acre, well worked in the soil, hill or drill. 10 lbs 10c, 10 lbs 50c, 100 lbs \$2.75, 200 lbs \$5.00, per ton \$41.

Farmers' Grass and Grain Manure

Ammonia, 2 to 3%; Phosphoric Acid 9 to 11%; Potash, 1 to 2%. This brand will be found to be an excellent fertilizer for pasture lands and top dressing, also for young orchards, small fruit. 10 lbs 10c, 100 lbs 50c, 100 lbs \$1.50, 200 lb sack \$2.75, per ton \$25.50.

Tobacco Manure

10 lbs 10c, 10 lbs 50c, 50 lbs \$1.50, 100 lbs \$2.50, 200 lbs \$4.50, ton \$41.50.

Nitrate of Soda

This is valuable solely for the nitrogen it contains, equal to 20 per cent. of Ammonia. It is chiefly a stimulant; it is used in addition to other fertilizers. It is very quick in action, and hastens the maturity of crops fully two weeks, and besides renders the mineral plant food of the soil more assimilable. It is the best of all substitutes for stable manures, 100 to 150 lbs per acre, mixed with wood ashes or land plaster for convenience in applying, are generally used. Price, per lb 10c, 5 lbs 35c, 10 lbs 60c, 25 lbs \$1.25, 50 lbs \$2.40, 100 lbs \$4.50.

Muriate of Potash

Eighty per cent. pure, equivalent to 48 to 50 per cent. actual potash. A high-grade fertilizer, and one of the best orchard fertilizers known, used largely in peach cultivation, and as a general fertilizer. Muriate of Potash and Ground Bone stands as a leader. 10 lbs 75c, 50 lbs \$2.25, 100 lbs \$4.

Sulphate of Potash

A desirable form of Potash to be used on all crops, but especially on tobacco, hops, potatoes, flax, sugar beets, cabbage or cauliflower. Use 50 to 100 lbs per acre. 10 lbs 80c, 25 lbs \$1.75, 50 lbs \$2.50, 100 lbs \$4.50.

Land Salt

Per sack (200 lbs) \$1.20.

Land Plaster or Gypsum

Per cotton bag of 200 lbs \$1.20.

Simmers' Lawn Enricher for Lawns and Flower Beds

(See inside front cover.)

Ten lbs is sufficient for 300 sq. feet. 5 lb. pkg 50c, 10 lb pkg 75c, 25 lb pkg \$1.25, 50 lbs \$2.00; 100 lbs \$3.50.

Bonora, Nature's Plant Food

Good for flowering plants of every kind, lawns, shrubbery, vegetables, grape vines, fruit and shade trees and for everything pertaining to plant life.

½ lb pkg sufficient for 56 pints of liquid 25c, postpaid 30c; 1 lb pkg sufficient for 28 gallons of liquid 50c, postpaid 65c; 5 lb pkg sufficient for 140 gallons of liquid \$2.50, carriage extra.

Guano, Standardized

A standard fertilizer throughout the entire country, and in almost universal use. A weak solution, applied once or twice a week, is very beneficial for house plants. Price, lb 10c, 5 lbs 40c, 10 lbs 75c, 100 lbs \$4.50.

Bowker's Food For Flowers

Soluble in water, free from odor and clean to handle.

A fertilizer made expressly for plants grown in the house, garden or conservatory; clean, free from offensive odor, soluble in water, and producing healthy plants, free from vermin, with early and abundant blossoms to which it imparts luxuriant growth and rich brilliant flowers. Large Package, sufficient for 20 plants for one year, 35 cents (postpaid 45c). Small Package, sufficient for 20 plants for three months, 25 cents (postpaid). Price in bulk, 5 lbs 75c, 10 lbs \$1.25, by express.

Arnott's Horticultural Manure Complete Plant Food

Unexcelled for plants in the house, conservatory or garden. One teaspoonful makes one gallon of clean inodorous liquid manure. One pound pkg 25c; postpaid 45c, in double (sealed) bags of 25 lbs, \$2.50; 50 lbs, \$5.00; and 100 lbs, \$10.00.

Prepared Potting Soil

We can highly recommend our Prepared Fertilized Leaf Mould, and are confident you will be pleased with the results. It is put up in 100 and 200 lb sacks, and can be supplied at all seasons of the year. Per 25 lbs 35c, 50 lbs 55c, 100 lbs \$1.00.

Simmers' Concentrated Odorless Flower Food

This is one of the very best and most carefully prepared odorless Plant Foods on the market, being entirely soluble. It is very convenient to use in the house and conservatory. This plant food may be used in either dry or liquid form; the latter much the best, as no fertilizer acts until it becomes affected by moisture and then there is not the danger of giving an overdose. Large pkg 25c, postpaid 45c; small pkg 15c, postpaid 25c.
